Raley. n the Harriman suit and to appeal ant by means of a dam built in the rom a recent order of Judge Brad- fall of 1900, diverted the natural ord granting a preliminary injunction water flow from the plaintiff's land against the distribution of the com- Briefly, the defendant claimed that he ground contiguous to the natural source of the water was swamp land, and that there had never been any natural or otherwise actual flow of water to be diverted from the plain W. Taylor of West Virginia, chief tiff's land, and that the claim that here was any water diverted, or for

> manner, is presumption pure and simple, but neither the circuit court nor he supreme court sustained the deendant's claims in this respect. The plaintiff made the claim in his ase that for over 35 years he and his grantor had used the waters of the stream which he claims flows from he defendant's land upon his own,

hat matter that could by any means

be diverted at any time or in any

thus establishing a priority hard to controvert or supersede. The defendant claimed that the plaintiff could not have been damaged as he alleged, for the following rea-

The drainage of the Walla Walla iver and natural causes, such as the shifting of the bed of the Walla Valla river, have caused the decrease the water supply upon the plaintiff's lands, and that such decrease cannot be justly attributed to any action taken by the defendant in restraining the waters of the "spring branch" in Rebel Canyon, as it is call-

The defendant further claims that he plaintiff has not availed himself f the means within his reach to keep he channel open so the water could low over his land from the water urse above him, but on the other and has allowed sediment and debris accumulate and cause the trouble which he holds the defendant responble for.

C. J. Moore, affirms the lower irt in all its findings, which inudes \$700 damages for the plaintiff. further operates as an injunction though it is not an injunction per se) against the defendant manipulating he water as complained of by the daintiff in his original action.

More than the usual amount of grain was threshed this year, and the outome will be far above the average. The Dalles Chronicle. Willow Creek Crops. Charles Stout was over from Wilow Creek Wednesday. He says they have just begun harvesting the best crop they have had in ... at section for

everal years.-Long Creek Light.

Wasco County Crops.

The harvest is pretty well advanced

and the crops are turning out well.

Grant County Pioneer Dead John A. Cattanach, one of Grant ounty's pioneers, died Monday of neumonia, aged 79 years.

Mrs. Maybrick Released.
