se villains have, within the last two years Some villains have, within the last twe years, gone into my nursery at this place and stolen trees, cuttings and shrubs to the amount of some four of five hundred dollars worth, that I know of, besides stealing fruit. Some of the varieties are casely knows. Among the apple trees are about one hundred of the Newtown Pippin, t. ken last winter all at one time. They were all grafted in the root and of one year's growth when stelen. I never had sold more than ten or twelve of this kind to but one person, who I think took all of his to California.

I will pay the above reward to any one who will give information that will lead to the detection of the scoundrels.

GREAT AMERICAN BOOK.

WE are glad to see, by a prospectus in a late num-ber of the "Knickerbocker Magazine," that some her of the "Knickerbocker Magazine," that some of the literary friends of L. Gaylord Ciark, Esq., the popular editor of this work, have devised a plan for his benefit. It is the publication of a splendid volume, composed of original articles written expressly for the book by fifty American authors, among whom are Washington Irving, Fitz Greene Halleck, Wm. C. Bryant, H. W. Longfellow, Donald G. Mitchel, G. W. Curtis, N. P. Wiltis, and others. The volume is to be illustrated with portraits of the writers, finely engraved on steel from original pictures, and promises to be in every way one of the most attractive books ever issued in this country. The object of the committee, who have charge of the publication is to raise from the profits of the book a sum sufficient to purchase a Homs for Mr. Clark, who has, for over twenty years defor Mr. Clark, who has, for over twenty years de-voted himself to his literary labors, and, as is too often the case, without reaping that reward which should by this time have made him independet.

we give the project our most hearty apprehation, and hereby authorize Mr. Hueston to put us on his list for five copies of the book in the best binding. The book is to be sold entirely by subscription, and we should think that, among the thousands who read the "Kuickerbocker," ten thousand copies would be called for very soon. This would insure the success of the noble plan of the committee, and would prove a substantial and well-deserved compliment to one of the best editors in his line that

our country can boast.
We will only add that the "Knickerbocker Gallery" is to be published by Mr. Samuel Hueston, 348 Broadway, New York, at five dollars per copy in cloth gilt, and seven dollars in morocco extra-binding. Send your name at once to the publisher and secure an early copy.
