## COMMERCE - TRADE

FRUITS ARE CHEAPER,  
BUT FEW OTHER CHANGES.

Cattle Market Very Dull. With Low Prices Prevailing—Sweet Potatoes Are Now a Staple—Butter Costs a Little More Than a Week Ago.

There is no change in the market, as far as the fruit conditions are concerned. With the exception of the fall of one or two of the fruits, which is consequent on the plentiful supply, there has been no change in the price list over that of last week.

Sweet potatoes are in the retail market at 5 cents for a pound, and the specimens that have come in so far are good to look on, and sweet to the taste.

In the cattle market there is nothing doing so far as any change in the price is concerned. The quotations are low, but the growers are of the opinion that the stock must be sold in view of the scarcity of feed and the large numbers of herds that are ranging over the exhausted pasture land, and are letting their stock go as the dealers will.

**Wool Markets.**  
Boston, Sept. 3.—While the wool market in general has been fairly quiet this week, there were some good sales of territory wools. Prices are generally firm, and while dealers may not get out of the market as early as they would like, there is no disposition manifest to make concessions, as they declare that prices are as low as the wool can be sold at a reasonable profit.

Quotations: Territory, Idaho, fine, 14 to 15¢; medium fine, 16 1/2 to 17 1/2¢; medium, 18 to 19¢; Wyoming, fine, 14 to 15¢; fine medium, 16 1/2 to 17 1/2¢; medium, 18 to 19¢; Utah and Nevada, fine, 15 to 16¢; fine medium, 17 to 17 1/2¢; medium, 18 to 20¢; Montana, fine, choice, 21 to 22¢; medium choice, 20 to 21¢; staple, 20 to 21¢; medium choice, 21 to 22¢.

tion for divorce against her husband, Robert Hudspeth. The plaintiff alleges in her complaint that she and the defendant were married at Athena, November 18, 1890, and that ever since that time she has been the victim of abuse on the part of the defendant, a good and dutiful wife. There are three children the fruit of the union—Mabel, aged 12, Lephew, aged 10, and Grover, aged 9, the latter being in the custody of the defendant. Cruel and inhuman treatment is the plea of the plaintiff, who alleges a course of varied and unnatural abuse on the part of the defendant and asks the court for a divorce dissolving the bonds of matrimony now in existence, and awarding to the care and custody of the plaintiff the minor children, the issue of the marriage.

**HOLD-UP AT UMATILLA.**  
Old and Deaf and Dumb Man is Robbed of \$10.

Passengers who claim in this morning brought information of the robbery of a deaf mute at Umatilla early Tuesday evening. The poor man had been hauling coal for the O. R. & N. Company and had just received his pay. As he was passing through the yards he was attacked by two men. One of the thugs grabbed him by the throat and tumbled him to the ground, while the other man went through his pockets.

Although he could not speak, it was learned from his sign that he had lost about \$10, and that the men after they had committed the robbery made their escape in the sage brush. Later in the evening two men were arrested, but the old man could not identify them. When they were brought before him he shook his head, while the tears ran down his cheeks. The money which was taken from him was all he had. He has no relatives here and his name is not known. He came to Umatilla some time ago.

## NOTES FROM ECHO

### LEWISTON MAN LOOKING AFTER HIS INVESTMENTS.

Mrs. Canfield and Daughter Will Return Soon to Reside—Ex-Postmaster of Echo is Here on a Visit—Packing Company Making Changes.

Echo, Ore., Sept. 2.—W. H. Skinner, of Lewiston, Idaho, one of the parties interested in the purchase recently made of the Sparger property, came down this morning to look after his interests here. It is the idea of this company to develop quite a stock ranch of this property, and they will no doubt make it a dividend payer, as they are practical irrigators and business men as well.

Mrs. R. Canfield and daughter, Helen, came in this morning from a visit to their old home in Ohio. They also visited Chicago, Denver and Salt Lake City. They departed for Lewiston this evening, after which they will return and take up their residence here.

The American Hare Packing Company are moving the butcher shop into their new plant today.

Mr. Andrews, a former merchant and postmaster at this place, is here after an absence of several years. He expresses himself as surprised at Echo's growth.

**SERIOUSLY CUT ON A BARBED WIRE FENCE.**  
Death of Mrs. Martha Wallace—Located in Payette Valley—Mrs. E. R. Cox Appointed on Lewis and Clark Committee—Rev. Sias Has Gone to Crook County—Many Goings and Comings Among Athena People.

Athena, Ore., Sept. 3.—Saturday night, while driving home from town, S. P. Purdy met with a very painful accident. His horse became fractious, and throwing him out of the rig he struck a barbed wire fence, receiving a nasty laceration cut, extending both below and above the eye. Dr. Sharp dressed Mr. Purdy's wound and found it necessary to take 11 stitches.

Miss Grace McElroy will soon start for Baker county, where she will teach a six-month term of school. Samuel Roebert went over to Bingham Springs Thursday to see his wife, and finding his wife sick sent her home on the train. She contracted the neuralgia, which settled in her jaw. She had to take chloroform to have one of her teeth extracted. She is some better at present.

Mrs. O. M. Castleman of La Grande, is here visiting her son, Mr. Sias, who is an absolute divorcee and the care and custody of William T. Martha 1, Alma and Walter B. Case, children of the parties.

**A Boy's Wild Ride for Life.**  
With family around expecting him to die, and a son riding for life, 18 miles to get Dr. King's New Discovery, a boy named William H. Brown, of Leesville, Ind., endured death's agonies from asthma, but this wonderful medicine gave instant relief and soon cured him. He writes: "I now feel sound and every night." Like marvelous cures of consumption, pneumonia, bronchitis, coughs, colds and grip, prove they are holding their own in the throat and lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at Tallman & Co's drug store.

**FELL THIRTY-FIVE FEET.**  
Little Girl's Leg Broken and Her Face Lacerated—Recovery Doubtful.

This morning while playing on the brink of a steep hill near Pilot Rock, Grace, the 8-year-old daughter of Henry McReynolds, lost her balance and fell down the steep bank to the gulch below. At the point where the little girl fell the hill is fifty feet high, and in the fall she broke one of her legs just above the knee, and her face was lacerated her face in a horrible manner.

The child was removed to the City Hotel and her injuries attended to, but at this time it is thought that she will not be able to walk without the shock. Henry McReynolds, the father of the child, came to Pilot Rock from Ukiah about a couple of weeks ago to take charge of the hotel at that place.

**Where Racing Will Be Good.**  
Visitors to the Oregon state fair this fall will witness the greatest racing ever seen in the state. Salem business men have raised a purse of \$2,000 for 217 pacers to be raced for on Salem day, which has 30 horses entered. These horses are from the best stables of California, Washington, Idaho, California and Montana, and it is expected at least 20 of them will start, furnishing the largest field of pacers ever seen in the state. The purse on the Pacific coast. Portland, Ore., has contributed a purse of \$2,000 for 220 trotters to be raced for on Portland day. This race has 27 horses entered, of which most of them will start, making two of the greatest racing events ever held this side of the Rocky mountains. If you are fond of high-class racing, don't miss seeing these two events.

**Engineers Refuse to Take Risk.**  
Yesterday afternoon Engineers Oliver Drexler and J. J. Jones of the O. R. & N. were discharged at La Grande because they refused to go out when called, on engine 300, one of the freight compounds, for the reason that they considered the boiler unsafe. Since the explosion of the boiler at Weatherly, last Friday, the men have been more or less nervous and fear that the accident will be repeated on some of the engines which have been leaking badly. Engineers Allen and Nick Hiever were also called for the same engine, but were unable to go on account of sickness.

**Greatorex-North.**  
On Tuesday evening, September 1, at 8 o'clock, in the parlors of the Hotel Eastern, Mr. Burton R. North and Miss Inella M. Greatorex were united in the holy bonds of matrimony. Rev. E. B. Jones officiating. The bride and groom are both residents of Milton, and expect to make their future home there. The wedding was very quiet and informal, there being present only a few relatives and friends of the contracting parties. The wedding party will remain at the Hotel Eastern until tomorrow, when they will return to Milton.

**CROP ESTIMATE.**  
Grain Yield in Walla Walla and Columbia Counties.

Reports from agents on grain in Walla Walla and Columbia counties indicate that former estimates are approximately correct, says the Walla Walla Union. The barley yield in Columbia county will average about 40 bushels per acre and wheat from 35 to 45 bushels per acre. About 80 per cent of the Columbia county crop is barley. The high price at which the first sales were made has prevented

## WHEAT NEARLY IN

### ONE HUNDRED TWENTY THOUSAND BUSHELS.

Farmers are independent and have succeeded in pulling the market for keeps—Barley Commands One Cent a Pound—Wheat in Warehouses Being Held for Advance.

Today has been the dulllest in the wheat hauling business so far this season. The Byers mill has not had enough to keep the men warm. At the warehouses it has been the same way, and it seems that the men for some reason are taking a lay-off from the hard work of the past few weeks or so.

The fact of the matter is that most of the wheat is already in the mills and the warehouses and the farmers are not hauling, for the reason that they have nothing to haul. It is said by the warehouse men that the end of the coming week will see practically all of the grain that will be hauled to the warehouses and the mills in the buildings, and the hauling season at an end. The men of the country are not hauling, and the farmers are not hauling, for the reason that they have nothing to haul.
