TELEGRAPH LINE.—A move is now being made by some of the citizens of Pendleton to construct a telegraph line from this place to Umatilla, there to connect with the O. S. N. Co.'s line which extends from Portland to Walla Walla. The route is over a country the nature of which is such that the line would seldom need repairing, being a prairie country the entire distance. The importance of such an enterprise cannot be over-estimated; and we are fully satisfied from conversations had with a few of Pendleton's energetic citizens that the line can be easily constructed if proper efforts are put forth. The wool, milling and other business interests demand that this matter be pushed forward at once.

FURNITURE STORE.—Mr. J. Fulford of Walla Walla has concluded to settle in the live town of Pendleton and open a furniture store of a substantial character. His first load of furniture has already arrived and is now on sale at Mr. Webb's tin and stove store. Mr. F. is a scientific workman and will soon have a shop in full operation.

ST. PAUL'S SCHOOL.—The second half year of St. Paul's School, Walla Walla, is just beginning, and now is a good time for parents to send their daughters to this well known boarding school. For catalogues containing full information address Rev. L. H. Wells, Walla Walla.

NOTICE.—All persons knowing themselves indebted to Lot Livermore will come forward and settle up at once. He says business cannot be done without making use of the world's axle grease. Dont forget this as he *must have money!*

HORSE FIRMS.—Wm. Switzler and Ad. Nye constitute a new firm for the purchase and sale of horses; also S. L. Morse and S. Cram have formed a business alliance and will purchase and sell horses of all grades, qualities and kinds.

A CALL.—John Bowman is erecting a very expensive livery stable and wants help; therefore all persons owing him are requested to come forward immediately and settle up before March 1. A word to the wise is sufficient.

Dave Bay has returned to La Grande.

Mrs. Shambough of La Grande is visiting her sister Mrs. G. W. Webb in this place.

Our friend James Wilson who has been seriously sick is now convalescent and will be on the streets soon.

Bob Stokesberry is engaged framing pictures of all sizes, out of the finest woods obtainable, at Hart's carpenter shop. He works cheap.

Mrs. Jos. Keeney received a letter from her husband Thursday evening announcing the death of Mrs. Charles McMorris. We hope for further particulars next week.

T. K. MCCOY DEAD.—A telegram was received by Mrs. T. K. McCoy that her husband died very suddenly a few days ago at his old homestead in the State of Illinois.

YOU BETTER GO!—Everybody is expected to attend the entertainment to be given by Marshall Lodge, I.O.G.T., Thursday evening next at Milarkey's Hall. Do not forget!

MARRIED—On the 15th of February, 1877, at the residence of the bride's father, at Weston, by Rev. W. H. Pruett, Mr. John Shaw and Miss Mary E. Lienallen. Both of Umatilla county.

DIED—On Wild Horse creek, Umatilla county, February 22, 1877, NORA FRANCES, daughter of J. M. and Nettie Hagar, aged 4 months and 26 days. The funeral will take place at 1 P. M. to-day in Pendleton.

UNION COUNTY ITEMS.

Card playing at saloons and other public places in La Grande has ceased, at least for the present.

The weather is clear and warm; thus far this Winter there has fallen about three inches of snow which laid on the ground one week; there has been ten days cold weather. Can Umatilla county show a better record?

W. R. Dunbar G. W. C. T. of the I. O. G. T. recently organized a lodge of Good Templars at the Cove with 48 charter members. This is the third lodge organized within the last two weeks in this valley.

There was a meeting held in the hall of the La Grande brass and string band on the evening of February 17, to organize a base ball club; 20 persons joined the club. S. K. Baker was elected Secretary, J. W. McAllister Treasurer, Clay Ellsworth Captain of first nine; the second nine will elect a captain at the next meeting, which will be held on Saturday February 24, when if the weather will permit, a game will be played between the first and second nine.

Some of the boys of this place caused considerable excitement Saturday, by doing sundry small things at some time during Friday night. Amongst other things was the moving of a small house from front to back street, the house was left at the door of "Bummers Right Angle," a house kept by four boys from Union who are at La Grande attending the Blue Mountain University, and taking the horse of a worthy young man from the country, who was in town attending a meeting of La Grande Lodge I. O. G. T.; the horse was found Saturday in a stable belonging to J. H. Slater. Of course everybody knows who the boys were, but somehow dont like to tell.

FEBRUARY 20, 1877.

EDITOR E. O.—A history of events for the past two weeks in and about our little city, if "gotten" up in good style, would make a very interesting letter for your paper; as I am not gifted with a flowery style of expression I will send a few simple facts in a very simple style.

This part of the country is gaining no little notoriety as a place of business. Law suits, auction sales, and horse races are the order of the day. A suit came off before Justice Hallock on the 10th inst, between John Hudson plaintiff vs James Jones defendent. Judgment rendered for defendent for the sum of one dollar and twelve cents and costs. A trial was commenced on the 17th, between I. H. Kunzie Executor of the last will and testament of Wm. J. Jones deceased, plaintiff vs. O. F. Clark defendent. Trial continued to the third Saturday in March. In the first case D. W. Bailey and Frank Maddock appeared as counsel for plaintiff and Mr. Crisfield for the defence. In the second case Maddock for plaintiff and Crisfield for the defence.

From present indications the terrible scourge diphtheria that has been carrying so many little ones to their graves in the Willamette has found its way over the Cascades and is lurking around our favored land seeking whom it may destroy. Although I do not know positively of any deaths from this cause fears are entertained of its presence among us. A good many children in town are unwell, causing no little anxiety on the part of the parents.

I am informed that a petition is in circulation praying the county court to grant a license to retail liquors in Heppner. A remonstrance is also in circulation.

Knowing as I do that you are not lacking matter of more interest to your readers than this, I will not intrude upon your time and space any farther at present.

Please accept the foregoing with the best wishes of your

CORRESPONDENT.

FROM THE CAPITAL.

SALEM, February 9, 1877.

EDITOR E. O.—In compliance with your request and our sacred promise, we again resume the responsibility of correspondent; and with the usual expression of intelligence depicted upon our countenance, and with a feeling of determination and ultimate success, we gather around our centertable upon which is deposited a worn out deck of cards and a few volumes of 10ct. novels, we fluently (?) write the sundry issues of the day.

Some time ago we were speaking of our desire to become a good writer—to be able to write something that would be interesting and beneficial to the people; and that only by determination, and zealous industry no one could accomplish that end. Well my gentle reader, by those measures we have accomplished the long wished for accomplishment, and now consider ourself a second Clay or Webster. Oh, I tell you, but few know what they can accomplish by a little confinement and deprivation of many of the seductive but useless lusts which so many young men are wont to gratify—such as spending whole evenings at billiards, cards, etc. Oh knowledge what a comfort to my declining years thou art. But to

THE NEWS.

Mrs. Briggs together with Dr. Glass has been pardoned from the penitentiary by Governor Grover.

S. F. Mathews proprietor of the Chemeketa hotel has lately fitted up an elegant billiard room in connection with his bar.

Mr. A. B. Cosper ex-clerk of Marion county, and an old and highly esteemed citizen of Salem, was taken sick a few days ago, and after a brief illness death claimed him as its victim and his spirit took its flight to a better world. The funeral took place on Tuesday the 13, under the supervision of the I. O. O. F.'s, and was largely attended.

Diphtheria is filling the hearts of some of our citizens with distraction, and instead of there being any sign of stopping the dreadful contagion, it is growing worse. At first the disease was wholly among the smaller children; but now the older ones and grown men and women are contracting the scourge and its fatality is as apparent in the old as well as young.

The guild of the Episcopal church gave two entertainments—musical and literary—last week, and they were both largely attended.

Camilla Urso, the great female artist and violinist will be in Salem and give a concert this month.

The world renowned Georgia Minstrels are to visit the capital in a few days and give one of their mirth-provoking entertainments.

Mrs. R. Mallory who has not been expected to live for some time past, is now convalescent.

China New Year was celebrated by the principle part of our citizens on Monday last. We're a patriotic class of people here in Salem.

Reports are in circulation that the Willamette Farmer and the Oregon Cultivator had consolidated. Sam Clarke becoming the chief editor.

Weather beautiful. Cold nights and warm days; rainy some days.

E. O. Norton no longer assumes the responsibility of local editor of the Oregon Statesman. The proprietor thus invited him to step "down and out:"

"My dear sir, you have been a faithful discharger of all the duties devolving upon you as local editor of the Statesman for a long time—so long that I think you need rest. Now I am going to give you a few weeks for recreation and when I need you I will send for you." Of course the chief was drunk as usual but Mr. Norton took the hint and vacated the chair. Whisky in our opinion cannot be as efficiently filled for some time to come.

Salem supports an amatuer paper—the Semi-Monthly Argus, with Sumpter Craig as manipulator of the editorial quill, and Master Craig as publisher. What a progressive age.

R. E. PORTER.

Butter Creek.

FEBRUARY 16, 1877.

EDITOR E. O.—As it has been some time since we wrote you from these parts we will endeavor to let you know what's done and what's doing.

There has been two schools taught in this district three months duration each; one taught in the "Newman school-house" and the other in the "Grass Hollow school-house"; the latter was out the 14th instant. The teacher gave an exhibition in the evening of the last day which was beyond our expectations and was attended by all interested in the cause of education who reside near by. There is a debate being held there now, where all the young orators spread themselves; and we imagine they are enjoying themselves.

Wm. Strowel and C. Hardisty were unfortunate enough to have their sheep mix the other day, but were divided without much trouble.

James Johnson is about building a dwelling house on his farm and will give the young folks a party when completed.

Another term of school will commence February 26. We are trying to give our young people a chance and the opportunity is very well improved by them.

There has been two shooting matches and another comes off to-morrow; there also has been four dances and a good turn-out to each.

Yours ———

BUTTER CREEK, February 21, 1887.

MR. EDITOR—We have delayed writing so long that we fear your many readers have almost forgotten there is such a place as Butter Creek. The fact is we are so very busy trying to keep pace with older and more populous settlements that we can hardly take time to write.

Our population is increasing very fast, there being about 40 scholars more in the district than reported last year.

The winter has been very pleasantly passed by the young and old in parties, debates and shooting matches.

Miss Gilchrist of Pendleton has just finished one term of school, and we understand she will commence on a second term in a few days.

The farmers are all busily engaged in putting in their crops.

Stock men are taking it easy—plenty of grass everywhere, and stock all fat.

Mr. Samuel George is expected here in a few days from the Dalles whither he went with a fine lot of beef cattle a short time since.

Mrs. J. M. Hamer has been very sick, but is recovering slowly.

Yours, OCCASIONAL.

This paper is published in really one of the best counties of the State, and which yet contains much valuable public land. The paper can be made a valuable auxiliary to the more speedy growth and settlement of the county, provided a generous support is accorded it by those who have positive interest in the welfare of this portion of the State. The very hard times and great scarcity of money will deter many from subscribing for the paper, who under ordinary circumstances, would willingly assist in maintaining the enterprise, by buying their MONEY'S WORTH OF NEWS, both home and foreign. The duty of all is to subscribe, first, for a copy for home reading, and then to send at least one copy to a friend in the States, that it may then be circulated among those who desire to better their condition by immigrating to a better country. It is a notorious fact that Oregon papers sent East have brought hundreds of families to our State. Besides those friends left behind prefer a paper sent to them every week rather than a letter semi-yearly. Really it is in the power of all to subscribe, as we stand ready to receive from those who cannot pay money, ALL KINDS OF PRODUCE of the farm from a load of hay down to a turnip. It is not begging that we are, but simply reminding people of their duty, to themselves, their friends and the public.

To those doing business in the country the necessity, or rather benefit of advertising, ought to be apparent. Let our country paper make a good showing of business men; let it reflect the business of the country, and then those abroad can form a correct idea of what we are and what we are doing; besides the advertiser will get HIS MONEY BACK indirectly fourfold.

JOB PRINTING.

The EAST OREGONIAN job office can turn out as good plain business and social cards as any office in the State; having a fast Ruggles card press in good order and condition, card printing is made a SPECIALTY. The large assortment of wood and other type renders the office complete for poster printing, which we are always ready to do with celerity and certainty and at very low prices. Any business man in the country desiring any kind of job work done, will please address us and get terms—and we pledge ourselves he will have no occasion to send to Walla Walla or Portland. Years of experience, and an acknowledged skill in job printing prepares us to assert that we can give entire satisfaction.

LOCAL ITEMS.

The settlements and towns of Umatilla county are so distant from the county-seat, and from one another, that the expenses of employing a reporter in each would be too great for the small business we expect to do for a year; therefore we would deem it an especial favor if persons in each town and settlement would send us each week all local items and occurrences in their town or settlement. Items which are sometimes considered trivial read well when in print. Young men and women who desire to cultivate their powers of composition, and learn to write in a terse, brief and plain manner can avail themselves of this invitation, and benefit themselves, the public, and render us a great favor. In these columns we hope to bring the people of all parts of the county closer together, to let the people of each section know what the people of other sections are doing—and this we cannot accomplish without assistance from one or more persons from every town and settlement in the county. Therefore we say,
