Democratic County Nominations.

Senate	S. M. PENNINGTON
Representatives	THOS. SWEEK
	LUCIAN EVARTS
County Commissioners	BENJ. WALDRON
	JESSE BENNIS
Sheriff	J. L. SPERRY
Clerk	J. B. KENNEY
County Treasurer	G. W. WEBB
Assessor	JAMES COTTRELL
School Superintendent	JNO. C. ARNOLD
County Surveyor	J. H. RALEY
Coroner	J. R. LINDSEY

The above Democratic ticket for Umatilla county, is the result of two days deliberation of the Democratic delegates in convention, April 5th and 6th.

No favoritism was shown in the nomination further than to secure a ticket which should consist of Democrats who were known to be honest and fully qualified to discharge every duty connected with the office for which they are named. Every county officer is a public workman and servant for the people of his county, and in voting, as much care should be exercised by each voter as though the officer voted for was to work for him alone.

As election nears, political legerdemain and trickery become common. There are always on hand, old experienced suffrage manipulators, who mix truth and falsehood in just such a ratio as may suit in deceiving the unsuspecting into changing their votes.

Let every voter stand his own sentinel until after the election; and especially let the Democrats of this county rally to the old standard of Democracy. A good ticket has been judiciously selected and placed before you. Think for yourselves; act for yourselves; vote yuor judgment, and success is sure.

Delinquent tax for the year 1877 is reported and follows:

Property	$1,253 12
Poll	286 00
Total	$1,539 12

The State charges the county with State portion of tax computed on assessment returns, and already G W Webb, County Treasurer, has taken below $336 40 of the above delinquent tax to pay off the State claims against the county. No delinquent tax should ever be reported by the Sheriff; he should force the payment of all taxes when necessary and possible; and instead of returning delinquent taxes, in which the county is made to suffer a loss of that portion due the State, he should report that such an amount of tax cannot be collected; then, in such case the county would be credited by the State with the proper delinquency; as long, however, as the tax for any year is reported delinquent, and as long as one Sheriff continues to collect back taxes which were perhaps difficult or unpleasant for some one of his predecessors to collect, the State will make no credits of this character, nor should it. If tax can be collected at all, it is the duty of the Sheriff to collect it when first due, and return nothing delinquent. The term delinquent when applied to taxes of any kind should be made to mean impossible to collect.

From the annual report, for the year '77, made by the School Superintendent of this county to the State, we gather the following statistics concerning our public schools:

No. of organized school districts	50
No. of pupils enrolled in the public schools	942
No. of pupils enrolled in the private schools	242
No. of pupils not attending any school	1,277
No. of pupils between 4 and 20 years of age	2,457
No. of teachers employed, 1st grade	15
Whole number of teachers employed	38
Average daily attendance of pupils	24½
No. of districts supplied with record books	7
No. of districts supplied with Webster's Underbridged dictionary	2
Total value of school houses	$15,990 00
School funds in co. treasury	3,459 82

The number of pupils between the ages of 4 and 20 years of age was, 1701 for the year 1875; 1635 for the year 1876; 1735 for the year 1876; 1821 for the year 1877; and is 3457 for the coming year.

From this exhibit it will be seen how rapidly Umatilla county is increasing in [illegible]pulation. It is suprising to find that of [illegible] organized school districts in such a [illegible] Umatilla, but seven have suita[illegible] [illegible]oks and two only have an [illegible] Dictionary. NEW RAILROAD.—We were informed yesterday, by Mr. R. A. Habershaw, that the O. S. N. Company are going to build a railroad at once from Umatilla to La Grande. The rails are steel and will be brought forward as soon as possible, and laid down under the supervision of T. E. Habershaw, an efficient engineer in the employment of the company. The road will be narrow gauge.—*Standard.*

COTTAGE GROVE, OREGON, April 7, 1878.

ED. E. O.—For the last eight days we have had beautiful weather, the farmers have made good use of that time; the roads are getting dusty; yesterday had the appearance of rain; yet a light rain would do no harm in this part of the country; the digger squirrels are making their appearance plentifully, but a little attention to their case in the shape of strychnine and traps will make them beautifully less and more valuable to the farmer. Some wheat fields are fast becoming green with the growing wheat; in three weeks more of good weather and the farmers will be through seeding for this season in this part of the country. Whipple Bros. contemplate building a large storehouse in Cottage Grove this coming summer, and perhaps a warehouse. The Methodists and Presbyterians had quite a protracted meeting together some three weeks since; and after the crops are all put in they propose to raise the wind again, the same as before, only much more abundantly. The difference between what is known as Cottage Grove Station and Latham, the regular depot, is as follows: Latham is situated something over a mile and one-fourth south of Cottage Grove. What is known as Cottage Grove Station is opposite Cottage grove. There are two warehouses at last named place and this station is the main place of business, notwithstanding it is only what is known as a flag station and not a depot. Any person coming to Cottage Grove by rail should get off at Cottage Grove and save at least three-fourths of a mile of travel. CUMTUX.

The deliberations of the Wool Grower's Association at their last annual meeting in this town seem to have attracted the favorable notice of wool growers throughout the State. The principle of co-operation and discussion of interests common to all who engage in this industry, commends itself not only to shepherds and capital invested in sheep husbandry, but to stock breeders, and all kinds of industrial capital.

Among the important questions before this society, was that of the rapid and disastrous spread of disease and its serious effect upon the value of this business. A committee was chosen to examine and report what changes or conditions in the present law seemed necessary to ensure its efficiency.

In applying the criminal points of law, or as a civil process, for recovery of damages, seems to be fully required by the community. We pblish for perusal by our readers, the present law, and are requested by Col. Lang, Chairman of the Committee referred to, to select the views of those interested, as to the law now upon the Statute books, and the addition of executive provisions and appointments by the State, of proper executive officers in various portions of the commonwealth.

DISEASE LAW.

Be it enacted by the Legislative Assembly of the State of Oregon:

SECTION 1. Any person, persons, company or corporation, who shall bring, or cause to be brought, or aid in bringing into this State any sheep, hog, horse or cattle of any kind, knowing the same to be affected with any contagious or infectious disease shall be guilty of misdemeanor, and on conviction be punished by a fine not less than one hundred dollars ($100), nor more than one thousand ($1,000) dollars.

SEC. 2. If any person or persons, company or corporation owning or having possession or control of any animal affected by any such contagious or infectious disease, shall fail to keep the same within an enclosure, or herd the same in some place where they will be secure from contact with other animals of like kind not so affected, or shall suffer such infected animals to range where they will be likely to come in contact with other animal not so affected, shall be guilty of misdemeanor, and on conviction, punished by a fine of not more than one thousand ($1,000) dollars for each offence.

SEC. 3. All offences under this Act may be punished by indictment.

SEC. 4. All fines secured under this Act shall be paid into the treasury of the proper county for the use of the common schools thereof.

SEC. 5. Any person, company or corporation, violating any of the provisions of this Act, shall be liable for all damages sustained by any other person, company or corporation through such violation.

SEC. 6. All Acts and and parts of Acts conflicting with the provisions of this Act are hereby repealed.

SEC. 7. Inasmuch as the law now in force provides no penalty, and the public interests greatly demands it, this Act shall take effect and be in force from and after its approval by the Governor.

Approved October 28, 1874.

The latest dispatches from Europe are decidedly threatening of war. England and Russia have uttery failed to come to an agreement about Congress. The English Cabinet have, by a majority determined to call out their reserve forces, and all the ships of their navy are ordered to be in readiness. Lord Derby who does not partake of this war, feeling has been constrained to resign as secretary of foreign affairs. Safvet Pasha will request England to withdraw her fleet as Russia and Turkey are now allies. It is very difficult to predict anything less than an armed collision betwee England and Russia this time, and should there be a conflict it will be a bloody one and be quite sure to involve several nationalities. Out of these foreign evils, some good will be likely to arise to the people of the United States, if neutrality be properly maintained.—*Teller.*

A CARD AND PROSPECTUS.

HAVING OPENED A FREE INTELLIGENCE OFfice, for the purpose of aiding and assisting newcomers to our State by all possible means at my command, where are kept files of all leading newspapers published in Oregon and Washington Territory, I have also determined to establish a land journal, to be called "THE OREGON AND WASHINGTON LAND REGISTER." The object of which is to bring Land Owners and Real Estate Agents into closer communication with the thousands of Immigrants who are arriving in this city with a view to the ultimate purchase of lands. It will be printed in regular newspaper form, eight-page, and will be devoted solely to the purpose for which it is established. The first edition of 5,000 copies will be issued about the 10th of February, 1878, and as often thereafter as the influx of immigration demands.

Descriptions of farms and other property for sale will be condensed to occupy ten lines (70 words) or less, and will be charged for at the rate of $1 each.

It is more than possible that from twenty five to 50 thousand people will be added to our population during the spring and summer of 1878. Nearly all immigrants who come to Oregon and Washington Territory land first at Portland, and will receive a copy of this paper, as it will be distributed gratuitously. It will therefore be the best possible means of bringing lands, and other property, for sale to their notice.

Descriptions of property for sale may be written out in full, giving character, location, price, terms of sale, and all advantages of schools, churches, roads, etc., which will be editorially condensed to the required space, and the letter numbered to correspond with the description, and filed in my office for reference. No charge will be made for sales arranged through this agency—the only fee required being one dollar for each description inserted in the LAND REGISTER, which must be forwarded with the description. It may be sent in silver by registered letter, or by postal order at my risk.

Correspondence on all subjects connected with the development of all portions of the State and Territory respectfully solicited.

I keep a register in my office in which are entered the wants of all parts of the State and Territory for laborers, mechanics, merchants, etc., which is open to the free inspection of newcomers. Notice of such wants respectfully solicited. All matter intended for publication in the LAND REGISTER must be written on one side of the paper only, and be in prior to the first of February, 1878. All descriptions of property for sale will be inserted in the order of their arrival—those coming first on the outside pages.

Believing that this publication will be greatly to the advantage of both buyer and seller, I respectfully solicit the patronage of the public.

Address all communications to me at Portland, Oregon. D. H. STERNS.
Portland, Or., November 20, 1877.

LAND AGENCY.

I HAVE the pleasure to announce that I have located at Weston and opened an office for the transaction of land business, and have at great pains and expense prepared myself with a correct transcript of all the plats and records in the land office at La Grande which pertain to land in this district lying west of the Blue Mountains. By reference to them I am able to ascertain the exact status of all land claims of whatever date or nature that have been made in this part of the district from the location of the first claim to the present time. I feel confident that the opening of a set of books of the character indicated will supply a want long felt in this part of the district and believe that all who have business of the kind to do, will do well to give me a call. I have made arrangements by which I shall receive prompt notice of all filings, relinquishments, cancellations, etc. as they occur at the office at La Grande, and my books and plats will be kept fully up with those of that office. My plats show all the State and School land selections and all claims located on those lands. A full supply of Government, State and Railroad blanks on hand.

Will give special attention to contested cases and suspended entries. All communications should be addressed to me at Weston. D. P. DWIGHT.
