

SUBSCRIPTION PRICE

REDUCED!

IN ADVANCE: 1 Year, \$2; 6 Months, \$1.50; 3 Months, \$1.

There has been hard fighting between the Turk's and Russian's, the latter having been severely whipped by the former. The losses on both sides were very heavy.

Reduced.—In view of opposition on the route between San Francisco and Portland, the Oregon Steamship company will carry cabin passengers for \$10; steerage, \$5; freight for \$2 a ton.

Those two scoundrels who were forward in persecuting Grover by charging corruption in his election are in inevitable positions now. Higby has run away and Styles has been indicted for perjury in Judge Deady's court and is supposed to be in jail.

An Editor Under Bonds.—R. D. Berg, editor of the Stock Exchange, swore out a warrant charging D. Dalziel of the Daily Mail, with libel. Dalziel was arrested and released on filing a bond of \$1,000. The ground of complaint is an editorial in the Mail which Bergart is called a disgrace to the profession, a blackguard, and other pet names.

Deeds Recorded.—The county clerk has recently made an examination of deeds recorded before the division of Multnomah and Washington counties, and finds that the persons named have executed and recorded the following: D. H. Lowndale and heirs, \$88; J. H. Couch and wife, \$38; S. Coffin and wife, \$20; W. W. Chapman and wife, \$28; Finca Caruthers and heirs, \$8; Carter family, \$65; total, 2,934.

In Training.—The Hillsboro Independent says seven or eight horses are training on the Washington county fair grounds now. Dr. Bailey has just engaged eight stalls for colts belonging to Bigham, Scoggin, and others in Wasco county, which are training up there for the fair. The doctor says that these colts are the finest he ever saw and will doubtless make our Washington county horse men put their colts to their best metal in trials of speed and bottom.

Coe Bay News: Emerson, Corvill & Co. are establishing a fishery and canning establishment at the mouth of the Siuslaw river, this being the second company that has commenced on the river this season. There are now about fifty men at work on the river, where six months ago there was not a single white man. In less than two months there will doubtless be twice as many required. Wages for common laborers are from \$40 to \$50 per month, including board.

A Committee has reported to the Yamhill Locks Company in substance as follows: That locks could be built of crib-work timbers 12x12 inches square, forming an abutment about 30x40 feet square filled with stone, and six in number, supporting three pairs of gates; to be completed the present Fall so that boats can reach McMinnville all the year round, for \$12,000. It was voted to get out stock canvassed immediately to get the stock subscribed. It was also voted to call a meeting of stockholders, to meet at Lafayette, August 11th, to elect a board of directors.

Articles of Incorporation have been filed in the secretary of State's office for the Blue Mountain and Columbia River Railroad Company. The capital stock is \$200,000. The business of the company is to construct and operate a narrow gauge railroad from Grand Ronde landing, on the Columbia river, in Umatilla county, to La Grande, in Union county. The incorporators are H. K. Hines, W. J. Sedgwick, Dan' Chaplin, M. Baker, J. H. Slater, Jas. Henderson, W. F. Wright, S. G. French, M. R. Rees, S. O. Swackhamer, P. A. Wallace, Chas. Goodnow and J. H. Rinehart.

Narrow Gauge.—As we are soon to have a narrow gauge railway from the Columbia river to La Grande, the query might arise in the minds of some people. What is a narrow gauge railway? First, it is about 2 feet and six inches between rails, and being so narrow can skip over hills and down precipices, dodges around big stumps, straddle deep gorges on hoop pole stilts that twist and bend beneath its thread, and threaten to send the traveler 300 feet into eternal smash every moment; hang by one foot on the side of the mountain's steep walls, bend around curves like contortionist, runs on wheels of one side, bumps the cars around like a chop sea in the English Channel; can be built for \$7 50 a mile, rolling stock and track put on for an additional \$7 50; and under all circumstances the narrow gauge makes all things lovely, serene and happy. And that's the reason we are in favor of "a-ich."

The Congressional Association, which met at Seattle, June 21, adopted the following among other resolutions regarding the Indian question: Resolved, That this association reaffirm the sentiment which it has publicly advocated for more than ten years; that the Indian ought and must be treated as a man under law, not as part of a tribe, which is without law; that he be protected by law in his rights of person and title to property; and be made amenable to law, as the English do.

Resolved, That in our judgment the policy of collecting Indians in mass upon reservations for civilization, while of manifest value for convenience and in some other respects, fails in the legislation needed to carry out implied treaty stipulations. It fails in that it does not give the Indian or his family any sure hope for the future. It fails to give him or his family the right to own his farm, or take his homestead and hold it under law.

Resolved, That in our judgment this element of the peace policy, which is perhaps an implied factor in all the treaties, of giving titles to land in severalty, inalienable or in both for a term of years to assure them to the Indian family, should be encouraged by legislation; until all tribal ties and relations shall one by one give place to the common, social and civil relations of life.

THE EASTERN STRIKE.

The laborers' strike in the States is about at end. It has resulted as all such unlawful attempts to coerce capital must result—in an ignominious defeat and a disgraceful exhibition of the lack of executive ability and want of reformatory talent on the part of those laborers who undertook what they did not understand. It seems strange that even the best educated laborers will not learn the fact that the coercion of capital is impossible, while diplomacy and compromise are the only known agents that have ever made inroads upon its barricaded walls. The terrible disasters and loss of life, the unhinging of all business and the demoralization of commerce, the back-set honest labor has received, all call for the severest punishment of the ring-leaders and conspirators who brought this state of affairs into existence. Communism cannot exist in America, and the quicker those foreign conspirators to whom our government is too good find it out the better it will be for Americans, and also in the end for themselves. If the secret history of the late strike could be written and placed in the hands of intelligent readers it would create common surprise; and it would cause States and Congress to pass laws which would be a warning to ignorant Europeans that the battle stands ready to receive all who, by their damnable conspiracies, lead ignorant workmen into a war with the very hands they look to for their daily bread. We take out the part of capital any more than that of labor; each has its own rights, its own justifications, its own jurisdiction in which its usefulness should be employed, each without the other is helpless, and hence each should so far respect the other that they may go hand in hand in making up the world's progress. The quicker the laboring men of earth discover and learn that there is no real conflict between honest capital and honest labor, the more prosperous will the world become.

THE OHIO DEMOCRATS.

There was no telegraphic report to Oregon of the Democratic convention in Ohio. Below we give a condensed statement of the Democratic platform as telegraphed to the California papers:

The Ohio Democratic State convention chose Hon. J. F. McKinney chairman, R. M. Bishop, Hampton county, was nominated governor on the sixth ballot. The committee on resolutions then submitted a platform as follows: A strict construction of the constitution; home rule; supremacy of the civil over military power; equality of all citizens; no sumptuary laws; opposition to all subsidies; public lands for actual settlers; common schools; regard the installation of Hayes in spite of a majority vote for Tilden, as a most dangerous encroachment on popular rights; depression of industries due to vicious republican legislation; demands the repeal of the resumption act; denounces demonetization of silver; demands a law restoring silver to a monetary power; favors the retention of greenbacks, and opposes further contraction; congratulates the country upon the pacific policy of local self-government, so long advocated by the democracy and adopted by the administration, which has produced harmony in the South; the tariff should be one for revenue only; government should issue all the circulating medium, paper or metal, always of equal tenor, and interchangeable; condemns the use of federal troops to interfere with elections and politics. General Jabez W. Fitch, of Cuyahoga county, was nominated for lieutenant governor. Judge J. W. Okey for supreme judge, Isaiah Hallers attorney general, and A. J. Howells State treasurer.

T. T. Liennell has just returned from a point on the Thomas & Rockle road, where he was summoned to hold an inquest on the body of a man by the name of Miller, who was supposed to have been drowned in the Umatilla river early last spring during high water.

The threshing machines are running within a radius of four miles of Weston. Harvesting and threshing will continue for about six weeks.

Our fellow townsman Charles McMorris has been buying mules to fill a government contract. He started a drove from here on Sunday last (August 5th) for Fort Walla Walla.

Messrs. Lowndale and Benjamin have erected a beautiful and lengthy liberty pole between their place of business and Franklin street.

Quite a number of families from this vicinity have gone to the warm springs to rusticate.

Mr. Jamison harvested 1,027 bushels of wheat from seventeen acres of ground last week.

Weston's latest inflection is a conscientious life insurance agent.

AN EXPLANATION.

Mr. Editor.—In view of the fact that there seems to be a misunderstanding in reference to the action of the quarterly conference of the M. E. Church by which rent is charged for the use of the church building in Pendleton, I wish to make the following explanation through your columns: At the time of this action there was a debt on the church of over \$450, which gave us much trouble and anxiety. A section or some one to take care of the house and keep it in order was much needed. In view of these facts the conference instructed the Trustees to charge each denomination using the house (including the M. E. Church) \$5 per month, in order to enable the Trustees to procure a section, provide fuel and light, and relieve the church of indebtedness. This was done in good faith. We consider it fair and right, and we believe every reasonable man will agree with us. Other denominations are not driven out, but invited to stay, and if reasonable they will not object to assist us in relieving the house of encumbrance.

D. A. CROWELL, Pastor.

MARRIED.—By the Rev. G. W. Atkinson, at his residence in Portland, Oregon, July 30, 1877, Dr. J. C. ANDREWS of Heppner and Miss IDA E. SKEETE of Minneapolis, Minnesota.

IN MEMORIAM.

To the W. M. Wardens and members of Pendleton Lodge, No. 52, A. F. & A. M., Pendleton, Oregon.

The undersigned, your committee to draft resolutions expressive of the feelings of the Lodge in reference to the death of our esteemed Bro. C. J. WILLIAMS, respectfully submit the following:

Resolved, That in the death of our brother this Lodge has lost one of its useful members, and Masonry at large one who endeavored to illustrate the usefulness and beauty of our order, and the community, a man who won the esteem and friendship of all whom he had occasion to associate with in the business pursuits of life.

Resolved, That these resolutions be spread on the minutes of this Lodge, a copy be furnished the family of the deceased, and a copy be furnished for publication to the EAST OREGONIAN.

Resolved, further, That as a token of respect to the memory of our departed brother, the members of this lodge wear the usual badges of mourning for the period of thirty days, and that the Lodge be draped in mourning for the same period.

Resolved, That these resolutions be spread on the minutes of this Lodge, a copy be furnished the family of the deceased, and a copy be furnished for publication to the EAST OREGONIAN.

Some of our people consider church bells a great public blessing; not so, back in the States. Here is what an eastern paper reports: "The supreme court of Pennsylvania has decided, as to church bells, that at 30 minutes before the hour of service upon Sunday the bells may be rung for five minutes, immediately preceding church time a bell of the smallest size may be rung. At all other times the bells are considered illegal. What a blessed relief it would be if this particular piece of Pennsylvania law could be applied to Oregonia. Ringing of church bells to a certain extent is all right, but the length to which it is carried in this city is becoming quite monotonous, to say the least."

NEW TO-DAY.

SUMMONS.

In the Circuit Court of the State of Oregon for Umatilla county. Nelson Rogers plaintiff vs. Loda Rogers defendant.

TO LOZINA ROGERS, the above named defendant—in the name of the State of Oregon and pursuant to the order of the Hon. L. L.
