LOCAL AND OTHER INTELLIGENCE.

WANTED WHISKY.—Two dusky braves accosted a boy in town last Tuesday, and handed him one dollar and a half. The boy, not knowing what to make of it, asked the other Indian what it meant. He said whisky; whereupon the boy hastily refused to purchase any, when Sheriff Sperry stepped in and put a stop to it by calling the cops all round their case, but at last accounts did not succeed.

FESTIVAL.—The festival given by the ladies of the Catholic Church was a success financially and otherwise. At 11 a. m. the floor was cleared and dancing indulged in until 3 a. m. The disciples of Terpsichore aver that they had a wondrous time. We understand that the net receipts were \$64. The ladies also extend their thanks to all those who aided them in their cause, also to those who furnished music.

RAIL.—The Fair View Mill Co.'s mill did not come off as pleasantly as was expected. A division in the company occurred when each section resolved to have a ball of their own on the night of the sixteenth. About fifteen couples attended each place. At Johnson's a melee occurred at which pistols were drawn. We would suggest for the benefit of the millia boys to give up all foolishness and attend to business or their organization will be a thing of the past.

RIP VAN WINKLE.—The New Market Theatre Company put the above play on the boards on Monday night to a very good house. Some of the characters were well sustained, others a little over drawn. Mr. Wade excelled in all the parts of Rip Van Winkle. All in all it is the best traveling troupe that ever passed through the country.

LOOK OUT FOR THE WHISTLER.—On Tuesday next it is expected that Bentley & Hawn's new mill will be in full blast. They, at a considerable expense have thoroughly refitted the mill, adding several new plate mills in Eastern Oregon. They will manufacture furniture of all descriptions.

FOURTH OF JULY.—Pursuant to a call made by Gen. J. H. Turner, the citizens of Pendleton met at the Court House to consider the best way to celebrate the Fourth. A committee of five was appointed, consisting of Messrs. Ellis, Blum, Guyer, Mays, and Sanford, with full power to act. In another column a full programme of the celebration will be given.

RESERVATION.—A private letter from H. H. Gilley to Gen. J. H. Turner, says: Arrived here on the 5th inst., everything boiling in Washington. Doubtful if any action will be taken before the next session of congress, which is in December, as the Secretary of the Interior seems to fly slow.

I. O. O. F. HALL.—The Odd Fellows of Pendleton met at the Court House to consider the best way to celebrate the Fourth. A committee of five was appointed, consisting of Messrs. Ellis, Blum, Guyer, Mays, and Sanford, with full power to act. In another column a full programme of the celebration will be given.

PERSONAL.—A young lady, fair looking, brunette, good attainments, but without means, and a stranger in the country, desires to communicate with some young gentlemen. Object matrimony. Good references given. Address, M. H. Pendleton, Oregon.

HOUSE BREAKING.—A young man by the name of Geo. Thompson, was bound by the Justice of the Peace to appear before the Grand Jury, on the charge of housebreaking. He was brought to town last week by Constable M. H. Thompson.

TO AGRICULTURAL SOCIETIES.—We are prepared to do printing of every description. We can print as large posters as can be done in the State, at just as reasonable rates. Give us a chance, don't go to Portland for your job work.

The Dumiana letters are meeting with rapid sale at our drug stores. Childless parents and young married people have begun to use them and they see brighter times ahead. An increased sale of baby carriages will follow.

SECRET.—Mr. Raley left us on Monday to survey Meehan Pass, and from La Grande to Walla Walla for the Utah Northern R. R. He is to be gone about one month.

FINANCIAL.—Two of our "types" have "come out" in new "rigs"—"boys" that? We suppose they must have "puffed" for them, or else they were very rash.

PASSED.—Mr. Seely's band of sheep consisting of between three and four thousand fine merino sheep passed through town last week en route for the Lewiston country.

DROWNED.—Two little boys of Stephen H. Jory, Esq., of Seaside, aged 9 and 4, were drowned in one of the angles on the 28th inst.

LARGE TURNIP.—Mr. Gerking gave us a turnip raised by himself, without irrigation, weighing 12 pounds, measuring 12 1/2 inches in circumference.

GRAIN WAREHOUSE.—Byers & Co., our enterprising mill men, have commenced erecting a warehouse of 75,000 bushels capacity.

Some of Each.

On Sunday last our town was crowded with Indians. Dr. Hall, U. S. A., passed through town last week. Put on your soft hats—grass hoppers are making their appearance.

There is more trout than usual in the Umatilla river this season. We expect to see a fire company organized here shortly after the Fourth. Don't it? Printing done at the "E. O." office at the most reasonable rates.

Do not patronize a business man that won't advertise—he is too mean to live. Geo. W. Bawker, a cripple boy from Eugene City, has been missing for some time. Dayton is to have a new school house to cost \$4,320.

Next week, we will be awakened by the shrill blast of the whistle. The Lewiston people are happy over the prospects of big crops. The "E. O." has the "boss" job office and does the best work.

We are under obligations to Hon. J. Whitaker for public documents. Two boys and a Chinaman have been arrested in Albany for smoking opium. About twenty Indians attended the play of Rip Van Winkle, the other night.

We now have a jeweler shop; a long felt want supplied. Father Cannady will hold services at Miller's Hall to-morrow. Daily communication between Pendleton and Umatilla. How's that?

In the neighborhood of Cold Springs the crops are in fine condition. Weston farmers are jubilant over crop prospects. On Saturday, June 28th, 1888, Queen Victoria was crowned Queen of England.

Mr. D. P. Dwight is our authorized agent at Weston. Jesse Failing's new furniture shop is very nearly completed. He's been rushing it through. The Idaho Statesman feels assured that the new narrow gauge railroad will pass through Boise City.

The Camp Harvey people want mail connection with the Ochoco country, and ought to have it. Extensive freight outfits are again kicking up the alkali dust on the overland route between Kilton and Boise.

Two men working day and night with the silver plated machines make from \$300 to \$500 a week on the Snake river placers. Lake county has more grain sown than ever before, notwithstanding the backward season.

Our genial friend, Dr. Summerville, has decided to locate amongst us. He has taken up land, which he intends improving. Rumor has it that the scouts will make a trip to the Lemhi Reservation in Idaho. Can't they take them all?

From the Palouse Gazette we learn that diphtheria prevails among children there, and is fatal. A weeping willow grew 42 inches high and 5 inches in circumference in one year in Dayton, W. T.

The sheep men of Birch Creek and vicinity are driving their sheep to the mountains. This means business. 30,000 feet of lumber was brought down from the mountains in one day for our new warehouse. This means business.

Judge Bailey has a new water wheel with cup-shaped buckets that lift water into a trough from which it distributed into the garden. Mrs. Spaulding & Hendryx will copy their new quarters in the I. O. O. F. Hall on or about the 1st of July.

Miss May Paige, deputy post mistress of Walla Walla, passed through town last week en route to Boise City. Some talk of starting a paper at Milton. A good place to start a paper—that is, there is plenty of land.

The Democrat says that many farms in Lincoln county will summer fallow, as the Spring was too wet to get in a crop this season. The Idaho Statesman learns that two Indians were recently killed near Steen Mountain. They were not in that country with any hostile intent.

J. Cox and G. F. Graves took their leave last Thursday morning for Granite Creek mines. Good luck attend you, boys, and may ye find a deposit. We were shown a potato plant, raised by Mr. Byers and planted this year, with six potatoes growing near its top; besides several very fine ones in the ground.

Wade's New Market Theatre Company played to a good house in Weston, last week. Those who attended speak well of them. Last week we spoke of there being an opening here for a jeweler. We now have one; a thorough mechanic who proposes to do work well and at living prices.

It is about time that the street sprinkler should parade itself through our town, rattle with the dust, and do something for the benefit of humanity. Mr. Jacobson started for San Francisco on Monday last. Mr. J. Shultz has been very poor and he hopes to have it benefited by his trip.

Cannot the reading of the Declaration of Independence be dispensed with on the Fourth. Let each person take a copy home and have it read during family prayers. Work on Baker's R. R. connecting Weston with Whitman, is being pushed ahead rapidly. Ties are coming in and the grading being rapidly completed.

Thanks to the ladies who remembered the printer by so kindly sending us some of that cake. "Here's your good health, and your family's. May they live long and prosper." His excellency the governor has appointed Geo. J. Daly, of Dallas, and Geo. T. Simpson, of Grand Ronde, as notaries public for the ensuing two years.

Reports from different parts of the county report crops in a very fine condition. Several farmers lately from the Willamette valley, say it is nowhere compared with Umatilla county. On the first of the week Farrow Bros. sent 30 men to the mountains to cut posts and rails, making in all 50 men. We can soon expect to be well supplied with fencing material at low prices.

It is a fact that we want to see a fire company organized in Pendleton. If our all the more natural that we should push this subject. If a fire should occur in the business portion of our town, in its present condition, it would be left in just such a condition as the Dallas—locking the stable after the horse is stolen. You gentlemen who have property, consider this well, put aside that personal feeling, sail right in and do one act of mutual benefit before our beautiful city is laid in ashes.

Suicide.

Another Added to the Long Lists of Self Murderer—Strange Dealings. On Wednesday the 18th inst., the residents of the Meadows were shocked to hear of the death of David Miller by committing suicide. Mr. Miller had been in bad health for some time past, he being afflicted with that dreaded disease, consumption. "A week before his death he made his will, bequeathing his horses and part of his property to his partner, Joel Halstead. On the evening of the 18th he retired to his room apparently in good spirits, but a report of a pistol was heard entering the room. David Miller was found dead, having shot himself through the head with a large Colt's revolver. He was buried near his home on the 19th inst. Mr. Miller was a single man about 42 years of age, well educated and much respected by all those who knew him. At his death he was considered in very good circumstances. Without casting reflections on any one we must say this matter has been dealt strangely with. The coroner has not been notified, and no inquest held. We have no reason to doubt the authenticity of our report, as we receive our information from several good reliable citizens. Suppose this matter was investigated. Suppose this matter was investigated. Suppose this matter was investigated.

Later.—The coroner has been notified of the facts, but after Mr. Miller had been buried. Heretofore it has been customary to notify the coroner immediately, but we suppose that a few days does not make much difference. Miss Clara Turner, from Weston, who has been upon the Weston Leader for some time, is now at work in our office. Miss Turner is a correct printer and manipulates the types well, and we attribute her success in behalf of the good instructions she receives while under the care of Mr. Black, a good practical printer.

Mr. Millard White, the general salesman, in the employ of Rothchild & Bean, not only being one of the best clerks in the country, speaks every Indian Jargon spoken by the tribes of this section of the country. Mr. D. Theodore of Umatilla Landing called upon us last Wednesday. He reports a great quantity of wool being shipped from the landing. Dr. Watt Y. Henderson, our enterprising dentist will soon remove to Walla Walla, where he makes permanently locating. Now is your chance before he leaves.

A correspondent says, "many teams on the road, some carrying broken harness and a profile display of children." We just tell you this country is noted for its large crops. At Weston turkeys are selling at \$1.50 and \$2.00. Chickens \$3.00 per dozen. Quite a number heading rails from the mountains to the Cold Spring country. The mill company are gravelling their ditch in low places. Eggs are selling at 30 cents per dozen in Weston. The hay crops are very heavy on the Wild Horse. A farmer says that the present peach crops are the heaviest ever known. The people of Centerville are passing time by horse racing.

SEWING MACHINE DEPOT.—The undersigned has received the agency for the improved Singer and White sewing machines. Headquarters at Weston. All the late improvements of the Singer machine. It. Mrs. H. W. White.

Mr. Hathaway has purchased the right to sell ice cream, strawberries, lemonade, candies, cigars, etc., on the picnic grounds, for the Fourth. Mr. Hathaway is up to the times and we predict a good business for him, especially after the people have tasted that delicious ice cream.

RANCH FOR SALE.—I offer my ranch, known as the J. R. Means ranch, on the Umatilla river, 15 miles below Pendleton for sale at a bargain and on easy terms. 160 acres; plenty of wood and water, and two good orchards on the place. Enquire of me or at this office. J. M. BENTLEY. May 10th.

Important to Wool-Growers. SERRAVALLO & Co., Bankers, Chicago, Wyoming Ter., April 18, 1879. Gentlemen:—I have known the bearer, S. H. Kennedy, for over three years, I have also tested the Sheep Dip manufactured by him during that time, and I know from experience that it cures Scab, as I have eradicated the disease from my own flock by the use of the Dip, when all other Dips tried had failed. I confidently recommend his "Non-Poisonous" and Tobacco Dips as the safest, best and cheapest Dips in use. Yours respectfully, M. E. POSEY. In addition to the above endorsement of the value of the Sheep Dip manufactured by S. H. Kennedy, of Omaha, Nebraska, we have the highest approval from Mr. J. F. Johnson, of Walla Walla, who used the dip last year, and he writes to J. McCracken & Co., of Portland, under date of March 24th, 1879, in which he says: "I believe from experience that S. H. Kennedy is correct as to the disease commonly called Scab in sheep, and the time, mode and remedy to eradicate the disease. His Sheep Dip is the best remedy for scab and the cheapest and safest. Yours, J. F. JOHNSON." Order either of the three Sheep Dips, viz: Concentrated extract of Yucca, Hemlock Dip (Poisonous) and the Non-Poisonous Dip. For sale by J. M. BENTLEY & Co. May 24th. Umatilla City, Oregon.
