VOL. XXVII. PENDLETON, UMATILLA CO., OREGON, FRIDAY, MAY 29, 1903 NO. 49

HAD ORDERS TO MASSACRE

Russian Ruffians Claimed to Be Executing the Czar's Decree.

SINGULAR COMBINATION OF HATE AND IGNORANCE

Reasons for Expecting a General Reign of Terror to Be inaugurated Whitehead—Better Classes of Russians Disapprove of Conditions.

Berlin, May 22.—The singular state of mind of the people of Kishinev, Bessarabia, while they were killing the Jews there about a month ago, is described in a letter from a non-Jewish German of Odessa, received by the relief committee. He said: "The leaders of the bands, on entering Jewish dwellings, at once addressed the occupants good naturedly, saying: 'Poor brethren, we must kill you. It is so ordered.' " "Monstrous things were not done until robbers began to participate and when they became intoxicated with the Christian zeal."

The state of terror of Jews at Kishinev, the letter adds, continues. "A large massacre is expected there, and the Jews of Odessa, and all of the large towns of Bessarabia, are living in hourly dread of death. The whole province seems to be in a state of fanatical fury against the Jews. The writer of the letter then says: "The excitement is intensified through proclamations distributed in the streets and the tone of the bitterly anti-Semitic letters. The Russians say to their educated and tolerant countrymen, 'We must have the peace.' It is the czar's will that the Jews be robbed. Orders have been given. We start again at Pentecost."

As indicated, the complete disapproval of the better classes, respectable Russian lawyers, are assisting the sufferers to obtain redress.

Would Give Cassini Passports.

Chicago, May 22.—"It is the duty of the United States to break off all treaties and relations with Russia, to give Count Cassini his papers, and send him back to his master. America cannot hold its position in the war of nations and be a friend of a country that could be guilty of such barbarities as the Kishinev massacre. This was the emphatic declaration of Rabbi Rappaport in Bethel Temple at a meeting of Jews called to protest against recent statements made by Count Cassini, Russian ambassador at Washington, as a sort of justification of the treatment of the Russian Jews."

Berlin, May 22.—The Tageblatt today published denunciations by Tolstoi and Gorki against the Kishinev massacre. Both blame the czar's mandate, while Gorki goes even farther and denounces by name many prominent Russians whom he claims incited violence.

DANGEROUS UNDERTAKING. SHERIFF CALLAHAN BOLTS

Further and More Serious Trouble Expected to Result From Attempt to Identify and Punish the Assassins.—The Militia is at the Scene.

Jackson, Ky., May 25.—An extra session of the district court convened this morning to identify the men who assassinated Attorney Marcum. Dr. Cox and Town Marshal Cockrill. Four companies of militia are on guard and two pieces of artillery from Louisville. The grand jury is being empaneled by summons issued by Sheriff Callahan, one of the leaders of the Hargis faction. A message received today says Thomas Marcum, a brother of the murdered man, who is a state's attorney in the Indian Territory, has started here. The situation is strained.

Grand Jury Empaneled.

Jackson, Ky., May 25.—The empanelling of a grand jury was completed at noon. The court instructed it to make a thorough investigation of all crimes and call upon him for any assistance needed in enforcing the attendance of witnesses. The instructions do not deal with assassinations in detail and are considered mild.

Sheriff Callahan has declined to act and the judge instructed it to term of court. It is thought an indictment for the Marcum murder will be returned this evening. Captain Swatz, who was talking to Marcum when the shot was fired, was the first witness. He was escorted to the courthouse by a squad of soldiers.

GUILTY OF PERJURY.

Claimed Another's Child to Gain an Inheritance.

London, May 25.—Mrs. Guernsey Bedford today pleaded guilty to perjury in claiming that her foster child is the child of her late husband, thereby planning to inherit a fortune. She was fined \$50.

Mrs. Bedford's attorney, when the case was called, said his client wanted to change her plea to that of guilty. He said that Mr. Bedford declared before the judge which under French law could be legitimate. She therefore took a child from the Isle of Wight, thus carrying out her husband's wishes. For the purpose of making the child her own she had made a mistake at the registry office through ignorance, but which brought her within the scope of the criminal law. The woman's case was made so plain that the magistrate imposed the lightest penalty, whereas the maximum would have been seven years' imprisonment.

ENGINE WORKS BURN.

Heavy Loss of Property and One Death Result.

St. Paul, May 22.—The Watrous Engine Works were destroyed by fire early this morning. A loss of \$150,000. A watchman was caught by an explosion and probably fatally injured.

BEHELD THAT DEMANDS ARE TO BE RECOGNIZED.

An Agreement Between Strikers and Company Will Forestall a Strike on the Southern Pacific.

San Francisco, May 22.—Telegrams were received in this city from New York last night which point unmistakably to a satisfactory settlement of the long struggle of the boiler-makers, blacksmiths and machinists on the Union Pacific. It was asserted that all material points had been settled, and the men directly interested in the outcome of the New York conference in this city are expected to hear at any moment that an amicable adjustment has been agreed upon. Presidents Harriman and Burt are cognizant of the terms demanded by the strikers and it is said they have signified a willingness to meet the men more than half way.

All of this is good news to the employees of the Northern Pacific, who have already voted to go out on a sympathetic strike, but delayed action for two weeks at the instance of President Harriman. By persons capable of judging, it is estimated that the Union Pacific strike has cost the company \$1,500,000, while the financial loss to the strikers is figured at \$1,750,000.

This strike has been one of the most persistent set-toes between labor and a corporation ever witnessed in the United States, and only rivaled or long-drawn-outness by some of the intricate strikes of Pennsylvania. The contention on the part of the mechanics has been for pay per diem instead of pay by the piece, and it has been out for 11 months. It has been a test of endurance in the main, as there has been no disorder at any time, and all the losses to the company have resulted from the deterioration of property resulting from lack of repairs and unskilled care.

Tennessee Unkils in Session.

Knoxville, Tenn., May 25.—The Eiks of Tennessee certainly have been proud of their first state convention, which assembled in this city today for a session of two days. Delegates of the order are in attendance from every county in the state. Nashville and other cities of the state and several lodges of Alabama and Georgia have sent fraternal representatives. This morning there was a business session, followed in the afternoon by the dedication of the handsome new home of the local lodge. A business session in the forenoon and a banquet in the evening are the chief features scheduled for tomorrow.

CUBAN AND PHILIPPINE INTERESTS DEMAND IT.

Pope Leo Intimates That Archbishop Chapelle Will Be Promoted to the Holy College at Rome.

Rome, May 25.—The pope, speaking in relation to the future cardinal said that America may get two additional places in the sacred college, and intimated that this preference will be shown because of Cuban and Philippine conditions. It is believed Archbishop Chapelle will be one of those distinguished, because of his work in Cuba and Porto Rico.

GREAT CROWDS ATTEND TODAY'S TRIAL RACE.

Precarious Winds Make Results Uncertain—Half Holiday in New York Brings Thousands to the Scene.

Glen Cove, May 23.—A good turnout was witnessed this morning at the fine contest between the Reliance, Columbia and Constitution today. The latter boat lay at anchor this morning along the Columbia, and is in the trim. At 9 the Columbia and Constitution were ready to move to the starting point. Over in Echo Bay the Reliance's sails were seen slowly running up. The wind indicated 11 miles to windward thrash, a three mile broad reach and in 15-mile run to the starting point. The beam for the course today. This gives an excellent chance to try the defendant in good shape. A slight bubble to the seaward made the Columbia's admiral hazard the prediction that the Reliance would not have a runaway race, such as marked the trial of two days ago.

Even more steam yachts and pleasure craft are off Glen Cove today than on Thursday. A half holiday in New York seemed to have caused all who are able to attend the trial. Steam yachts and a private regatta committee boat came up early this morning, while the New York Yacht Club's steamer Sirakas had her decks jammed with crowding yachting enthusiasts.

Sir Knights in Conclave.

Philadelphia, Pa., May 25.—The Grand Compendium, Knights Templar, of Pennsylvania assembled in fifth annual convocation in Philadelphia today with an attendance of between 8,000 and 10,000 members of the order and almost an equal number of other visitors. A grand banquet and a banquet in the evening were welcomed to the city by Mayor Weaver. The big parade will take place tomorrow night in the evening, and the annual ball will be held. The gathering will adjourn Wednesday after the installation of new officers.

Sullivan's Hearing Postponed.

Chicago, May 25.—Owing to the inability of Detective Woodbridge, the officer who led the sensational raid upon the Sullivan Stock Company in New York days ago, the hearing on his case in court this morning, his hearing was postponed until Thursday.

Met by Committee.

Senator Mitchell, accompanied by Judge Bellinger, introduced a committee on reception, and Mayor Williams, of the city of Portland, entered the president's private car immediately after the train's arrival at a standstill inside the station yards. After shaking Mr. Roosevelt's hand, Senator Mitchell presented Judge Bellinger, the chief justice of the state, Mayor Williams, the latter acting as personal escort to the executive. Governor Chamberlain, Senator Fulton, Senator Ankeny and Harvey W. Scott were also of the party.

Nine carriages for use of the president and his guest and members of the reception committee had been drawn up inside the depot inclosure and these were entered as soon as the train stopped.

PORTLAND FITTINGLY HONORS THE NATION'S VISITING CHIEF

Largest Crowd Ever Assembled in Portland Greeted the President—Entire Town Took a Holiday.

DAY WAS ENDED BY MR. ROOSEVELT LAYING THE CORNER STONE OF THE LEWIS AND CLARK MONUMENT, USING AN ENGRAVED SILVER TROWEL.

Portland, May 22.—Greeted by deafening cheers set up by enthusiastic and patriotic citizens, the special train of President Roosevelt whirled along the tracks of the Southern Pacific entering the city limits of Portland.

Men, women and children lined the Burnside and steel bridges to catch a glimpse of the train which carried as its precious freight the chief executive of the United States.

The travelers in the train could be seen peering out of the windows of the palatial cars and devouring with greedy eyes the sight of Portland's harbor, with its deep-sea vessels, river craft and a multitude of small row and sailboats. The foreign shipping appeared to advantage, the many ships were lined with seamen.

In the midst of all this thunder of whistles and shouts, the steady, intermittent detonations of the cannon manifested by the batteries lined in the terminal grounds, came with the regularity of clockwork, showing how well the men at the guns knew their business.

Unparalleled Scenes.

What happened next, has never had its parallel in Portland. The very heavens seemed in imminent danger of being rent with the cheers, yells and joyous exclamations of the wayward multitude. With the possible exception of the day when the Second Oregon Volunteers shouldered their rifles and started for the Philippines to play an important part in the invasion of those islands, there has never been such excitement at the Union Depot, and even on that memorable occasion the crowd was not so dense and so noisy as it was today.

It was a most cosmopolitan crowd that thronged the vicinity of the depot, and almost every nationality under the sun seemed to be present for a place where a full view of the president could be obtained. Even the people that came early in the morning and camped on the street intersections munching red lunches did not express weariness at their long vigil. To see President Roosevelt was worth the hour.

Cornet Stone Ceremonies.

At the conclusion of the president's remarks, F. G. Young, president of the Oregon Historical Society, deposited a copper box in the great monument which served as the cornerstone of the Lewis and Clark trail. This box contained a history of Oregon, a history of the expedition and the names of Lewis and Clark, copies of the Oregon Daily Journal, Telegram and Oregonian.

Two men, acting under the direction of Engineer Barber, by means of the derrick, lowered the huge stone to within two feet of its concrete bed.

After the engineer and architect had leveled and squared the stone, the Hallelluh chorus, with orchestral accompaniment, was sung. Archbishop Christie pronouncing the benediction and the exercises concluded with the singing of "America" by all present.

SIX PERSONS KILLED AND SIX WERE INJURED.

Accident at the Starting of the Race Begun at Paris and Which Was to Have Ended at Madrid.

Paris, May 25.—There is great public indignation over the automobile casualties yesterday and it is prophesied close restrictive measures as to automobiles will be passed.

The latest list places the dead at six and injured at six. The porter who was required to burn beneath an exploding gasoline tank, is alive, but probably fatally injured. The explanation of the accident is that so many competitors raised clouds of dust through which the chauffeurs were unable to clearly see the roads.

Not Stop the Race in Ireland.

London, May 25.—Automobilists here, while excited over the disastrous Paris-Madrid race yesterday, say it will not stop the Bennett cup race in Ireland, July 2. It may, however, result in restrictions. They point out the fact that 7,000 policemen will guard the 92-mile course and that postponement would mean a loss to Ireland of at least \$250,000.

Paris, May 25.—Reports received this evening from along the course of yesterday's automobile race, make the total killed nine, including two soldiers, an old woman and a girl, three chauffeurs and two automobiles. Renault, whose skull was fractured, died at Polignat this morning.

BEGUILING LITERATURE BY THE TON WAS CAPTURED.

Procession of Postal Wagons Necessary to Take the Employees and Local Agents to the Police Station—Patronized by Capitalists.

Chicago, May 23.—What is believed to be the biggest get-rich-quick scheme ever set in operation, was nipped this morning by police raids on George E. Sullivan, head of the "Red letter" stock and grain company. Detectives have been investigating for weeks past. Millions of circulars have been sent broadcast which induced hundreds of investors by alleged fraudulent representations to invest in stock, grain and cotton futures. When they wanted to withdraw they were informed their money had been lost. Alluring circulars were always printed in red, hence were called "red letter reports." During police surveillance \$50,000 were received within less than two weeks. A few days ago Sullivan sent out 2,000,000 circulars and telegrams to intended victims. An immense amount of drafts and checks and other remittances commented on yesterday, which led the police to believe Sullivan was preparing a big haul and anticipating flight. The police made a search of Sullivan's luxurious offices this morning. Three of these down town were crowded with richly dressed women speculators of all ages. Hysteria and panic followed. More than 100 persons were arrested, including Sullivan and 25 girl stenographers and many telegraph operators and speculators of both sexes.

Sullivan locked himself in his private office and the police battered down the door. A long line of patrol wagons was necessary to carry the prisoners. The police then cut all the telegraph wires leading to the office and carried away tons of literature.

The concern had leased wires to nearly every city of importance from Portland, Me., to Omaha and on west. It is estimated Sullivan has already obtained more than \$1,000,000. He had memberships of the open Board of Exchange of New York and of the Consolidated Stock Exchange of Boston and various mining and stock exchanges.

Sullivan was formerly a telegraph operator. The detective followed the fact that Sullivan permitted trust investment companies to use his private wires and that he has agents all over the country.

WOODEN BUILDING CRUSHED.

Wall of a Three Story Brick Falls and Two Are Injured.

Stockton, Cal., May 25.—The wall of a three-story brick building being erected by the Station Investment Company, fell outward this morning, crushing a two-story wooden building. Mrs. J. P. O'Connor, of Pullman, Wash., Mrs. B. W. Miller, of this city, who were in the building, were dangerously injured.

THE PRESIDENT AT WALLA WALLA

Arch of Roses Bearing the Legend, "Walla Walla is Yours" Spans the Street.

SALUTE OF WELCOME FROM TENTH BATTERY.

Greatest Crowd in the History of the Garden City—Fully 15,000 Through the Streets and Parks—Weather Delightful and Enthusiasm Unbounded.

Walla Walla, May 25.—Today Walla Walla entertained the head of the nation and 15,000 expectant people began to throng the streets early in the morning, to be ready to do honor to the leading American citizen. President Roosevelt is due to arrive in this city at 4:30 this evening, and for four hours and in the guest of the citizens of Eastern Washington and Oregon. The greatest crowd ever gathered here will meet the special train as it pulls into the depot.

Everything is in readiness to receive the presidential party. The immense arch is finished and decorated in red roses. Upon the western side is the word "Welcome." Washington side stands out in similar style. "Walla Walla is yours." Upon each side of the arch is suspended an immense globe drafted in the national colors.

Salute From Tenth Battery.

When the party arrives a salute will be fired by the Tenth Battery and the Ninth Cavalry. The Ninth Cavalry band and the Walla Walla Military band will assist in the exercises. The line of march will be from the depot to Whitman College, where a stand has been erected, and the president will address the crowd. In passing to the college, the president will under the triumphal arch and along Main street for half a mile. After the speaking the parade will again be formed in march and the arch will pass to the courthouse, where the school children will be massed, and a brief stop will be made. From there a number of reviews of the troops will close the public exercises.

The Guest of Ankeny.

Senator Ankeny will dine President Roosevelt, and until the special train leaves at 9:30 the president will be the guest of the Senator. At Walla Waller will be President Roosevelt, William H. Moody, secretary of the navy; William Loeb, secretary to the president; Assistant Secretary Barnes, Surgeon-General P. M. Rixey, U. S. N.; Governor McBride, Mayor Hunt, Judge Thomas H. Brents, President S. B. L. Penrose, of Washington; College: A. R. Burford, John Ankeny, Robert Ankeny, A. F. Statler, L. A. McArthur and two secret service men.

Public Banquet for Party.

A banquet will be served to other members of the party at Odd Fellows' Temple, the citizens acting as hosts. At this spread a number of prominent business men will be present. These members of the party: Nelson P. Webster, M. C. Lata, J. L. McGrew, C. H. Rosenberger, H. A. Coleman, R. H. Hazard, Indiana; Deane, R. L. Dunn, George B. Luckey, N. Lazerack, H. A. Storchmeyer, B. L. Reber, C. B. Blythen, C. C. Chapman, Thomas Sammons, F. W. Williams, J. W. Gooch, F. H. Trice, R. H. Taylor, S. A. Connell, W. W. Stone.

All Records Broken.

Never in the history of Walla Walla has the city put forth the effort that has been made today. The number of Roosevelt. Never has there been so concerted action upon the part of all the people to make an event a success. A number of railroad companies brought into service every coach available to handle the immense crowds which demanded transportation to the city. A number of the neighboring towns closing and coming almost in a body.

Since early this morning excursion trains have been pouring their loads of human freight into the city, until the streets are packed to standing room. A baseball game occupied the time of part of the throng, but most of the people were constantly upon the streets in expectancy and anticipation. The police regulation has been good all day and the crowds have been handled readily.

Short Speech at Ellensburg.

Ellensburg, May 25.—The president addressed the people of Ellensburg from a gall decorated stand in the depot yard. He complimented the state on its progress and future, and granted the men of the civil and Spanish wars. "I don't wonder that the men of the Spanish war did so well," he said, "with such fathers to emulate."

Pretty Well Fagged.

North Yakima, May 25.—The president has turned out in uniform on his long journey, now homeward bound, and is glad the trip is nearing the end. It has been more than he bargained for, and he is well fagged out. His strong body is showing the severe strain. However, the rest of the trip will be easy.

BULGARIAN OVERTURES.

Will Seek to Obtain Her Ends by Peaceful Methods.

Vienna, May 22.—Bulgaria comes to the front as a champion of peace in the Balkans. Natchovich, the experienced diplomat, will be sent to Constantinople as minister to carry on negotiations with Turkey to arrange if possible by modus vivendi efforts to alleviate by peaceful means the trying conditions of the Macedonians.

Electrocuted at Sing Sing.

New York, May 25.—Antonio Trillo, convicted of murdering Mamie Correll, the Italian actress, the motive being jealousy, was this morning electrocuted at Sing Sing.

Ex-Congressman Dead.

Madison, Neb., May 25.—Ex-Congressman Robinson died this morning of appendicitis, aged 47. He served two terms.

REFUSE TO STRIKE.

Apparent Failure of Attempt to Induce Coal Miners to Go Out.

Bachville, W. Va., May 25.—Mine operators from the Loup river district today say none of the miners obeyed the strike order, as all are in court this morning. The idea that the stockades are obnoxious to the men or deprive them of liberty.

PACIFIC PROSPECTS PREVAILING IN OMAHA.

Indications That 50,000 Employees Will Be Locked Out and Added to the Army of the Unemployed—Employers and Strike Leaders Pugnaicous.

Chicago, May 23.—The prospects for peace which yesterday looked so bright in Chicago's great labor crisis vanished this morning as the conference that ended in the employers and labor leaders hurling defiance at each other.

President Schrader of the Federation of Labor, and the Employers' Association's committee met to settle the strike of 7,000 laundry employees. The unions waived everything but the right to strike and demand increased wages, which the laundry owners were willing to accept. The Employers' Association, to which the laundry employers belong, flatly refused to permit a settlement on this basis. The association then offered to substitute an agreement which the unions declare is an undisputed point to gradually weed out the unionists.

The Employers' Association threatened to keep the strikers out of employment forever. President Schrader retorted that not an engineer, fireman or any other employe would ever be permitted to return to work until a different spirit is shown. He immediately after advised the employe to start to seek other employment as a means of remaining out indefinitely. The attitude of the railway men underwent a change from that of collaboration to defiance for the freight handlers.

Granting the demands of the stock yard men, warehouse bartenders and laundry workers, embracing 39,000 workers, which yesterday seemed imminent, today seems farther away than ever. The unions resist the sudden and unexpected change in the attitude of the employers as evidence that it was agreed at last night's secret meeting of the Employers' Association, to make the fight against local organizations a death struggle. It is predicted that unless concessions are made before June 1, that Chicago will be paralyzed with strikes.

More than 50,000 men now employed by the association are now threatened with being locked out. There are 8,000 barbers, 9,000 freight handlers, 12,000 restaurant employes and 25,000 stock yard men.

Agreement Reached in Omaha.

Omaha, May 23.—The Union Pacific boiler makers, who have been on a strike for 11 months, will return to work May 27, a settlement having been effected. The details have not been given out for the public.

TROUBLE YET IN CHICAGO

Relations of Labor and Capital in Chicago Very Uneasy and Critical.

Chicago, May 22.—The Tagblatt today published denunciations by Tolstoi and Gorki against the Kishinev massacre. Both blame the czar's mandate, while Gorki goes even farther and denounces by name many prominent Russians whom he claims incited violence.

UNIONISM IS GROWING FAST

John Mitchell Predicts Early Settlement of all Present Labor Troubles.

Chicago, May 22.—John Mitchell, according to a special published by a local paper this afternoon, under the heading of "The Future of Unionism," predicts that all the labor troubles throughout the country will be settled before the close of the present month. He says that strikes are no greater this year than in many other previous years. He also says the reason labor affairs are attracting so much attention at present is on account of the great growth of unionism. Organized labor has become a factor in the world's system of economy and society must figure on it in all its calculations.

On the other hand, the formation of trusts and the policy of merging and combining capital are developments particularly of the past three years, and where capital never met with public attention before, its smallest move is now observed. As labor grows up with times and that is why they watch every move on this gigantic chess-board."

MARK HANNA WILL OPPOSE ROOSEVELT

Columbus, May 22.—State Senator Patterson, one of Senator Hanna's lieutenants, is authority for the statement that Hanna will oppose the nomination of Roosevelt.

Columbus, May 22.—State Senator Patterson, one of Senator Hanna's lieutenants, is authority for the statement that Hanna will oppose the nomination of Roosevelt. He says it is necessary, Mr. Hanna will make a speech on the floor of the convention against such endorsement. He adds that Hanna's reasons are the chairman of the national committee and it would not do for him to permit a state controlled by him to endorse Roosevelt as a candidate for the presidency at the present time, as it would be like giving notice to aspirants in all parts of the country that the national committee is opposed to any one else entering the race, which would engender ill feeling and destroy harmony in the organization.

Mr. Hanna denies that his attitude is antagonistic to the president, and says he does not think he will ever be a candidate for the presidency himself.

MAJOR LOSSES FROM STORMS IN MONTANA.

State Board of Sheep Commissioners Estimate Loss Since December at a Million and a Half.

Butte, Mont., May 22.—A Helena special to the Inter-Mountain says that the state board of sheep commissioners, fixes the total number of sheep lost in the recent blizzard at 900,000. Up to the time of the storm 690,000 had frozen in the snow of previous blizzards, making the grand total of 1,590,000 lost in Montana since December. At an average of \$2.50 this means a monetary loss of \$3,750,000. The figures are official, based on tables compiled from special reports from county sheep commissioners, and audited by J. A. Ferguson, state commissioner of land, agriculture, and Assistant Secretary of State Marks.

DEVASTATING WHIRLERS IN OKLAHOMA AND SOUTHERN NEBRASKA CAUSE MUCH DAMAGE.

System of Storm Cells Prevailing in That Country Saves Many Lives—A Small Oklahoma Town is Entirely Obliterated in a Moment and Major Injured.

Lincoln, Neb., May 25.—Pauline, a town 15 miles south of Hastings, is reported destroyed by a tornado. Six persons are said to have been killed. All wires are down and details are meagre.

Further advices state that Normal was also swept by a cyclone, and seven killed. A number of houses at Fairfield in the storm's path, were destroyed. Eight persons are missing, believed to have been killed. Wires southwest of there are all down.

Later advices from Pauline say the town escaped serious damage, but the tornado swept a farming section two miles east. Reports are confirmed that six are dead. The section storm swept is bare, houses and timber being torn and twisted into splinters.

Awful Devastation.

Omaha, Neb., May 25.—Specials received here show that 21 were killed altogether in this morning's tornado in Kearney and Adams counties. A relief train has been sent from Hastings.

Entire Town Destroyed.

Kansas City, May 25.—The first details of the cyclone which almost demolished Carmen, Okla., were received today. For an hour prior to the cyclone the wind was so erratic that all the inhabitants fled into storm cellars, thus accounting for the small loss of life.

Only one was killed and three injured, although the property devastation is complete. Nine stores and factories, two churches, two hotels, three lumber yards, three livery stables and six residences were completely destroyed. A whole row of stores were smashed in.

Iowa Has a Tornado.

Rolle, Iowa, May 25.—The business portion of the town was visited by a cyclone this morning. A Chinese laundryman was killed and one child fatally injured. Several other persons were seriously injured.

King of Gamblers and Hotel Guest.

Paris, May 23.—The Prince of Monaco has been paying such marked attentions to Mrs. Potter Palmer, of Chicago, that the report has gained credence that their engagement will soon be announced.

MARK HANNA WILL OPPOSE ROOSEVELT

Columbus, May 22.—State Senator Patterson, one of Senator Hanna's lieutenants, is authority for the statement that Hanna will oppose the nomination of Roosevelt.

Columbus, May 22.—State Senator Patterson, one of Senator Hanna's lieutenants, is authority for the statement that Hanna will oppose the nomination of Roosevelt. He says it is necessary, Mr. Hanna will make a speech on the floor of the convention against such endorsement. He adds that Hanna's reasons are the chairman of the national committee and it would not do for him to permit a state controlled by him to endorse Roosevelt as a candidate for the presidency at the present time, as it would be like giving notice to aspirants in all parts of the country that the national committee is opposed to any one else entering the race, which would engender ill feeling and destroy harmony in the organization.

Mr. Hanna denies that his attitude is antagonistic to the president, and says he does not think he will ever be a candidate for the presidency himself.

CONGRESSMAN WILLIAMSON WILL SPEAK

Congressman J. N. Williamson will deliver the oration in this city on the Fourth of July. Acting on behalf of the committee appointed by the Progress Club to secure an orator, R. Alexander secured the promise of Williamson to become the orator of the day at the coming celebration in Pendleton.
