A. W. FULLER DEAD

ACCIDENTALLY DROWNED LAST SATURDAY NIGHT. Fell into a Mill Race at North Yakima—Leaves Relatives and Many Friends in Pendleton—Will Be Buried at Seattle.

Albert W. Fuller, formerly an employe in the Peoples Warehouse of this city, but lately with Diller Bros. of North Yakima, was drowned in the mill race of that place Saturday evening some time after 8 o'clock.

Fuller was well known in Pendleton, where his mother and sister now reside. About the first of April he resigned his position here and went to North Yakima, where he has been employed since. Last Saturday evening, when the store was closed at 8 o'clock, he bid his fellow employes good night and started for his room.

A little girl found his body floating in the irrigation ditch Sunday forenoon and gave the alarm.

No one knows just how the accident occurred, though it is easy to guess. At the place where Mr. Fuller had to cross the ditch there was a railing or guard of any kind. A strip of green sward stretched between the sidewalk and the ditch and it is supposed that in turning to the bridge in the dark the man missed his footing and fell into the water, which at that point is fully eight feet from bank to bank and five feet deep.

The deceased was about 27 years old and came from Nova Scotia with his mother and sister, Miss Margaret, several years ago. He was a young man of exemplary habits and slightly respected by all.

The body will be interred in Seattle, for which point his mother and sister left last evening.

BOARD OF TRADE SAYS BUILD THE PORTAGE.

invites the Citizens of the State to Help Hunt Down the Selfish Motives of Those Trying to Encompass its Defeat.

The Portland board of trade has issued the following ringing resolutions against the referendum vote on the portage road and invites the co-operation of the citizens of Eastern Oregon in defeating the attempt of the railway corporations to kill the measure by an appeal to prejudice.

Resolutions. Whereas, There is a movement on foot to defeat the purposes of the act enacted by the Oregon state legislative assembly at its last biennial session, providing for the construction of a portage railroad at Celilo and appropriating state funds therefor, through the invocation of the referendum; and

Whereas, Such action is clearly in defiance of the wishes of the people of this state, as expressed through their chosen representatives in the passage of the bill providing for the construction of said portage railroad; and

Whereas, The defeat of the purposes of said portage railroad act will be a severe blow to the commercial interests of the Inland Empire, through a restriction of the channels of transportation and the throttling of competition in the movement of its products.

Opposition From Selfish Sources. Whereas, There appears to be no general demand for the delay or defeat of the portage railroad project, but on the contrary, all the opposition to it appears to be inspired by selfish and antagonistic interests; now, therefore be it

Resolved, By the Portland board of trade that it is the sense of this organization that the construction of the portage railroad at Celilo, filling a long-felt want, be not interfered with and that all patriotic citizens of the state, having the good of Oregon at heart and believing in the widest possible scope for competition in transportation, be earnestly urged and requested to withhold their signatures from the petition in circulation for a referendum of the portage railroad to a vote of the people; be it further

Hunt Down the Motives. Resolved, That a committee of three be appointed to investigate the source of the opposition to said portage railroad and in a report to this board lay bare the animus that has prompted the same; be it further

Resolved, That the secretary of this board send copies of these resolutions to the press of this state and invite their co-operation in defeating the referendum movement in justice to the interest of the inland Empire in particular and the interests of the state in general.

CITIZENS WILL FEAST ON AMERICAN HARE FRIDAY.

Banquet Given by People of Echo and Vicinity in Appreciation of Efforts of American Hare Packing Company—J. A. Green Master of Ceremonies.

The people of Echo and vicinity have arranged one of the most sumptuous banquets ever given in that thriving little town, to take place Friday, May 15, from 2 to 4 p. m., at the Arlington Hotel, under the management of J. A. Green, who will be master of ceremonies.

The banquet is given in honor of the promoters of the American Hare Packing and Cold Storage Company, and for the express purpose of demonstrating to the public the many table uses to which this game can be put.

An effort is being made to secure a prominent speaker for the occasion, and a grand hall will follow the banquet.

The menu for the banquet was written and arranged by Gus La Fontaine, of the French restaurant, of this city. The courses have been so arranged as to present the flesh of the American hare in every practical manner of perfection.

Invitations have been sent out and a large crowd is expected to attend this unique feast—the first American hare banquet on record in Umatilla county.

Want Lawyers to Wear Gowns. British county court judges have received a circular from the incorporated law society of solicitors being desired to wear gowns in court.

"What are you doing, Freddie?" said the painfully smart boy's uncle. "Drawing pictures on my slate."

"What is this supposed to represent?" "A locomotive."

"But why don't you draw the cars?" "Why—er—the locomotive draws the cars."—Exchange.

Oregon Cattle Go East. J. E. Reynolds, the well-known cattle buyer of Lincoln, Neb., received about 900 head of stock cattle at this place last Saturday. He also received about 700 head at Rock Creek making a total of 1,600 head taken from this county. The prices paid were \$18 for yearlings; \$25 for two, and \$27.50 for cows and calves. The cattle will be shipped to Nebraska—Cotton Globe.

Sharples Tubular Dairy Cream Separator

Beats them all for close skimming and easy running, no disc or bowl complications whatever.

The closest skimming and easiest turning separator yet produced, securing under the most adverse circumstances as regards to quality, condition and temperature of the milk, results heretofore considered impossible. It delivers a smooth, frothless, perfect cream that will churn out more butter than can be obtained from any other separator in existence. It is thoroughly and completely washed inside of five minutes, as there are only three pieces to the bowl. The Sharples Tubular machines are the most simple and durable made, and can be maintained at a less cost for oil and renewal parts than any other separator on the market.

For catalogue, address T. C. TAYLOR, The Hardward Man 741 MAIN ST. PENDLETON, ORE.
