We fully endorse the sentiment of Judge J. M. Thompson's letter, published in the Portland *Oregonian* of the 10th ult. and in the Weston *Leader* of May the 1st. We should have published the letter in full and commented on it some time ago had we had space. How different the course taken by Judge Thompson, from that taken by the Weston *Leader*. Judge Thompson thinks the proper place to correct the abuses of the party, is within the party, but our Nabob Canadian friends, who spend their time spitting at us, take the view that the best and only way to accomplish any desired end is to set up a little side show, which to every thinking mind, is only to elect the Republican ticket. Look at this Division ticket Democrats, and see what it is, who is on it, and then see if you can't discern the finger of Republicans in it. There are 12 candidates on this ticket, 8 of whom are Democrats, and one "Mr. Palmer," whose politics we do not know. This of course is done, Democrats put on this ticket for the sole purpose of dividing the Democratic forces, and thus secure an easy Republican victory. One of the radical leaders of the move, has not only talked it but urged it upon Republicans to talk up the Division move in order that division might be caused in the Democratic ranks, and by so doing elect the Republican candidates. Mr. Geo. T. Berry, of Milton, can tell you all about this move, the object and motive of it. But now our friends of the *Leader* will answer this by saying: Well, one of the editors of the "E. O." bolted several years ago because he did not get office when he wanted it, and the other was a Republican and turned Democrat to try and get an office. Is this then the reason that our whilom Democratic champions of the *Leader* wish to set up their side show? It is not possible that either of them want office is it? No, surely not; these immaculate, puritanical, Nabob, Canadian gentlemen who have but lately; if at all, donned the garb of citizenship want no office. They only wish to tell the American people what is best for them and how to obtain it. But we opine that the people, honest Democrats and Republicans alike, will "set down on" these Nabobs and teach them to attend to their own business. Democrats well know that a Democratic vote for the Division ticket is a vote thrown away and is giving aid to the Republicans and the Republicans well know that a Republican vote is thrown away in the same manner. Especially is this the case with the Legislative nominees. We hope to see every Democrat do his duty and his whole duty and victory will perch upon our banner, and Umatilla county be placed where she belongs as the banner Democratic county of the State. Then Democrats come out and lend a helping hand. Go not off after strange Gods, but stand firmly to your post, and all will be well. If you are in favor of dividing the county the Democratic platform offers you all that any reasonable man can ask. Then vote the ticket, the whole ticket, and nothing but the ticket, and let the Dr. physic his partner out of the country and follow him, *Leader* in hand, to see the result.

ON THE RAMPAGE.—The *Independent* and *Leader* each have a long article about our candidate for County Clerk, and charge him with having left his office in the hands of the man who had been County Clerk for three years, for the space of two months. Now we doubt not that Jo. Keeney feels as ashamed of leaving Sharon in his place as does the editors of the *Independent* or *Leader*. And as this seems to have been the only mistake he has made in two years—as he has shown himself to be an extra good clerk — the Democracy will see that the county books, records and papers, are not made hotch-potch of again; and will therefore re-elect Keeney by a rousing majority.

LIQUOR GAUGED.—Oscar Kilbourn, U. S. Gauger, has been in Jackson county during the past week on official business, and while here guaged over 1,300 gallons of liquor manufactured since his visit last February. Mr. Kilbourn says the produce is of an excellent quality, and made principally from apples. The inclement weather of the past few months has interfered with its manufacture and sale. Of the amount guaged 500 gallons were stilled by Raphael Morat, of Jacksonville, 200 gallons by J. L. Hockett of Phœnix, 200 gallons at the Eagle Brewery in this place, and over 500 gallons by Jesse & Neff of Wagner creek.

Lord Beaconsfield has stepped down and out of the British ministry, and Mr. Gladstone takes his place. We may now expect to see a treaty of peace established with Afganistan, and that more heed will be paid to the sufferings and wants of her subjects near home, than has been the case under the Beaconsfield ministry.

STATE PRINTER.—It is said that Tom Merry, of the *Inland Empire*, is a prominent candidate for State Printer. So far as we know his election would meet the approval of all the Democracy east of the mountains—in fact we think he is first choice.

The Divisionists have one good man on their ticket who is on no other ticket, and that is Mr. Eastland, candidate for County Judge. He is a Republican of the strictest sect, and a clear headed gentleman. If elected, Mr. Eastland will make a good Judge.

Three and four steamers per week arrive at this place.—*Lewiston Teller.*

A Base Lie Refuted.

As might have been expected, that great moral reform No-fence Democratic *Division* sheet, published by Drs. McCall & Williamson, seeing the weakness of their cause, and to bolster up a party created to reduce the Democratic majority of the county, have resorted to publishing the most infamous falsehood about Dr. LaDow, the Democratic nominee for county judge, thinking no doubt that by such a course they are commending Dr. Williamson in a favorable light to the public. Either his correspondent or himself have fabricated out of whole cloth a bare faced lie, and unless the Dr. gives the names in full of men hereafter who would vilify a man, we must class him among the liars. He commenced by publishing a base slander on T. J. Lucy, our candidate for sheriff, and has followed up that slander with malicious lieing about Dr. LaDow. The communication referred to reads like this:

"Then again it is said that that great man Doc LaDow made a stirring appeal to the court in favor of the counties donating the small sum of one hundred dollars to some female spiritualist because she "laid hands" upon one of the county's dependent. If this is a sample of the ideas Mr. LaDow has respecting the disbursing of the county funds, it ought to be made public."

Now the fact is, Dr. LaDow never appeared before the county court at all. That is explicit enough is it not? Then how could he make the stirring appeal to the county court; further, Dr. LaDow never intimated to the county court or any member of the county court that the spiritualist should receive one cent, one dollar or one hundred dollars. Now we will say if this is a sample of the electioneering that is to be done in this campaign we want nothing of it. Base lies from base born churls will not injure Dr. LaDow or Thom. Lucy. See how easily one of the charitable purposes of a good man can be tortured into wrong. A plain tale is all we have to tell in the matter and it will be all truth. Last winter during the cold weather, an old lady, by the name of Noble, came to town and put up at the Pendleton Hotel, she was poor, had no money, and at the end of two weeks Mrs. J Falling told Dr. LaDow that Mrs. Noble would have to leave; she had no place to go and Dr. LaDow went to the landlord, Mr. Baker and asked him to let her (Mrs. N.) stay there till county court convened, and that he would be responsible for her board and lodging till the court met. He did see Judge Yoakum when he came town, acquainted him with the facts, and that is all there is of the great big lie about Dr. LaDow appearing before the court championing the spiritualists cause. When papers can find no better arguments against a man than that he would not let an old woman 70 years old be turned out on the streets in midwinter, choosing rather to pay her expenses out of his own pockets, and then change the whole aspect of the case by downright lieing, it is time to dry up.

Grand Jury Report

OF THE CIRCUIT COURT OF UMATILLA COUNTY AT THE APRIL TERM, 1880.

To L. L. McArthur, Judge of the Circuit Court for Umatilla County, Oregon:

We the Grand Jury for the April term, A. D., 1880, hereby report that we have found and returned ten true bills of indictment, and have returned three not true bills.

We have made examinations of and into the roads and bridges of the county and have heard no complaint about either.

The paupers of the county are, we learn, taken care of by different persons throughout the county wherever found, and are a heavy tax upon the people under the present management. We believe that the County Court paid more for the service than would have been necessary under special contract, and are likely to be imposed upon, and we should think and recommend that the county poor be let by contract "after advertising," to the lowest responsible bidder, and bonds taken for the faithful performance of the contract and humane treatment of such persons, and they be kept in such a place as to be under the immediate supervision of the courts.

We have heard no complaints of the managements or abuses of any of the courts, and have nothing to suggest. Have heard nothing of any complaints of the management of the common schools of the county. Have examined the books of the County Clerk's office, and his management of the business of the office. We find the business of the office up, and the books and the system are an improvement on any thing of the kind ever in or about the Clerk's office of this county. The books are neat, clean, and well kept, and in our opinion he is the most competent County Clerk Umatilla county ever had.

The outstanding indebtedness, principal and interest, of the county up to July 1st, 1879, was $15,090 62; expenditures from that time to April 1st is $19,323 81; total $34,414 43; county orders cancelled since July, 1879, $19,203 29; leaving a balance of $15,211 14 outstanding.

The books of the County Treasurer and Sheriff are, from the examination we have made, apparently properly managed and kept. We have examined the county jail and find the same in rather an unhealthy condition. We think that more water and ventilation would be more to the credit of those having it in charge and in the interest of humanity. The jail is not at all suited to the purposes for which it is used. We recommend that it be made more secure and that a pump be placed in the jail yard for the use of the prisoners. We think that the court should make a large out-house for the use of persons attending the courts and be kept open for such use, and the present nuisance be thrown in the river. That some suitable place be provided for the Grand Jurors of the county. We have been kept over the jail where the prisoners are able to hear every word said in the room. One of the prisoners (an Indian) accused of murder, held in jail, overhearing that the leggings and moccasins he had on would be important evidence tending to show his guilt, destroyed the evidence thereof by burning the same before the Sheriff could enter the jail and secure the articles. We think it an unpardonable outrage.

Have examined all the cases and complaints referred to us by your Honor, and have discharged our duties with as much dispatch and ability as we could command, and have concluded our business and beg to be discharged.

We desire to return our thanks to L. B. Isom, our District Attorney, for uniform kindness and prompt attention. All of which is respectfully submitted.

This 30th day of April, 1880.

April 1st, at 2½ o'clock, A. M., a fire broke out among the printing offices in Portland. From the *Standard* we clip the following:

The fire it is thought was caused by the explosion of an oil lamp. The *Farmer* is insured for $1,500 in the Hamburg & Bremen; the *Standard* $1,500 in the Home Mutual; Walling's printing establishment, $8,000 in various companies; Gilman & Co. auctioneers, $2,000; Watson, owner of building occupied by Gilman & Co., $1,000; W. K. Smith, owner of building $2,000. The *Farmer* will appear on time this week and the *Standard* will continue its publication as usual. The insurance on the property was yesterday amicably adjusted by the agents.

To L. L. McArthur, Judge of the Circuit Court for Umatilla County, Oregon:

We your Grand Jury for the said county for the April term, A. D., 1880, to whom was specially referred the case of the State of Oregon against James Turner for the killing of one Harry Strobe—in which the County Judge of Umatilla county, Oregon, had made an examination shortly after the occurrence and had discharged the said Turner after such examination—beg leave to report specially that in pursuance of said charge we have carefully examined the witnesses, that were present at the time of the killing, and those that were examined before said County Judge upon said examination, and have used all the diligence at our command, or that we could conceive of, and have been so far unable to obtain any different or other evidence than that given before said Judge at the preliminary examination; nor are we aware that any other or different evidence exists in relation to the facts and circumstances attending said killing; and in our judgment the said County Judge was well warranted in discharging, as he did, the said defendant, J. H. Turner, upon said charge. We can see no reason why he should have, or could have done differently.

We further report that from all the evidence adduced before us—unexplained or uncontradicted—a trial jury would not, in our opinion, be warranted in finding the defendant, J. H. Turner, guilty of any crime, and hence are unable to return a true bill in the said case.

Witness our hands this 28th day of April, A. D., 1880.

ED. "E. O."—During the course of the present campaign I have watched the "signs of the times" as closely as possible, to see into if possible, some of the stragetic movements of certain "piece" men on the Division ticket, who are ready to sell themselves for the thirty pieces of silver. We will ask Democrats and Republicans if they are not in the present political crisis endangering their position by advocating uncertain and unknown men for the Legislature on the Division ticket? Does not the stench of a dirty political trick permeate the atmosphere when it becomes known, that two irresponsible parties buy out a paper and work themselves up as the figurehead of a third party, and at this same time run the paper from an Independent to a Democratic standpoint, while they, in California, *claimed* to be Republicans, surely there must be something in it. The proprietors of the *Weekly Pancake*, would not, and could not stand the expense of of distributing gratis *half the paper they print* when it is known from good authority that the *Pancake* (slightly known as the *Leader*) bonafide circulation has reached the enormous number of *two hundred and ten*. These foreigners have become very patriotic or else carrying out some dirty scheme to enrich themselves. Citizens of Umatilla do not be duped by these misrepresentations, stand to your party. And again, we would ask: does it take a Sheriff, Clerk or Treasurer to consummate Division? They of the illegitimate child claim Division as their sole light, then why not simply nominate Representatives? The fact of an entire ticket being nominated shows a sinister motive, one of gain if not of dishonesty. Men who have long sought office under the old parties, but on account of *good cause* have not succeeded, have branched off on this side issue in the hope of reaching the goal of their ambition. Many here who firmly believe in Division will not support the immaculate conception on the ground of its illegitimacy, and uncertian destination, much like the privateer its letters of marque, tell us of nothing but of prize money for officers and crew, and as with nations, a privateer when caught is punished with death, so ought the people of Umatilla, punish the Divison privateers, with an ignominious political death, consign them from whence they came, and the pill-box-pen-driver, oh Lawd! Send him back to Johnny's land, "a sadder and a wiser man." PARTIZAN

We have made arrangements so that we can furnish the EAST OREGONIAN and the San Francisco *Chronicle* to all cash paying subscribers for the next year for the small sum of $4. Now is the time to subscribe; besides getting the local items of your county, you will have the *Chronicle*, which stands first and best as a weekly newspaper on the Pacific coast. st

Democratic Platform for Oregon.

The Democratic party of the State of Oregon in convention assembled, profoundly sensible of the important consequences depending upon the immediate result of their deliberations, do declare and reassert the principles of popular liberty and rights laid down by Washington, Jefferson and the other founders of the republic. We believe the tendencies of the Republican party to centralization and consolidation are contrary to the principles of our institutions; we insist on unity, fraternity and concord, and that the issues formed by the war shall not be revived. We demand honest elections and an honest count of the vote. Never again by fraud or force shall the popular will be set aside by unscrupulous partisans. That we are unqualifiedly opposed to any one holding the office of president of the United States for three terms.

RESOLVED, 1. That we favor honesty, efficiency and economy in every department of the government, state and federal.

2. That all property should bear its just proportion of taxation, and we favor the enactment of such laws as will accomplish this end.

3. That we favor the equal protection of the rights of labor and capital under just laws, thereby lessening the burdens and increasing the advantages of the working people.

4. That we claim as amongst the powers reserved to the states, the right to pass at any time by their legislature, laws designed to prevent common carriers from making unjust discriminations against persons and places.

5. That we favor the maintenance of the public schools, the hope and pride of a free state.

6. That the Democracy demand free and fair elections, and to that end denounce all interference with elections by the military power; that the experience of this and other countries has abundantly proved that the presence of troops at the polls is destructive of the freedom of elections and is incompatible with the existence of free institutions.

7. That the efforts of the Republican party to open and keep alive the war feeling between the north and the south are to be condemned by every lover of his country.

8. That we favor continued lawful agitation on the subject of mongolian emigration to this country, until the federal government is moved to modify our treaties with the Chinese empire so as to prohibit it, and thus save those of our fellow citizens who depend upon labor for support from unjust and degrading competition. We condemn and denounce in the severest terms the veto of R. B. Hayes of the bill limiting Chinese immigration to this country, and this experience shows that the people have no hope for relief from the scourge except from a Democratic president.

9. That we regard with alarm the recent decision of the supreme court of the United States as having been made in the interest of the Republican party, and intended to blot out the last vestige of state rights, centralize and consolidate the federal union, and change it to an empire.

10. That we hold to the constitution with all its amendments, but we insist on an interpretation of the amendments in consonance with the spirit of the original instrument.

11. That we pledge our earnest endeavors to uphold a system of untrammeled suffrage absolutely free from federal force and supervision.

12. That the Democracy oppose all favoritism and class legislation. No single interest or class of persons should be protected at the expense of others.

13. That we are opposed to any and all protective tariffs, and are in favor of a tariff for revenue only, and we pledge the Democratic party to abolish all restrictions upon commerce as soon as practicable.

14. That we recognize gold and silver as the only constitutional currency, and the only real money, but we regard any further contraction of the paper issues of the Government, as uncalled for and impolitic in the present financial condition of the country.

Canvass.

The Democratic candidates for the various county officers will address their fellow citizens at the usual places of voting in the different precincts as follows:
