ARE SHIPPING SHEEP
 IDAHO SHEEPMEN PROFIT BY PAST EXPERIENCE.
 About 60 Per Cent of the Number Kept Last Winter Will Be Held Over This Year—Everything Sold Over That Was Fit to Ship.
 S. E. Todd, of Shoshone, Idaho, talking to the Boise Statesman, on the sheep situation in that state says that only about 60 per cent of the number held over last year will be kept this winter.
 Many of the large owners lost heavily last winter, and the old hay crop, which had been on hand for years, was completely fed out, leaving nothing but this year's crop to feed on this winter, and if a hard winter should come, there would be even greater suffering than last year, if the herds were not cut down greatly.
 With this fact in view the sheepmen are shipping out everything that will pass the exactions of the market, and the winter will find the number of sheep in the state of Idaho about 40 per cent less than last year. The hay crop has been excellent, but it was also excellent last year, and it was cleaned up completely with thousands of tons of old hay in addition, which is not to be found in the country this year.
 The price of sheep is not what Idaho sheepmen would like very much to see. However, they realize that it is a season to hold on longer, for the shipping season will soon be over, and the country will not support the number of sheep now on hand.
 Over 1,200 cars of sheep have been shipped out from Bialne county alone, over the Wood River branch, and as many more from Elmore, and Bannock counties. Over 1,000,000 have been marketed this fall.
 Mr. Todd says the fall range all over Idaho is in excellent condition and the hay crop good. Aside from a small loss of sheep in the mountains, from some poisonous weed, this season has been very favorable for the sheepmen, and with a reduced number of sheep on the ranges this winter, and sufficient amount of hay to keep them safely, through any kind of a winter their condition is satisfactory.

HOSEHOLD CARES.
 Tax the Women of Pendleton the Same as Elsewhere.
 Hard to attend to household duties. With a constantly aching back, a woman should not have a bad back.
 And she wouldn't if the kidneys were well.
 Doan's Kidney Pills make well kidneys.
 Here is a Pendleton woman who indorses this claim:
 Mrs. George Hays, living at No. 223 1/2 14th street, corner of West Bluff street, says: "I can recommend Doan's Kidney Pills to all sufferers from backache and other kidney troubles, with utmost confidence that they will do everything that has been claimed for them by those who have used them as well as by the makers. The trouble for which I used them was principally backache, with which I had been bothered off and on for a long time. It hurt me badly when I stooped to do any household work, and caused a strain on the back. I read an advertisement about Doan's Kidney Pills and decided to try them. Feeling that they could do no harm, even if they did nothing, I got a box in the store of Brock & McComas, and used only one box, as that was sufficient to relieve me. The backache and I have not felt since."
 For sale by all dealers. Price 50 cents per box. Foster Milburn Co., Buffalo, N. Y., sole agents for the United States.

 FOR THREAT TO KILL.
 George Johnson, of Meacham, is Held to Circuit Court on Serious Charge.
 George Johnson, of Meacham, was charged with threatening to shoot George Curran as the result of a quarrel over some sheep. It is alleged that Johnson shot Curran's dog and threatened to shoot Curran. The row occurred on the 10th. Judge Fitz Gerald held Johnson for trial in the sum of \$250. Prosecuting Attorney Halley will file a motion for his trial directly in the circuit court, thus dispensing with a preliminary hearing in the Justice's court.

IRRIGATION LEADS
 W. T. SHAW OF FREEWATER ENTHUSIASTIC IRRIGATOR.
 Says His District Will Send Good Exhibit—Thinks the West is Now at the Dawn of Her Best Industrial Era—Is Familiar With Blue Mountain Reservoir Site.
 W. T. Shaw, a member of the Milton and Freewater Ditch company, and one of the delegates from Freewater to the Ogden Irrigation Congress, was in the city yesterday evening, and expressed himself as being highly pleased with the prospects for a resolution of the State Irrigation Association in this city next month.
 Mr. Shaw is an enthusiastic irrigator, and a practical one, in the best sense of the word. He has witnessed the transformation of a cheap land, that was once considered worthless, in portions of Umatilla county, into growing orchards, alfalfa fields and wheat fields worth all the way from \$50 to \$200 per acre.
 This transformation is enough to make a man enthusiastic, Mr. Shaw thinks, and his enthusiasm is contagious.
 In regard to the program for the coming meeting, he favors the introduction of the greatest number of actual irrigators. He thinks the story of the actual reclamation of the arid soil, is the best one that can be told in favor of the cause. He thinks anything that will tend to bring the people together, in a clearer understanding of the meaning of irrigation, is a necessary part of every program, dealing with the subject.
 Mr. Shaw says a fine fruit exhibit can be collected in the Freewater and Milton districts, and that the citizens will take pleasure in sending everything in the fruit, vegetable and grain lines, which might add to the interest of the meeting.
 Aside from farming and improving his land, Mr. Shaw is a busy and industrious student of the science of irrigation, and has made examinations of the reservoir sites and storage facilities of the Blue mountains, and has located and surveyed mountain storage reservoirs, on the headwaters of the Walla Walla river and the various streams coming down the west slope of the Blue mountains, which would hold sufficient water to furnish every farm tributary to those streams, during the entire season, with nothing but the stored flood water of the spring.
 He thinks that the West is just now at the dawn of one of the most splendid ages, known to man. He looks forward to the time when the government will undertake, on the largest possible scale, the construction of great reservoir systems, high up in the snow belts, and the building of great carrying canals, from those reservoirs, to the farming community, below, so that every foot of arid land may be supplied in the time of need and the idle population of the country, will be employed in agriculture, stock raising, and fruit culture, instead of crowding into the dense centers and oppressive streets of the great cities.
 In his opinion these irrigation meetings and the agencies by which this splendid condition will be gradually realized.

UNITED STATES SENATOR THURSTON,
 The Brilliant Statesman from Nebraska, Makes an Important Public Utterance.
 Interior of the United States Senate Chamber.
 Ex-Senator John M. Thurston, of Omaha, Nebraska, is one of the most prominent and influential men in the country. He made the speech nominating President McKinley at the St. Louis convention, and was made permanent Chairman of this convention. He is also made Chairman of the convention that renominated President McKinley at Philadelphia. He was appointed by President McKinley to be Chairman of the St. Louis Exposition Commission.
 This prominent gentleman recently wrote the following letter to The Peruna Medicine Co., Columbus, Ohio:
 Washington, D. C., April 6, 1901.
 "I have used Peruna at various times during the past year or two with most satisfactory results."
 "It entirely relieved me from an irritating cough—the result of excessive effort in the presidential campaign, and I am a firm believer in its efficacy for any such trouble."
 Jno. M. Thurston.
 Internal remedy for catarrh. There are practically no medicinal rivals in the field.
 Peruna is not a local application or temporary relief; it is a permanent cure. Peruna is a systemic remedy. It eradicates catarrh from the system. It cures catarrh wherever located. Its cures are radical and lasting.
 Fritz Vollmer, President Schwabacher Sauerbrey Co., Chicago, in a recent letter to The Peruna Medicine Co., says:
 "My voice was so badly affected from catarrh that I was afraid I would lose it entirely. I read of some of the wonderful things your Peruna would do and thought it advisable to try some myself. I am pleased to state that in a very short time I was cured."
 Fritz Vollmer.

WOOD FAMINE THREATENED.
 Walla Walla is Paying Highest Price in Years for Fuel.
 From the present indications it will cost the people of Walla Walla a small amount of money to keep warm during the coming winter, says the Walla Walla Statesman. The prices of fuel are increasing at a rapid rate and those who did not lay in a good supply of wood during the summer will now have to pay fancy prices for heating material.
 The local dealers are asking \$5.50 per cord for sawed wood and \$6 for four-foot lengths. Large lots of the latter, however, are being delivered at prices ranging from \$5.50 to \$5.75.
 Eugene Hauck had 2,500 cords engaged from Hood River parties, which was to be delivered here during the present month, but several days ago the entire lot was carried into the Columbia river by a flood. Mr. Tauck has just returned from Hood River, where he placed another order with a firm for as large a supply as he can get.

NEWS OF ATHENA
 Mrs. Legerwood, Ukiah, Dies Suddenly.
 She Crossed the Plains in the Early Sixties—She Suffered a Long Time From a Cancer—Jim Wilkes, of Pendleton, Purchases a Shoe Store—S. C. Kilgore, Sells a Large Amount of Barley at a Cent Per Pound.
 Athena, Oct. 11.—William Simon, accompanied by his wife and daughters, Zophia and Celia, of Ridge, is visiting at the home of his son, T. H. Simon. They report the sudden death of Miss Elizabeth Legerwood, of Ukiah. She came across the plains in the early sixties and lived at Ridge until about five years ago, when she moved to Ukiah and remained until her death. She lived to the good old age of about 74 years, and for the past 10 or 15 years she has been afflicted with a cancer which gathered around her neck, a mass of beads. She leaves two brothers, Samuel Legerwood, of Ukiah, and John Legerwood, of Long Creek, and their families, and the loss of a dear sister and loving aunt, besides a host of friends. She was buried in the Ukiah cemetery the 8th.

RIDGE AND VICINITY
 ELEVEN HUNDRED FINE YOUNG EWES WERE SOLD.
 Return of the Cate Family From Wallawa County—Man Seriously Lamed From Cutting an Ankle With an Ax—Big Sale of Sheep to Cunningham.
 Ridge, Oct. 10.—The Pharrwald Bros. sold their ewes to J. H. Rust for a fair price this week. There were something over 1,100 head, all fine young ewes.
 Many in our neighborhood have already done their fall feeding, and it looks nice from the recent rains.
 Mr. and Mrs. C. R. Gale and family recently returned from their home a few days ago after a long visit with their daughter and family, Mrs. John Doherty, of Wallawa county. The trip was traversed by team, much to the benefit of the health of the party, especially that of Mrs. Gale, who has been ailing for some time.
 Miss Mary E. Whitaker has returned from a visit to Spokane, where she has many relations.
 James Kinney is reported to have sold his sheep to Charles Cunningham, and then to have arranged to ship some sheep to Chicago for Cunningham also, in a short time.
 Calvin Ogil, of Huron, Wash. has been visiting his uncle, E. F. Ogil, at Athena, is now visiting Thomas Ogil and J. T. Ogil, of this place.
 G. W. Linseier is in from his John ranch looking after business.
 Mr. and Mrs. J. S. Gulliford and family, of Vinson, are visiting relatives and friends in the vicinity of Athena, at present.
 P. E. Fletcher, who stabled an ankle with an ax some time ago, had the misfortune to hurt it again, and is now being treated at the Last Chance saloon, on Main street, and passed a check for \$3 on the bartender. The check was purported to be signed by Dave Ellsworth, and was drawn in favor of Thomas Alden. The bartender honored the paper and the man left with the money, but was soon caught.
 H. M. Kennedy, the bartender at the saloon, testified that the check had been given to him by the defendant and that the money had been paid to H. Pat Hartley, who was in the saloon at the time, had vouched for the defendant, Anderson, otherwise the witness would not have paid the money.
