LOCAL AND OTHER INTELLIGENCE.

J. B. Arthur, a cattle merchant, has been doing our town for the past week. He hails from Colorado, and has already purchased several thousand head of cattle to be driven the latter part of April. So far, he has confined his operations to the Meadows and Lower Butler creek, having bought largely of Pennington, Kennedy, Clappell, Thompson, etc. He intends wintering over in Colorado, and then throw them on the market next year. We are much indebted to him for files of the *Daily News* published in Denver.

PHANTOMS.—The phantom party, at the Bon Ton last week was a complete success. Sheets and pillow slips were all the go. No one could be found out. The dance was much enjoyed and the perspiration flowed freely down the faces that were enclosed in the pillow slips. The party unmasked about eleven o'clock, when everybody was surprised to see they had been mistaken in all their guesses as to who was which, and "father" was who.

ROADS.—At the last session of the county court E. Welch, A. B. Robinson and A. Sullivan were appointed viewers to locate a county road from Pendleton to Cold Spring Landing, on the Columbia, near the lower end of Switzer's Island. Simmons was appointed surveyor. This is a road that is much needed by the wheat growers north of town.

Go to the post-office and examine special issues of scholars writing before and after taking lessons of Prof. J. P. Feaster. Now is the time to acquire a good and thorough knowledge of the science of penmanship. Read his ad. under "New To-day," and call on him next Monday eve.

We print this week a list of all brands of horses and cattle that we have. If any one who takes the paper is shipped, send us a postal card or by letter and we will insert it. Cattle men, file this paper away for we may not be able to insert the brands again for a month.

Prof. D. C. Lester, graduate of the American Phrenological Institute, late Fowler & Wells, will commence a course of lectures on Phrenology and Physiognomy, at the Court House, Monday, February 20 at 7 P. M. all are invited to attend.

PERSONAL.—Mr. A. F. Parker, of the Walla Walla Statesman, gave us a friendly call this week. He wanted money and subscribers, money was scarce, but we think he increased the circulation of his paper very materially.

Mr. Vining has built for Watson & Lohr in Arnold's addition to town, one of the finest, if not the very finest dwelling house in town. The Lane Bros. are doing a fine job of painting on it. When finished it will be for rent.

HIDES! HIDES! AND FURS!—Why do you not bring in your hides, pelts, furs, etc.? A. H. Starkweather is buying and paying the highest cash prices for them. He pays as much here as you could get in Portland for the same.

Harry Morse, a little boy of S. L. Morse, while confining with other little boys last Sunday had his leg fractured just above the ankle. Dr. Pruet did it up with plaster paris, and he has been getting along nicely since.

The O. S. N. Co. are building 2 large barges to be used between Walla and Cascade, they are to be towed by a steamer. The chief use for them will be bringing up railroad iron and timber during the coming summer.

D. C. Lester one of the finest photographers in the country, takes pictures in his gallery up stairs, between Webb's and Hester's. Call and examine pictures and you will be sure to have your taken.

Long Primer Bill, alias Wm. Osborne, was nearly beaten to death, in Wasco county, by Jas. A. Gray. Osborne worked in the Independent office, in our town, last spring.

Paul & Henry has been doing the town this week. Has had a good time and is making all his calculations to run the Weston Tribune soon. Success attend the effort.

PERSONAL.—Our town was visited this week by Weston's solid men—Mayor Lacy and J. Prubetel, also Dr. Williamson of Nabob whiskey notoriety.

Artesian wells.

HATHAWAY.—There is the place to get good cider and good cider vinegar.

Abo Jacobson has let the contract of building his hotel to the architect, F. Dunn.

RAILROAD.—The Lewiston Teller is advocating a railroad from Lewiston to Camas Prairie.

Byers & Co. are turning out at the Pendleton Flouring Mill over 100 b's of No. 1 flour every day. Hows that for high?

Bill Switzer has commenced operations. Sold last Wednesday 31 head of horses to parties from Stein Mountain.

Harry Wintergode has confessed the crime of killing Jacob Swanger. This will make the hanging an easy matter.

There were over 700 car loads of salmon shipped by railroad from San Francisco to the States last season, which were put up in the State of Oregon.

CANNERY.—A new cannery on the cooperative principle is being built on the Columbia. Two others have preceded it, and both have proved successful.

Read ad. of H. Metzger, under "New To-day." Mr. Metzger & Cohen have handled a great deal of Umatilla county wool heretofore. They mean business.

Railroad track at Dallas and Celilo is being changed from 3 foot gauge to 4 feet 8 1/2 inch gauge. The gauge to agree with the road about to be built from Cascade to Walla.

Old Uncle Ben Hopper has returned from Illinois, where he has been visiting the scenes of his childhood. He will resume the chieftaincy of Happy canyons immediately.

Ice.—Wm. Ellis, in sinking a well about six miles north of town, came upon a deposit of ice in the solid rock 30 feet below the surface. Some scientist tell us what it means, please?

General Garfield (Republican) has been elected by the legislature of Ohio to take the place which has been so honorably filled by Senator Thurman, whose term expires with this Congress.

CATHOLIC CHURCH.—Father Courty will say mass at Miller's Hall, February 1st, at 11 o'clock, A. M., and the following Sunday on Big Butler creek at Mrs. Nelson's residence. L. L. CONRADT, C. P.

G. W. Webb came forward this week by building a 24 foot addition to his store. This gives him room to display his stoves, tinware, hardware, guns, pistols, knives and forks, etc., etc. Sells cheap for cash.

There has been raised in the city of London \$130,000, called the Dutches of Marlborough fund, for the relief of the Irish. \$30,000 has already been given to each of the five counties, to be distributed to the needy by the county committees, consisting of Catholic and Protestant bishops, members of Parliament and physicians.

The following are the amounts which were paid during the last quarter, during Dec 21st, 1887, to the general government, from the following named post-offices:

Pendleton	\$253.00
Weston	134.25
Celilo	119.25
Milton	20.00

MAQUERADE BALL.—At the Maquerade ball to be given on the 5th of February, at Miller's Hall, all persons are requested to come with masks or dominoes on, where they will be received by a committee in the reception room—everyone will be required to unmask or raise the mask before said committee so that no imposition can be practiced on the party.

From Weston.

WESTON, January 24, 1888.

En. "E. O."—And yet we—the outside barbarians—prosper, notwithstanding the Leader's strenuous efforts to make moral men of us, and at the same time calling brother editors liars, etc.

Weston is dull, all hands being on their ranches, overwintering mother earth to real the another crop of that elixir of life—wheat.

A new railroad! and at Milton this time. Mr. Blalock, in conjunction with the citizens of Milton, proposes to build a railroad from the village to the station, a distance of about four miles. Mr. Blalock also contemplates building his flume from the mill to Milton, to enable him to float timber, lumber, etc., to a point where a market is easily reached. Long may Milton wave, and may many successes attend her many enterprises.

George Hayes had a grand lunch the other evening in honor of his new billiard table, which he had out down by Mr. John Henry Ivons, late of California, a thorough workman, as evidenced by his last job. We hope to find work sufficient in this place to keep Mr. Ivons among us, as his class of workmen are few and far between in this country.

The Presbyterian are to have a meeting room of their own, down stairs in the I. O. O. F. Hall. The building is being raised and thoroughly overhauled.

Friends Robey & Matton are doing a rushing business in the Weston Hotel. Travelers generally make a point to stop there and get a first class meal. An addition will be built to the hotel in the Spring.

The "no-fence" question is being discussed here to a considerable extent, but as near as I can ascertain a majority of our representative farmers oppose it. To me the question naturally arises: Can we afford to drive capital out of the country? If our voters don't look a "little odd" they will find that they have become the willing tools of a railroad company who will make them herd off their lands or pay pasture! This is not a small item as they now hold over one-half of the unoccupied land of this county.

The topic is politics. 950 candidates for sheriff, 340 for clerk; the rest in proportion.

The petition to close houses of business on Sundays, circulated by the Leader men, is a total failure. No finding that the council was not composed of idiots.

PINE CREEK.

We clip the following from the Albany Herald, substituting Pendleton in place of Albany:

Pendleton is blessed with every advantage that nature can give it, having water power sufficient to drive all the manufactures on the coast. The country around it is rich in agricultural facilities, and all that is needed to bring about prosperity is population, energy and manufactures. Nothing at the present time would add more to the life of our city than the establishing of a well regulated woolen factory, and we doubt not but that excellent inducements would be offered with that end in view. Aside from all other considerations, such an enterprise would be sure to prove a paying investment with the right man at the head.

REQUISITION.—Governor Thayer issued a requisition on the Governor of Washington Territory for the arrest and conveying back to this State of one Wm. Conner, charged with the crime of larceny in Multnomah county.

For sale by J. Hester, Orange seed for hedge and timber culture. 5 pounds will seed four miles four inches apart. \$1.50 per pound.

In "E. O." of last issue we left out a portion of what should have appeared in the Centerville precinct, in county court proceedings. Below please find it as it should have been:

"Centerville.—Commencing at the S. W. corner of sec 16 T 5 N R 35 E, thence S 6 miles to center of T 4 N R 34 E thence S to center of T 5 N R 34 E thence S to place of beginning.

MAILED.

SHAWNEE.—Wells.—On the 25th day of January, 1888, at the residence of the bride's father, Ramon Wells, Esq., by Rev. E. Eastland, J. P., Mr. Wm. S. Shawnee to Miss Almeta R. Wells, all of Umatilla county, Oregon.

The thanks of this office are extended for about two sections of cake. And we all wish a long and happy life to the bride and groom.
