

Thousands Have Kidney Trouble and Never Suspect It.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates unwholesome condition of the kidneys; if it stays you run it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney medicine, fails every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects indigestion, holds water and sealing pain in passing it, or had effects following use of liquor, wine or beer, and overcomes that unappeasable restlessness which is caused by the presence of uric acid in the blood. It is a powerful diuretic, and it is a powerful purgative, and it is a powerful tonic, and it is a powerful medicine, and it is a powerful cure for all kidney troubles.

EAGLES' CARNIVAL

BIG EVENT TO LAST A WEEK BEGINNING JULY 11.

Ten Leading Attractions, Including Freaks, Electrical and Transformation Scenes—Dance During the Week—Dixie Carnival Company to Furnish Amusements—Committee on Arrangements Appointed—Proceeds to Swell Eagles' Building Fund.

Beginning July 11 and lasting one week, an Eagles' carnival will be held in the city under the auspices of the Eagles' club. The attractions will be furnished by the Dixie Carnival Company. Location remains to be selected, but will be electrical exhibitions and transformation scenes. The carnival attractions will be clean throughout, appealing particularly to women and children.

The location remains to be selected will be central. That question will come before the council tomorrow evening. Seats will be provided in all the tents this year, which will be a feature of the carnival. The Eagles will give a ball during the carnival week. The proceeds of the carnival will help swell the fund to be used in building the new hall of the local lodge.

It is possible two merrie monarchs, a king and queen, will hold sway during the carnival week. The king will be a representative business man and the queen some popular young lady fitted by nature and education to assist in the management of the carnival.

The following members of the Eagles' club comprise the committee of arrangements for the carnival: W. G. Bogert, Conrad Platzkoer, L. W. Heid, E. G. Aston and J. T. Hinkle.

IRRIGATION CASE.

Defendants Claim Their Rights Are Unjustly Interfered With.

The defendants in the suit of the Little Walla Walla Irrigation district, a corporation, vs. O. N. Preston, A. E. West, George Overturn, Woodson Cummins, Ronald McRea, Mary Cobb, Fred Beiler, James Adams, Harry Garrett and J. Williams, have filed a reply by their attorney, Judge Lowell.

In the suit brought by the plaintiff company alleges that the defendants are interfering with the irrigation district and are interfering with the rights of the district.

The plaintiff alleges malicious and destructive interference on the part of the plaintiffs with the district, headwaters of the district, and are interfering with the district's rights.

The plaintiff claims a sort of right of way over the district, and is interfering with the district's rights.

YOUTH GETS DRUNK

INTOXICANTS SOLD TO SIXTEEN-YEAR-OLD BOY.

Refuses to Tell Police Judge Fitzgerald and City Marshal Carney Where He Secured the Liquor—Other Offenders Also Brought to Book by Authorities.

Young William Miller decided yesterday that he would be had. He had discovered to his goal, the river of Rum, floated peacefully down the sea of Jags. When found by the police, Miller was also brought to book by authorities.

Getting drunk is an ordinary occurrence in this prosaic age, and unless accompanied by manifestation of a desire to emulate the feats of Champlain in public on people who do not hanker after the strenuous life, seldom excites comment.

With this additional fund, the institution can start in the coming term with the highest prospect for success, and the active canvass for students will be at once begun.

This endorsement of the academy by the church trustees will also stimulate local churches in the Oregon and Washington presbyteries, to lend a more ready support and take more active interest in its affairs.

With the rearrangement of the academy, in which the lower grades have been eliminated, and the purely academic work is made the leading feature, it promises to appeal to a larger class of young people in Eastern Oregon and Washington, who desire an academic education after their graduation from the various high schools.

Rev. W. H. Bleakney, principal of the academy, will make a tour of the Eastern Oregon counties, this week, opening the school year, in the interest of the institution.

MRS. McLAUGHLIN DEAD.

Woman Stricken With Paralysis at North Fork, Dies at St. Anthony's Hospital This Morning.

Mrs. Bridget McLaughlin of North Fork, died at St. Anthony's hospital this morning at 9 o'clock, after three weeks' illness from paralysis.

Mrs. McLaughlin was stricken with paralysis, at her home at North Fork, three weeks ago last Sunday.

Mrs. McLaughlin's husband was a brother of Mrs. J. S. McLeod, of this city. No other relatives now reside in the United States.

RETURNS FROM SHERMAN.

J. Clove Placed New Combined Harvester From the Pendleton Factory.

J. Clove returned this morning from Sherman county, where he has been for several days in the interest of the Right-Clove combined harvesters.

The outlook for sales of the Right-Clove machines is better than ever, owing to the success of every test yet made with them.

GROVER WHITE ARRESTED.

He is Charged With Being Implicated in Cattle Theft.

Grover White, believed by the authorities to be implicated with J. W. Duffy in the theft of three head of cattle from the ranch of So. Lemery, in the east end of the county, last night was arrested by Deputy Sheriff McNeill at Prosser, Wash., on a description furnished by Sheriff Taylor. News of the arrest was received by Sheriff Taylor this morning, and Deputy J. A. Blakley, Duffy was arrested in the Blue mountain district by Sheriff Taylor, about two weeks ago. The stolen cattle were taken to Walla Walla and two head were sold. Lemery recovered them before they were slaughtered.

Taking a Deserved Vacation.

Charles McEee and wife, of Echo, are in the city for a few days, taking a well earned vacation, after selling their fine alfalfa farm at Echo. Mrs. McEee will spend a portion of the summer visiting in Washington, and Mr. McEee will perhaps go to the mountains during the hot weather. Mr. McEee is one of the pioneer alfalfa farmers of the Butter creek district, and having recently sold a tract, there is undecided yet where he will locate permanently.

Turner Sells Out.

A. Turner, who has been associated with Miss Ida Boyd in the insurance and real estate business, has disposed of his interest in the business to Miss Boyd, who will conduct it alone hereafter. Mr. Turner is not yet decided as to his future plans.

RAIN IS NEEDED

WEATHER BUREAU SAYS SECOND HAY CROP IS LIGHT.

The past week has been dry, with cool nights and drying winds. All growing crops need rain, and unless it comes soon spring grain and the second crop of hay will be unusually light. A heavy frost occurred Friday morning, making frost high level sections, and tender vegetables were largely nipped and some grain was damaged. On the same morning light frosts reported in a number of localities in the Cascades, but they did no material harm.

Full grain is filling nicely, but spring grain is heading short. Hay is making progress during the week, but nearly everywhere the returns show a falling off from previous expectations. Pastures are drying up, and the school year is closing in excellent condition.

Hops, garden, field onions, potatoes and corn, although heading rain, has had a good start during the week. Early potatoes are being marketed. The season so far has been remarkably free from insect pests.

The strawberry crop turned out fairly satisfactory, although it was not so heavy as it would have been had there been more rain earlier in the season. The outlook for peaches is fairly good. The yield of cherries is better than expected.

Colombia River Valley. Boyd, Wash. county, P. P. Underwood—Cool west winds have benefited all kinds of grain, but spring wheat will be a light crop; garden looking well; having commenced, will be general next week.

Waco, Sherman county, John Hall Weaver, dry, with cool nights and high winds, which has been a good crop, but doing well under the conditions; hay harvest progressing well.

Condon, Gilliam county, John F. Redbacher—Week cool, with some rain; farmers are confident of a good crop of wheat, with the exception of spring wheat, which has been injured by a few hot days and dry winds; frost damaged gardens; hay begun in a few localities.

Walla Walla county, Edwin R. Beach—Cool and dry, grain filling nicely; crop large, spring sown grain still green; hay in progress; crop large; fruit and vegetables of all kinds; potatoes, etc., are maturing sufficiently to eat.

Pendleton, Umatilla county, H. J. Taylor—Weather dry and cool; light Thursday nipped potatoes on low ground; wheat doing very well; hay in progress, the frosted wheat will be light crop, also spring grain; summer fallow in good condition.

SHIP TO SPOKANE.

Ice Crop There Falls and All Ice is Shipped to Spokane.

Thirty-five tons of ice are shipped every week from the Pendleton Cold Storage plant to Spokane, for consumption in that place. This has been the case since the first of May, until the present, and the order is standing until the end of the hot weather. This extraordinary condition of affairs is due to the fact that the Spokane country for the first time in over 20 years, that city is contiguous to many beautiful mountain lakes and the natural ice supply has always hitherto not only been of the very finest quality, but of great abundance. Last winter, as mentioned, the crop was small, and Pendleton is the nearest ice plant affording a supply over the needs of the local market. The North Yakima and Walla Walla plants are only able to furnish for home consumption. The Pendleton plant is now running practically to its full capacity, with every plant, a short distance east of town, says the Halley (Idaho) News-Miner.

Mr. Weber was up there yesterday, and on his return to town reported that one of his steers died while he was there. The animal fell over and died in about 30 minutes.

He does not think larkspur is the cause of the fatalities. He says that a reasonable time after the stock have eaten the weed will effect a cure, whether the animal is dead or alive.

BRICK FROM KANSAS.

Will Be Used on Fraternal Building at Athena.

T. F. Howard has just ordered 7,000 red pressed brick from Coffeyville, Kansas, for the front of the new fraternal building at Athena. This building is being erected by the Odd Fellows and the Knights of Pythias. It is 40x90 feet on the ground and two stories high. The front will be finished in the red brick from Kansas, with gray stone trim, and is expected to carry the prettiest front of any fraternal building in Oregon or Washington.

RESERVATION LANDS SOLD.

Eighty Acres of Heirship Property Being Fair Price.

Eighty acres of heirship land on the reservation, were sold yesterday by Irving Johnson to William H. Sayer. The sale was conducted by Attorney T. G. Halley, who obtained a price of \$12,500 for the land. It is located six miles south of Athena. Three other tracts were advertised but no bidders appeared.

REV. POTWINE MAY RETURN

CALLS THE FORMER PASTOR WITH INCREASED SALARY.

Mr. Potwine Fails to Locate at Charge—Been Doing Missionary Work Among Chinese and Japanese—Enjoy Fairly Good Health.

It is probable that Rev. W. E. Potwine will return to Pendleton, a call to return at an increased salary having been extended to him by the vestry here, which offers him \$1200 to return to his old charge, which was his first pastorate, and where he labored so long and earnestly for over 20 years.

Mr. Potwine failed to locate at the charge he expected when he went to the islands, and for some time has been doing missionary work among the Chinese and Japanese in Honolulu. In this work he has been very successful, in spite of the fact that it is an extremely unprofitable field from a financial standpoint. He has the greatest devotion on account of the condition of the Chinese and Japanese, who are among the least intelligent of any race to be found anywhere.

The Potwines are in good health, with the exception of the old gentleman who has found the climate of the islands enervating. Rev. Potwine is in excellent health, the health of Miss Celia Potwine has improved considerably.

At Honolulu Mr. Potwine's work is not all missionary, as he has a small congregation of regular communicants belonging to the Episcopal church, but a large proportion of his labors are missionary, as referred to, and the work is not altogether congenial. He would feel toward happy and hopeful the same salary—\$1200—offered him by the Pendleton vestry to return.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass state could not remedy a bad liver or the hundred and one ill effects produced there. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits.

You can get your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over 25 years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial 25 cents; regular bottles, 75c. At all druggists.
