

LOCAL INTELLIGENCE

CLEAR AGAIN.—We have heard nothing of small-pox for quite a while and believe our county is at last entirely relieved of its presence.

DEDICATED.—The Baptist Church of Pendleton was dedicated on Sunday last. The institution is entirely free from debt.

HEAVY WEIGHTS.—Messrs. Richey Bros. of Milton, butchered three hogs the other day whose respective net weights were 150, 168 and 165 pounds. W. H. Union.

FOUND.—Mrs. L. Kaykendall was kind enough to return the carrying advertised last week, as lost, in addition to that we are still a ton and a gold locket ahead.

CATTLE WANTED.—Several parties from Cheyenne, Laramie, and other points are in Pendleton for the purpose of buying cattle to be driven east on the coming spring and summer.

SOLD OUT.—The Beagle boys have sold out the "Depot" Livery Stable to H. A. Burroughs and Johnny Hager who will conduct the business in future and solicit a share of the public patronage.

NEW SALOON.—We would call attention to the new saloon of Mat Taylor to be found in another column. He is always at the "wheel" and is determined to make his place all that its name imports—a select place of first class resort.

HANDSOME.—Mr. R. Alexander has been made the happy recipient of a very handsome purple and gold regalia of the I. O. O. F., presented as a testimonial of appreciation on the part of his brother-members of the Pendleton Lodge.

DANGEROUS.—We noticed in crossing the bridge the other day that a hole had been worn through the flooring. To warn persons against getting into this a sharp spike was inserted, which projected at an angle very convenient for catching a horse or wagon wheel. There may be a bill to pay yet.

COMPLETELY SUCCESSFUL.—The Cleaves theatrical troupe has been giving a series of nightly entertainments in Pendleton at the new Liberty Hall. Crowded houses have honored each performance and all parties will be rich. Cleaves is here and the public in enjoyment.

NEAT AND COMPLETE.—The best, neatest and most complete map of Oregon, Washington and Idaho we have ever seen is that of the Department of the Columbia executed under orders of the War Department by Lieut. Thomas W. Symmes. We acknowledge the receipt of a copy sent at the request of the Hon. M. C. George, M. C.

INSTALLATION.—Wednesday evening last the officers elect of Damon Lodge No. 4 K. of P. were inducted into office by the P. D., Mr. Jas. Lehman, C. R. J. Merrill, V. C. J. E. Dunn, P. H. Bickers, Wm. B. Wm. B. Mays, M. R. J. M. Watson; M. G. A. J. Larkin; O. G. J. Hagar; I. G. F. P. Tustin; P. C. R. Alexander.

WANTED.—Some winter weather. The season has been so mild all over the county up to this date that vegetation has kept green, and fears are entertained that no ice will be gathered. LATER.—The advantage of advertising cannot be overestimated. Before the above could get through press a snow storm came and we are all frozen up tight.

INSECT.—On last Friday the water rose in the river and threatened the breakwater. A party went out in a boat to remove some obstructions in the channel when the boat tipped. C. W. Foley and another received a watery bath and came near being more seriously but were rescued. The boat washed some mile or two down the stream and was badly wrecked.

LOST.—A setter dog, large size, spotted black and white, three years old, left Pendleton two weeks ago and was wearing at the time a nickel plate collar marked 12, with a red ribbon tied in the collar, answers to the name of "Sam." A liberal reward will be paid for the return of the dog or any information which will lead to his recovery. Apply at Warnoth's drug store, Pendleton.

JUDICIAL CLEMENCY.—In the case of the State of Oregon vs. Orange Sweltzer, better known as the Helix shooting scrape, the Court on Tuesday last sentenced the defendant to pay a fine of \$100 and the costs of prosecution. The Court was moved to the infliction of the lightest penalty prescribed by law from the character of the testimony, the fact that Sweltzer had already been confined in jail for five months and in response to a request from two-thirds of the jury which tried the case.

RELIGIOUS MATTERS.—A series of religious meetings have been held this week at the Baptist Church. Rev. D. J. Pierce of Walla Walla has preached every night, and the interest manifested asks their continuance another week. Rev. Pierce will return from Walla Walla and preach Monday evening on "Selence paying tribute to Jesus." All lovers of christianity are cordially invited to attend and participate in the meetings. Rev. Wilson of the Presbyterian church will preach in the Baptist church of this place next Sunday.

THEIR FIRST VICTORY.—Company C, 2nd Regiment, 3d Brigade, Oregon State Militia, Capt. H. H. Leonard commanding, has had its first engagement and achieved a crowning victory. The military boys made war on Umatilla county for the refusal of the County Court to allow their claim for expenses incurred in maintaining an armory and armorer since the organization of the company in January, 1879, to date. Under the decision of the Supreme Court in the case of Mountain vs. Multnomah county, Judge McArthur held last week that they might recover such claim.

ERRATA.—EDITOR E. O.—You did well in setting up the first and last articles of mine, only one error. The word rendered "sailor" should read "tailor." For you recollect that the record says God made for Adam and Eve vesture to hide their nakedness, as well as planting a garden of Eden. W. DICERSON.

COLD SPRING, Jan. 9th, 1882.—EDITOR E. O.—As Horace from Vansycle and Susie from Helix keep your readers well posted in regard to the happenings of this part of old Umatilla, and as their ability to do so has been well demonstrated in the past, it is not without some trepidation that I shy my castor in the ring and make my politest bow to the readers of the E. O. That R. S. should contemplate such a thing as stopping a public school I am astonished at, and that Susie should aid or abet such a scheme breaks me all up and makes me look like an interrogation point. Far better would it be, Susie, to let him follow the example of C. B. and go rusticate by the classic shades of the Walla Walla in the verdant village of M., or like another pioneer martyr to the afflictions of Miss C. R., solace his lonely hours by following the plow and cooking his own meals. It is morally wrong to interfere with any public enterprise.

The ball at W. W. Caviness' last Monday night was one of the grandest affairs that has ever happened at Cold Spring. Everyone wonders where so many people came from. The son of Vulcan who manipulates iron into any desired shape Helix certainly deserves success and we hope he'll have it. A slight breeze rippled over the otherwise placid surface of School District 59 a few days since and upset the teacher's barge and cast him all abroad and helpless. Another commander was found, however, and the craft of learning is now running on full time and making regular connections.

ACORN.—FROM KNIFE.—ED. E. O.—Geo. P. Skelton has sold the improvements on his claim to J. M. Downs. Consideration about \$500. Mr. Downs will now homestead George's claim. Mr. Frank Hicks met with a painful accident a few days ago; while driving a nail the hammer glanced and the nail flew with great violence in his eye, but did not destroy the sight as was feared at first.

A number of our citizens met at the store on Monday, the 2d, to select a different name for the postoffice. Some of the names voted on were Garfield, Fairvale, Hicks, Alby and last but not strongest of all, Codfish. The reason why Codfish was offered was because Mr. Clifford got a big one on the Christmas tree. If my fear dead

Cyrus could have been there he would surely have voted for Codfish, for he was passionately fond of it in any style. Alby was the name selected; it was suggested by W. H. Caldwell. Mr. John Sperry of Pendleton was in the valley last week making inquiries about the opening of the road through to Canyon City. It is to be hoped that the road will be constructed at an early date. EVA BELMONT.

CORRESPONDENCE

COTTONWOOD, Jan 3, 1882.—EDITOR E. O.—From all appearances winter must be over, beautiful weather, for this time of year, wheat growing nicely, farmers busily engaged plowing at this time—all of which speaks well for our climate.

The public health has been good during the winter—but little sickness. P. J. Kelly has been on the sick list for about four weeks and not able to be out.

Times appear to be good and money more plenty than usual for this time of year. Darning has been all the go while the rough weather lasted. The youngsters had many an opportunity to trip the fantastic toe.

Politics are talked of but little as yet—some selections have been made by some of the voters for sheriff and representatives in these parts, but little is said as yet on the coming contest in June. Democrats are very sanguine of carrying the county then by at least 300 majority.

News is scarce at this time and but few items of note abound. Hope when I write again there will be more to lay before the readers of your valuable paper. Yours as ever,
