

NEW BRICK BUILDING IS GOING UP ON MAIN STREET.

The Recent Rains of Great Benefit to the Crops—William Llewellyn is Dangerously Sick—Marriage of Popular Young Folks—Crop Prospects Reported Good in Franklin County.

Athena, June 29.—A nine-pound boy was born to Mr. and Mrs. O. G. Chamberlain, June 21. Mrs. Green Elms, who has been working at Bingham Springs, returned home the 22nd on a short visit. Little Herbert Munniss is still improving in health and was able to be out on the street an hour or more yesterday.

Mr. and Mrs. S. B. Simonton and Mr. and Mrs. C. Kilgore left Athena Monday en route to the Hilday Springs to remain till after the Fourth. This was the first time that relatives at Gardane and Ridge have been visiting here, took his departure for home. He went by way of Portland and expects to visit friends at Seattle.

Grandma Gering, mother of Mrs. David Taylor's health is still very poor. The people from here who visited the ruins of Heppner describe it as the most distressing and heart-rending sight they have ever seen. Many of whom had relatives there. Mr. and Mrs. R. J. Boddy have returned home to their mountain ranch. The late rains have helped the crops wonderfully, and the smiling faces on all the farmers with the expectation of large crops this year.

Miss Edna Rider is on the sick list this week. She contracted a bad cold which settled on her lungs. Miss Edna Owens is visiting in the Hood River valley.

Miss Mary A. Sias, of Lincoln, Neb., is visiting her brother in the city. Mr. and Mrs. Samuel McBride, of Walla Walla, are visiting friends at Athena.

Attorney Will M. Peterson, of Athena, who has been visiting at the home of Mr. and Mrs. Dudley, of this city, returned to Vancouver.

Mrs. Fred Rosenzweig and son, George, have returned from their Franklin county ranch.

D. B. Jarman made a business trip to Spokane last week. William Llewellyn is dangerously ill at his home at Weston.

Mrs. H. H. Hill and Miss Edythe McBride attended the Epworth League convention at Walla Walla last week.

Tom Purdy was in town from Portland the 20th. J. F. Tont, of Centralia, Wash., preached at the Christian church June 21st.

Mrs. Proudfoot, of Walla Walla, was given this city last week. Miss Jennie Mays, of Dayton, who has been visiting Mrs. Anta Plamondon, left Tuesday for Elgin, where she will spend the summer with relatives.

Rev. J. G. Russell, of Dallas, Ore., delivered a sermon at the Baptist church in this city last Sunday. Miss Myrtle Hawkins, of Pendleton, spent Sunday with Mrs. Willis Bush.

Mrs. A. C. Barrett, Mrs. Anta Plamondon and Mrs. M. J. Bagley, attended the Eastern Oregon convention of the Baptist church, at Pendleton last week.

Miss Lucy and Maggie Price, of Pullman, Wash., visited friends in Athena Thursday.

Miss Elita DeGraw, of Weston, spent Monday in this city. Marion Jacks was up from his farm near Pendleton Tuesday.

William Henry and wife left Tuesday evening for Portland. John Groom and wife were over from their home in Walla Walla.

Mr. and Mrs. Otis Beck returned home from their Franklin county ranch last week, bringing back favorable news of fine agricultural prospects in that locality.

Mr. J. P. Chridger and Miss Nellie Bush were united in marriage at the home of Mr. and Mrs. William Harden in this city Wednesday, 17th of June, by Justice of the Peace O. G. Chamberlain. The couple is well known and have a host of friends in Athena.

Rebekah Lodge, No. 86, of Wild Horse, will have the installation of new officers July 7.

N. A. Miller has started to build a new brick building on Main street.

RIDGE AND PILOT ROCK. Horse Thieves Are Operating—Right Arm Injured by a Fall.

Ridge, June 30.—It is rumored that during the past three weeks there have been six head of horses and one saddle stolen out of the Gurdane vicinity. Chris Nelson lost two horses and a saddle since then there is reported to have been four head of fine work horses taken out of the pasture of A. J. Cummings. These were the property of farmers north of Pendleton, reports C. H. Horseman, of said vicinity.

William Glasson, of Pilot Rock, who received a fall from a buggy a few days ago and as a result injured his right arm, the wrist principally, is improving slowly, yet has a painful wound.

HOLDMAN NEWS. Interesting Happenings of a Busy Neighborhood.

Holdman, June 30.—Farmers are almost through haying. J. B. Howard came down from the mines Monday to spend a few weeks with friends.

B. K. Hoyt is building a barn for John Richardson, of South Canyon. Jack Martin, formerly of this place, but now at Forest Grove, is up for harvest. He will drive a combine for R. L. Harp.

W. L. Purcell has his new store in running order, with a full line of goods of all kinds.

Assessment Rolls for 1935. County Assessor C. P. Strain and two deputies W. H. Ford and G. H. Fulton, are at work on the assessment rolls for 1935. Last year it took the men about 40 days to complete the rolls, and this year the task will be as long.

Strayed or Stolen. One red and white lined back cow, dehorned and branded T. O. on left side and D. I. on right hip. Reasonable reward for return or information leading to recovery.

DAVE INGRAM, Care E. O. Pope Leo's health is greatly improve at Seattle.

WEDNESDAY'S LOCALS.

Harvey Adams, of Meacham Creek, is in the city today.

R. E. Porter, of Meacham, is in the city on a short business trip.

Mrs. Brandon, of Athena, is in the city the guest of friends for a few days.

Mrs. M. Mosgrove, of Milton, is in the city today the guest of the Hotel St. George.

W. M. Glasson, one of Pilot Rock's prominent citizens, was in the city yesterday looking up friends here.

Rev. C. A. Sias, of Athena, returned home today from the convention of the Christian church at Turner.

L. J. Moore, of Echo, accompanied by Miss K. Moore, is in the city the guest of friends here for a few days.

Clyde Wells, accompanied by Mrs. H. C. Means, left this morning for Heppner, after a visit at the home of J. M. Bentley, of this city.

Ed Snipes, one of the large sheep owners of The Dalles, was a visitor in the city yesterday, leaving this morning for Meacham, where he has a ranch of sheep.

Rev. R. H. Cartwright, of Milton, accompanied by his mother, passed through this morning en route home from the convention of the Christian church at Turner, Ore.

Mr. and Mrs. Thomas Gurdane have returned to their home in this city, after a visit in Portland, where they were delegates to the annual convention of the Grand Army.

William M. Bowman, and family left today for Hilgard. Mrs. Bowman will spend the summer there, returning after huckleberry time. Mr. Bowman's summer range for his cattle is near Hilgard.

To her many old customers, and for the public who are not acquainted with her work, the Peoples Warehouse informs all that Mrs. Tilla Carlson has again on the range the art and fancy work department in their store, where she will give instruction from 8 a. m. to 6 p. m. Rate the per hour. She has novelties arriving every day.

RIDGE AND VICINITY

VALUABLE INVENTION BY HARRAH, OF BIRCH CREEK.

Cattle Being Driven to Mountain Pasture—Interesting Notes on the Alfalfa Crop Which is a Fair Yield—Late Rains Have Improved the Crop Outlook—Smith Company is Digging an Irrigation Ditch.

Ridge, June 27.—Sam Nelson and John Luck are reported to have passed through here this week with a small bunch of fine cattle, en route for their mountain range.

W. E. Baker and his mother, Mrs. J. Baker, and sister, Miss Bertie, made a visit to friends around Gardane this week.

James Kinney started for his sheep camp out near the Lehman Springs, Thursday.

Thomas Ogle was a visitor in Pilot Rock and vicinity this week.

Mr. and Mrs. Newton Rourke, of Birch Creek, are reported to have sold their farm at a fair figure.

M. L. Peterson, of Warrenton, is visiting at the home of his daughter, Mrs. B. Hinkle.

Clarence Morse, of Makay, was visiting at his father's and brother's home in Pilot Rock this week.

Fred Wilson, of Birch Creek, is moving his large rye crop, having two mowers and a combine at work.

W. W. Harrah, of Wild Horse, is on his stock farm on Olcott creek looking after his interests this week.

A. N. Linderwood, of Pilot Rock, made a trip to John Day a short time ago.

C. H. Horseman, of Gurdane, was transacting business in this part today.

The Fletcher Bros. are building a fine hog pasture out of panels.

The J. E. Smith Co. is constructing a fine irrigating ditch coming out on Ridge creek and running down on the Jones farm, owned by them.

H. F. Harrah and his sons-in-law, of Birch Creek, have disposed of the farm of 600 acres at a fair price to F. E. Sherman, of Warren. This firm are also reported to have invented a rig to place on a moving machine that takes the grain, it is reported to be a success and is said to not only save the expense of a hay rake, but takes up all the grain clean and does not gather any clods or the like. L. E. Roy, the Pilot Rock blacksmith, is turning out these machines for said firm, who applied for a patent thereon.

Your reporter was a visitor in the vicinity of Pilot Rock Friday, while on this trip he observed that all of the first crop of alfalfa was mowed down and a part of it was already stacked.

Most of the first crop of alfalfa is stacked with a fairly good yield.

Charles Cunningham was interviewed at his large sheep ranch, and says his first crop of alfalfa was right, but he fears grasshoppers will get most too numerous for the next crop.

The J. E. Smith Co. and A. Waugh have not near finished stacking their alfalfa. The latter is using patent hay stackers.

Our weather has been moderate for the past few days. We had a nice lit shower Thursday evening. It has been cloudy most of the time, and every nice crop of alfalfa is coming out right along and it continues for two or three weeks, with a few good rains, most everyone will have a tolerable fair turnout.

HERPICIDE Destroy the Cause, you Remove the Effect Newbro's Herpicide kills the dandruff germ which causes falling hair, and, finally, baldness. No other hair preparation kills the dandruff germ. Stop dandruff, there'll be no falling hair, no baldness.

DICKINSON, N. D., Nov. 8, '35. There have been many Herpicide and Newbro's Herpicide users, and it is a fact that it does all that it claims to do. It kills the dandruff germ, and prevents the hair from falling out. It is the best hair restorer yet known. It keeps the hair soft and glossy. For sale at all First-Class Drug Stores.

PISO'S CURE FOR COUGHS, COLDS, BRONCHITIS, AND CONSUMPTION Best Cough Syrup, Throat Lozenges, and all the latest in throat and lung medicine. Sold by all First-Class Drug Stores.

CROP PROSPECTS

ATHENA DISTRICT WILL YIELD MORE THAN LAST YEAR.

Fall Grain Will Probably Average 33 Spring Grain 22—Corn Acreage Increased 30 Per Cent—Barley Acreage Large.

J. Swart, O. R. N. agent at Athena, who is in close touch with the wheat crop situation in that locality has made a study of the conditions this year, and in his reports to the officials of the company, places the prospective yield on territory tributary to Athena at 22,000 bushels for this season, against 20,000 in 1932.

These estimates are based on undoubted facts, which he has gathered from actual contact with the farmers and from close observation.

The wheat crop in the Athena and Weston district has suffered largely from "lodging" or fallen grain in past years. This loss was occasioned by the heavy straw falling down from its own weight and being beaten down by wind.

This difficulty is entirely absent this year. The straw is not heavy and rank, but is short and stout, and all the grain and the heads are well filled with extraordinarily plump grain.

There will be no lodged grain in the entire spring wheat belt this season. The cold spring weather held back the growing grain, until it could not possibly attain the dangerous height at the same time the growing weather since the rain came, has filled the heads and strengthened the straw sufficient for good crops.

The yield of fall wheat in that district is conservatively estimated at 33 bushels per acre and of spring sown grain 22. The acreage of fall grain is about 800 acres greater than last year, and the acreage of spring grain is about 1,000 acres greater. The yield of the district will be at least 33 bushels.

On the light soil farther back, the yield will be lighter and some of the foothill crops will not come up to last year's yield.

The yield of corn in the Athena and Weston district is 30 per cent greater than last year and the prospects now are excellent. The corn crop in this district is the Dakota Yellow Dent, and was introduced by C. R. Judson, industrial agent of the O. R. N. It is a hardy, rugged kind of corn, and will grow during the

THE WHEAT MARKET

T. G. MONTGOMERY READILY EXPRESSES HIS OPINION.

Thinks the Crop Will Only Be Two-Thirds as Heavy as Last Year—Prices Will Stay Up—Old Wheat Now in Demand.

Since wheat is the general topic of discussion in this part of the country at the present time and the majority of the men that one meets has some idea on the subject and they all differ, one of the large buyers of the country, T. G. Montgomery, was asked what he thought of the question yesterday evening, and in some of the phases of the argument he differs from many of those who have expressed themselves as to the coming crop and the prices of this season.

"Wheat at the present time has a strong market, but all of the demand is for old wheat and there is no effort being made to contract for the new crop," said Mr. Montgomery.

"The mills want wheat now for their flour and they want old wheat, not new. In order to get this they will pay as high as 65 cents for the cereal but they will not go any higher, at least not at this time."

"New wheat, if it were in the market, would bring from 60 to 65 cents, but there is no demand for it. The farmers will not contract for a low price and since those who would contract do so, for the purpose of gain, the farmers hold out and wait until the grain is threshed before they attempt to sell."

"Even when the new crop comes in the buyers from the camp of the millers will want to mix the new with the old for they cannot make flour out of the green wheat used alone. So that when the market does open there is not a great deal of danger that the prices will be so high that the wheat will be out of the reach of the average man, for it will quickly settle down to the export price and stay there, perhaps, in the vicinity of 65 cents, though it may go a little higher or a little lower, though the latter is not likely."

"The idea that there will be a good crop is a fallacy for all of the indications and estimates point to a less yield than the county had last year. The county will give two-thirds as many bushels as was harvested last year, but it will not go above that. What wheat there is shown to be of a good quality, with the heads large

and firm, but short of stalk and straw.

"With this weather the yield may be increased a little, or at least the heads will fill better, but it is now too late for the weather to do much in that direction, and the heads are formed and the kernels have attained their maturity only waiting for the ripening which is near at hand."

"While the market is firm and the crop is not a failure, wheat might be higher and a great deal heavier."

NORRIS AND ROWE. Many New and Attractive Features Added to This Great Show.

Norris & Rowe's new big shows will appear in Pendleton Tuesday, July 7, under their enormous tents, which will be located opposite the baseball grounds.

Performances will be given at 2 and 8 p. m. Norris & Rowe's big shows are nearly double the size of last season and many new features have been added, including one of the most prominent troupe of acrobats in the country, Fargo, Duke and Dutchess, the dwarf elephants, have been taught many new acts which are wonderful and the educated seals are appearing in new and novel feats of skill.

A funny clown band and a large hippodrome track, upon which all kinds of races and Olympic games and pastimes take place, are also new special features. A grand free street parade will be given at 11 o'clock on the morning of the exhibition at which time the entire company and over 500 animals will be seen.

In the first week of May the temperature in some parts of India rose to 114 degrees in the shade.

SUMMER COLDS

Produce Chronic Catarrh.

Madame Isabella Ellen Bares, Life Governor Grand Lodge of Free Masons of England, in a letter from Hotel Baranoga, Chicago, Ill., says:

"This summer while traveling I contracted a most persistent and annoying cold. My head ached, my eyes and nose seemed constantly running, my lungs were sore and I lost my appetite, health and good spirits. Doctors prescribed for me all manner of pills and powders, but all to no purpose."

"I advised with a druggist and he spoke so highly of a medicine called Peruna, that he induced me to try my first bottle of patent medicine. However, it proved such a help to me that I soon purchased another bottle and kept on until I was entirely well."—Madame Isabella Ellen Bares.

Summer colds require prompt treatment. They are always grave, and sometimes dangerous. The promptness and safety with which Peruna acts in these cases has saved many lives. A large dose of Peruna should be taken at the first appearance of a cold in summer, followed by small and frequent doses. There is no other remedy that medical science can furnish, so reliable and quick in its action as Peruna.

Address The Peruna Medicine Company, Columbus, Ohio, for a free book entitled "Summer Catarrh," which treats of the catarrhal diseases peculiar to summer.

The Oregon Daily Journal can be found on sale at Frazier's book store.

INDEPENDENT ORDER OF LIONS

Most Progressive Fraternal Order on the Coast

A Portland Organization backed by Portland men, and countenanced and supported by more than 4,000 Portland men and women, now members.

A little more than two years old, and has issued MORE THAN 5,000 CERTIFICATES!

HAS PAID MORE THAN \$10,000 in sick and accident benefits to its members.

PAYS Death, Sick, Accident, and Funeral Benefits under ONE Certificate

GOOD MEN and WOMEN, with or without experience, WANTED as ORGANIZERS

P. A. McPHERSON, Supreme President. ALEX SWEET, Supreme Secretary.

STORY OF THE ORDER BRIEFLY TOLD

Multnomah county for four years. Dr. H. R. Biersdorf, one of the prominent practitioners of Portland, presiding city health officer, and former house surgeon at St. Vincent's hospital, is Supreme Medical Director. Hon. J. M. Long, former city attorney of Portland, is Supreme Lecturer and legal adviser, while Hon. George E. Campbell, present governor of Oregon, is Supreme Auditor. Among the other officers and directors are John T. Wilson, auctioneer and commission merchant; Charles W. Miller, attorney at law and ex-school director of Portland; P. O. Downing, of Downing, Hopkins & Co.; E. A. Baldwin, president of the United Printing Co.; J. H. Ackerman, state superintendent of public instruction; Charles B. Moore, Register of the United States Land Office.

These are all names in whom the people have entire confidence and besides being a guarantee of strength, stability and perpetuity, they stamp the order as a home institution, in which Oregon people should take extra pride.

The Order of Lions is organized for the purpose of associating together all acceptable white persons between the ages of 18 and 55 years for mutual improvement, social enjoyment, fraternal helpfulness and the protection of themselves and their loved ones. For convenience and the better promotion of the social and fraternal virtues, its members are organized in lodges in every locality where a sufficient number are secured to maintain proper administration, and these subordinate lodges form the gateways to the order, through which admittance is either gained or refused, accordance with the character of the applicant.

The Order of Lions provides a system for assisting its members during illness when suffering from sickness or accident, and for protecting
