NOTICE IS HEREBY GIVEN. That the undersigned, the duly appointed, qualified and acting administrator of the estate of Mary E. Rainville, deceased, puruant to an order of the County Court of Umatilia County, for the State of Oregon, duly made and entered in the said court and in the said cause on the 8th day of January, 1904, will sell from and after the 2th day of rebruar. 1804, at private sale, all the right, title and estate of Mary E. Rainville, deceased, for cash in hand, subject to a mortgage thereon for the sum of \$500.00, due November 1st. 1903, and bearing interest at the rate of eight per cent per annum, in the following described real property of said estate, to-wit:

has filed his final report as administrator of the above entitled estate with the above entitled court, and that the judge thereof has si the fifteenth day of February, at ten o'clock in the forenoon, at the County Judge's office in the forenoon, at the County Judge's office in all Female Complaints, it is also untitle county, Oregon, as the time and place for hearing thereon, and all persons having objections thereto are notified to appear at said time and place and show cause.

With the result that they now enjoy has been in this part of the state for several years, but not long ago he began to get homesick and took a trip back to the home of his child-hood. There he found everything so insomnia and Constipation. pear at said time and place and show cause, if a y they have, why said report should not be approved and ratified and the administrator discharged.

Dated this l4th day of January, 1904.

CHARLES B. WADE, Administrator.

ON THE WALLA WALLA

OUTLINE OF THE WATER DISPUTES NEAR MILTON

Walla Walla River Is a Freak-In stead of Being Formed by Union of Two Streams it Divides and Forms Two Streams-History of the Water Division and Settlement Along the Streams,

The contention over the division of he water of the Tum-a-lum and the Little Walla Walla rivers, and the formation of the first irrigation disinteresting story.

In the first place, the Walla Walla

river is a freak. Instead of being main river comes down from the the country in the spring, which will tude of the reclamation service to formed of two or more streams, the Blue mountains in one stream until it reaches a point near Milton, when it abruptly divides into two streams curve to the north, and the Little improving. Walla Walla, sweeping also westward, with its convex curve bending to the south, the area between the about \$1,500,600 worth of property and presided over by about 800 hap

py and prosperous people. Converge Near the Columbia. After sweeping northward and outhward for 10 or 12 miles, these two streams are attracted toward each other again, and after passing the state line, they unite again and go to the Columbia in union. In 1872 Judge McArthur in a de cision fixed the point of division for the two streams and decreed that

Walla Walla should be apportioned one-half of the natural flow of water iver, forever after.

Both branches of the river have een settled up, the streams have been diverted and one of the most sick for the past weeks is rapidly prosperous communities in the West improving. hugs the bottoms and tributary lands J.
