Archers.

Love and Death are both depicted as arch-ers. When Love sets

friends, has returned home.

W. W. Dorothy, who has been here on business, has gone back to his home at Northport. His sister, Miss Minnie, accompanied him and will spend the winter there.

Mrs. Nathan K. Buck took her departure Sunday morning for Spokane after a few days visit with her aunt, in the leaves the suffering woman to creep through life like a tion. woman to creep through life like a broken-winged bird.

Why does love lead to suffering?

Many a woman has asked that question piteously and passionately. She has for-eaken father and mother to cleave unto

band in the belief that so she was

saken father and mother to cleave unto her husband in the belief that so she was achieving woman's highest happiness. But instead of happiness she has found misery, struggled with it until struggle seemed useless, and at last has come to accept her misery as the "cross" laid upon women who love and marry.

There is no real reason why almost every wife and mother should not enjoy sound health. The causes of her misery hie in diseases which affect the delicate, womanly organism. Disagreeable drains are carrying away the vital force. Infammation has lighted its fire for slow torment. Ulceration is eating into the tender tissues. Female weakness is making life a daily martyrdom. Is it any wonder that the nerves are racked, that appetite fails, and night, which should bring rest, brings only restless and troubled dreams?

Dr. Pierce's Pavorite Prescription cures the womanly diseases which undermine the general health. It dries the drains, puts out the fire of inflammation, heals the ulcerated tissues and cures female weakness. In a word, it makes weak women strong and sick women well.

"Favorite Prescription" is a true temperance medicine. It contains no alcehol, neither opium, cocaine, or other narcotic. Sick and ailing women are invited to consult Dr. Pierce by letter, free of charge. All correspondence strictly private and sacredly confidential. In a little more than thirty years Dr. Pierce, assisted by his staff of nearly a coord physicians, has treated and cured over half a million women. Write, without fear or fee, to Dr. R. V. Pierce, chief of heavily a correct of physicians, has treated and cured over half a million women. Write, without fear or fee, to Dr. R. V. Pierce, chief are million women. Write, without fear or fee, to Dr. R. V. Pierce, chief and the proper of the late He S. Thomson. half a million women. Write, without fear or fee, to Dr. R. V. Pierce, chief consulting physician to the Invalida' Ho-tel and Surgical Institute, Buffalo, N. Y.

"It is with feelings of sincere gratitude that I again write to you," says Mrs. Harry A. Brows, of Orono, Penobscot County, Maine. "I wrote to you concerning my health last Spring (I think it was in June), and you advised me to take your Favorite Prescription' and 'Golden Medical Discovery,' which I did according to directions, and continued taking them for few months. I took nine bottles of 'Pavorite Prescription,' six of 'Golden Medical Discovery,' and four vials of Dr. Pierce's Pellets, My disease was displacement and ulceration of the uterus, and I was in a terrible condition with pain and weakness, and had given up all hopes of ever being well again. Had doctored with four different doctors within four months, and instead of getting better was growing weaker all the time. I decided to try your medicines, as I had heard of the many circus resulting from their we. I bought five bottles and felt so much better after using them that I kept on until I am as well as ever in my life, and to Dr. Pierce all the praise is due.

"Below I began taking your medicine I only weighed 120 pounds. I now weigh 160 pounds. I gained forty pounds in six months. I shall write to Dr. Pierce every time. I am now in perfect health, thanks to Dr. Pierce.

CONDITIONS FAVORABLE FOR STOCK OF ALL KINDS.

Sheep Will Winter in Good Shape Over There, as There Was a Good Crop of Forage and Hay-Grass hoppers Have Developed Into a Formidable Pest

Ed Day and Tom Morgan, two o he old-time stockmen of this part on their way to their homes in Hepp

sheepraisers in Morrow and Grant county, and are well pleased with the ondition of things in their part of the country. They say that there is plenty of grass and feed for their flocks during the coming winter and that the sheep will come out of th cold weather in good shape.

Good Hay and Forage Crops, The season has been a good one hat part of the state, and there ha been a good crop of hay and feed harvested. There is no scarcity or account of climate but the grass loppers have played havoc with the alfalfa crops in places. The pests have come in vast waves and have taken all the green things growing where they rested. Oscar Minor one of the residents of that district has hit on a novel way of getting

rid of the "hoppers."

He has noticed that around the barns and close to the houses, where the chickens run, the grasshoppers do not last long. Next season he will get a large number of chickens and put them in coops around his alfal-fa fields. The chickens will range around the coops and eat the grass-hoppers as fast as they come to the country, and after they are all gone Mr. Morgan will be able to sell the chickens for as much as he paid for them and will thus be rid of the grasshoppers at no cost and will save his
