LODGE DIRECTORY.

Pendleton Lodge, No. 62, A. F. & A. M. Meets on the evening of the 1st and 3d Monday of each month over Blum's store.

Eureka Lodge, No 37, I. O. O. F. Meets at their New Hall Saturday evening of each week.

Damon Lodge, No 4, K. of P. Meets at the Odd Fellows Hall every Wednesday evening.

LOCAL AND OTHER INTELLIGENCE.

THERE will be a heavy vote polled in this precinct on Monday next.

FARROW BROS. will have plenty of wood, posts and rails on hand in a few days.

J. G. McCOY dropped in on us the other day. He is preparing himself for winter carnage.

EMIGRANT teams pass through town daily. Some on their way to the Palouse country and many stopping in our midst.

G. W. Walker Esq. has been spending a few days rusticating in the vicinity of Centerville. He returned to Pendleton last Wednesday.

MR. JAS. WARDWELL, one of the first settlers of Umatilla, spent several days in the city this week. He is now a resident of Ada county, Idaho.

FOR SALE.—A good, new, double seated homemade spring wagon. Cheap for cash or good note. Inquire at Marshall's blacksmith shop, opposite Pendleton Hotel, Pendleton, Oregon.

HO, EVERYONE that thirsteth, come ye to Hathaway's and partake of the waters, freely flowing from his soda fountain. Ye that have money come and buy all kinds of soda drinks at greatly reduced prices.

DAMON Lodge, No 4, K of P., will elect their officers for the ensuing term, next Wednesday evening. The members will take notice and be on hand promptly at 7:30, P. M.

We understand the new hotel being erected here will be under the charge of Lee Livermore and J. W. Ellis. Good selections, and Livermore and Ellis will make it a popular resort.

PENDLETON Fire Company elected the following officers last Tuesday evening: Lee Livermore, President; S. Rothchild, Treasurer; J. A. Guyer, Secretary; S. Sanford, Foreman; Frank Dunn, Chief.

MR. BISHOP returned from Heppner last Wednesday night. He has been suffering severely with neuralgia. The prospects are flattering over that way for the Democracy. The whole ticket will receive a handsome majority.

WE waited patiently for that pie that a certain young lady promised us, but alas, we were doomed to disappointment. We hope, however, it also should by chance see "these few lines" she may be brought to realize how "disappointment sinks the heart of man."

Cheering reports coming in from all the precincts, in regard to the approaching election. Democrats are on the alert and we predict the whole Democratic ticket will receive a larger majority than was ever given before in this county. "Wait till you hear from Umatilla county."

It is a well known fact that no Divisionist, Republican, Democrat, or Granger, sells a good, first-class article of hardware as cheap as G. W. Webb. He buys for cash way down on the bedrock, hence he is able to defy competion. If you want a good article and cheap, go see Webb. He keeps everything or will get it for you.

THE *Daily Bee*, of Portland, has gone through some severe financial trials at the instigation of the *Oregonian*, but has come out all O. K., and we are glad of it. It has improved by its trials. We hope to see it take the lead as a Republican organ, for it has some common honesty about it, more than we can say of the *Oregonian*.

MR. JENKINS' team took a fright last Saturday and went up Court street with a wagon attached, a little faster than the law allows. When opposite Mr. Livermores residence they ran into the fence, upset wagon, team and driver, broke the tongue out of the wagon, smashed up Lots fence and played sad havoc generally. No bones broken.

MUSIC.—D. W. Prentice, of the firm of D. W Prentice & Co., will visit Pendleton in a few days and will call personally on all the customers of that well known house and will receive orders for anything in their line, and also will do piano and organ tuning and repairing. Persons desirous of purchasing an organ or piano, will do well to consult Mr. Prentice.

WE learn some church goers near Pilot Rock, like their illustrious predecessors, went through a man's field and though there was no corn to pluck, did actually pluck up the man's rails and haul the laps to church for fire wood. We don't know whether Bro. Shuttevant complains of such treatment or not, but suppose that he remembers the text, "The Lord loves a cheerful giver," and "he who giveth to the poor, lendeth to the Lord."

THERE are quite a number of business houses going up in Pendleton at an early day. Wm. Switzler is putting up two; one to be used by Mr Healy, of Walla Walla, as a boot and shoe store, and one by other parties as a saddle and harness shop. A new hotel and a drug store, we learn, will be in operation soon. The Temple of Justice building is being raised another story, and many residences will go up within a few months. The population of Pendleton will double this year.

WON HER CASE.—In the early part of the year 1876, Mrs. Phelps, mother-in-law of James Montgomery, the well known railroad contractor, now engaged in building the line of the Oregon Railway Company, Limited, and wife of the Governor of Missouri, received dangerous injuries by falling into the hold of the steamship City of Panama, while that vessel was lying at the dock in Seattle. A suit was brought in the third district, and after a long, closely contested, a verdict was brought in favor of Mrs. Phelps, and damages to the amount of $5,000 awarded her. She claimed this sum was too small, and the steamship company claimed it was too large so both appealed to the supreme court of the territory, where the action of the lower court was increased from $5,000 to 15,000 The steamship company again appealed and Justice Clifford of the U. S. Supreme Court, has recently announced the decision of the territorial court and in favor of Mrs Phelps.

After an absence of three months J. P. Fessler has returned to Pendleton. He has been very successful in teaching penmanship in Baker City, Union and La Grande. Mr. Fessler will open a writing school at the Pendleton School Rooms next Monday evening at 7:30 in this city. We bespeak for him a large class, as the schools are now closed. This will be a splendid opportunity for all to take lessons in this very essential branch of education.

Young Brooks, who was suspected of having murdered the sheep herder Thompson, about 7 miles from Heppner, was examined before Esq. Mallory last Tuesday, and there being no evidence against him he was discharged. On the same day three different men were arrested on suspicion, but no conclusions were arrived at on Wednesday night. About 30 witnesses were summoned and the examination bids fair to last two or three days.

WE HAVE made arrangements so that we can furnish the EAST OREGONIAN and the San Francisco *Chronicle* to all cash paying subscribers for the next year for the small sum of $6. Now is the time to subscribe; besides getting the local news of your county, you will have the *Chronicle*, which stands first as best as a weekly newspaper on the Pacific coast.

MRS. Cargill, wife of James Cargill, living out on the hills near Pendleton, died on Saturday the 29th ult. She had been quite ill with child-bed fever and had recovered so as to be around when she took a violent cold and a relapse, and died in a few days. She leaves a husband and large family of small children to mourn her demise.

THINGS have been turned upside down generally, this week, as we have been putting an addition of another story to our office building. Come to see us now, if you can, with a little cash, as Mr. Dunn, our carpenter, says his hands were better when they hear a jingle.

HOUSES, houses, is the inquiry every day. We could have let 50 houses during the last month if they had been ready for occupancy. Somebody with a little cash should go to work and put up a few tenement houses. It will prove a good investment.

WORK has been delayed on our office for want of shingles. Why don't some enterprising individual keep a supply of good shingles on hand? Work has been suspended on several buildings, on account of shingles.

E B WATSON, the County Clerk of Jackson county, who was nominated to the Supreme Bench, by Sol. Abraham & Co., is the only man who has shown the sagacity to travel over the State on an election tour.

FRANK DUNN is the boss carpenter of this county and "don't you forget it." Work entrusted to him will be done with dispatch and in a workmanlike manner. He is a good workman and no wood butcher.

OUR old friend, Geo. H. Stansbury, came over from Grand Ronde this week. He stopped a day in town and left for his home at Eugene. He will cross the Cascade mountains. Good luck to you George.

WEATHER has been quite warm of late and dusters are in vogue.

Since the above we are sorry we did not say overcoats instead of dusters and cold instead of warm.

ALF BURW, an old settler of this county, left a few years ago and went to Webfoot to live. He could not stand it and is now back again with us and appears happy.

IT IS SAID "the grasshoppers are destroying every vestage above the surface of earth." Mr Anderson informs us they are legions in his bailiwick.

M. H. ABBOTT, we learn, has suspended publication of his Boise paper. Cause—want of support, occasioned by a divided Democracy.

KEEP COOL.—Tustin and Franklin are having it hot on the canvass. No fighting, scratching or biting allowed, boys.

WANTED—1600 cash paying subscribers to the only live paper in Umatilla county, the EAST OREGONIAN.

UMATILLA is the banner Democratic county of the State. Democrats, lets keep it so.

E. INGLE, of Walla Walla, was in town this week, looking the picture of health.

Democratic Platform for Oregon.

The Democratic party of the State of Oregon in convention assembled profoundly sensible of the important consequences depending upon the immediate result of their deliberations, do declare and reassert the principles of popular liberty and rights laid down by Washington, Jefferson and the other founders of the republic. We believe the tendencies of the Republican party to consolidation and consolidation are contrary to the principles of our Confederation; we hold it an unholy, fratricidal, and cruel war, and that the issues growing out by the war shall not be permanent. We demand home reconstruction and an honest count of the vote. Never again by fraud or force shall the popular will be overthrown by unscrupulous partisans. That we are unqualifiedly opposed to any one holding the office of president of the United States for a third term.

DEMANDED 1. That all our servants, officers and employees in every department of the government, state and federal.

2. That all property should bear its just proportion of taxation, and we favor the enactment of such laws as will accomplish this end.

3. That we favor the equal protection of the rights of labor and capital under just laws, thereby lessening the existing and increasing the advantages of the working people.

4. That we claim as amongst the powers reserved to the states, the right to pass all such laws by the legislatures, as are designed to prevent common carriers from making unjust discrimination against persons and places.

5. That we favor the maintenance of the public schools, the hope and pride of a free state.

6. That the Democrats demand free and fair elections, and to that end denounce all interference with elections by the military power; that the experience of the late and other evolutions has abundantly proved that the presence of troops at the polls is destructive of the freedom of elections and is incompatible with the existence of free institutions.

7. That the efforts of the Republican party to open and keep alive the war feeling between the north and the south are to be condemned by every lover of his country.

8. That we favor continued lawful agitation on the subject of immigration calculated to this country, until the federal government is moved to resolve our treaties with the Chinese empire so as to prohibit it, and thus save those of our fellow citizens who depend upon labor for support from unjust and degrading competition. We condemn and denounce in the strongest terms the veto of R. B. Hayes of the bill barring the Asian immigration to this country, and this opportunity to thank the people here for their relief from the scourge exempt from a Democratic president.

9. That we regard with alarm the recent decision of the supreme court of the United States in declaring laws made in the interest of the Republican party, and intended to blot out the last vestige of state rights, constitutional and unconstitutional, and change it to an empire.

10. That we hail to the constitution with all its amendments, but we insist on an interpretation of the amendments in consonance with the spirit of the original instrument.

11. That we pledge our earnest endeavors to upholding a system of entrenchment secluding absolutely free from federal force and supervision.

12. That the Democracy opposes all favoritism and class legislation. No single interest or class of persons should be protected at the expense of others.

13. That we are opposed to any and all protective tariffs, and are in favor of a tariff for revenue only, and we pledge the Democratic party to abolish all the odious rights constituting agents of protection.

14. That we recognize gold and silver as the only constitutional currency, and the only real money, but we regret any further contraction of the paper issues of the government, as unwanted for and unsuited to the present financial condition of the country.

Umatilla County Platform.

We, the Democracy of Umatilla county, Oregon, in Convention assembled, believing that this is a Democratic Government, founded upon Democratic principles, and that the perpetuity thereof depends upon the success of the Democratic party, do hereby submit the following resolutions to the voters of this county:

1. That we cordially invite all, regardless of past political affiliations, to participate with us in the support of Democratic principles.

2. That we deprecate the move now being made by the enemies of the Democratic party in this county to make sectional strife upon local issues for the purpose of dividing the party.

3. That all questions of political interest or public utility and importance can better be adjusted in and by a harmonious action of the Democratic party than in any other manner, and that we have full confidence in the wisdom and integrity of the Democracy of this county to legislate upon all questions of public importance appertaining to the general welfare of said county.

4. That wisdom and justice dictate that that line of policy should be pursued which will result in the greatest good to the greatest number, and that we therefore ask that our representatives, if petitioned so to do, at the ensuing session of the legislature, labor for the passage of an act submitting to a vote of the people the question of dividing the county.
