## SKIN AND BLOOD **PURIFICATION**

**Cuticura Soap, Ointment** and Resolvent

Cleanse the Skin, Scalp and Blood

Of Torturing, Disfiguring Humours with Loss of Hair

WHEN ALL ELSE FAILS

Thousands of the world's best pecple have found instant relief and speedy cure by the use of Cuticura Resolvent, Ointment and Soap in the most torturing and disfiguring of itching. burning and scaly humours, eczemas, rashes, itchings and inflammations.

Thousands of tired, fretted mothers, of skin-tortured and disfigured bables, of all ages and conditions, have certified to almost miraculous cures by the Cuticura remedies when the best medical skill had falled to re-lieve, much less cure. Cuticura Treatment is local and con-

Cuticurs Treatment is local and con-stitutional — complete and perfect, pure, sweet and wholesome. Bathe the affected surfaces with Cuticurs Soap and hot water to cleanse the skin of crusts and scales and soften the thick-ened cuticle, dry without hard rubbing, and apply Cuticurs Ointment freely to allay itching, irritation and inflamma-tion, and soothe and heal, and lastly take Cuticurs Resolvent to cool and cleanse the blood, and put every funccleanse the blood, and put every function in a state of healthy activity.

More great cures of simple, scrotulous and hereditary humours are daily made by Cuticura remedies than by all other blood and skin remedies combined, a single set being often sufficient to cure the most distressing cases

R. & N. to the growers in this county that have been given to those of Union county. All points on the road can have the same privileges at this end

as a crop. If a field is put in beets after it has grown affalfa for a number of years, and then cultivated for

three times the price. The labor situation here is better than it is in the vicinity of La Grande, for here we have the Indians contiguous, and these same people

before the harvest as the Indians, and it is to them that the growers of Union county look for help. If the people of this county raised the beets in the fields of this county the Indians would be here to do the work, and the raisers could depend on them, The work there is done at so much an acre, so that the growers can keep
