UMATILLA COUNTY DIRECTORY.

County Judge: H. E. Tolson

Commissioner: J. E. Tolson

Recorder: J. E. Tolson

OUR AGENTS.

H. E. Tolson, Washington, D. C.

W. L. ...

PERSONALS.

Geo. L. Matting, from Kentucky, called upon us this week, and informs us of his intention of locating among us. He proposes to take a good view of the country and inform himself of its resources and advantages.

Our Senior and Paul & Henry returned last Tuesday from the Union Fair. Our Senior was "under the weather" somewhat. Most all who went from this section have returned home, not much better off, financially.

Judge Bailey is entertaining fears of becoming paralyzed, but we hope no such unlucky freak will overtake him. He has felt a tickling touch for the last two or three weeks indicating paralysis.

Wm. Deagle of the Pendleton Flouring Mills went to Portland, last Sunday.

Mrs. Bell Bishop has gone to work in this office.

Judge Waldron called upon us this week. Paul & Henry went home Wednesday.

NEW LAMBERTON. Mr. Baker, whom we spoke of some time since in regard to leasing the Pendleton Hotel, took charge on the first inst., and now styles himself as landlord, and as he comes among us well recommended as an efficient land keeper, he will no doubt meet with good success.

Mr. L. L. Connors will hold services on Big Bottom Creek, at N. W. Jones's residence, at 10 o'clock a. m., Sunday the 12th inst.

Wm. Deagle of the Pendleton Flouring Mills went to Portland, last Sunday.

NEW PAPER. — W. L. Eppinger, our authorized agent at Portland, has started a new paper called Oregon Farmer. It is a four page paper and sells at the retail price of \$1 per year. We don't see how he can possibly live at this rate, but the way he starts off in full earnestness, he must surely know what he is doing.

THE FOLLOWING is the amount of treasure shipped by W. F. Fargo & Co. from their office in Pendleton during the month of September:

Gold coin	\$ 857.05
Curry and gold bars	733.99
Silver	26.00
Total	\$1,617.04

CATTLE KING. — G. W. Lang the noted cattle king, who drove several thousand head of cattle from Eastern Oregon last spring, made the drive in about five months and lost several head, arrived on Sunday's stage from Kelso, coming from Clatsop county. He will remain about one month, gather up what few were lost, and contract for a number more which he will receive next spring.

RACE BOKE. — Byers & Co.'s mill race broke last Saturday night about 12 o'clock and "spilled" the water all over the portion of arena. Billings collars, back yards and wells, causing a very muddy scene the next day after the water was shut off. No very great damage was done. The mill stopped which was running at the time. Loss of time, and expense of fixing the ditch is about all the damage done.

TO THE LADIES. — We have lately sent East for a fine assortment of cards—such as snowflake, basket, cream, cameron and classical plated and glazed, all suitable for calling and visiting cards. We will be ready to receive your orders in a few days, and will notify those who have applied for them, upon their arrival. The stock will be the most complete ever brought to Pendleton.

WHEAT. — The O. S. N. Co. are now running three boats on the route between Portland and the Cascades, two between the Cascades and the Dalles, and five on the river above Celilo. With all this they cannot carry the grain away as fast as the railroad company delivers it at Wallula.

Duprez's Theatre.

The original Duprez Company arrived in Pendleton last Friday evening. The show, and billed the town for a free show, something they have never done before. The cause of this may probably not be known to many outside of Pendleton. It appears that the Baldwin troupe that performed here some time ago, and who were perfect bills, save the tumbler J. D. Petty, stole from the Duprez Company several hundred flyers and tickets and have since been travelling through the country billing the people on the reputation of the present company, which we, as a speaker of public sentiment, pronounce a success. Pendleton, 'tis true, has been talked several times by small one horse shows, but this time have enjoyed them twice as much. They performed here for two years. Their negro performances were splendid and far superior to what we expect to witness in Johnny Adams and the party of lady to perfection. The troupe, as a whole, is a woman or a man was frequently discussed during their play. Our conclusion is that "if she is a man, she is a woman; if he is a woman, he is a man." Success to the troupe, and (J. D. Petty) this is once that we have not been asked for two years.

Very Latest.

The following is an extract from a letter received by E. W. Farrow, from Lieut. E. S. Farrow, dated September 21st; camp near Middle Fork Salmon river: "Have just had another fight with hostiles: killed them and drove them in the timber. Captured four of them, all their horses and over 1000 pounds meat."

Happy tanyon

Happy Canyon surely deserves its name, and for good reason. The people of this place are not behind. From the following will be found the cause of so much sport in Happy Canyon this week:—

Safe rapids numerous. Circuit Court next month. This is the 21st No. of Vol. V. Wanted—a tailor with an eye to his. State Fair commenced on the 1st instant. County Court third Monday in this month. The stages now stop at the Pendleton Hotel. The Pendleton Debating Society has started. See Weston Hotel ad. in another column. The washers has been moderately cool this week. The trapezoid postal card will soon make its appearance. Jesse Reel has been leased with the Pendleton Hotel. See ad. in another column—"25"—you cannot fail to notice it. Letter heads, bill heads and other heads neatly printed at this office. Jesse's Falling still improves. He has painted the front of his shop. Miss's new pump is an improvement over other pumps in Pendleton.

Tale of women not laying a strong stomach. Think of the poor Laura—see. Ale Jacobson returned from Granite Creek the week which he has been on a pleasure trip. Most popular lady in Weston was Mrs. T. M. Scott, who was awarded the prize at Prof. St. Lawrence's concert.

Subscribers not receiving their papers regularly will please inform us, and the cause will be looked up immediately. A number of young folks had a very pleasant time at Mr. Welch's last Wednesday night. It was a surprise party.

Thanks to E. M. Wylie, Secretary, for a complimentary ticket to the Oregon State Fair, admitting us to all the privileges of the grounds. A man near Newburg, Iowa, on a wagon of 1800 lbs of potatoes in ten hours. He didn't take one drop of stimulating liquor either.

Hepper has a new barber—left Pendleton Sunday last to take charge of the business which "Frenchie" gave up for five years to the hotel & ferry. Upon the 1st inst. he was put upon exhibition at the Union County Fair, by our Senator, was a pointed label—raised by J. H. T. without irrigation.

With what facility ought a common street light to be extinguished—(It being too bright for gazing we give the answer at once)—periphrastically. Steve, of the Don Duo, besides the improvement by adding bath-rooms to his hotel has had pointed on canvas, a sign which can be read by night as well as by day.

Very neat and elegant are the paper collars in the market. They are a picture of George Washington on each collar. Martha is supposed to be on behind acting as the bottom.

How's this Mr. — We inadvertently failed to recognize his rum blossomed one when he presented it at our door. "Oh, Mr. — what can be the matter? Is it true, you have fallen from grace?"

Exports of domestic produce and manufactures as shown by the New York customs during the first week in September, exceeding those of any other week in the history of the port by over \$1,500,000. We were visited this week by some of the fair sex, and surely we were happy to entertain them. Their names we will not mention, but they promised to bring "the devil" some candy if we would keep still.

Mr. H. Jacobs, late of the Dalles, has opened a variety store, at the old bakery stand, on Main Street, and will keep cigars, tobacco, notions, pianos, cardinals, jewelry, top, school books, stationery, etc. Ad. next week.

We often commence to read an interesting paragraph which, to our disappointment, winds up by putting some business or other, but we will let this be as it is, and venturing even if Steve of the Don Duo keeps both rooms in connection with his hotel.

See ad. of J. P. Dunn under "New To Day." If you need any work in his line call on him, for he is a No. 1 carpenter, as his work everywhere attests. The only recommendation he needs in any country is his work. Before employing workmen see some of his work.

The Umatilla bridge is progressing rapidly and will soon be completed, as all the ground work is over and piers set from the bedrock and spiked thereto with iron rods running down about twelve inches. The bridge will compare with the new one just erected, and in structure will be as strong.

Scandal! Scandal!! Scandal!!!

On Wednesday evening, October 1st, a young lady, daughter of respectable parents of this place was seen to go into the Hall where the Duprez Dramatic Troupe were preparing for an entertainment. One of the proprietors accompanied her. The door was locked and the two remained in the Hall for something like an hour, when some of our leading citizens were informed of the fact and went to the door and ordered the woman out. She came out and was shortly after, safely escorted by parties whose names we will not mention at present. The house was searched in vain, she could no where be found. Finally, by a strategy her hiding place was discovered and she was induced to come out, but before anything could be done, she again vanished. Another search was made, and she was at length found at the house of one of our townsmen, whither she had retreated, after leaving her first hiding place with the troupe, and returning to her parents where she now is, a sadder, if not wiser girl.

It seems that a correspondence had been going on between members of this troupe and this girl, aided by a certain woman in town, and clandestine meetings had been going on for a day or two. The girl appears to be a little "stage struck" and still declares she will go with some theatrical troupe. We advise parents to look out for their daughters, when members of this troupe are around, and we consider them dangerous characters, and if found around where they have no business treat them to a coat of tar and feathers. But citizens connected with this affair we consider more dangerous because they were by certain parties invited to visit their houses, and were there in collusion with the young girl. Every good citizen, and particularly every parent, should condemn all connected with this dastardly attempt to ruin the character of a girl and destroy the character and happiness of a family.
