LOCAL AND OTHER INTELLIGENCE.

Excuse us this week we've been happy somewhat over the result of county election and of course could not be expected to think about anything else. We'll fix things all right next week. We have met the enemy and they are ours this time by a large majority. This completely does for the Independents in this county and here, after they will throw off their mask and come out like men under their proper colors. Then the people will have some respect for them. Umatilla County has always been Democratic and there is no reason why we should not have a full set of Democratic officers. This we have and are happy.

One Tankley who was arrested not long since on a charge of robbing and who served out a sentence in the county jail, last Tuesday evening left his "nests" and was most insulting to the crowd about in using language bearing upon Tom Milroy's name in various ways. Tom not being able to stand it much longer told him out, and was thought dead, having hit him on the side of the head with a pick handle and breaking in the skull. It appears that Tom was witness against him for this robbery and from this the insulting remarks of Tankley are supposed to be based.

From Mr. Henry of Umatilla we learn that business in Umatilla is in a flourishing condition and everybody there is improving or making preparations to improve and build during the summer. Mr. Kowitz is receding and painting his store and redrawing his residence. Dave Horn, proprietor of the Union Hotel, is repainting and repairing his house and preparing it for the better accommodation of his guests. Miss Ada Wilson has just lately returned from Walla Walla St. Paul School where she has been attending for some time.

Mr. J. Thomas on Friday of last week, we are pained to learn, met with a severe and grievous accident. He was shearing sheep for Mr. Despain just below town, and by some means in handling an unruly sheep the shears were thrust in his leg, cutting an artery, from the effects of which he came near bleeding to death before assistance could be had. Dr. Whitcomb was sent for and arrived just in time to save his life. He is now doing well.

Messrs. Thompson and Ferguson of Grosvenor were in town on Monday last and report the crops good in their section. We were astonished a little to find that both these gentlemen were Democrats, as they are both Republicans, and it is so often the case that Republicans are found huffing from old Pitt, but then there all right, they are both good, never fellows and save in politics their heads are level.

Wool growers are offering their sheep in the mountains in summer range. Few counties in the State or elsewhere are so favorably situated for wool growing as Umatilla. If the amount of the clip continues to increase as it has for the last few years we will soon have the banner wool county in the State, if it is not so already.

We understand that a small boat, loaded with Chinamen was drawn under the wharf at Umatilla on the 26th ult., and two Chinamen came very near being drowned. Mr. John Sullivan, we learn, went to their rescue and saved their lives. Don't do so again Johnny, but let them go, we will have enough left.

The young bloods, on the evening of election day were permitted to enjoy a "pleasant dance with the fair Pendletons" at Milroy's Hall. It was a "way up" affair and had a very nice lunch at 12 at the Pendleton Hotel, dished up in good style by the excellent landlady Miss Rhy.

Wells, Fargo & Co. shipped from their office in Pendleton during the month of May as follows:
Gold coin, \$7,213.50
Silver coin, \$2,475.00
Currency, gold notes & checks, \$741.00
Total, \$10,429.50

Tuesday evening last times were made quite lively over the election returns that "was Democratic, State and county. The Pendleton Brass Band discoursed music upon our streets until a late hour, giving every saloon, store, restaurant and hotel a benefit of its presence.

SCHOOLS.—Miss Emma Bishop is at present teaching school on Butter Creek. Miss Laura Moore will soon take a school in charge over about Hoppper. Pendleton schools under the tutelage of Miss Miller and Miss Davis are progressing finely.

Mr. Bonner of Dayton, W. T. gave Pendleton a visit last week. He called to see us and states times lively as you please in that section everybody wide awake and attentive to business generally.

A little girl was teaching her little brother the Lords prayer the other night and when she had said "give us this day our daily bread" he suddenly called out: "Pray for syrup, too, sister, pray for syrup!"

Mrs. Arvilla Lobdell of Willow Creek came over to town last week on a visit, and of course called at our office. She left on Monday's stage for home after a pleasant visit with her many friends in this ality.

Hoppper we learn is growing very rapidly. It is a beautiful location and in the midst of a fine grazing and agricultural country. We predict a bright future for emigration.

RE WANT SOME VEGETABLES.

John Day City has a Chinese blacksmith.

First strawberries of the season came into market last Wednesday.

Everybody goes to Hathaway's now to get a cooling beverage.

Lets all go to warm springs and take a few weeks rest.

Hathaway keeps soda drinks and makes the best lemonades.

Bring in your garden truck, we are hungry.

Eggs in Sil or City, I. T. are selling at 30 cents per dozen.

Emigrants continue to pass on their way to the Palouse.

For Sale.—We have on hand about 200 pounds of old type for sale.

L. H. Lee, the restaurant proprietor, is doing a lively business.

In Washington Territory on the Lummi reservation two Indian schools are taught by Indian teachers.

The weather is very hot about this time and dust disagreeable. Street sprinkler will be on hand in a few days.

Ball at Milroy's Hall on the 4th of July. Are we going to celebrate or shall we forget our nation's birthday?

We are glad to learn that Mrs. J. C. Franklin of Butter Creek who has been quite ill for sometime is convalescent.

Masonic Grand Lodge meets at Portland on the 1st. Judge H. G. Voskum, S. W., will represent Pendleton Lodge No. 52.

Remember Brigham will repair your watches, clocks, eye glasses spectacles etc., and you will save sending them to Walla Walla or Portland.

Don't forget to take some onions, radishes, potatoes, anything good to eat, in your wagon when you are coming to town. No trouble to sell now.

From Win. Minor we learn that the road across the Blue mountains is in a splendid condition excepting there is plenty of mud upon the summit.

Mr. Hart has removed his place of residence from Arnold's addition of Pendleton to the upper part of town to the place formerly occupied by Mr. Ames.

Old Hall got for himself a big prize, viz: 1 cold potato, two onions and a dish of chine rat soup. Sharon, you paid too much for him.

Bring in your broken jewelry, breast pins, sleeve buttons, finger and ear rings, etc. Brigham, the jeweler will repair them.

Carlos White's motto: "Pay your bills—If the coat don't fit, don't wear it." Very good advice and all should take warning thereby, but keep your shirt on Carlos.

Mr. Cool of Milton has kindly promised to try and get us something to eat by next week and bring it to us. He brought in some strawberries the other day.

Little Gracie, daughter of E. Welch, jumped off the wagon last Saturday and broke her arm. Dr. Dickerson was called and set the arm and she is now doing well.

At the sale of the property of Andrew Roman, deceased, on Tuesday last by G. W. Webb, Treasurer, the set of carpenter tools belonging to deceased were sold for the sum of \$20.50.

The election passed off very quietly on Monday last, both parties making a still hunt and striving to catch votes from the opposite party. Considerable scratching by both parties.

The election is now over and everything will soon quiet down; business will be resumed and things go on somewhat after the old style till another election occurs to create another little excitement.

We are informed that Charley Welch will soon start a street sprinkler upon the streets of Pendleton. Go ahead Charley, an industrious young man will always succeed.

From reports in Idaho papers we are bound to have an Indian war. It is supposed that the trouble originated in Sitting Bull's camp and was spreading among other tribes.

What is the matter with the Walla Walla Watchman? We received the issue of May 21st on Thursday morning June 6th, and the same week before, nearly one week after date of issue.

—Jerry Dugan, Jr., is the champion sheep shearer of Umatilla County. Red Nelson was on Wednesday last at C. L. Jewell's and sheared a sheep in less than 20 minutes. The fleece weighed 15 1/2 pounds.

Union County is Democratic 159. All the county officers Democratic except sheriff. Legislative ticket secure. Whiteaker's majority in this county over 300, in Union over 100. Baker is said to have gone Republican.

From the manger returns received it is pretty certain Wasco has gone Democratic by about 100. Grant not yet heard from.

T. F. Russell, living on the mountain above Milton, was arrested a short time ago under a warrant issued by Eugene McDonald on a charge of perjury. It is alleged that he swore falsely to the age of a young lady by the name of Mary Owens, in order to procure a license to marry Edward Johnson. He was held to answer and placed under \$200 bonds, and was brought to Pendleton on Wednesday last by constable Ingie and placed in jail.

Brick! Brick!!

Messrs. Lamar, Kinkaid and Gerking have made arrangements to burn brick in Pendleton this season. They have already commenced work and will be able to supply the town and surrounding country at an early day. Those in need of brick or who contemplate building would do well to call on these gentlemen at Pendleton. They intend selling to suit the times and will make a liberal reduction to those desiring large quantities. Send in your orders at once. apr6

Still more glory; just as we are going to press, information is received that Whiteaker is elected to Congress. It would seem that our cup of joy was already full and we have to tip it a little to say that the Republicans have secured the State Treasurer and Secretary of State. The balance of the State ticket in doubt. But better than all, comes the overwhelming joyful news, the most important of all: The Legislature is largely Democratic and Mitchell's defeat is assured. Democrats are too full for utterance and many Republicans of the better class rejoice with us in this.

Eureka Lodge No. 32, I. O. O. F., Pendleton, Oregon, elected the following officers for the ensuing term, viz:

Henry Bowman, N. G.
J. S. Delevan, V. G.
A. H. Starkweather, Rec. Sec.
R. Bruce, Per. Sec.
L. Larson, Treasurer.
R. Alexander is District Deputy.

This Lodge is in a flourishing condition and working harmoniously. Arrangements have been made to build a hall. The plan for the building has been agreed upon by the Lodge and Mr. Lehman who was appointed a committee of one to superintend the building has ordered the lumber which will be on the ground at an early day. The building will cost when completed about \$2,000.

The work will be let to the lowest responsible bidder at public outcry. Size of building 30x20, walls 25 feet. It will be ready to go into by the 1st of September.

The general conference of the M. F. Church South, held at Atlanta, Georgia, has closed its labors. The conference decided: To elect no more Bishops at present. To continue their Publishing House. To retain the name, M. F. Church South. To promote its work in the North.

To recognize the M. E. Church as legitimately organized in the South. The conference received the fraternal delegates of the M. E. Church with marked courtesy and cordiality.

That the education of the colored people is a Christian duty. J. R. McFerron was elected book agent. O. P. Fitzgerald, editor of the Nashville Christian Advocate.

Thomas O. Sumner, editor of books. W. G. E. Cananyham, Sunday-school editor. A. W. Wilson, secretary of the Board of Missions.

A LOUISIANA BUSINESS IN OREGON.—The radicals in Oregon have learned a lesson from their unscrupulous friends in Louisiana, and we are credibly informed will attempt a game in this State similar to that by which they succeeded in getting two or three of the Southern States at the Presidential election. Yesterday it leaked out that there is to be a concentrated effort made to cause informalities in the returns from strong Democratic precincts, so that they may be thrown out, if necessary to carry certain counties or to secure the election of the Republican State ticket. We trust this disgraceful attempt to bulldoze our State may not succeed, and that judges of election and clerks may not have permitted any informalities to defeat the will of the people. We hope there may not be any Louisiana business done in our State, and that the honest votes of the citizens may all be counted.—Mercury.

FAMINE IN CHINA.—The mails give us additional details, says the Box, respecting the dreadful famine in China. Two and a half million persons requiring relief; people eating the sorghum from the thatch of their houses, and others die from the hill-sides; still others digging up roots and stripping trees of their bark to provide themselves with another meal; parents selling their children to eat out the means of subsistence—these are some of the features in this terrible picture. In the single city of Tai-Na-to 15,000 are reported to have perished from hunger and disease, and to these deaths must be added others from suicide.

Wonder if Lot Livermore is going to leave the country without coming to Astoria. He called at the Statesman office in Salem a few days ago. Bro. Odell says: Mr. Lot Livermore of Pendleton, Umatilla county, gave us a call yesterday. Mr. Livermore has been on a visit to his old home in Polk county, from whence he has been gone seven years.—Advertiser.

It would appear that the brutal element in Germany were bent on the assassination of Emperor William. Another attempt has been made at his life by an assassin named Dr. Nobling, which was so far successful that the emperor was severely wounded. Two salutory examples cannot be made of these would-be murderers.—Telegram.

THE INDIAN OUTBREAK.—Troops are being hurried forward to Camps Prairie and another conflict is imminent. At present the Indians outnumber the soldiers and if fighting occurs reinforcements will have to be called in from other points outside of the Territory.—Advertiser.

BY VIRTUE OF AN EXECUTION ISSUED OUT OF THE COURT OF THE STATE OF OREGON for the County of Umatilla, do hereby certify that on the 24th day of April, 1918, in favor of Joseph H. Madewell, and against J. Chapman, defendant, for the sum of \$128. Lasted States gold coin and \$20.00 in lawful money of the United States and \$88.25 in cash, and directed, I have served upon and shall expect at public sale to the highest bidder for cash in hand, on the 15th day of June, 1918, between the hours of 9 a. m. and 4 p. m. at the Court House door, at Pendleton in said county, the following real property, to wit: Lot 10 in block No. 2 in the town of Hoppper, in the State and county aforesaid, to satisfy said judgment and costs, and serving notice.
