Rheumatism Is Not a Skin Disease.

ost people have an idea that rheumatism is contracted like a cold, that the damp, chilly air penetrates the muscles and joints and causes the terrible aches and pains, or that it is something like a skin disease to be rubbed away with limiment or drawn out with plasters; but Rhuematism originates in the blood and is Salvation Army barracks of \$336 in caused by Urea, or Uric Acid, an irritating, corroding poison that settles in muscies, joints and nerves, producing inflammation and soreness and the sharp, cutting pains peculiar to this distressing disease. Bowling Green, Ky.

Exposure to had weather or sudden chilling of the body will hasten an at-tack of Rheumatism after the blood and system are in the right condition for it to develop, but have nothing to do with the real true causes of Rheumatism, which are internal and not external. Liniments, plasters and rubbing will sometimes reduce the inflamma-tion and swelling and ease the pain for a time, but fail to relieve permanently because they do not reach the seat of the trouble.
