LOCAL AND OTHER INTELLIGENCE.

OUR TRIP.—On Monday last in company with Rev. W. L. McEwan, Pastor of the Episcopal Church at this place, we left Pendleton behind one of Dave Wright's spanking teams for the residence of Mr. E. M. Purinton on Wild Horse, near Weston, where we had been invited to witness the uniting in the holy bonds of matrimony by Col. Geo. H. Reed and Miss Hattie N. Purinton sister of Mr. E. M. Purinton. We left Pendleton at 9 o'clock and arrived at Weston at 1 o'clock. The good shape and splendid spirits. Soon after our arrival a few invited guests assembled and the evening was spent in pleasant conversation till about 8 o'clock when we were summoned from the sitting room to the parlor. Soon after Rev. McEwan entered followed by the groom and bride and the two made one, after a few minutes of conversation we were invited to supper, such a supper as a king might relish. Everything that would tend to make glad the heart of man was on the table, and all the guests appeared to have an excellent appetite and the good things appeared to disappear like snow before a summer's noon day sun. It happened to be our lot (as is usually the case) to get a seat at the table near the place where Mr. Purinton the good housewife had placed a cork screw and we being an expert in the use of such implements were invited to take hold and do the honors in that line; of course we complied, and soon the sparkling wine and champagne was "making glad the hearts of man" and women too for all that. A better and more social time we never had. Mr. and Mrs. Purinton and Col. Reed and his happy bride each vied with the other in making every one agreeable and everything pleasant, and their efforts were not in vain. After supper the evening was spent in social conversation till, low twelve, when all were shown to bed and there consigned to sweet repose to dream over the happy events of the evening and the bright future before the newly married couple. Success to the lucky groom and his life and happiness to the happy bride. May all your days be spent in joy and gladness. May no envy or strife ever arise to estrange your two hearts that now beat as one. May you both live to a ripe old age and may your last days be spent in your best days and when called to pass over the Jordan of death may bright angels hover around to comfort and console you while passing through the dark valley.

CHANGED.—If there is "one thing above another" that a printer likes, "his one thing above another," and as the Walla Walla Union remarks, in regards to Miss Cooper's communication which was retained, does not charge the mercury with falling below zero every winter in that city, but the printer did not "follow copy." When Miss Cooper wrote that the mercury has not fallen below zero since the winter of 1874-5, she was either mistaken or fibbing, and so they changed the word "above" into the word "below."

POSTAL CHANGES.—A Washington telegram under date of the 29th, notes the following postal changes on the North Pacific coast during the last week in February: Established—Novelty, King County, W. T. Geo. B. Boyce, P. M. Name changed—Willow Forks, Umatilla County, Oregon, to Pettysville. Postmasters appointed—David Sommers, Sumnerville, Union County, Oregon; Joseph Pullen, Zion, Clackamas County, Oregon.

BAPTIZED.—On Sunday last Rev. W. H. Pruett of the Baptist Church baptized six ladies, all of whom joined his church at this place at the recent revival, viz:—Mrs. S. M. Pennington, Miss Alice Pennington, Mrs. A. W. Sulta, Miss Buckingham, Miss Mollie Benson and Mrs. N. W. Hawn. The Baptists are building up quite a church organization here. They have erected a neat commodious church house and are doing a good work in our midst. We are glad of it for notwithstanding we do not belong to the church going class ourselves we must acknowledge that churches are a benefit to any community and always tend to make society better.

NOTICE.—A meeting is called by the property owners of Pendleton for the purpose of organizing a book and ladder company. The meeting will be held at the Court House, Saturday, February the 22d 1879, at 1 o'clock P. M. We trust the people will turn out and attend to this matter, as it is of very great importance. If a fire should break out in town at present the whole town would burn before anything could be done. Read this and don't forget to attend the meeting.

IT IS A LITTLE STRANGE that correspondents after all we have said on the subject will never learn that we cannot publish their communications unless they give us their names. We are in receipt of a good letter from Big Greenwood which we should like to publish but no name accompanies and we cannot do so. The writer in a post script asks us to change W. M. Black's paper from Weston to Centerville, but how do we know that it is not some trick attempted to be played on us. Give us your name Mr. Subscriber and we will be much pleased to publish your article. Your name will be kept and not given to the public but kept for our own protection. Correspondents will please remember this. Always send your name with your communications. We are also in receipt of a communication from Bear Creek, signed "F. H.," but we do not know "F. H." is. Please give us your real name.

BLANKS.—The following are the blanks we have on hand at present with the price:—Summons, 2c; Subpoena, 2c; Executions against property, 2c; Undertakings for attachment, 2c; Promissory notes, 1c; Publisher's affidavits, 2c; Warrants of arrest, 2c; Masonic applications, 2c. Other blanks printed when ordered. Our blanks sell as cheap as in Portland.

CHEROKEE.—A brisk and lively chacolet set in last Saturday.

SNOW.—About six inches of snow fell last Monday night and the day following. Good sleighing.

PREPARE.—All those indebted to us for one year's subscription will receive their bills at an early day, and we trust will be prepared to respond with the "equivalents."

GOOD TIMES.—A general turn out at the balls given at the Elkhorn School House in Greenwood every week. The boys all enjoy it and always have a good time.

PERSONAL.—H. McArthur of Weston called on us this week. He goes to Frisco in the spring on a visit to relatives and friends. Mr. N. Hendry also paid our town a visit.

ACCIDENT.—Steve's stove-pipe tumbled down this week but was soon put in shape "almost before the smoke escaped from the stove."

FROM UMATILLA.—R. N. Stanfield of Umatilla has been spending a few days in our midst. Now is a good time for the people of that burg to get out as every kind of business there is in *stagnation*.

STAGES.—The stages from the Dalles are loaded with freight. Two extras were sent up from that place arriving here on the 7th with a large amount of express freight.

NEW FIRM.—J. H. Raley has purchased Mr. Seely's interest in the Pendleton Drug Store. The name of the new firm is Scott & Raley. Success to the new firm. See their advertisement.

QUEER.—"Accidents will happen" as our Junior was well aware when he accidentally fell off the last Saturday night, and retreating by request out the back door. So goes the world and his troubles weekly.

NOTICE.—Notice the change of "ads." of Seely & Scott to Scott & Raley, also Raley & Co. to Pennington & Benson. The former in the drug business, the latter in the hotel. We wish the new parties the best of success.

PERSONAL.—Mr. E. H. Clark, for the firm of Hewitt & Co., Portland, and Mr. Metcalf of A. C. Cohn & Co.'s establishment, have both been in town of late buying hides, furs, pelts, wool, etc. Just as soon as the river blockade is raised, we expect lively times.

MARKET.—Don't complain of hard times when green apples sell for 5 and 6 cents per bushel; potatoes, 25 to 30 cents; onions 5 cents; cabbage, 3 cents; butter 50 cents; eggs, 50 cents per dozen; wool, 50 to 75 per cord and flour \$4 50 per barrel.

PROSE.—The river east are all free up right and fast. Mercury standing at 29 degrees below zero. It is almost warm enough here to go in swimming. Oregon and Washington Territory against the world for climate.

PERSONAL.—Old Squire Deacy came down from Weston, Saturday, and paid our town a visit. The Squire is just 21 and is thinking seriously of matrimony. He would be a good catch for any of the girls and we advise our lady friends to keep an eye on him.

POEM.—Oregon's gifted poet Sam L. Simpson has given us another poem entitled "Lurion" equal almost to his "Ad Williamstam". It is a gem. We would be pleased to publish it entire but for lack of space we are unable to do so. Next week however we will give our readers a portion of it.

PERSONAL.—Dr. G. H. Davis of Walla Walla, accompanied by Miss Randall was down to see us a few days ago. The Dr. formerly resided in Salem where he had an extensive practice. He has now permanently located in Walla Walla and is fast building up a lucrative practice in that place. He is a successful physician—is well skilled in medical science.

IMPROVEMENT.—Steve, of the Sample Rooms, has removed one of his billiard tables, and will soon remove the other. His intention is to run a No. 1 Restaurant in connection with a bar. He is having a large and commodious kitchen built and will soon be in running order down on the lower floor instead of over head. May you do well, Steve.

NOTICE TO TAXPAYERS.—Those who have not paid their tax are allowed till the 1st of April to do so; but you may be called on by the Sheriff at any time, and when called upon of course mileage will be added. Make arrangements to pay immediately for fear of a call that will cost you something. If you want to buy scrip we have it for sale at 50 cents for each.

NOTICE.—A meeting is called by the property owners of Pendleton for the purpose of organizing a book and ladder company. The meeting will be held at the Court House, Saturday, February the 22d 1879, at 1 o'clock P. M. We trust the people will turn out and attend to this matter, as it is of very great importance. NEW TRIAL GRANTED.—By letter from Salem it is learned that the supreme court has granted a new trial in the case of John D. Whitney, who is under sentence for the murder of Oliver Hilbert last fall.

Senator Mitchell of this State favors the sixteenth amendment to the constitution of the United States giving to females the right to vote. That is right, we are not afraid of the votes of the ladies.

Yesterday was St. Valentine's day and the following is what our Junior received from some "unknown" person:—

But give affection in return.

APPOINTED.—District L. B. Ison has appointed Judge Wm. Ewing of this place Deputy District Attorney for this county. A good selection. We congratulate you Judge on your appointment and say to violators of law, "stand from under."

ENTERTAINMENT.—Prof. A. E. Rice has been at Umatilla this week with his entertainment. He will give an entertainment at Pilot Rock to-night and at J. S. Vinson's on Monday night. Go see him and you will be pleased.

FIGHT.—Last Saturday while a law-suit was going on before G. W. Bailey, Justice of the Peace, a little unpleasantness arose between one of the litigants and the opposing counsel which culminated in a little personal tilt after the adjournment of the court. Counsel was the aggressor, giving litigant a blow with his fist and choking him a little and litigant scratching the face of his antagonist and got hold of the poker and dealt him a severe but not dangerous blow on the head with it and then followed with right healthy. Litigant escaped with but little injury and counsel with a scratched face and sore head. This was the 3d fight of the week. The spring pugilistic encounters seem to have set in in good earnest, thus indicating that business will be lively this spring.

Important to Settlers.

An act for the relief of settlers on the public lands under the pre-emption laws. Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That any person who has made a settlement on the public lands under the pre-emption laws, and subsequent to such settlement changed his filing in pursuance of law to that for a homestead entry upon the same tract of land, shall be entitled to have the time required to perfect his title under the homestead laws computed from the date of his original settlement heretofore made, or hereafter to be made under the pre-emption laws, subject to all the provisions of the law relating to homesteads.
