#### The Wheat Trade.

Portland, July 16 .- The wheat market remains very inactive and there is nothing doing in the way of export. Several vessels are in port loading wheat and flour for foreign account. and some good size parcels have gone to California, since the beginning of this month. On Puget Sound there is a decided dullness manifested, as there are no vessels on spot for load ing grain. The wheat trade will have quite a spell of dullness. Crop reports show but little change over our previous advices, and it is hardly ada forecast at what the size of the crop will be. From the most conservative people in the trade in the interior, we have advices estimating a decrease of fully 20 to 25 per cent of that of one year ago. Club, 77c, blue stem. friends for a few weeks. 80c and valley 78c per bushel.

Flour-This market shows but little change from that of a week ago, offers are received daily by cable, from different sections but prices quoted are not satisfactory to most millers. and the same is rejected. The demand from Japan has not as yet fallen off, and several good sized cargoes slow, as stocks are not decreasing more return to Pendleton very fast, but the outlook is very fa vorable for some heavy shipments in

September. California is receiving its usual weekly shipments, and as new wheat is being marketed there the demand from there will not be very large from now on. The mills
