The mud, which has been so annoying to Pendleton for some time past, under the genial rays of a February sun, is now rapidly disappearing. So pleased are we to plant our feet on terra firma again, that we wonder why our enterprising townsmen do not cause sidewalks to be constructed where they are most needed throughout the town.

Ordered that the Secretary furnish a copy of the proceedings of this meeting to the EAST OREGONIAN.

Two letters from Heppner received too late for this week.

Chinese New Year begins on Monday. Look out for fire-crackers.

One week from today Adam Stang, our new brewer, will have beer for sale.

J. G. McCoy will soon erect an addition to the already large residence on his farm.

Fred Salade has sold his interest in the Mount Hood saloon, Dalles, and will soon return to this county.

Ennon.—Mr. Hyman, formerly in business in Pendleton, is not dead but lives. He is in San Francisco.

Every day's stage takes a consignment of apples to Baker city, produced on the farm of Col. Stewart's near Pendleton.

An interesting letter from Arizona, written by Dr. Vrooman and dated Florence, Pinal county, January 11, will be published next week.

Tom Tierney is once more in business in Walla Walla at his old stand. We hope he will stick this time. His old friends will know where to go.

Great preparations are being made, so we are informed, for the dancing party to transpire at Millarkey's Hall on the evening of the 23d of February.

Sidney Doll is the new editor of the Portland Standard. It is said he is a man of great ability, and that he will add to the Standard's already great reputation.

Lee Moorhouse's first shipment of Mark Twain's new work will be here in a few days. Those who have subscribed can now prepare themselves for a rare literary treat.

The gambling law has been decided by the Supreme Court tight enough to hold water. Now we are all moral and respectable by law. What's the use of churches, preachers and lectures?

John Bradburn has purchased four beautifully located lots near the Methodist church, formerly owned by Mr. Pruitt. Mr. B. will probably erect three or four houses on the lots referred to next Summer.

Mr. E. Welch, in reply to S. P. Cashman, requests us to say that the blooded stock he has secured is not for sale; but he would be pleased to show Mr. C. through his corral and exhibit the best he has.

REVERSED.—The judgment of the Circuit Court of the State of Oregon for Umatilla county, in the case of Oregon's Market Company against J. S. Wilson, has been reversed by the Supreme Court. So we are informed by Lucian Exerts Esq.

Read the well written letter of our agent and traveling correspondent, L. W. DANIELSON. He has commenced a good work for the people of the county and this paper. We hope the home and sure of the country will encourage his and our efforts.

Our traveling correspondent and agent, L. W. DANIELSON, writes us from Umatilla that the steamer Altona passed down the river on Thursday loaded with 120 tons of flour; that J. H. Koenig of Umatilla, a heavy merchant, is taking an account of stock preparatory to a heavy Spring trade.

THE WEST SHOULDER.—The last issue of the West Shore exceeds all others ever published. The enterprise of the proprietor, I. Samuel, is of that character that never tires, hence his publication in point of usefulness and interest is onward and upward. By all means subscribe for it if you would be interested and instructed.

Clarence Townsend of Pendleton received a letter from G. M. Turner dated Ft. Laramie, making inquiry as to the residence of his mother Richard Turner. Her last known residence in this county was in the family of Bigwood Taylor. Persons knowing her whereabouts please address Clarence Townsend, Pendleton, Oregon.

RETURNED.—John S. White and his son Millard returned this week from California. "John S." was presented with a beautiful mahogany cane by his friends while absent, bearing this inscription—"Presented to J. S. White, from J. N. and S. C. White, January 1, 1877." The cane was incanted with silver from a lode owned by the donors.

Mr. E. Crabtree, living near Lebanon, has woven 906 yards of carpet during the past year.—Albany Democrat.

That is doing very well indeed for a man whose age is not given; but we can go that considerable letter, Mrs. Townsend, wife of Grandpa Townsend, aged 73 years last December, living near Pendleton, wore during the last year over 1,700 yards of carpet; besides this the old lady did all of her own house work, while at the same time her husband and herself milked and made butter all Summer from an average of eleven cows. The old lady is as brisk as a girl of 16; and we will wager a year's subscription that her and her husband are the happiest couple in Oregon.

WESTON ITEMS. The weather is perfectly charming. J. B. Keeney of Pendleton was in town this week.

Mr. Luella a newspaper man formerly connected with the Salt Lake Tribune, spent several days in Weston last week.

An interesting revival or religious excitement has been in progress at Saling & Reese's hall for the past month; there has been quite a number of conversions—so I am told.

On Monday last at about 2 o'clock in the afternoon, some one entered the store of B. S. Watson and took from his money drawer \$70 or \$80. Mr. W. keeps a small store on Main street, where he disposes of apples, candies, etc.; the thief entered the store during his temporary absence to the post office.

HOME TRADE.—Our attention has been called to a circular letter which appears in the Portland Oregonian of the 25th of January, in which the wholesale merchants of that city protest against retail merchants, chiefly imported to them, from buying in San Francisco on short time, thereby placing themselves at the mercy of San Francisco houses for comparatively small sums, and endangering the interests of Portland merchants. Any one reading the letter can see at a glance the justice of the remarks and their applicability, to circumstances here. Many of our citizens who have time and again received favors at the hands of our merchants in the way of credits, extension of time, and in various other ways unusual to grant, will as soon as they secure a few dollars in cash go straight to Walla Walla or other places, where they have never received any favors or help nor expect to, and there spend their coin because they can buy goods for a price less in cash than they had been in the habit of paying the home merchant who granted them an indefinite credit. We would advise our farmers and others to patronize home merchants—first, because they will find it ultimately to their advantage; and second, because it is just.

To aid in enforcing the policy and in the interest of peace, it is the intention of the General commanding the department to forward to the Walla Walla valley early in the Spring two companies of soldiers. An elegant location will be selected and comfortable quarters erected for the troops. A demonstration of this character is sure to secure the object anticipated, and in future no trouble need be expected from that quarter.

PARDONED.—Dr. C. G. Glass, who was sentenced during the Fall of 1873 for five years, for the crime of manslaughter, in the Circuit Court for Multnomah county, was pardoned out of the penitentiary.

ICE.—Next Summer warm drinks will be in order—no ice having been put up in this place. It would have cost too much.

THE EAST OREGONIAN.

PENDLETON, UMATILLA CO., OREGON

This paper is published in really one of the best countries of the State, and which yet contains much valuable public land. The paper can be made a valuable auxiliary to the more speedy growth and settlement of the county, provided a generous support is accorded it by those who have positive interest in the welfare of this portion of the State. The very hard times and great scarcity of money will deter many from subscribing for the paper, who under ordinary circumstances, would willingly assist in maintaining the enterprise, by buying their MONEY'S WORTH of NEWS, both home and foreign. The duty of all is to subscribe, first, for a copy for home reading, and then to send at least one copy to a friend in the States, that it may then be circulated among those who desire to better their condition by immigrating to a better country. It is a notorious fact that Oregon papers sent East have brought hundreds of families to our State. Besides those friends left behind prefer a paper sent to them every week rather than a letter semi-weekly. Really it is in the power of all to subscribe, as we stand ready to receive from those who cannot pay money, ALL KINDS OF PRODUCE of the farm from a load of hay down to a turnip. It is not begging that we are, but simply reminding people of their duty, to themselves, their friends and the public.

To those doing business in the country the necessity, or rather benefit of advertising, ought to be apparent. Let our country paper make a good showing of business men; let it reflect the business of the country, and then those abroad can form a correct idea of what we are and what we are doing; besides the advertiser will get HIS MONEY BACK indirectly four-fold.

JOB PRINTING.

The EAST OREGONIAN job office can turn out as good plain business and social cards as any office in the State; having a fast Guggles card press in good order and condition, card printing is made a SPECIALTY. The large assortment of wood and other type renders the office complete for poster printing, which we are always ready to do with celerity and certainty and at very low prices. Any business man in the country desiring any kind of job work done, will please address us and get terms—and we pledge ourselves he will have no occasion to send to Walla Walla or Portland. Years of experience, and an acknowledged skill in job printing prepares us to assert that we can give entire satisfaction.

LOCAL ITEMS.

The settlements and towns of Umatilla county are so distant from the county-seat, and from one another, that the expenses of employing a reporter in each would be too great for the small business we expect to do for a year; therefore we would deem it an especial favor if persons in each town and settlement would send us each week all local items and occurrences in their town or settlement. Items which are sometimes considered trivial read well when in print. Young men and women who desire to cultivate their powers of composition and learn to write in a terse, brief and plain manner can avail themselves of this invitation, and benefit themselves, the public, and render us a great favor. In these columns we hope to bring the people of all parts of the county closer together; to let the people of each section know what the people of other sections are doing—and this we cannot accomplish without assistance from one or more persons from every town and settlement in the county. Therefore we say.

Write for Your Paper.
