Woman's nappiness can be complete without children; it is her nature to love Nightmare

and want them as much so as it is to love the beautiful and

pure. The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of Mother's Friend so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful

applied externally, and has carried thousands Mother's remedy is always the trying crisis without suffering.

Send for free book containing information of priceless value to all expectant methors.

The Bradfold Regulator Co., Atlanta, Sa.

CANCEROUS ULCERS

ROOTED IN THE BLOOD.

After the age of 45 or 50, when the vital powers are naturally weaker, it is noticed that a hurt of any kind heals slowly and often a very insignificant scratch or bruise becomes a bad ulcer or sore. At this time of life warty growths, moles and pimples that have been on the body almost from birth begin to inflame and fester, and before very long are large eating ulcers.

A small pimple came on my jaw, but gave me no pain or inconvenience, and I should have forgottenabout it had it not begun to inflame and itch; it would bleed a little, then scab over, but would not heal. This continued for some time then the Cancer began to eat and spread, until it was as large as a haif dollar, when I heard of S. S. S. and determined to give it a fair trial, and it is remarkable what a wonderful effect it had from the beginning; the sore began to heal and after taking a few bottles disappeared entirely. This was two years ago; there are still no signs of the Cancer, and my general health continues good. Mrs. R. SHIRER, Wyaconda, Mo.

Whenever a sore or ulcer is slow in healing then you may be sure something is radically wrong with your blood. Some old taint or poison that has been slumbering there for years, is beginning to assert itself, and breaks out and becomes a bad ulcer and perhaps the beginning of Cancer. These old sores are rooted in the blood, and while washes, soaps,

salves, etc., keep the surface clean, they are not healing. A blood medicine to purify and strengthen the polluted blood and a tonic to build up the general system is what is needed, and S. S. S. is just such a remedy. No poison is so powerful and no germ so deadly that this great vegetable blood remedy cannot reach that this great vegetable blood remedy cannot reach it, and ulcers of every kind quickly yield to its wonderful curative properties. If you have an old sore or ulcer, write us all about it, and medical advice or any information you may desire will be given by our physicians without charge. THE SWIFT SPECIFIC CO., ATLANTA, GA.
