Government Lands.

How to acquire in any quantity without settlement.

I am now prepared to sell Soldiers Additional Homestead Scrip at the following rates:

For 40 acre tracts,.....$3.75 per acre.
"80 and 120 acre tracts .... 3.25 "

Will also sell on time at a slight advance on above rates, accepting in payment notes with approved security bearing interest at one per cent per month payable when patent issues. D H. Talbot,
Sioux City, Iowa.

M. C. Moore, Agent,
Walla Walla, W. T.

Money! Money!! Money!!!

Having closed business I must have all my outstanding accounts settled. All persons knowing themselves indebted to me are hereby notified to come forward and settle without delay, either with cash or by note. Mr. T. M. Coffey has charge of my books and settlement can be made with him or with me. Wm. Switzler.

Sheep Lost.—Some three weeks ago something over 200 head of my wether sheep strayed from my band in Webb's Slough. Said sheep branded "S" on the hip. Any person giving me information of the whereabouts of said sheep will be liberally rewarded for his trouble.
H. Stover.

Pay up.—All persons indebted to the undersigned by note or account are requested to call at their mill at this place and pay up on or before the 1st day of January 1879. After that date we will sell only for cash. W.S. Byers & Co.

Christmas Ball.—There will be a grand ball given at Milarkey's Hall, Pendleton, on Christmas night by Mat Taylor. Johnny Crawford assisted by other musicians will be in attendance. Don't fail to come out as a way up time is anticipated. Tickets $2 50. Supper at Pendleton hotel.

Millinery.—Mrs. Carden takes pleasure in announcing to the ladies of Pendleton that she has opened a millinery shop on Johnson street where she keeps a well selected stock of the latest styles of ladie hats and all articles that go to make up a No. 1 establishment. Call and examine

P. J. Moreno has all kinds of domestic articles for sale at his establishment on Main Street, such as lamp burners and chimneys, sewing machine fixtures, lamp chimney cleaners, hair curlers and a thousand and one other little necessary ictas. Go see for yourself.

Gold, silver, greenbacks, national currency, fiat money, onions, potatoes, cabbage, wood, squashes, apples, butter, eggs, all taken at par at this office in payment for money due. Come along with your "truck," for as the Missourian says, we need a *"right smart chance"* of it this winter.

Steve has procured a first class cook overhead at his Sample Rooms and has plenty of pigs feet, lobsters, oysters, etc., etc. Call in, take a drink and walk up stairs, and in the language of the queen of Sheba, you will say "The half has not been told you."

When wearied and worn, tired and jaded, call in at Adam Stang's popular brewery on Main Street, call for some beer, ask up your friends and you will soon begin
"To feel just as happy as a big sun flower."

Inform Us.—If any of our subscribers fail to get their paper they will confer a favor on us by informing us of the fact. We are overlaying our books and find some mistakes and want to make everything right.

Jacobson & Co. are building an ice house in the rear of their saloon. If we have weather cold enough to freeze this winter, we may expect good cooling beverages at this popular resort next summer. "So mote it be."

"Over the hill to the poor house," is a favorite poem, but over the bridge to Stevenson's is the place to get the worth of your money in pigs feet, sauerkraut, lager beer, and "sich," and don't you forget it.

And now you can make the winter of your discontent glorious by going into Matlock's and—and—and—taking something to take—try it; we have and we know what's what.

All persons indebted to this office or to Turner & Bailey are requested to come forward and settle either with cash or by note. Money must be had and "don't you forget it."

A. H. Starkweather will re-open his gallery over the barber shop next Monday. Those wanting pictures will take notice and govern themselves accordingly.

Go to Steve's Sample Room and sample some of the best samples of liquors and cigars you ever sampled in your life.

Let every body pay up on or before the first day of January. Will you? Reader if you are in arrears we mean *you*.

The boys all like to go to Spark's and it is on account of his keeping none but pure liquors.

The Pendleton Drug Store is literally filled with Christmas toys and presents.

Get Ready--Prepare!

TROUBLE AHEAD:

WILL KILL IF HUNG!

Just before going to press we are informed by the Sheriff that he had been told by an Indian that if White Owl and Quit-a-tumps was hung that the Indians would retaliate by killing white men that might be found out from town unarmed, and that he (the Sheriff) had better warn his people of the fact.

From this it would appear that it behooves the citizens of Umatilla County to begin to prepare themselves for an outbreak by those red-devils. We have been deserted by the soldiers and are left to our own resources. We are strong enough and willing to stand them off, and why not organize and fix for any emergency.

Call for a Possee.

To the Citizens of Umatilla County Greeting.

According to the verdict rendered against White Owl and Quit-a-tumps and the sentence of death having been pronounced against them and having received the warrant for their execution to take place on January 10th, 1878, between the hours of ten o'clock A. M. and three P. M. Now, therefore, believing the public safety demands an armed force to be present to prevent riot and blood-shed, I John L. Sperry, Sheriff of Umatilla County call upon the citizens of Umtilla county for one hundred able bodied and well armed men to report to me at least six days before the execution. Further, I would like for every precinct in the county to be represented by at least five men if convenient I would not object to have two hundred men, but I think one hundred will be sufficient. J. L Sperry.
Sheriff of Umatilla County Oregon.

Officers Elect.—The following are the officers elect of Umatilla Lodge No. 40, A. F. and A. M. for the ensuing year:—
J. M. Leezer, W. M.
A. L. Gordon, S. W.
John Bartel, J. W.
R. N. Standfield, Treasurer.
J. H. Kunzie, Secretary.
Wm. Thurburn, Tyler.
The officers were installed on the evening of election (viz. the 14th inst.) by Past Grand Master, J. H. Kunzie, after which a repast and general good time was indulged in by the members of the order present, such as only Umatilla members know how to get up.

The following officers were elected for Pendleton Lodge No., 52, A. F. & A. M., on Monday the 16th inst:
S. Rothchild, W. M.
J. H. Turner, S. W.
W. H. Marshall, J. W.
J. M Bentley, Treasurer.
M. P. White, Secretary.
Wm Switzler, Tyler.
H. Bowman, D. M. Taylor and S. L. Morse, Trustees.
Installation, Dec. 26th at 7 P. M. Members of the order invited.

Received.—We are in receipt of a beautiful song entitled "Farewell to Hawaii Nei," from D. W. Prentice & Co., Portland Oregon, Music dealers. The song is composed by Ohelo; music by H. Berger. Price 40 cents.

Weston Paper.—We saw a package of paper at the postoffice the other day addressed to the Weston *Leader*. 'Tis well—Weston has a paper and we are glad of it. Now it behooves the people particularly in that vicinity to support it; otherwise it cannot live. Take it all of you, and advertise in it. Don't wait for your neighbor to take it, and go and borrow or purloin his but take it and pay for it youself and then it will be your own.

Personal.—John Lemmons who has been for several years Division Agent of the Stage Company between Boise City and Kelton was in town this week and gave us a friendly call. Mrs. Lemmons accompanies him. He has quit staging for the present and will locate somewhere in this section of country. Success to you John in whatever you may engage.

Changed Hands.—The East Oregonian has recently been sold to J. H Turner, Esq., and G. M. Bull, a son of M. P. Bull rebently deceased. We wish the new firm the greatest good luck and success.—*Dayton News.*

As soon as the military left Umatilla reservation, some days ago, 125 Indians also left the reservation and took up camp on Long Island, ten miles below Umatilla. On the 21st, during the absence of Mr. Switzler, who lives in Washington Territory opposite Umatilla, an Indian in war paint and armed came to his house and demanded provisions. Mrs. Switzler refused to give him the amount desired. He grew insolent, went to the stable, saddled one of Switzler's best horses and attempted to ride off. Mrs. S. leveled a needle gun and he dismounted and decamped. People of Yakima are arming and are going to Moses' camp to demand the Perkins murderers. If they are not given up there will be trouble.

John Bradburn of Birch Creek spent several days in town this week. We understand that he attended church while in the neighborhood, of Weston the other night the first time perhaps in several years, and when an invitation was extended by the minister to those that desired the prayers of the church to make it known, John arose and politely asked that they pray for a friend of his sitting by whereupon he says the minister called for a Justice of the Peace to have him arrested. John feels indignant and says if that's the way they do he will not attend church any more; that he was in earnest in asking the prayers of the church for his friend, and had no thought of disturbing or offending any one. We are not advised as to who the minister was, but if Mr. B.'s version of the matter is correct, we think he should have forborne and not acted so hastily. We hope, however, it was not so bad as he represented.

Are we going to have a "Christmas tree." for the benefit of the youngsters in town? If so it is time something was being done, who will take the lead in the matter,

Masonic installation next Thursday evening.

Raffle, Raffle, Raffle is all the go in Pendleton of late.

Dr. J. M. Pruett has been dangerously sick this week with fever.

Come to the center with a little coin if you please; we need it.

Dakota now claims a population of 100,000 and will soon seek admission as a state.

Vegetables wanted at this office for which cash will be paid.

Pay what you owe and we will be able to meet the demands against us.

T. J. Swezea of Milton Precinct was in town this week making final proof on his homestead.

Installation of officers elect of Damon Lodge, No. 4, K. of P., takes place January the first.

Diphtheria still ravages in our midst. Mr. W. Switzler's two children have it, also Mr. Wm. Beagle's little boy.

Omaha, Dec. 16.—James Stokes, a printer, was found dead in his bed this morning having committed suicide by taking morphine. Cause: Whiskey.

The snow, the snow, the beautiful snow, covered the ground last Monday night at this place. How long it will remain we cannot conjecture.

Just Issued.—The weekly *Republican* another newspaper adventure published at Junction City, Oregon by O. T. Porter, is before us. It is neatly printed and newsy. Success, save in politics.

Notwithstanding the cold weather, improvements still go on. Mr. N. W. Haun is putting himself up a residence. Jas. Lehman a shop, and work on the Odd Fellow's Hall will be commenced about the first of January.

Sad—Joyful.—Gen. Wade Hampton had his leg amputated and was elected to the United States Senate the same day. Sad yet joyful. The Senate was unanimous for him and two votes against him in the house. Good man.

Col. F. M. Ish has succeeded in organizing a company of militia at Summerville of 50 men. He writes us he has a fair prospect of organizing several companies in Union and Baker counties. This is right. In time of peace prepare for war.

The First Edition.—The Northwest Coast, a series of articles upon the N. P. R. R., published first in the *Oregonian* by Rev. G. H. Adkinson, D. D., is on our table. It is a well written pamphlet of 56 pages with map of the country on the line of the North Pacific.

Mr. Wm. Overholtzer of the Hepponer Mills called on us the other day. We are always glad to see you my boy, but were sorry on this occasion that you did not arrive in time to place on our table some of those grapes and peaches. Come again. We receive donations for preachers and churches and vouch for the safe delivery. We never appropriate.

At a ball given by the Knights Templar of this city last night Libby John Young, third wife of John W. Young, presented herself in an $1800 dress for admission, but was refused on the ground that polygamous women were improper persons, and would therefore not be admitted. The affair causes quite a sensation in the city to-day.—*Ex.*

Suit of the Lee heirs at Alexandria, for possession of the Arlington estate, goes over until the January term of court. This case excites great interest, not only among the people generally, but in the legal profession—among the people because of the celebrity of Colonel, afterwards General Lee, and because of the fact that tens of thousands of Federal soldiers are buried on the estate, and among lawyers because of questions to be raised which have not been raised in any similar case.—*Standard.*

Personal.—We had a very pleasant call from Hon. D. P. Thompson, Wm. Galloway and John Ross, members of the investigating Committee appointed by the Legislature at its last session. These gentlemen inform us that the committee will close its labors the coming week and adjourn. It is expected that a portion of the committee will proceed to La Grande and investigate matters at the LandOffice there.—*Standard.*

Col. Bee, who made himself so obnoxious to the people of this coast at Washington lately, by his willful misrepresentation of the trouble between white workingmen and Chinese has been rewarded by Hayes, and is now the Chinese Consul at San Francisco. Everything goes to prove how distant is the intention of the Republican party to do anything for the white working classes. Their platform made some weak reference to the subject, and we cautioned our readers at the time not to hang any hopes upon it. Subsequent events have in every instance borne us out.—*Standard.*

Troops for the Front.—One hundred and fifty soldiers passed through here on Wednesday night for Umatilla, their ultimate destination being the vicinity of Pendleton, where they are needed to repress a growing spirit of hostility on the part of the Umatilla Indians. It is to be hoped that no occasion for their service will occur, as we do not wish to hear of any white settlers being killed, nor of any Indians except such as are guilty of mutinous and murderous conduct. The best men of all sorts hope for peace; the only ones who desire hostilities are the leeches and contractors whose only ambition is to grow rich from the misfortunes of the people.—*Inland Empire.*

Sermons in Brief.

The perfectly contented man is also perfectly useless.

The ideal saint of the young moralist is cut from sappy timber.

Faith that asks no questions kills the soul and stifles the intellect.

He who thinks poorly of himsels cannot win the respect of his fellows.

Happy is the man who has neigbors willing to forgive his mistakes.

Appear to be better than you are, and aim to be what you appear to be.

The trouble with many communities is that their dead men refuse to be buried.

Only infinite wisdom is able to distinguish the difference between some men and beasts.

Rothchild & Bean are doing a land office business in the way of selling clothing of all kinds. Cause why?—they have a good stock and sell at the lowest possible figures

That Henry Ward Beecher should still be installed in Plymouth Church and weekly preaching from its pulpit, while Elizabeth R. Tilton is expelled as a parian from its precincts, is a curious result of the great scandal trial. The shame attending the revelations therein made was, in in the eyes of the world, equally distributed among the actors who figured in it; but in the end, of the two prominent figures, the man comes out victorious and holds his head high among his associates, while the woman is sacrificed and condemned to shame. It may be the way of the world that woman should suffer. It may be the inevitable result of such cases that the weaker should go to the wall. But in this Plymouth Church affair the distribution of reward and reproof is so unequal that all honest manly sentiment revolts against the decision which has been arrived at.—*S. F. Chronicle.*

Hon. Joseph Acton.

We clip from the *Statesman* the following sketch of Hon Joseph Acton, of Multnomah county: He is a native of Upper Canada; is thirty-eight years of age; came to Oregon in 1876; resides in East Portland; is a machinest, and has a family. Mr. Acton is stout built, has dark hair, with keen, hazel eyes; jaws firm set, is about five feet ten inches in height and weighs probably 180 pounds. He is a Republican in politics, and a firm friend of the laboring men, a positive character of strong personal attachments, and fearless in his advocacy of whatever he deems right. Mr. Acton consumed but little time in debate, yet whenever he did speak, he never failed to make his points clear and command respect. Multnomah county will have no cause to regret the sending of Mr. Acton as a representative to the Oregon Legislature.

We stated about the same some weeks ago. Hurrah for Jo. Acton.

Our's the loss and not our darling's;
Our's the pain and her's the joy;
Our's the mourning and the weeping,
Her's the bliss without alloy;
Her's the city pa e and golden;
Our's the earth rife, stained with sin;
Her's the green fields, and the gardens;
Where the angels enter in.
Her's the little feet that prattle,
Making music as they go,
Thro' the streets of Heaven,
And where living waters flow,
Her's the little hand that beckons,
Ever from the radiant shore,
Angel of the Lord to lead us,
Where we'll never loose her more. P. P.
