

The Sheen of Pearl

Reflected from perfect teeth can easily be destroyed by improper dentifrices. There are many preparations that will whiten teeth, but few that preserve the enamel while they whiten.

Dentifoam

Saves teeth while it beautifies them. It arrests decay, hardens the gums, removes discolorations, sweetens the breath—and stops there.

Price 25 cents.

E. Ray Jones, formerly proprietor of the Modern School of Commerce in this city, has taken a position as stenographer and typewriter in the county clerk's office of Union county.

WOOLEN MILLS TO SHUT DOWN

REGULAR SUMMER VACATION NOW BEGINS.

Carding Room Closes Tomorrow Night—Weavers Will Finish Their Work in a Few Days and the Finishers Will Complete the Clean-up Soon—Past Year's Business Has Been Good—Employers Will Take Vacations Until September 1.

After one of the most prosperous years in the history of the institution, the Pendleton Woolen Mills close down for the annual vacation and season of repair and rejuvenation, in a few days.

Tomorrow night the card room, employing six men, will close until September 1. As soon as the present material has been carded in, the weaving room, employing 20 people, will close for the same period, and as soon as the finishers complete the woven product on hand, that department will close and until September 1, the machinery will rest and the employees will take their regular summer vacation.

Manager Ferguson is highly pleased with this season's run. Business has been better every month of 1904, than it was in 1903, and the widespread popularity of the Pendleton Woolen Mills product is growing in scope and yielding better returns constantly.

This shut-down is a regular thing with the Pendleton Woolen Mills, as the employees need a vacation and it causes untold vexation for the force to be broken up, in taking the vacations a few at a time, so the policy has been to shut down on July 1 each year and give the force a vacation and in the meantime overhaul the machinery and put the mills in first-class shape for the next year's run.

On September 1 the mills will resume with a fall force, in prime condition to break all records in the following 12 months.

ALL VERY FINE GRASS AND FULL-FED BEEVES.

Umatilla County is Sending Out Many High-Grade Animals to the Sound Market, and More are in Sight for the Same Destination in Short Time.—Andrews Herd Sold.

Five hundred and fifty head of cattle have been shipped out of the city at the last few days by L. Stubble, a representative of the Carstens Packing Co. of Seattle. The shipments included 250 head of grass fed and 300 head of grain fed cattle. Stubblefield says he never saw finer animals in his life.

I bought the famous Andrews bunch of cattle at Echo, said to be the finest beef in the country," said Stubblefield. "There were 75 head in this bunch. The last shipment was made Wednesday. I had several deals on hand now and shall remain in town a few days longer. Then I am going south into the John Day, Canyon city and Inoe country."

Stubblefield has been in the employ of the Carstens about six years. He makes an annual trip into Eastern Oregon and has a crack local reputation for his ability as a cattle buyer.

RESULT HEAVY FROSTS IN GRAND RONDE VALLEY.

Many Crops of Winter Wheat Will Be Cut for Hay Only—Pierce Brothers Lose Three-Quarters of Their Winter Wheat Crop as Grain—Others Not So Fortunate.

State Senator Walter M. Pierce returned this morning from his Grand Ronde valley farm, near La Grande, and reports very heavy damages from frost in that valley.

The winter wheat is damaged more extensively than any other grain and many crops will be cut for hay instead of grain. The Pierce Brothers, of which W. M. is the senior partner, will cut 300 acres for hay, having a large number of cattle to feed, they will not be very heavy losers from the frost after all, as they can use the wheat hay for home feeding and ship their timothy and red top to market and realize almost as much from this as from the wheat crop.

But others are not so fortunately situated. Many entire crops are ruined and will make very poor hay.

NEW SCHOOL HOUSES.

District No. 83 Will Add a Room to the Old Building.

School District No. 83, in the Hudson Bay country, near Freewater, has been bonded to build an addition of one room to the school house there at a cost of approximately \$1000. The bonds have not yet been sold. There are 141 pupils in the district. In the past only two rooms have been occupied. Kyle McDonald is principal of the school, and is assisted in teaching by Mrs. McDonald.

Prof. Nowell, the county school superintendent, has been bonded that the new four-room school house in the Echo district has just been completed. Three rooms will be occupied by the pupils next year and having sufficed for their needs in the past. The building has been made large enough to meet the increase in population of the district for some time to come. The teacher for the next term will be Lewis Keeler; the former teacher, Miss Francesella Duncan, is now employed in the local schools.

ROPED AN ELK.

"Billy" Cobb, Well Known Vacquero of Umatilla County, Has a Thrilling Experience at Hiway Springs.

Tiring of the prosaic work of lassoing cattle and bronchos, "Billy" Cobb, the well known vacquero of this city, has gone in search of more exciting game, and on Thursday roped and led into Hiway Springs a yearling bull elk.

The elk was caught on the mountains a few miles from the springs, and despite the lurching and plunging, at the end of a well seasoned lariat, "Billy" cooly led the game into the camp, to the consternation of several dozen women who were enjoying the quietude of the mountain resort that evening.

By a chance "Billy" came upon the elk grazing on the mountain side and being mounted on his best horse, made a dash at the animal, coming within about 40 feet. The elk darted and dodged but the trained horse followed him, and before he could reach a clump of timber, the well aimed lariat had encircled his arching neck and there was a sudden tightening of the rope, a sudden summersault, accompanied by some high kicking

and wild plunging, bellowing and moaning from which a protest was heard by the vacquero.

Finally with his tongue hanging out in exhaustion, his legs wabbling weakly under him, and his red hollow eyes riveted upon the horseman, the conquered bull trotted quietly to camp, where William Scott, proprietor of Hiway Springs, paid Cobb \$5 for him for the beginning of a zoological garden.

FAITHFUL PRACTICING.

Hose Team Will Go to Walla Walla With Intention of Winning.

If hard and conscientious work can accomplish anything in a limited time, the hose team which will represent Pendleton in the race at Walla Walla on the Fourth, should carry off the laurels. The local boys were on court street practicing at 5 o'clock this morning. The practicing team made considerable noise, and the only thing that caused sleep people in the vicinity to get up was their knowledge that the work was intended for the glory of Pendleton.

Manager Nolf says the team expects to make the hub and hub run in 26 seconds. The total distance to be covered by the competing hose teams is 200 yards. It is probable that several teams will be on the team will take part in the individual races and sprints at Walla Walla. Good first prizes have been hung out for these contests.

The team will go to Walla Walla tomorrow morning, and will do considerable practice work there before departing for the competition.

IN CIRCUIT COURT.

One Sentence and Several Criminal Cases Postponed.

Five persons charged with offenses against the law were before Circuit Judge Ellis this morning. William Hope pleaded guilty to simple larceny and was sentenced to serve 30 days in the county jail. He stole a number of shirts from the store of Sullivan & Bond about two weeks ago.

Warren Stevens was arraigned on the charge of stealing several head of horses from C. B. Barber, a farmer in the mountainous section, and was given until next week to plead.

Bill La Roque, an Indian, was arraigned on the charge of stealing two ponies from J. J. Salmons, another Indian, at Umatilla. He will enter his plea next week.

William Duffy and G. C. White, sons about 18 years of age, appeared in court on the charge of stealing two deer from Sol Lehman on the reservation. They also will be required to plead next week.

WILL OF A. L. WATTS.

Mrs. Watts Retains the Property in Her Own Hands.

According to the terms of the will of A. L. Watts, who died June 27 at his Weston home, all his property goes to his widow during her life except the sum of \$10,000 to his children, Mary C., Derrick, Josephine, Grant, Elizabeth Perkins and Bessie M. Watts. At her death the property is to be divided equally among the children. The value of the estate is said to be about \$3000. M. L. Watts is named as executor without bonds, while the appraisers appointed by the executor are Will McCrease, B. D. Jarman and O. G. Chamberlain.

SHIPPING GRASS BEEF.

Seven Hundred Animals to the Seattle Market.

Within a few days Jim Lonergan, representing the Frye-Brim Company, of Seattle, will ship 700 head of grass-fed beef from the country near Pomeroy and Endicott. He passed through Pendleton to that district this morning.

"I expect to get all the cattle shipped out of here by July 6 or 7," said Mr. Lonergan. "All the cattle there is in fine condition now. In about 10 days I shall return to Pendleton and will make a number of shipments from here at that time."

Finlander Killed at Unity.

A Finlander named Sam Hoagland, fell under the wheels of a moving freight train on the O. R. & N. near Unity, in Baker county, Friday morning, and was managed so he died 40 minutes after the accident. He got up to get into a car to get on the road, while the train was moving slowly around McKeever's curve, one mile west of Unity, when he lost his footing and was run over, both legs being severed above the knees. His breast crushed and otherwise injured. Brakeman William Wade saw the accident and immediately stopped the train. The corpse was put in the caboose and brought to Baker City, where an inquest was held and the train crew exonerated from all blame. Brakeman Wade was in the city today bound east on No. 24, and says that the report given to him of the land papers that the man was kicked off the train was absolutely false. The fireman saw the man attempt to get on the train and gave the first alarm that he had fallen under.

Declines to Serve.

Frank Rogers has found that on account of losses he sustained in the suit over the case of the American Surety Company of New York going on the bond Certificates of election and oaths of office were filed today by John W. Kimbrell, who succeeds himself as county surveyor. H. E. Denton was elected to serve as justice of the peace.

Filing Their Bonds.

William Pierson, the newly elected recorder of conveyances, is the first official to file his bond for the ensuing term of office. It is in the amount of \$3000, the American Surety Company of New York going on the bond.

Tumor Taken Away.

PENDLETON POST OFFICE PROFITS

THREE INCREASES IN THE LOCAL SALARY LIST.

Receipts for Past Quarter Are Over Thirteen Hundred Dollars More Than the Disbursements—Total Sale of Stamps Nearly Three Thousand Dollars and the Heaviest Source of Income—Outgo for Salaries Largest Item of Expense.

The Pendleton postoffice report for the quarter ending June 30, which has been in preparation for several days, was completed this morning by Assistant Postmaster Charles L. French, and forwarded to the auditor of the department at Washington, D. C. The total receipts for the quarter were \$1,313.86, and the total disbursements \$1,324.01, leaving a balance of \$1,331.86 due the department. This amount has been forwarded to the branch department at San Francisco, to be deposited in the United States sub-treasury.

Three increases in salary at the local postoffice went into effect yesterday. Assistant Postmaster French has been receiving \$1100 a year. Beginning yesterday he will hereafter be paid on the basis of \$1200 a year. The salaries of Miss Winnie Privett, the general delivery clerk, and E. G. Estabrook, the mailing clerk, have been increased from \$500 to \$600 per annum.

The quarterly report mailed the auditor of the department at Washington, D. C., shows the following items:

Receipts. Total sale of stamps.....\$2,873.21 Newspaper postage at pound rate..... 57.81 Box rents..... 324.85 Total..... \$3,255.87

Disbursements. Salary of postmaster..... 600.00 Salaries of assistant and clerks..... 825.00 Post office expenses and incidentals..... 207.74 Free delivery service..... 277.75 Special delivery service..... 135.22 Total..... \$1,945.91

Balance due department..... \$1,331.86 For the corresponding quarter last year receipts were \$1,458.67 and the disbursements \$1,528.64, leaving a balance due the department of \$1,210.02. This year the expenses have been much larger than for the corresponding quarter last year.

MOUNTAINS IN THEIR GLORY.

Henry Larkin, who has been in the city for several days having come in from Canas prairie with a drove of cattle, says the Blue mountains in that district are now in their glory, all the streams being full to overflowing, the grass and foliage in the fall away and the nights cool and refreshing. He says that the huckleberry crop near his ranch in the Canas prairie country will be abundant, unless something happens to injure it later.

Savings' Bank Report.

The semi-annual report of the Pendleton Savings Bank, made at the close of business June 30, as published today, shows a prosperous and satisfactory business for the past six months. The loans and discounts in that time amount to \$32,000, the deposits \$82,000, and the total amount of business handled amounts to \$1,177,142, a handsome increase over the same period last year.

All the mercantile agencies are agreed that "the South" is the bright spot section of the entire country in every business sense at the present time.
