Entered at Pendleton postoffice as second class matter.

When'er we see a fellow-man arise above the crowd, While we against the hardships pound and buck, We're apt to feel dejected and dissatisfied with life, And marvel at the other fellow's luck.

If the chain of land frauds unearthed in Oregon courts recently, is followed up and titles investigated rigidly, it is safe to say that there will be more vacant land in Eastern Oregon a year hence than there is today.

The shippers who are censuring the Southern Pacific because it is unable to furnish cars enough to handle all the products as rapidly as it should, forget that the company has kept empty cars standing on side tracks in full times in the past, for lack of products to fill them.

A farmers' institute should be held in Pendleton some time this winter. There are several important subjects that would properly come before such a meeting.

Secretary Hitchcock reported to congress yesterday on the reclamation department for the past year, without suggesting any changes in the national irrigation law.

There will be objections to the formation of the Little Walls Walla Irrigation district on December 21, but if the interest of all the people and all the land area in the proposed district is rightly considered, there should not be.

The value of manufactured products in the state of Oregon increased from \$46,000,587 in 1900, to \$83,537,000 in 1903. The value of manufacturing plants in the state at the close of 1903 is \$43,000,000 and the value of those in Portland is \$32,000,000.

of the year, the value of the agricultural crops for the year amounts to \$76,000,000, livestock sales \$12,500,000, wool and mohair, \$3,000,000, butter, cheese and milk, \$4,200,000, fruit, 3,000,000, gold, silver, borax and coal, \$2,000,000, making a grand total value of Oregon products for the year of \$208,000,000.

The people of Eastern Oregon do not appreciate the wonderful riches which lie sealed up in the Heppner coal fields. The beds are apparently inexhaustible, the country in which they lie is easy of access, the demand for the product greater than can be calculated in tons, and the possibilities of saving in the cost of fuel to the people is beyond computation.

As the curtains are pulled back, more and more of the utter rottenness of the land office practices in Oregon is disclosed. James H. Booth, receiver of the Roseburg land office, is a member of the Booth-Kelly Lumber Company, one of the greatest timber land corporations in the West.

The furry over the child labor law's application to children under 16, performing in theaters, has all blown over. The child labor commission and the theatrical managers met in Portland yesterday, interpreted the law, passed upon it, decided that it don't mean what it says, and opened the doors of the theaters to the little "tots."

The Dailies Chronicle pays the following compliment to the East Oregonian on its 28th birthday: "The East Oregonian, of Pendleton, celebrated the 28th anniversary of its existence yesterday. It was issued weekly for the first 12 years. The paper is well edited and reports in all its departments. We wish it continued success in the future, except in its political predictions, which are inclined to be towards democracy and the single-tax theory."

E. H. Harriman says Union Pacific trains will soon be run into Seattle. Evidently Jim Hill is not doing all the scheming on the Pacific Coast.

Starting out modestly, the Union packing house is killing about 75 hogs per week, and curing the meat for export. Mr. Foster, in charge of the work, is confident that he will produce a superior class of meat, and thinks there will be a ready sale for all he can cure—Union Scout.

"I am well now and enjoying better health than ever before in my whole life." This is the statement of a woman who had never been well until she was made well by the use of Dr. Pierce's Favorite Prescription. There are a great many other women in like case. They have always been sufferers from disease. They have never known the joy of perfect health.

Holidays USEFUL X'MAS PRESENTS At The Peoples Warehouse

Perhaps, gentle reader, you're rather weary reading these many advertisements. We really must apologize for the candle has been pretty well burnt at both ends. Nevertheless we feel that there is something we would like to say before Christmas, and so we say it. Pardon us this time. We now announce in detail for the last time the nature of the Free Gifts that are to be drawn 5 P. M. Thursday, Dec. 24. To some this seems unnecessary, for to them the prizes are well known. To others we wish them to know. To the fortunate ones any one of the prizes will be an immense X'mas Gift. Be sure you have some chances.

Gift Certificates To those undecided just what article would be most appropriate, a Gift Certificate will be just the thing. This permits the bearer to select exactly what she or he wants. Certificates for any amount, for anything in the store, and also for Kid Gloves alone. This saves time and worry and you are then sure that the recipient receives the gift most acceptable.

Right now is the time to select your Christmas Presents. 'Tis usually difficult for the men to know just what might please the ladies—'tis not always the largest sum that insures the most appropriate and acceptable gift. The PEOPLES WAREHOUSE pride themselves on the fact that they know what the ladies prefer. They have gotten up this list with the thought that it will be a reminder of many articles you would not have remembered. We do not claim that you can not get along without our aid, but we do claim that we can help you select that which will please the woman, the man and the child.
