

LICENSES TO WED

ONE HUNDRED AND EIGHTY.

FOUR ISSUED DURING 1903

Fees for Issuance of Same Amounted to About \$500—Ages Run from 15 to 75 Years—Two Chinese and Eight Indians Among the Applicants.

The marriage license business in the clerk's office for the year 1903 has been a rushing one, and more tickets were issued in that time than have been sent out of the office at any year in the past. There have been 184 licenses issued in the year, and all but two of the certificates have been returned, so that it is safe to say that 360 people in the county have been made happy by the clerk during the year, if not permanently so, for a time at least. The county has been enriched about \$500 by the fees the preachers and officers of the county who are permitted to perform the ceremonies have been put into possession of nearly twice that sum, and, sorry to say, the lawyers have also reaped a small harvest from one or two misadventured couples.

The ages of those applying for licenses have ranged from 15 to 75 years. There were two Chinese who took the American plan for the guidance of their future happiness, and eight Indians. One couple backed out after the issuance of the license and never married, and one preacher has forgotten to record the fact that he performed a marriage.

A romance is recorded in one instance, where a man married the widow left desolate by the death of his brother, and in another case two persons of the same name secured a license to wed.

The list of those who secured licenses during the year is as follows:

January. Neva Rodgers, Harold E. Bettin; Rose Kerich, Carl Gulott; Etta Touraille, Charles M. Lundy; Fanny A. Trask, Jesse V. Vester; John Brown, Charles M. FOR RIGHT-OF-WAY

STATE BOARD BEGINS ON

CECILIO CANAL ROUTE

Vill Confer With All Property Holders from Time to Time to Secure the Necessary Right of Way as Cheaply as Possible—Plans of the Route Fully Discussed.

A conference between the members of the state canal board and Major W. C. Langstaff, United States Engineer corps, was held yesterday afternoon for the purpose of ascertaining the rights of those who have property on the proposed route in the Dallas-Cecilio canal project, the United States government wants. Governor Chamberlain, Secretary of State Dunbar and Attorney General Crawford were present in the interest of the state and Major Langstaff and United States District Attorney Hall represented the government. Plans proposed by Major Langstaff, showing the proposed route of the canal, were discussed, and the difficulties incidental in securing the right of way by the state found to be nominal. Governor Chamberlain believes that only half the appropriation of \$100,000 furnished by the state need be expended in purchasing the right of way.

The proposed line of the canal is across the river than the boat railway would have been materially lessening the price which will have to be paid to the O. R. & N. company. A close investigation will be made by the state canal board as to the rights of J. H. Taffe, Evarling & Farrell and Seufert Bros, all of whom have property on the proposed canal route, but which is subject to high water mark of the Columbia river.

The state board will also confer with other owners along the route and with the O. R. & N. company, with a view of securing the various properties at as low a figure as possible. Other meetings will be held from time to time and at the next meeting District Attorney Hall will present a form of deed for transferring the right of way from the state to the government for the consideration of the state officials.

FARMER TALKS.

Tells His Experience With Medical Lake Sales for Others' Benefit.

Medical Lake Sales Mfg. Co., Spokane, Wash.

Dear Sirs—After suffering for two years from chronic diarrhoea, and four different physicians having failed to give me relief, I was induced to leave my Nebraska farm and come to Medical Lake, remaining at the doctor's for a couple of days and taking the time to read the medical literature. I started east to sell my farm and got my mail. Before going, however, I bought a pound package of Medical Lake Salts, dissolved them in water, I drank freely of it. In two weeks' time I was restored from a nearly dead condition to perfect health, and have so remained.

STATE TAX LEVY

AMOUNT NEEDED FOR

1904 IS \$1,225,000.

Of the Amount \$25,000 Goes to Agricultural College, \$250,000 to Lewis and Clark Funds—Large Amount of Funds Necessary on Account of Heavy Appropriation.

Salem, Jan. 4.—The state board of levy, consisting of Governor Chamberlain, Secretary of State Dunbar and Treasurer Moore, this morning made the annual tax levy for 1904.

The amount of revenue called for is \$1,225,000, and of this sum \$25,000 is for the Agricultural college, the remainder for the general expenses of the state and to pay the extraordinary appropriations provided for under special acts of the legislature. Marion county will pay of this amount the sum of \$75,000, as against \$46,758 last year. Umatilla county pays \$60,025, and is on the list of heavy taxpayers, Lane and Multnomah being the only two paying more.

The increase is explained by Secretary of State Dunbar to be owing to the fact that the legislature at the last regular and special sessions, which have to be provided for this year. They are:

- Cecilio canal \$100,000. Indian War veterans \$100,000. Lewis and Clark expedition \$250,000. Portage \$100,000. For these \$425,000 of extraordinary appropriations the levy would have been just half what it is, but these appropriations have been made, and the state will pay \$600,000 toward the expenses of the exposition.

UMATILLA COUNTY'S STATE TAX

Only Three Counties Pay More State Taxes Than Umatilla.

Umatilla county has the highest state taxes for the year 1904, or a total of 9490 of the entire state tax for this year, the same proportion of the total tax which she contributed in 1903.

Of this tax from Umatilla county, \$122,25 is raised for the state agricultural college and \$58,750 for general expenses. There are but three counties in the state paying more state taxes than Umatilla—Multnomah, \$282,587, Marion, \$259,957, and Linn, \$244,435. The county immediately following Umatilla on the list is Lane county with a state tax for the year amounting to \$95,556, and the next highest, Yamhill, with \$42,897 per annum.

While the total property valuation in the state has increased from \$148,600,000 in 1902 to about \$175,000,000 this year, it will be noticed that the state taxes have also raised, owing to the large appropriations of the last legislature. Umatilla county, with an assessed valuation of \$21,150,000 for 1903, pays the same proportion of the total state tax as she did in 1902, with \$5,423,900 valuation.

Laid Up for Winter.

J. S. Matthews and crew, of the O. R. & N. water service, have arrived in the city from Moscow and have been laid up for the winter. The outfit cars are stored away on the side track and the crew has been discharged. Mrs. Matthews, who has accompanied Mr. Matthews, will stay in the city during the winter, and will remain in the city during the winter.

Suit to Foreclose Lien.

The case of Andrew Miller vs. Sabina Leeca and J. H. Kootz was heard this afternoon in the circuit court. The action is brought by Mr. Miller to enforce the collection of money due him for work done on the sanatorium which is being built by Mr. Leech with the support of Mr. Kootz, and is brought to foreclose a mechanic's lien.

BUSINESS IN PORTLAND.

Junior Member of the Firm Was Once Principal of the Pendleton High School—Senior Member is L. B. Reeder, of This Place.

L. B. Reeder, of this city, has formed a partnership at law with W. H. Royal, of Olympia, and will move to Portland in the near future, where he will reside. Mr. Reeder has long been one of the leading lawyers of this city and his many business and social friends will be grieved to learn of his intention of leaving here.

Mr. Royal was the first principal of the high school that Pendleton had,

and made the school what it now is to a great extent. He has many warm friends in this city and vicinity, who will extend to him and to the new school the warm wishes for success in the metropolis.

Mr. Reeder will leave the city for Portland as soon as he is able to finish up his business interests in this section.

HOBBOES ARRESTED.

Charged With Robbing a Farm House Near Juniper.

Sheriff T. D. Taylor left this morning for Walla Walla, where he went to bring to the county jail a couple of hoboes who broke into the house of Peter Nelson, a farmer in the Juniper district, some time ago, and took from there some supplies and clothing.

The men were seen by someone as they came from the house and were followed to Walla Walla, where Deputy Sheriff Nave, the terror of the hoboes, put on their track and also, after a long chase, captured them and brought them to Walla Walla. It is not known whether the men got, but they were held on the request of Sheriff Taylor, who will return with them this evening to this city, where they will be held in the circuit court on a charge of robbery in a dwelling.

SNOW STORM GENERAL.

Umatilla County and Eastern Oregon Under a Foot of the Beautiful.

The snow storm which began in this city last night has been general all over the Eastern Oregon counties and especially over all portions of Umatilla county.

At Umatilla, trainmen report about six inches of snow, the largest fall recorded at that place for many years. Bingham Springs reports one foot this evening. Weston about eight inches, and Hixity and Adams about the same. Many stacks in the county have been fed but little yet, and are in excellent winter condition. Hay for the winter will be plentiful throughout Eastern Oregon, owing to the delay of the real feeding weather until now. The tall wheat is in excellent condition and the snow will help it along and is just what was needed.

Through Wire to Spokane.

The Western Union has just installed a direct wire between this city and Spokane. Formerly all the Spokane business from this city has gone by the way of the Pendleton office, to enable the Pendleton office to communicate directly with Spokane, thus saving time and complications.

Funeral at Helix.

The funeral of Lewis M. Huson, who died Saturday morning at 10 o'clock, at his home at Helix, will take place tomorrow morning at 10 o'clock in the Christian church, of that city under the auspices of the barabacees.

Biographical Sketch—Mr. Huson Had Been on the Coast About Fifty Years—Helped Sectionize Washington and Led an Eventful and Useful Life.

The funeral of Lewis M. Huson, who died Saturday morning at 10 o'clock, at his home at Helix, will take place tomorrow morning at 10 o'clock in the Christian church, of that city under the auspices of the barabacees. After the funeral the body will be brought to this city, where it will remain at the undertaking parlors of M. A. Rader until evening, when it will be taken to Walla Walla, where it will be taken to the home of the son-in-law, Charles Parry, where it will be kept until the following day, Wednesday, when it will be given in interment in the city cemetery at 1 o'clock in the afternoon. While the remains are in this city an opportunity will be given to the friends of the family to view them at the parlors of Mr. Rader.

Lewis Huson, a son of the deceased, accompanied by his wife and his mother, the widow of the deceased, H. Leonard Huson, a grandson, reached this city this morning from San Bernardino, Cal., where they have been visiting and will leave this afternoon for Helix to be present at the funeral.

Biographical Sketch.

The deceased was born in New York, April 5, 1836, where he spent the early years of his life. As a young man he came to this part of the West, where he has since lived the greater part of the time. In the early '60s he went to the California gold fields, but after remaining there for a short time returned to the Puget Sound country, where he entered the employ of the government as assistant surveyor under Major Tilton. In this capacity he helped to sectionize a large part of the present state of Washington.

In 1858 he went to Walla Walla and lived there for four years. After moving from Walla Walla he lived in various parts of the states of Washington and Oregon for 20 years, when he came to Umatilla county and pre-empted a tract of land in the vicinity of Helix, where he has since lived.

He was married to Miss Jane McMillan February 22, 1861, and from this union nine children have been born, seven of whom are now living.

BRUCE PARRISH IS IN A SERIOUS CONDITION.

Results of Kicks in the Stomach More Serious Because He Had Subsequently Taken Poison and Was a Drinking Man—Is Still in Hospital and a Very Sick Man.

Bruce Parrish, who was kicked in the stomach by a horse Friday night at the tables of the Alta House, is at the hospital in a serious condition. The case is aggravated by the fact that the man's stomach was in a bad condition before the injury as a result of repeated doses of liquor and two doses of poison.

Some time ago Mrs. Parrish filed a suit for divorce against her husband, alleging cruel and inhuman treatment and failure to provide for herself and family. This seemed to have a saddening effect on the man, who, after some consideration on the subject, took a large dose of opium and sweet oil. As soon as he had taken the poison a physician was called and his stomach was pumped, but the medicine had no ill effects from his unusual dose.

Mr. Parrish was not satisfied with his attempt, however, and took another dose, though he substituted carbolic acid for the sweet oil in the second test of the durability of his stomach. This time he was in a serious condition, and a man was dispatched to haste to the city for a physician. The doctor who was called could not go and the messenger went back home, stopping at the ranch of W. H. Campbell, of Gold Springs.

Mr. Campbell is one of the pioneer medical men of the county, though he has forsaken the scalpel and the lancet for the plow and the harrow, and when he heard that the life of his neighbor was in danger he went at once to the bedside of Mr. Parrish. There he ran him up and down men were at work over the frame of the poisoned man, rubbing his stomach and hands, and pouring

The doctor put up a dose and forced it down his throat, after which he took the man out and with the aid of a large number of sympathetic neighbors ran him up and down the canon for many trips and several miles. The dose emptied Parrish's stomach, and the exercise overcame the lethargy superinduced by the laudanum, though the exercise had to be superinduced by a great deal of perspiration from the boots and other persuders of the neighbors.

After recovering from that attack Mr. Parrish gave up the idea of taking the long journey by the laudauum route, and came to the city, where he met with his accident, as he started home after his New Year's celebration. The injury from the kick, together with the after effects of the laudanum, and the opium, has made the case a serious one, and it is feared that he will have a hard time to recover.

SCHOOL ELECTION SATURDAY.

No Reduction in the Amount of Levy Needed.

The school election will be held in this district next Saturday to provide for the special school tax for the coming year.

Some time ago it was thought that the tax levy this year would be less than in the past, but it now seems that this is not so and about the same levy will be necessary this year as last. The first levy was for 10 mills, and it is now thought that for 10 mills it will be necessary to provide for the increased expenses of the schools.

The assessment is larger than it was last year, but the number of people who attend the schools is much larger. This will call for increased funds, and for this reason it will be necessary to raise the same levy or the higher assessment.
