Every trying experience demands a strengthening of one's faith or a deepening of one's self-nossession. For the natural tendency is to fear, worry and We are not sure of our selves until we have met and undergone the test of a severe experience. Any experience, then, that strengthens this inward repose is rather a blessing than a hardship .- Horatio Dres-

Whenever a sore or ulcer is slow in healing then you may be sure something is radically wrong with your blood. Some old taint or poison that has been slumbering there for years, is beginning to assert itself, and breaks out and becomes a bad ulcer and perhaps the beginning of Cancer. These old sores are rooted in the blood, and while washes, soaps, medicine to purify and strengthen the polluted blood and a tonic to build up the general system is what is needed, and S. S.
