LODGE DIRECTORY.

Pendleton Lodge, No. 22, A. F. & A. M. Meets on the evening of the 1st and 3rd of each month...

LOCAL AND OTHER INTELLIGENCE.

GRANITE CREEK TREES.—James Beagle, who has just reported from the Granite Creek mines, reports lots of snow. The work underground in the different mines is being prosecuted vigorously...

Dr. Busber, formerly of Mobile, Al., gave a very interesting lecture on last Monday evening at the court house, giving a graphic description of his travels through the Mediterranean sea and the Holy Land. The doctor is blind, but as long as his speech lasts he need have no fear of getting through the world all right as a student...

The Oregon Navigation Co. are crediting their work forward as fast as possible; timber for the bridges across the Deschutes and John Days are on the ground, and a large force of men are putting them together. Over eight hundred men are now on the works and there is a call for more...

A survey of the lot between Pendleton and the bluff, south on the reservation has been made and a plot thereof is to be sent to our Senators and Representatives to see if so much of the reservation cannot be obtained for city purposes...

H. C. Dwight and wife paid Pendleton a visit this week. They are returning from Weston whither Mrs. Dwight had been to nurse her father during his sickness. We have reference to Ed. DeWay who has been dangerously ill at Weston. As he is recovering Mr. and Mrs. Dwight are on their return to La Grande, where Hunt acts as Registrar of the U. S. Land Office.

Our young friend, Sam McMullin, of the drug store, came in and subscribed for the "E. O." to be sent to his father, the Hon. T. S. McMullin, sheriff of St. Francis county. We trust the other young men of Pendleton will come forward and do likewise.

WIND SCORN.—A terrific wind storm passed over Umatilla county, on the night of the 31st inst., doing considerable damage to fences. A new blacksmith shop that M. E. Nelson had just erected in our town was blown down and scattered around promiscuously.

TEACHERS' EXAMINATION.—There will be a Public Teachers' Examination held at the court house, in Pendleton, on Friday, March 26th, 1880, beginning at 9 A. M. sharp. Jas. A. Atwood, School Supt., Umatilla County, Oregon.

Messrs. Lang & Ryan have purchased their cattle. 40 men have just arrived by steamer to help drive. They will divide their cattle into seven bands, having 1,050 in each band. Will leave Wasco and the Western portion of this county as soon as grass is good.

It is well enough for young men, and women too for the matter of that, to know that the laws of Oregon consider it a crime to obstruct a public meeting. We hope it will not be necessary to enforce it in this hitherto law abiding town.

A Mr. Perrin, who lives on the reservation and has a squaw for a wife, has been on trial before Commissioner Bailey for the crime of cutting timber on the reserve, Wintun Wood, Peo and Agent Comroyer are prosecutors.

High McArthur's general contumacious was seen on our streets last Sunday. He says he enjoyed his trip to California here by and commenced improving in health. We were glad to see him.

Mr. Seagrath, one of the Cattle Kings, has just purchased nearly all the cattle in the county, amounting to several thousand head. He drives to Cheyenne as soon as grass is good.

By an exchange we see that Sarah Winemans thinks the Indians are the Lord's own people and to prove it she quotes herself: Let us not always with you?

Rev. L. H. Wells will preach to the citizens of Pendleton Sunday evening next in Episcopal Church. We bespeak for him a good audience.

DAKE BALL.—A picked nine of Pendleton have challenged the Base Ball Club of Pendleton to play a matched game for \$10, game to be played this afternoon. Johnny Stevens Captain.

RALE! RALE! RALE!—Don't forget the 17th ball given by Jimmy Carlen. He is a regular 17th of St. Patrick, so all go.

The Odd Fellows of this place have organized a Lodge Degree Lodge.

H. C. Page, of Baker city, passed through town last week on his way home. He stopped over a few days to see his friends here and talk about some real estate interests he has in this country.

Our sympathies are extended to those afflicted ladies who continually suffer during pregnancy from nausea and vomiting and breaking out on the skin. Nothing so hurtful and so certain in effect to relieve PAINFUL HYDRA GOLDEN BLOOD SYRUP. Purely vegetable.

Last Sunday, Mr. Jones, deputy sheriff of Wasco county, arrived in Pendleton, and arrested one Duffy for larceny. He was placed in jail about 9 o'clock in the morning—about 2 o'clock a great noise and ruckus for the jail was heard, and we went amongst the balance of the crowd to see what was the matter. Duffy had sawed off the iron bars of the jail and had fled.

R. N. Stanford is the father of another nice girl, weight 7 pounds, born Feb. 17th. As is usual in such cases, Bob is preferred of his last good gift than of any before. D. Theodore, who has been very low with rheumatism, is slowly but surely recovering. His numerous friends will be glad to hear that he is getting on his feet and that he has his last sickness. Don DeWitt is a good one, and for a constitution he could not have been better if he had had the constitution of the United States. He is slowly recovering from his illness.

RECEIPTS. March 9th. Ed. "E. O."—A few lines from this God-fearing country may not be uninteresting to many of your readers who reside in the valley and many other places. Here we are wrapped up in cold winter. It is said the snow is three feet deep now than this time last year. Here only a few inches from Weston the snow is five feet deep, and has been storming dreadfully for the last few days. Last Saturday, as usual, the wind rose and it snowed. Towards the evening a clear day was experienced from the beautiful snow which fell. Of course Mrs. Jones's curiosity was excited to know where the snow could come from that settled on this mountain. Many of our citizens on this mountain have tried to get to the summit, but their hands and feet were frozen and they were obliged to return without success.

Ed. "E. O."—Permit me to throw a thought on the district question. I cannot say any good that will be accomplished from a division of this time. I do not believe such a move is demanded by a large majority of our citizens. Only a few, and but a few are looking in that direction. There is a petition in circulation in this part of our county favoring a division, and some few have been induced to sign it. I am informed that it was brought into existence at Weston, and is the offspring of the Lender, and has been left for some time there on Nabob's wharf. It is a sickly looking creature, it is very weak and cannot survive long. Those that are feeding it are doomed to die. It tells us that the south part of our county always succeeds in getting all the men elected, and that we, of this part of the county, are left out in the cold, with fully two thirds of all the taxes to pay. This is why they can't stand the least ray longer. Such lines as this, it appears to me, is silly and altogether too thin. In the first place we are all taxed alike if assessed on the square. We know that the southern portion of our county is not engaged in farming on as large a scale as we are; but we find the amount of taxes collected from that larger than the amount collected from those engaged in farming. Then why should they use such a gross of both. Now Mr. Nabob, or any other man, if you wish to have a say in representing our county in the offices to work and do it like men. Help select good men and elect none but good honorable men. We all stand the same chance, and if we select some but good men to fill our offices that will work for the interest of all, it would be but a short time until the finances of our county would be in a healthy condition. Our county is in a debt and it seems to me to favor a division at this time would be injurious to a large majority of our citizens, and should be scorned by all. If our county settles as fast in the next three years as it has in the past three, it will be out of debt. And all divisions point to an early opening up of the Umatilla reservation. Suppose this reservation opened for settlement in a year or ten, then our county will be large enough for three good sized counties. Why then favor a division at this time for two counties, while we can, in two or three years, have three, and all be benefited by waiting. There is the best thing we can do is to go slow and not be too hasty. Our taxes are already too high and with a division at this time would increase our taxes at least one-half in what they are now. Those that want a division are but few, and reside mostly in Weston, and hoping to be benefited to the tune of a few thousand.

We Democrats should be careful and bring out our best men and nominate none but good men, and search up to the points with a bold front and vote for our nominees. Let nothing in the shape of Nabob come any division in our ranks in the coming campaign. I will stand firm and insist that we may sink rotten and bloody whiffling as deep that it never can be raised, not even when Gabriel shall sound his horn; but let them still remain down below where they belong. May justice and right prevail throughout this broad land, as was intimated by the verses of 17th.

Ed. "E. O."—I have just been thinking a little about politics. I have read the case of P. M. Crockett, who announced himself as a candidate for sheriff, subject to the District Convention. I have also read the very timely announcement of Wm. Blakely who treats his chances on the Democratic Convention. I said to myself which of the two will be the weather of support from the Democrats, and I cannot but give my voice and pen for the one who would not for an office, attempt to discount the good old Democratic party. In Crockett's case it seems to be a case of dollars and cents—in Blakely's a principle. You may hear from me again, a Democrat.

RESOLUTION.

Resolved, That whereas the question of a division of Umatilla county is now being agitated, we the residents of the western portion of said county respectfully ask the Legislature through our Representatives to form a new county from the territory of the western portion of said Umatilla county and the eastern portion of Wasco county and we shall expect our Representative to use all honorable means to procure such Legislation.
