The Democratic candidates for Umatilla County will address their fellow citizens upon the political issues of the day at the usual place of voting in the several precincts as follows:

Milton	May 20.
Weston	" 21.
Greaswood	" 22.
Alta	" 23.
Upper Butter Creek	" 24.
Lena	" 25.
Upper Willow Creek	" 27.
Lower Willow Creek	" 28.
Lower Butter Creek	" 29.
Umatilla	" 30.
Meadows	" 31.
Pendleton	June 1.

The opposing candidates are cordially invited to come out and participate in the discussion.

Voters, look well to your ballot. Some ticket fraud will be attempted again at this election. The *Waif's* man, Friday, and Boss Tweed came separately to our office in our absence on Saturday last to get proof sheets of the Democratic tickets which were then being printed. Friday (that's Britt) got away with it, so we had to do our work over and get out a new style of ticket. The only reason that we can conceive that induced them to do this was to print fraudulent Democratic tickets and occasionally slip in the name of one of their candidates. By getting the size, style, etc. of the Democratic ticket, they might get some of them placed in the ballot box by Democrats who would not expect any such fraud.

We to-day commence the publication of a daily to be run till after the election. This we do upon our own motion, for our own purposes and for the campaign. We send it to our county subscribers free. If they desire to pay us all right; if not we are content. It is a satisfaction to us to publish it and that we consider is a sufficient recompense. Take it and send it to your neighbor. It will not do you any harm to read it. In politics it will be a little tropical but that's our fault; whatever we do we do in earnest. We shall take the liberty of punching those candidates on the Republican ticket that we consider unworthy, incompetent or bad men, and shall do it with a hearty good will. If they desire to reply will give them each a little space—the same amount we devote to them. When a man is before the people as a candidate for office he is public property and is a target for others to shoot at. We have a right to shake them up a little and we shall be very happy in exercising that right.

Nez Perce claims to be a Democrat. Says he has always been a Democrat, etc., etc., and claims that he will make a good Democratic sheriff. Well his Democratic neighbors say he is always intensely Democratic up to the time of the conventions every two years. In fact it is told of him that he was so warm in the cause last winter that he actually kicked a man out of his (Perce) own home because he was a Republican. In 1872 this same Nez Perce (we ask pardon of Chief Joseph for we don't intend to intimate that he belongs to Joseph's band) was a candidate for County Clerk before the Democratic convention of this county but failed to get the nomination and immediately soured. In 1874 he wanted something and just as is usual with him he was too late and off he went and voted with the opposition. Again in 1876 he was on hand hankering "arter" it but did not wake up in time, so he cried corruption, clique, Sam. Johnson ring, etc., etc., and must of course vote with the Republicans in order to get even. And in 1878 he is so eager, so patriotic, so Democratic that he can hardly wait for the convention to come off. Oh, how his mouth watered and how he *"honed"* after the flesh-pots of the old Democratic party. The primaries were called. Nez was on hand, armed and equipped with patriotism and loyalty to the Democratic party. Went in and took an active part in the primary; made more motions and did more talking than any other man; failed to get things all his way and immediately discovered that the grand old party was corrupt, but still he was "on it" and was willing to "sacrifice all his wife's relations" in order to get a nomination for anything on the ticket, but failing he again goes over to the enemy. Two years from now he will again be on hand with his "little spoon" out, ready to accept any position on any ticket and advocate any principle to get an office. Of course he will be repudiated but he will never fail to be on hand about convention times. Well, Nez,

"If at first you don't succeed, try, try again."

WITHDRAWAL.

MONMOUTH, Ogn., April 29, 1878.

Hon. L. Bently, Chairman State Executive Committee of National Greenback and Workingmen's Party, Monmouth, Oregon:

DEAR SIR: Circumstances over which I have no control constrain me to decline the nomination as candidate for congress, tendered me by the National Greenback and Workingmen's Party, in convention, at Albany, April 3d. Sickness in my family demands my presence at home, and constant care forbids that I should meet the opposing candidates east of the mountains, according to arrangements which I made with Gov. Whiteaker. I am unwilling to jeopardize the success of the principles involved, without a vigorous campaign, which the continued bad health of Mrs. Campbell prevents me from making.

It is due alike to myself and to my friends of the convention to say, that my nomination was the result of a misunderstanding, for which, however, no one is censurable. My name should not have been used, only in a contingency, which did not arise, I neither expected nor desired the nomination, and on this account, I appreciate the more highly the unsought honor, and the more reluctantly decline. I have the honor to be, with high respect, your obedient servant,

T. F. CAMPBELL.

In the Methodist Discipline you will find:

Question 1. "How shall we try those who profess to be moved by the Holy Spirit to preach?"

Answer. Let the following questions be asked, namely:

"Do you know God as a pardoning God? Have they the love of God abiding in them? Do they desire nothing but God?" And are they holy in all manner of conversation?"

Hog Kolera Hines took these vows, but oh how he has let go. Do you suppose he was in earnest when he took them or has he gone back to the "beggarly elements of the world?" Surely "the last state of that man is worse than the first."

Rev. H. K. Hines' Acceptance.

Mr. Chairman, and Gentlemen of the Convention:—I am loth to stand before you as I am situated. It is known I did not want the nomination. Many prominent men insisted on using my name, but I never consented. I was astonished at the vote which nominated me. My conscience and high moral duties as a Christian minister prompt me to decline the high honors conferred. My heart says decline, but far above I hear the voice of my God say, take it! take it!! Under these circumstances I accept.

The above is Parson Hines' speech accepting the nomination. Read it over, see the presumption of the satriligious Reverened gentleman. Ye Christians! what do you think of it? Are you willing to place in power and elect to office a man to make laws for you who is such a plasphemer? Oh my country! and are we reduced to this. God forbid.

Every Radical paper we believe in the State is piping for Hipple Mitchell. All want him returned to the U. S. Senate and in order to do this are willing to sacrifice everything else. The Central Pacific railroad, whose paid attorney Mitchell is, will furnish the stamps necessary to keep life in these papers till after election. It is well understood that the Central Pacific is opposed to any road from this country to the Union Pacific, and being so opposed will not permit their attorney to do anything detrimental to their interests.

Rev. Hog Kolera Hines, the radical gospel sharp preached at this place last Saturday and Sunday. Political sermon on Saturday and semi-religious on Sunday. He is surely lost to every sense of shame when he comes among a people who have known him for years and have sit under the drippings of the sanctuary where he has dispensed the gospel and now under the guise of religion, roll his blasphemous eyes towards heaven and with a sanctimonious whine calls on the same people to send him to congress. Only a short time ago this same Hines was imploring our people with tears in his eyes to forsake their sins and turn to God. Many young converts there are in our midst who looked to him as a kind of spiritual adviser—what must be their opinion of him now. It is enough to make such persons lose confidence in churches and in christianity. It were better for Hines had he had a "mill stone around his neck and thrown in the sea."

We are told that some people in town never buy any wood, yet always have a good fire, while others who buy cords of wood have it spirited away. Look out wood thieves or you will get caught. A little powder applied to a few sticks and left exposed would perhaps make a report as to who the thief is.

The Judges of election in the several precincts should be very careful about properly sealing up the returns. See Section 18, Page 11, of the election laws. After sealing properly let one of the judges or clerks bring them in and deliver them to the county clerk. It is not lawful to send by mail or any other person, and this must be done within ten days from the date of the election. All the ballots must also be carefully enveloped and deliver the same with the poll books to the county clerk. See Section 19, page 12 of election laws. For qualification of voters see oath of voter, section 6 page 8 of election laws. Each voter for county officer is required to vote in his own precinct, but a person who has in good faith resided in a county ninety days next preceding an election, but has no fixed residence or domicil in any particular precinct therein he may vote in any precinct in which he finds himself on the day of election. See constitution of Oregon, page 8 of statute of Oregon, note 1 at bottom of page. Be sure and seal the poll books so they cannot be taken out without breaking the seal and sign all the blanks on the poll books after properly filling them out. If these directions are not followed the poll books are liable to be thrown out and the voice of the people defeated in the election. Read over the election laws carefully and you will not make any mistake. When a voter is challenged and sworn write the word sworn on the poll books at the end of such voters name. See Section 7, page 8, election laws. It is the duty of the county clerk to send one copy of the laws to the judges of each precinct in the county; see that you have it on hand and follow the directions explicitly or trouble is likely to ensue. Keep a copy of this paper to refer to,

The weather continues rainy and cold

Mr. Brate by some means sprained his ancle yesterday and is compelled to go on crutches to-day

Mr. C. H. Dodd, of the firm of Hawley, Dodd & Co., is in town looking after the interests of the company.

The man that took the gloves out of John Warnick's pocket last Saturday morning in front of the postoffice had better return them or he will be looked after.

Miss Belle Woodruff returned on Saturday last from Dayton, W. T., where she has been visiting relatives. She returns as she left, single, and the boys are happy.

R. Alexander informs us that he has increased his stock of cats. Two are already spoken for. Red says he has no interest in the cat business, but, but—well—we don't know.

W. T. Rather is at the hotel very low. He cannot possibly live but a few days. He has been afflicted for years with a tumor on his neck which has broken on the inside.

Our working preacher Davies has built himself another residence, in Arnold's addition, and is now snugly ensconsed therein, while Hell Kaught Hines the political preacher is striving for a seat in Congress.

Mr. O. Sylvester, formerly of this place, now residing at the Dalles, is in town. He is looking extremely well and the widows about town had better go right away off and spruce up.

Dr. A. R Pennington of Salem, an experienced dentist is in town, and will remain for a short time. During his stay he offers his professional services to the public and guarantees satisfaction in all his work. Office at Pendleton Hotel. lc-ad.

A New York jury lately gave Mrs. Margarette L. Mead a verdict for $400 against Jas. V. Whitbeck for an assault with intent to kiss her. Served him right. This thing of going around in New York and helping yourself to a kiss wherever you find it is played out. Beecher to the contrary notwithstanding.

There was a shooting scrape on Birch Creek last Saturday between Ewin Carter and a man by the name of Smith who was herding sheep for Messrs Evans & Dickerson. There were several shots fired, we understand, but no one hurt. A warrant was issued for the arrest of Carter.

Water has been obtained on the highlands three miles north of town on Mr. White's claim by digging about 50 feet. It has generally been supposed that this part of our county could never be settled for the reason that no one scarcely believed that water could be had. The soil is good and a large settlement will soon spring up in this section.

G. W. Webb, the tinner has found it necessary to enlarge his building in order to make room for his immense stock of hardware, stoves and tinware. Uncle George is not only a candidate for re-election for County Treasurer but is a successful business man. His motto is "quick sales and small profits." Shop on Main Street, Pendleton, Oregon.

It is said that the Nez Perce candidate for Sheriff is uneasy for fear somebody will think he is going to get Lou Berry of Walla Walla to act as his deputy. He would be an improvement on his chief and why not get him, he can attend to all the Sheriff's business that Nez Perce will ever have in this county and not have to leave Walla Walla either. By all means get him Nez.

HELD TO ANSWER.—Dr. S. W. McAfee, who was arrested here on Saturday evening, as has heretofore been stated in these columns, was taken to Portland and brought before Justice of the Peace H. W. Davis, where he waived an examination and was bound over in the sum of $500 to await the action of the Grand Jury. The Doctor furnished the required bonds and returned home on Monday evening. Anders DeLin and George Tuttle were also arrested and held in a similar amount.—*Statesman.*

THE INSURRECTION IN GREECE

ATHENS, May 16.—The Turks have attacked Christians near Canea; fighting continues.

VIENNA May 17.—The passes taken by insurgents are Diebend, Balkan and Estrogan's Gate. All attempts to dislodge have been unsuccessful.

Turkish commissioners have thus far failed to accomplish their mission.

MOVEMENT OF RUSSIAN TROOPS.

LONDON, May 17.—A dispatch from Pera says: Although the advance of the Russians four kilometers nearer Constantinople is declared to be devoid of significance the movement has nevertheless increased uneasiness here. The Russians instead of being clustered in villiages, are now extended before the city with their lines of tents in a manner apprehensive to the popular mind. News comes also of an advance of 15,000 troops from Kalli Krati, to Rustckuk and Tchekmedje, and of similar forward movements from Silistria to Kallikrati, and other corresponding advances from the rear towards the front. All these movements to mass Russians closer and closer to Constantinople consequently increase anxiety within the city.

DEEPENING THE CHANNEL.

It is reported on good authority that the Russians are about to deepen the channel from Tchekmidje lake to the sea sufficiently to permit the passage of launches and other small vessels.

MOVEMENT OF THE BRITISH FLEET.

Significance is attached to the belief current in well informed circles that the squadron will leave Port Said for Besika Bay immediately after the arrival of the Indian troops.

A RUSSIAN ORDER TO BESSARABIA.

LONDON, May 17.—The Russian military authorities have forbidden Bessarabian deputies in the Roumanian parliament to attend any more sittings of that assembly.

Some of the Republican candidates we understand are *hi ye sulux* at what we told on them last Saturday. Keep cool, boys; pull down your vests and wipe off your chins and take something we have instructed the boys in the office to inform all such that we are out when they call around to see us; our fighting editor is about on business and business in that line must necessarily be suspended till his return.
