We therefore have concluded, in addition to our Monthlies, to make weekly, visits to those who may desire it.

In these more frequent calls we shall not confine ourselves so strictly to professional matters; but will talk of the crops, the markets, schools, lectures, amusements, &c., and try to make our visits as

THE first class will be admitted to enter upon the regular course of study in this Institution on the 2d Wednesday in September next, when the collegiate year will hereafter commence. As the Trustees do not depend upon the tuition fees for the support of the Faculty, they are able to offer to students, however few in number, all the facilities needed for securing a thorough collegiate education. A Library of 1000 vols. and philosophical apparatus are for the use and benefit of scholars. Candidates for admission must possess a knewledge of the usual branches of a common English education—the elements of Algebra to Equations, and must pass a satisfactory examination in the Latin language upon a portion of Casar's Commentaries, and four crations of Cicero; and, in Greek, upon the 1st book of Xenophon's Anabasis, or their equivalents.

A preparatory department is under the direction of J. M. Keeler, Principal of Tualatin Academy. (See advertisement.) VHE first class will be admitted to enter upo
