

WILL STOP DAIRYING

UKIAH BUTTER MAKER GOING OUT OF BUSINESS.

Announced That Charles McReynolds, One of the Most Prominent Dairy-men in Umatilla County, Will Re-tire From the Business on Account of Long Distance to Markets—McReynolds' Butter Well Known in Pendleton Markets.

It is announced that Charles McReynolds, the Ukiah butter maker, intends to go out of the business as soon as he can dispose profitably of his butter making plant.

Mr. McReynolds has made butter on his place several miles beyond Ukiah for over eight to ten years, but on account of the distance from Pen-dleton, his best market, he finds the margin of profit decreasing to the vanishing point since competition has been established by nearer points.

The excellence of the McReynolds butter is a proverb, and is largely due, outside of the great skill always used in its manufacture, to the fact that his range is entirely destitute of all noxious weeds, such as grow in more or less profusion at lower alti-tudes nearer the river. This is a con-dition greatly in his favor in the spring.

For years the daily output of Mr. McReynolds' plant has been about 40 rolls.

The suspension of the butter mak-ing plants in the Ukiah district, will include the creamery contract over the Pendleton field to establish a large creamery here.

NELSON GETS CONTRACT.

Weston Brickyard Furnishes Brick for Old Fellows' Building at La Dalles.

The Weston brickyard was today awarded the contract of supplying the pressed and red brick to be used in the construction of the Old Fel-lows' temple at La Dalles. The con-tract calls for 200,000 bricks to be de-livered this fall. Work on the struc-ture has commenced.

MANY PAPERS FILED.

Eighty-four instruments Recorded With County Recorder Folsom To-day.

Eighty-four instruments were re-corded today in the office of the re-corder of conveyances. Forty of these were transfers of timber claims in Morrow county to the Northwest Timber Company. The consideration in each instrument is \$100. The fees for the filing of the entire 84 deeds and mortgages amounts to \$70.75.

SOLD 7000 SHEEP.

Ed Campbell Has Left Six Hundred Head of Ewes.

Garrison & Reynolds have bought for shipment to Kearney, Neb., about October 1, 7000 sheep of Ed Camp-bell, of Butter creek, a portion of the sheep being his individual property, and others the property of himself and brothers. All are mutton sheep and feeders. This sale leaves Mr. Campbell owning but 600 animals, all of which are said to be young breed-ing ewes, well bred in fine con-dition, reserved for breeding to blood-ed bucks. Just what breed of bucks Mr. Campbell will make a specialty of could not be learned.

SPOONEMORE SEEKS DIVORCE.

After 32 Years of Wedded Bliss He Craves Freedom.

Thirty-two years of married life and J. C. Spoonemore has concluded that Dan Cupid is a "fool." Action for divorce was filed by the husband yesterday afternoon in the state cir-cuit court. The complaint states that the Spoonemores were married January 18, 1872, at Isadora postoff-ice, Mo. There are seven children, three of whom are over the age of 21 years.

THE WHOLESOME CRESCENT

Bucklen's Arnica Salve. Has world wide fame for marvelous cures. It surpasses any other salve, lotion, ointment or balm for Cuts, Corns, Burns, Boils, Sores, Felons, Ulcers, Tetter, Salt Rheum, Fever Sores, Chapped Hands, Skin Eruptions, inflammations, etc. Cure guar-anteed. Only 25c at Tallman & Co.'s druggists.

Egg and Phosphate BAKING POWDER

The remarkable increase in con-sumption demonstrates its superi-OR merits and wholesomeness.

PILOT ROCK HOLDS SECOND ELECTION.

School District Made Game Mistake That Pendleton Made in Voting Bonds—Election Resulted in \$2500 Bonds Being Carried by Vote of 27 to 8—School Opens on September 19 With Two Teachers.

The Imperial valley, or a portion of it, has an abundance of mod-est but rich soil. The climate is ex-celently hot—almost unhealthfully so to most white peo-ple. Every kind of semitropical prod-uct can be raised in the valley with water. Wheat and barley do not do well because the heat shrivels the grain, and with an abundance of mod-est but rich products run to an ex-treme development of straw.

The private company which made the first opening under water rights was managed by the company, in-cluding all its privileges to the govern-ment, which will reopen the district under the reclamation act, whereas the Imperial valley, which is being reclaimed, is being reclaimed by the Imperial valley reclamation act.

There are now 13 scholars in Pilot Rock district, in the vanguard of the school for the ensuing year and the school term will open on September 19.

HAND BADLY LACERATED.

Hugh Rogers Meets With Bad Ac-cident With Threshers.

Hugh Rogers, a sack sewer, em-ployed on the Hartnett & Lang con-tract, met with a peculiar accident yesterday afternoon, which resulted in a badly lacerated hand. Rogers had just dumped several sacks from the platform to the ground and one of the sacks, which resulted in his left hand to grasp a side rail in order to steady himself for a jump from the machine. His thumb came in contact with a sack hook and as a result the sharp point pierced its way from the base of the digit to the nail.

MILTON SHAW DEAD.

Well Known and Popular High School Student Dies From Appendicitis.

Milton Shaw, the 18-year-old son of S. G. Shaw, a prominent Wild Horse farmer, died this morning of appendicitis. The young man had been sick but a few days and death oc-curred at his home.

Milton Shaw was well known in Pendleton. He was a pupil at the high school and would have graduat-ed next June. He was very popular among the members of his class and had a large number of friends and acquaintances in this city.

JUDGE ELLIS RETURNED.

Enjoyed Outing in the Mountains and is Ready for the Autumn.

"I enjoyed myself, but a week of it was enough," declared Circuit Judge W. R. Ellis, who returned last night from a brief outing in the moun-tains. The judge and his family were at Hiway and Lehman Springs.

SHIPPED HORSES TODAY.

Will Return for Two Loads of Wild Horses Later.

Shelby & Warren, the North Dako-ta horse buyers, today shipped 25 head of all-round animals, in charge of Mr. Shelby. The average price paid was \$65 per head. The shipment was made somewhat sooner than the orig-inal intention to ship, in order to put the horses on the market before the demands for work horses in the Dak-ota harvest, which is only about one-third through at present.

THUMB WAS CRUSHED.

Roadmaster H. Connell of Umatilla, while coming down on No. 7 last evening, was severely injured at right angle, while crushed by the slamming of a car door open while the train was at or near Milton. The member was mutilated until amputation may be necessary, should the wound not cease to be one of interest, but the end of the search for the murderer or the reason for the crime seem farther away than when the deed was but an hour old.

WEST-CHURCHILL.

Miss Mabel West, of North Yakima and E. M. Churchill, of Pendleton, were married last evening at the Presbyterian parsonage in this place. Rev. W. L. Van Nuy officiating.

SERVING NOTICES.

Sewer Connections and Removing Closets Must Be Looked After.

The city authorities are fast realiz-ing that the only way in which head-ways can possibly be kept up is by work of making sewer connections is to compel them to be made when ar-gument and persuasion and patience are all exhausted. To this end they have begun serving notices on delin-quent to make connections and also remove old closets and clean out cesspools and fill them up.

COMING EVENTS.

September 6—Opening St. Joseph's Academy Pendleton.

September 12-17—Oregon State fair, Sa. Bm.

September 19—Opening of Pen-dleton public schools.

September 19, 20, 21—Oregon Irriga-tion Association at Ontario, Malheur county.

September 20—Opening Pendleton academy.

October 3—Spoonemore Interstate fair.

Inland Empire Teachers' Associa-tion—Pendleton, October 19, 20 and 21.

National Irrigation Association, El Paso, Texas, November 15-18.
