

"Poor Health"

Is the worst kind of poverty. However rich a woman may be, if her health is "poor" she is poor indeed. She has no appetite for food and the choicest dishes cannot tempt her. She turns and tosses through a restless night on a couch which might woo an empress to slumber. She has no strength for household cares, no delight in social pleasure. She sits "perked up" in a glistening gown wearing a golden sorrow. She is a wife and mother. But she has no happiness in either relation. She knows her husband's life is set in tune and time to the minor mode of her own misery. Her child laughs or cries her nerves quiver with pain. Ask such a woman if she would like to be well, to be her husband's comrade, her child's playmate. Could there be any other answer? Such a woman can get well if she will. All her symptoms indicate a diseased condition of the delicate womanly organism. Cure that condition and the woman will be lifted up to the full enjoyment of health. In ninety-eight cases out of every hundred Dr. Pierce's Favorite Prescription will cure womanly diseases, will restore the womanly health. It has cured tens of thousands of women many of whom had been given up as incurable by their friends. It is essentially a medicine for woman's ills. It dries encrusting drains. It breaks inflammation and ulceration. It cures neuralgic and bearing down pains. It tranquilizes the nerves, restores the appetite and gives refreshing sleep. "Favorite Prescription" differs from almost all other medicines put up for woman's use in that it contains no alcohol and is entirely free from opium, cocaine and all other narcotics. It is in the truest sense of the term a *temperance medicine*.

RAILROAD OFFICIALS LOOK OVER THE PROMISED LAND.

Capitalists of St. Paul interested in Echo—J. G. Camp Will Finish Preliminary Survey About Thursday—Jack Rabbit Banquet Planned. Echo, Ore., April 27.—Mr. Sabin in company with W. W. Cotter, secretary and general counsel of the O. R. & N., were here yesterday looking over the country. They took a drive through the Umatilla meadows and up Butter creek. Both were loud in their praise of the magnificence and the wonderful resources of this vicinity. They think that a wonderful dairy and grain country is here. Mr. Cotter also says that Mr. Benson who is a leading attorney of St. Paul and who was here a few days ago in the interest of several capitalists, expressed himself as delighted with this vicinity and the possibilities of this vicinity and there was no doubt but that Mr. Sabin would be here again in a few days. Mr. Sabin will be here about tomorrow to take charge of the work. It is announced that a banquet will be given in the interest of the American Hare Raising and Cattle Stealing Co. on Friday the 15th day of May at the Umatilla hotel. Kirk's orchestra has been secured for the occasion and a grand ball will follow in the evening. This will be known as the Jackrabbit banquet and the American hare will constitute the leading article on the bill of fare. Efforts are being made to have here at that time in the interest of the dairy business, a representative of the Agricultural College, and the Hazelwood Dairy Co. This move is made by the Citizens' Association of Echo and would indicate that the dairy business is being cleared and Hub Boyles came over from Heppner to take a look at this part of the country. Frank Vanacker came in yesterday from the range in the vicinity of Tuleburg. It will take about two weeks or him to finish work in that part of the country.

THUNDER STORM LAST WEEK BURNT UP 'PHONES

Farmer Through Their Seed—Grain Looks Well—Warm Cloudy Weather—Personal Notes. Ridge, April 25.—G. W. and L. A. Linsner moved their herd of cattle to their John Day range a few days ago. J. S. Cherry, of Pilot Rock, was about assessing last week. He reports as many as 16 plow tax payers working for the J. E. Smith Livestock Co. of Bear Creek. This is a good start out for the season. The thunder storm a short time ago melted out the phone of W. O. Owens so as to prevent conversation about time but he had repaired it immediately. W. E. Baker replaced some posts and repaired the main line a few days ago. All or most all the people are throwing and some are summer allowing and others breaking sod. Grain looks well, except from the need of a little rain just at present. We have had warm, cloudy weather most of the week, with a small rain all last Tuesday night; grass is growing nicely, grain is coming up in apparently good condition and every thing seems all right except it being a little too dry and warm. A thermometer registered from 73 to 77 all week and prospecting for a continuation of dry, hot weather for awhile. Mr. and Mrs. P. E. Fletcher were visiting friends and relatives around New last week. John Brown, the Pendleton hide tanner, was transacting business in his part a few days ago. William Fletcher of Nye, was a guest of his sons at Ridge last week. The Simonton brothers were transacting business in Pendleton a few days ago. Frank Kopp and family, who have been living in Pendleton all winter have returned home. William Simonton and family, of Jordan, are at present living in this part. Mrs. F. L. Hoskins of Colville, Wash., is visiting with her parents, Mr. and Mrs. Simonton. It is reported that one of William Sutter's young teams ran away a short time ago and demolished a fine horse. El Chapman, of Vinson, was a visitor in this locality a few days ago. Mrs. E. M. Hoffman, of Pendleton, was visiting her daughter, Mrs. W. E. Fletcher, a few days ago, and now Mr. and Mrs. McDonald, of Spokane, returned to their home today after a visit in Pendleton and vicinity. They were in search of timber and were successful in finding good claims. Mrs. M. J. Quick, mother of L. E. Penland, has arrived from Halsey, Linn county, for a visit of a month with her son and family. Mrs. Quick is a pioneer of the first class, as she came to Oregon in 1848. George Munn, who lives six miles north of the city, reports that the corn is coming up nicely and the plants are yellow and undeveloped, but the roots are long and healthy and the plants have stood in good shape. Mr. and Mrs. A. J. Thurman have returned to their home in Idaho, after a protracted visit in Pendleton. Mr. Thurman came here some time ago to visit his mother, and while here she died. J. A. Ginn, of Fort Worth, Texas, is visiting friends in the city. He is on his way to La Grande, where he will enter the employ of the Oregon Railway and Navigation Co. He is returning out of La Grande to Pendleton. Mrs. Henry Seales has had a misfortune to lose a valuable driving horse owned by her. It was taken from her by a thief who was making a dash to save it without avail. It suffered from a complication of kidney and bowel trouble. General Passenger Agent Calderhead, of the W. & C. Land, is in the city. He states that as soon as the new steel bridge over the Touchet is finished the company will move on the Pendleton bridge and complete completion. Every defective tie along the road is being replaced with new material. The rails are not being replaced, because those now down are as heavy as those now in use on any Western road. With the renewal of the ties and the rebuilding of the bridges now in progress the entire road will be in progress here for the next three months by the federal government. It is expected to begin operations. It is said that he will not work two crews of men on permanent work in a few days. H. A. Vanacker, who is doing the assessment work in this vicinity for Assessor Strain, says that he will finish his work here by the last of the month. D. C. Brownell came up today from his work on his ditch below here. He says he is now through with his rock work and only has a few days more to go. He is now cutting a ditch about 1 1/2 miles north of here and is ready for irrigation. This will be all the way in dirt. He has come to remain in the city after his harvest when he will return and finish his ditch. W. C. Bradley of Portland, was in the city yesterday. He expressed himself as delighted with this climate and thinks he will locate here. Echo Land & Lumber Co. is doing a building business in lumber as they are unloading each every few days. The finance committee on Fourth of July celebration reports grand success. A meeting for final arrangements is called for next Monday at 7:30 p. m.

WEDNESDAY'S LOCALS

J. A. Horseman, of Gurdane, is in the city today. L. B. Eckley, a farmer near Briggs, has sold only. W. G. Hurlbut, land locator of Echo, is in Pendleton. W. W. Lufkin, proprietor of the Pilot Rock Hotel, is in the city today. J. D. Matheson and wife, of La Grande, are at the Hotel St. George. A. S. Pearson, the city recorder of "Pe-ru-na," is in the city on a short visit. James B. Welch passed down on the Portland train today from Baker City to Portland. E. D. Brown, of the Union Pacific, is in the city on a visit to his railroad friends. George M. Gage, of Portland, the business manager of the Pacific Monthly, is in the city today. William Hilton has gone to Adams to do a week's work on the Pacific Coast Elevator Company's warehouse at the above place. The Misses Emma and Elma Hale, who reside about nine miles from Pendleton, have gone to Arlington for a visit with friends. The funeral of Ernest Leslie Milliron took place this morning from the Presbyterian church, and was conducted by Professor Forbes. Mack Williams, a farmer living six miles east of Echo, was in town today. He reports the crop in good condition, but that rain is needed. Mrs. Jane Davidson, of Umatilla, was in the city yesterday and today in her business. The Davidsonson family ranch east of Umatilla two or three miles. A. A. Prosser, an old-time freight carrier, died at his home in the city of the O. R. & N., on Monday, April 10, today to Portland. He is now running a train out of Leadville, Colo. C. J. Hamilton, brakeman on the O. R. & N., who has been very ill with typhoid fever for the past two months, is unable to go on his run. Mrs. Morse, Kaufman left this morning to join her husband at Walla Walla, where they will reside in the future. Mr. Kaufman having secured employment there some time ago. Mr. and Mrs. McDonald, of Spokane, returned to their home today after a visit in Pendleton and vicinity. They were in search of timber and were successful in finding good claims. Mrs. M. J. Quick, mother of L. E. Penland, has arrived from Halsey, Linn county, for a visit of a month with her son and family. Mrs. Quick is a pioneer of the first class, as she came to Oregon in 1848. George Munn, who lives six miles north of the city, reports that the corn is coming up nicely and the plants are yellow and undeveloped, but the roots are long and healthy and the plants have stood in good shape. The finance committee on Fourth of July celebration reports grand success. A meeting for final arrangements is called for next Monday at 7:30 p. m.

CAMPBELL SYSTEM

WHAT IT IS AND HOW IT HELPS. The Finest Piece of Winter Wheat in the County This Year Was Planted After That Most Excellent Plan—Much Used in Kansas. The 10 acres of winter wheat a mile and a half from town, planted and treated by the "Campbell system," is to be the finest piece of wheat in Umatilla county. It is on the land of William O'Brien, who planted it and is determined to give the system a thorough trial. He is inclined to think that the trial part of it is over, and that what remains is to watch the growth of the crop and realize a tremendous yield. At the present time the wheat, which is Red Chaff, stands from 10 inches to a foot high, is a deep green and absolutely thrifty and healthy. His preparation of the ground was by the following method: Immediately after harvest last year he plowed and harrowed thoroughly and immediately thereafter went over the ground with a float or clod smasher of the usual pattern, after thoroughly harrowing. Laying out the rows as the weeds were up he cut them with a steel-bar weed cutter beneath the surface and followed that by immediately cultivating with a single float which made dust of every clod and also pressed down the earth. The wheat was then drilled in eight-inch rows, the rows being perfectly straight. In the spring when the wheat was two inches high, it was rolled to break up the crust and to level the soil and also to press down the dirt. With those crops which can be cultivated later the pressing is not done at all, and in any event is postponed until cultivation ceases. This is the first experiment with the "Campbell system" in this part of the West second street, Umatilla, Minn., says the following in regard to Peruna: "As a remedy for catarrh I can cheerfully recommend Peruna. I know what it is to suffer from that terrible disease and I feel that it is my duty to speak a good word for the tonic that brought me immediate relief. Peruna cured me of a chronic catarrh and I know it will cure any other sufferer from that disease."—D. A. Grosvenor. A County Commissioner's Letter. Hon. John Williams, County Commissioner of West second street, Umatilla, Minn., says the following in regard to Peruna: "As a remedy for catarrh I can cheerfully recommend Peruna. I know what it is to suffer from that terrible disease and I feel that it is my duty to speak a good word for the tonic that brought me immediate relief. Peruna cured me of a chronic catarrh and I know it will cure any other sufferer from that disease."—D. A. Grosvenor. A Congressman's Letter. Hon. H. W. G. Owsen, Congressman from Louisiana, in a letter written at Washington, D. C., says the following of Peruna, the national catarrh remedy: "I can conscientiously recommend your Peruna as a fine tonic and all around good medicine to those who are in need of a catarrh remedy. It has been commended to me by people who have used it as a remedy particularly effective in the cure of catarrh. For those who need a good catarrh medicine I know of nothing better." SEVERE ATTACK OF GRIP. Cured by One Bottle of Chamberlain's Cough Remedy. "When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, editor of the Enterprise, Shortsville, N. Y. "This is the best truth. It at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would knock the grip simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be less but to stop the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had left me alone."—For sale by Tallman & Co. Captain Boyd, Dead. The Captain Boyd, who is mentioned below, is a first cousin of Colonel Hayes, principal Ernest Zerba, of the county in many citizens of this place. The dispatch is taken from the Richmond (Va.) Times-Dispatch of April 26. Wytheville, Va., April 16.—Captain Charles R. Boyd, a noted mineralogist died today in Nelson county, Virginia, after he had suffered a stroke of paralysis a few days ago. Captain Boyd was a son of the late Colonel Thomas J. Boyd, known as the "Father of Wytheville." He was a captain of engineers during the war. He leaves his wife, who was a Miss Spiller of Wytheville and three children—Charles R. Boyd, Jr., and Miss Wrenella Boyd, of Wytheville, and Mrs. R. R. Iron of Mississippi. He had been a noted mineralogist and metallurgist in his day, and made topographical and mineral maps of many of the counties in Southwest Virginia. He was the author of many well known works on mineralogy. He was 62 years of age. He will be buried here. Ernest Leslie Milliron, aged 13 years and 4 months, died at the home of his parents at Mountain Valley, at 2 o'clock yesterday. The funeral will be held at an interment will take place at Mountain Valley tomorrow. Lucy Corley, aged 3 years, died at the home of her parents at Mountain Valley, at 2 o'clock yesterday. The funeral will be held at an interment will take place at Mountain Valley tomorrow. Discharged from Asylum. Mrs. Ida Poole, the woman who was declared insane in this county, February 11, and was sent to Salem, was discharged a few days ago. Mrs. Poole, it will be remembered, left the train at Echo, and when the next day she resumed her journey, threw her ticket and a draft for a large sum of money into the car stove. It was not believed while she was in custody here that her insanity was the permanent type, and it is now known that it was not. Both Have Appendicitis. Mrs. Frank Brown, of Umatilla, who was taken to the hospital some days ago, suffering from an attack of appendicitis, was operated upon today and is reported as doing as well as could be expected. Mrs. Anna Culp, also suffering from the same disease, is doing nicely, but the date of her operation has not as yet been determined. To Vote Again. Advocates of the late bond proposition are not slow to declare that the city will have an opportunity to vote again—perhaps twice, should a third proposition be turned down upon other propositions yet this summer. They intimate very strongly that the fight is now well under way.

DAN GROSVENOR SAYS: "Pe-ru-na is an Excellent Spring Catarrh Remedy—I am as Well as Ever."

DAN A. GROSVENOR, OF THE FAMOUS OHIO FAMILY. Hon. Dan A. Grosvenor, Deputy Auditor for the War Department, in a letter written from Washington, D. C., says: "Allow me to express my gratitude to you for the benefit derived from one bottle of Peruna. One week has brought wonderful change, and I am now as well as ever. Besides being one of the very best spring tonics it is an excellent catarrh remedy."—DAN A. GROSVENOR. In a recent letter he says: "I consider Peruna really more meritorious than I did when I wrote you last. I receive numerous letters from acquaintances all over the country asking me if my certificate is genuine. I invariably answer, 'Yes.'—Dan A. Grosvenor. A County Commissioner's Letter. Hon. John Williams, County Commissioner of West second street, Umatilla, Minn., says the following in regard to Peruna: "As a remedy for catarrh I can cheerfully recommend Peruna. I know what it is to suffer from that terrible disease and I feel that it is my duty to speak a good word for the tonic that brought me immediate relief. Peruna cured me of a chronic catarrh and I know it will cure any other sufferer from that disease."—D. A. Grosvenor. A Congressman's Letter. Hon. H. W. G. Owsen, Congressman from Louisiana, in a letter written at Washington, D. W. E. Griffith, Condon, Texas, writes: "I suffered with chronic catarrh for many years. I took Peruna and it completely cured me. I think Peruna is the best medicine in the world for catarrh. My general health is much improved by its use, as I am much stronger than I have been for years."—W. E. Griffith.

A Congressman's Letter. Congressman H. Bowen, Rutledge, Taylor county, Va., writes: "I can cheerfully recommend your Peruna as a fine tonic and all around good medicine to those who are in need of a permanent and effective cure."—H. Bowen. Dr. Fred. D. Scott, Larne, Ohio, Right Guard of Hiram Foot Ball Team, writes: "As a specific for lung trouble I place Peruna at the head. I have used it myself for colds and catarrh of the bowels and it is a splendid remedy. It restores vitality, increases bodily strength and makes a sick person well in a short time. I give Peruna my hearty endorsement."—Fred. D. Scott. Gen. Ira C. Abbott, 605 M street, N. W., Washington, D. C., writes: "I am fully convinced that your remedy is an excellent tonic. Many of my friends have used it with the most beneficial results for coughs, colds and catarrhal troubles."—Ira C. Abbott. Mrs. Elmer Fleming, orator of Reservoir Council No. 109, Northwestern Legion of Honor, of Minneapolis, Minn., writes from 2022 7th street, N. W.: "I have been troubled all my life with catarrh in my head. I took Peruna for about a year or more, and now think I am permanently cured. I believe that for catarrh in all its forms Peruna is the medicine of the age. It cures when all other remedies fail. I can heartily recommend Peruna as a catarrh remedy."—Mrs. Elmer Fleming. Treat Catarrh in Spring. The spring is the time to treat catarrh. Cold, wet winter weather often retards a cure of catarrh. If a course of Peruna is taken during the early spring months the cure will be prompt and permanent. There can be no failures if Peruna is taken intelligently during the favorable weather of spring. As a systemic catarrh remedy Peruna eradicates catarrh from the system wherever it may be located. It cures catarrh of the stomach or bowels with the same certainty as catarrh of the head. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis. Dr. Hartman, President of The Hartman Sanitarium, Columbus, O. Address: Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

A Constant Sufferer.

"I had been a constant sufferer from uterine disease for five years." writes J. A. Stewart, of Vanadium, Clay Co., West Virginia. "After for six months previous to taking my medicine I was unable to get on my feet. I was so weak and nervous, accompanied with soreness, I suffered considerably with headache, nervous prostration, constipation, and nervousness, and was unable to sleep, and nervousness was so difficult to describe as to leave me in a state of prostration. In a short time I received a letter from you telling me of your medicine. I was not at all entirely cured, by the use of Dr. Pierce's Favorite Prescription, together with Dr. Pierce's Pleasant Pellets, and was unable to get on my feet. I could walk only with the support of a cane, and was so weak and nervous, and nervousness was so difficult to describe as to leave me in a state of prostration. In a short time I received a letter from you telling me of your medicine. I could walk only with the support of a cane, and was so weak and nervous, and nervousness was so difficult to describe as to leave me in a state of prostration. In a short time I received a letter from you telling me of your medicine. I was not at all entirely cured, by the use of Dr. Pierce's Favorite Prescription, together with Dr. Pierce's Pleasant Pellets, and was unable to get on my feet. I could walk only with the support of a cane, and was so weak and nervous, and nervousness was so difficult to describe as to leave me in a state of prostration.
