### EASTERN STATES.

#### Railroad Robbers Captured.

CHICAGO, June 9.—The robbers who seized from the Illinois Railroad messenger \$10,000 on Saturday afternoon, and who successfully eluded pursuit for a long time, were captured yesterday afternoon by detectives. They are three well known thieves, James Colan, James Gillen and Mike Crowley. The police have kept the matter quiet until two o'clock this afternoon, when it became known that a portion of the money and the highwaymen were captured.

#### The Kellogg Case.

WATERTOWN, June 10.—The Senate committee on privileges and elections, continued the Spofford-Kellogg case to-day. No witnesses were examined, not being at hand, but each side announced that some expected affidavits heretofore off record evidence were admitted to the records. Adjourned.

#### A Negro Riot in Georgia.

SAVANNAH, June 9.—A riot took place this afternoon at McIntosh, Liberty county, a station on the Atlantic & Gulf railroad, between a party of negro ex-slaves from Bryan county and those belonging to the place. It began in a fight between two negroes, whereupon John Randall, captain of a negro militia company from Bryan county, on the part of the ex-slaves, ordered his company to charge, which they did, bayoneting everybody within reach. The captain himself killed one man by running him through with a sword. There was intense excitement at this outrage. Liberty county negroes rallied and drove the militia company into the cars and opened fire upon them, killing four and wounding many others, only stopping shooting when the train got out of the way, which they tried to prevent by tearing up the track. All police engaged were negroes.

#### Road Agents.

BIRMINGHAM, June 10.—The daily passenger train of the Sulphur and Black Hills Co., which left Sulphur Monday morning for Deadwood, was stopped a few miles north of Cheyenne river, on Tuesday at midnight, by five masked robbers. The passengers, four in number, were robbed of their money and valuables, the mail sacks cut open and contents thrown on the road, the robbers taking the registered packages. Having made a successful raiding trip, they all set the coach to proceed on its northward journey.

#### Kellogg's Votes.

WATERTOWN, June 11.—Wm. L. Randall was before the Senate electorate committee this morning. He was clerk in the Packard legislature, and was present when Kellogg was voted for. Eighty-two delegates voted for him, including Samuel Thomas and Jules Savigny. He recorded the votes.

#### The Warner Silver Bill.

As far as followed in these dispatches last week, the effort to force final action upon the Warner silver bill this session by discharging the finance committee from further consideration has been defeated. The recorded majority against the motion to take up Coker's resolution discharging the committee was only one, but it should be observed that Bayard and Ketcham, members of the committee, who refrained from voting on this motion, would have voted against the resolution itself had the motion prevailed.

#### JEROME PARK RACES.

JEROME PARK, June 11.—In the three-quarter mile dash, Bonnie Woodswell, Una, second time, 148.

The \$1000 match between Belmont S. Flaherty's Gibbel and Louisville's Horse, two-year-olds, half a mile, was won by Rose, time, 50 seconds.

Trotter won the handicap steeplechase, 4:30.

#### Death of Commodore Parker.

ANNAPOLIS, Md., June 11.—Commodore Foxhall A. Parker, commandant of the U. S. naval academy, died this afternoon.

#### Struck by Lightning.

PHILADELPHIA, June 11.—About 11 o'clock to-day lightning struck the large warehouse at the oil works of Warden, Free & Co., Point Breeze, and the entire building was soon in flames. The fire spread so rapidly that the whole neighborhood is endangered. Dwellings fronting the warehouse are in flames. Shipping in the Schuylkill river is burning fiercely.

3 P. M.—The Atlantic Petroleum Storage Co.'s warehouses and offices were completely consumed. There are plenty of engines on the scene, but still at this hour the fire is raging fiercely and is not under control. Five vessels have been entirely burned. The property of the oil companies is property is valued at over \$2,000,000.

#### Frenchish Outrage.

NEW YORK, June 11.—Mrs. Hull, 50 years old, wife of Dr. A. J. Hull, was found dead in her bed this morning on West 42nd street. Her hands and feet were tied, she was blindfolded and a gag was in her mouth. A trunk at the side of her bed was open and rifled of its contents. Examination of the premises showed that an entrance had been effected through the front door. All other parts of the house were secure. Her fingers were badly torn, and her friends say that one large diamond and one emerald ring had been taken therefrom. The neighborhood is in a state of wildest excitement. The police are without a clue.

#### New Secretary of War.

WASHINGTON, June 8.—It is stated to-day on what seems to be sufficient authority that the president has tendered to General Cass, F. Manderson, of Nebraska, the position of secretary of war, to succeed McCrary. General Manderson was born and educated in Philadelphia, and is a lawyer by profession, but entered the army as a lieutenant on the outbreak of the late rebellion. He rapidly rose by successive grades to a colonelcy, was twice severely wounded, and was mustered out at the close of the war as brevet brigadier general. Most of his service was with the army of the Cumberland. At the close of the war he removed to Omaha, where he has since actively engaged in the practice of his profession. He is said to be a man of extensive reading, refined taste and a brilliant conversationalist. It is also stated that he enjoys a high reputation in the northwest for practical ability, and that his appointment, if he accepts the position, will be certain to give satisfaction, not only in that section immediately, but throughout the country as soon as his high qualifications shall be tested by actual occupation of the office.

#### Protection for American shipping.

NEW YORK, June 9.—At a regular meeting of the board of directors of the Maritime Association of the port of New York held to-day, a resolution was adopted calling the attention of the Government to the disastrous effects upon American shipping of the Chile and Peruvian war, and requesting the State department to take such action as would protect our already overburdened commerce.

#### A Man and Woman to be Ranged.

NEW YORK, June 9.—Mrs. Smith and Cove Bennett, convicted of killing police officer Smith, of Jersey City, were sentenced to be hanged on July 16th.
