Queen Victoria's present to the Em peror and Empress of Germany on the occasion of their golden wedding was a beautiful majolica tray two feet in diameter, described as follows: The groundwork is composed of gold of such richness that the Cupids and floral emblema, which are painted au naturel, look as if they were raised on a background of beaten gold. The central part of the Druggist and Chemist, plateau is filled with the arms, on separate oval shields, of the Emperor and Empress, surrounded by the Imperial crown. The border is composed of a wreath of Cupids holding garlands of orange flowers and myrtle tied together with turquois ribbons. These seem spring from a seated Cupid below, holdng in his arms a tablet, on which is in scribed the date, "IUNI 11, 1879," while in the centre of the wreath above are entwined the initials "W. CINCINNATI, July 6.—At about 8:30 this morning, George Black was shot and almost instantly killed by Wm. Philip Parry, in Newport, opposite this city. Black ciaimed the rent of a house occupied by Parry, and yesterday removed a portiou of Parry's goods from a shed in the yard. This morning young Black was talking with the man who was the joint occupant with Parry, when the latter rushed upon him with a revelver firing at him, but missed. Parry then retreated to his house, secured a shotgun and fired upon Black, who was following, sending thirty-two buck shot into his head, killing him almost instantly. Parry was arrested. Black served five years is the Columbus penitentiary for robbing the U. S. Express Company, but since his re-lesse had lived an orderly life. Latterly he has been working in a foundry at Hamilton,

New York, July 9 .- In the Hebrew con vention the chairman of the committee on the Sabbath question to-day presented a report pertaining to the preservation of the Sabbath institutions, which was adopted. A letter was received from ex-Gov. Seymour giving his views on the subject of land cul-ture. He said: He had watched with interest the plans of the Catholic Church to get its people into the country and to make their homes on farms. He deemed it a wise policy, and wise to have those of different faith so placed at the outset that they can keep up their respective places of worship. He had no idea but what the Hebrews would secome good farmers.

From this it would seem that the increase is still large and general, notwithstaneing the week contained or e more holiday than last. The following cities have gamed: New York, 22.3; Boston, 0.3; Philadelphia, 13.4; Chicago, 58.9; Cincinnati, 13.7; San Francisco, 7.9, Baltimore, 7.4; St. Louis, 6.3; Louisville, 24.7; Cleveland, 14.3; Indianapolis, 5.7, New Haven, 1.3; Syracuse, 38.4; Lowell,

The following have lost: New Orleans, 25.8; Milwankie, 12.5; Pittsburg, 6.4; Providence, 15.6. The Public, in commenting on this exhibit, says that it does not appear that Milwankie shares the activity which operations in grain have caused at Chicago, but it is probable that a considerable part of the increase at the latter city was due to the settlement of the June contracts in wheat, rather than any actual transfers of property. Neither here nor at San Francisco, however, were transactions materially affected by speculative movements in stocks, and the volume of legitimate business in the strictest sense appears to be unusually large for the

Mail Contracts.

Washington, July 10 .- The reception of proposals for performing mail service on some 1300 routes throughout all the States and Territories under what is known as "miscellaneous lettings," was closed at the post office department at 3 o'clock this aftermoon. The routes are nearly all newly tablished and include a number of large importance to frontier States and most of the nining Territories. Awards will be made by the second assistant postmaster general on or before the 31st, and the new service will go into operation by the 1st of October. Over 20,000 bids have been received and the letting will be the largest of the miscellane ous class that has ever been known in the

contract office.

MEMPHES, July 10 .- The board of health is morning issued the following order: To the people of the City of Memphis: We ould say, quietly remove your families to a place of safety until we can at least so whether the few cases of yellow fever will assume an epidemic form. To the people along the lines of the different routes of travel, we say there can be no possible danger of infection for many days to come.

Five new cases are reported this morning and one death, the infant of Judge E. R. Ray, of the criminal court, who, together with another son, is prostrated with the dis ense. A perfect stampede of citizens is in progress, the trains being unable to carry away the hundreds who are ready to leave. 2 P. M.—There has been a change in the

situation. The great desire of every one is to leave before the fever spreads. Physicians are hopeful as to the future, but the stampede of citizens has almost assumed a panic There will not be cars enough to-night to carry people away. Business is progressing as usual but in a limited man-

Later Report. MEMPHIS, July 10 .- To-night more hop ful feeling exists. The panic of to-day has gradually subsided, and a thorough investi-gation shows the condition of affairs to be that there are only two persons in the city prostrated with the fever-Judge Ray and his son. Of the five new cases reported to the board of health, upon examination by the president, three were declared sick with other diseases than yellow fever. Two deaths have occurred, Frank Mulbrandon

and a son of Judge Ray. Chances of Spreading.

Washington, July 10 .- Dr. Hamilton, su pervising surgeon general of the marine service, does not apprehend a repetition of the yellow fever epidemic of last year in the South. He thinks that there may be sporadic cases, but considers that precautions taken

will prevent any spread of the disease. The negro exodus may carry considerable infected baggage into Missouri and Kansas and thus cause some cases of yellow fever in

those States. New Orleans All Right. New Ontraces, July 10,--At a meeting of the State Board of Health to-night a resolution was adopted setting forth that New Orleans was never healthier, being entirely free

from yellow fever. Saratoga Regatta Sanatoga, July 10.—The double scull race was won by Athletics of New York in 9:18% Wahwahsums second; 9:24%; Minnesott third, 9:25. The first trial heat of the jun ior sculls was won by Burt Brown, of Union Springs, time 1:06. The first trial heat of four oars was won by Wahwahsums, time 8:43%; Mutual second, 8:47%; Saugerties, third, 8:50%. The second trial heat for four oars was won by the Showacemetts in 8:35%; Elizabeth second, 8:37; Olympics third, 8:54%.

Third trial for four oars resulted in a vic-tory for Hillsdale of this State; time, 8:41%.
