

Superintendent Public Works of Eastern Oregon

Peruna is an Excellent Medicine.

J. H. HIPPELGATE.

J. H. Hippelgate, Supt. of Public Works, 61 West 6th St., Lexington, Ky., writes:

"I find that Peruna is an excellent medicine especially for catarrhal affections and all diseases leading to constipation, bronchial troubles or stomach troubles. It also acts as a preventative and keeps the system in a healthy condition so that it easily throws off disease. It is an excellent tonic and a great appetizer and as a large number of those who have been using it speak very highly of its curative powers, I am satisfied that my opinion of it is correct, and that it is deserving of high praise."

Peruna is the remedy for catarrh. Almost everybody knows that by hearsay and thousands know it by experience.

Catarrh in its various forms is rapidly becoming a national curse. An undoubted remedy has been discovered by Dr. Hartman. This remedy has been thoroughly tested during the past forty years. Peruna cures catarrh in all phases and stages. There is no remedy that can be substituted.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address: Dr. Hartman, President of the

Platanus Region.

Baker City, Baker county, W. C. McGinnis—There has been no rain since August 25th; previous to that date no rain had fallen, except a trace, since August 2d; but 0.97 of an inch has fallen in six weeks; this is unusual for this vicinity; stock ranges, even in irrigated territory, are suffering for want of water and becoming very dry; plenty of fruit in the markets.

Owyhee, Malheur county, J. M. Hartman—As yet still have plenty of water in the Owyhee ditch; crops are not suffering from continued dry weather; third crop of alfalfa is now being cut and is fine; grain crop good; prunes are fairly good and are being gathered and shipped; apples wormy.

NEWS OF MILTON.

Returned From Protracted Visit to California—Columbia College Opening Celebrated by an Interesting Public Program—Several Merchants Are Buying Goods in Portland—Successfully Treated for Erysipelas.

Milton, Sept. 20.—Mrs. Matt Mosgrove returned Saturday night from Los Angeles, Cal., where she spent the summer visiting.

The hearts of Dr. and Mrs. E. E. Dutton were gladdened by the arrival of a seven pound baby boy Saturday.

Dr. H. L. McQuary arrived Sunday from Tacoma and is visiting at the home of Mr. and Mrs. J. E. McQuary.

J. E. Nichols left Saturday for Portland to purchase goods.

Dr. S. A. Fulton spent Sunday and Monday at Walla Walla.

Tonight's musical program will hold its opening exercises at 8 o'clock at the opera house and the following program will be given:

Instrumental music, (piano)—Miss Myrtle Plant.

Vocal solo—Miss Inez Phelps.

Opening address—President Louis C. Terry.

Vocal solo—Miss Sidnor Davenport.

A. B.

Violin solo—Miss Myrtle Plant.

Reading—Miss E. Temperance Gray.

Reading—Miss Sidnor Davenport.

Instrumental music, (piano)—Miss Myrtle Plant.

Rev. M. V. Howard of Pendleton, chairman of the board of trustees, will be master of ceremonies.

Miss Rose Beckius spent Sunday in Walla Walla visiting Miss Dora Stewart.

Mrs. V. H. Chastain went to Weston yesterday to attend the funeral of Miss Marnie Wilson. She returned home last night.

J. B. Frazier left yesterday for Portland, where he will join his wife, who has been there for several weeks.

Thirteen little daughter, Marguerite, has been undergoing treatment for her eyes at Portland.

J. N. Stone is in Portland buying a stock of furniture for his fall trade.

Mrs. J. S. Richey went to Walla Walla today for a few days' visit with friends.

Mr. Vin Mathias, who has been here receiving treatment for erysipelas, has so far recovered as to return to his home at The Tanks today.

ENCE CASE IN COURT.

Gabriel and Jens Jensen Fined \$50 Each for Obstructing Road.

Gabriel and Jens Jensen were found guilty this afternoon in Justice of the Peace Thomas Fitz Gerald's court of obstructing a public highway and were fined \$50 each.

The complaining witnesses were S. A. Edwards, Thomas Jensen and Edwards are neighbors.

It was shown by the evidence introduced that the defendants fenced up a public road to prevent persons from driving along it. The state was represented by Winters & Collier. R. J. Slater was counsel for the defense.

A tilt occurred between the Justice of the Peace and the defendants.

As a health maker, tonic and monthly purgative, the Bitters will be found unequalled for all other remedies. It cures the stomach, cramps, colic, headache, sick headache, constipation, biliousness, indigestion, backache and indigestion. (By a Bottler)

STOMACH BITTERS

THE BEST IS THE CHEAPEST

Bear this in mind when you need poultry and stock supplies and ask for the International Poultry and Stock Food. Use Kow Kure for your cow troubles.

C. F. Colesworth

127-129 East Alta St. Agent for Lee's Lice Killer.

THE TIME WILL COME

When the Advice of This Pendleton Resident Will Help You.

Very few people are entirely free from backache. It does not take much to derange the kidneys. A little cold, a strain, stooping positions or hard work overtax those delicate organs and many aches and pains promptly follow. A Pendleton citizen tells you here how every kidney ailment can be relieved and cured. Read about it:

H. A. Thompson, retired, who lives on Stoneval Jackson street, says: "My kidneys troubled me by spells for 15 years and at such times with a steady dull aching across my back. I used large quantities of various kinds of medicine said to be good for it. Finally I got a box of Dr. Cass' Kidney Pills at the Brock & McComas Co. drug store and I found them to be just what I needed. They went right to the spot and not only relieved my backache, but cured it permanently. I will be only too pleased to tell other about the merits of this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

CITATION.

In the county court of the state of Oregon, for Umatilla county.

In the matter of the estate of Josiah Parker Cox, deceased. Citation.

To George Cook, William Cook, Beale Cook, Evelyn Cook and Mrs. Florence Cook, widow of Fred L. Cook, deceased, heirs at law of Josiah Parker Cox, deceased, and to Frank J. Parker, Frank J. White, Beale Cook and Aaron P. Parker, Mrs. Florence Cook and Sylvia Corbitt, devisees and legatees named in the will of the said Josiah Parker Cox, deceased. GREETING.

IN THE NAME OF THE STATE OF OREGON, you, and each of you, are required and hereby cited to appear at the County Court, to be held at Pendleton, Oregon, on Monday, the 24th day of October, 1904, at the County Court room in the Court House of Umatilla County, in said county, then and there to show cause, if any exist, why the said County Court should grant or refuse to grant the application of Frank B. Clifton, administrator of the estate of Josiah Parker Cox, deceased, with the will annexed, filed here in on September 8, 1904, wherein he prays for an order and decree of the said County Court, authorizing and directing him to sell all of the real property belonging to the estate of the deceased, and all of the estate and interest which he, as administrator, can lawfully sell, said real property being situated in Umatilla county, Oregon, and particularly described as follows:

The northwest quarter and the southwest quarter of section 13, the northwest quarter and the southwest quarter of section 24; the east half of the east half of section 14, and the east half of the north-east quarter of section 28, being 199 acres of land in all, all of said land being situated in township 5 north and range 31 east of the Willamette meridian.

This citation is issued and published pursuant to order of the above entitled county court, made on September 15, 1904.

Witness: the Honorable H. B. Beall, Judge of said county court, and the seal thereof, hereby attached, at the court house in Pendleton, Umatilla county, Oregon, this 15th day of September, 1904.

Attest: FRANK SALLING, Clerk.

WARM AND TOO DRY

ONLY PRECIPITATION FROM FOGS IN THE WEST.

Early Potato Crop Almost a Failure, and Late Potatoes Expected to Be Failure—Too Dry for Fall Seeding and Plowing—Pastures Dry and Livestock Losing Flesh—Corn and Late Apples Doing Well.

The weather during the last week was dry and smoky, with warm days and generally cool nights; fogs occurred in the western section on several mornings, and in portions of the coast counties there was quite a deposit of moisture from them, which was of slight benefit to gardens and pastures.

Thrashing continues in scattered portions of the Columbia and the Grand Ronde valleys. Hoppicking was rapidly pushed to completion, and only a few yards remain to be finished up. The yield continues below average, but the quality is very good. Early planted potatoes are being dug; the yield is very disappointing. Late potatoes continue to do poorly on account of lack of rain. The third crop of alfalfa is about ready for harvesting, and some cutting has been done in portions of Eastern Oregon.

But little plowing or seeding was accomplished, as the soil is too dry for working. In the Willamette valley a few fields have been "disked" in on ground plowed last spring.

Corn is ripening nicely, the ears are large and well filled, and the whole crop promises well. Pastures are very dry and stock is losing flesh.

Prune drying is progressing rapidly in Southern Oregon. In the Willamette valley the fruit is rather slow in ripening, and picking and drying will not be general until the first of next week; the crop is light. Late apples, while rather small, promise abundant yields; the early varieties continue to drop more than usual.

Columbia River Valley. Weston, Umatilla county, M. M. Baker—Weather continues hot and dry, and the fruit is being packed in warehouse; plums and prunes ripening, but crop will be less than usual; apples scarce, and potatoes will probably be a light yield.

Simnasho, Wasco county, J. O. Ashenurst—Weather cool and dry; threshing in progress.

Platanus Region.

Baker City, Baker county, W. C. McGinnis—There has been no rain since August 25th; previous to that date no rain had fallen, except a trace, since August 2d; but 0.97 of an inch has fallen in six weeks; this is unusual for this vicinity; stock ranges, even in irrigated territory, are suffering for want of water and becoming very dry; plenty of fruit in the markets.

Owyhee, Malheur county, J. M. Hartman—As yet still have plenty of water in the Owyhee ditch; crops are not suffering from continued dry weather; third crop of alfalfa is now being cut and is fine; grain crop good; prunes are fairly good and are being gathered and shipped; apples wormy.

FIGHTING SMUT WITH FORMALIN

SUGGESTIONS OF UMATILLA LA AGENCY FARMER.

Moses Christensen, Government Farmer on Umatilla Reservation, Gives Sure Remedy for Killing Smut Spores in Seed Wheat—Increase of This Damaging Pest in Umatilla County Demands Quick Action—Formula Suggested by an Experienced Farmer.

Owing to the large amount of fire loss to Umatilla county threshing machines and harvesters this year, caused by spontaneous combustion of the smut dust, leading farmers are now studying means of killing the smut spores in seed wheat. Among the most practical agriculturists of the Northwest is Moses Christensen, farmer on the Umatilla reservation, who has made a long study of this subject and who contributes the following short formula for the benefit of Umatilla farmers.

(To the Editor:—I suppose by the amount of smut being placed on sale at Pendleton, that the farmers in this section vitriol wheat to kill smut.

Here is an effective remedy: Mix thoroughly with 10 gallons of water on pound of formalin; immerse the grain in the liquid, letting it remain 10 minutes.

The formalin solution was used on both wheat and oats that was black with smut spores, by the experiment Station of Utah, and was entirely satisfactory; while the use of formalin on grain of the same kind with unsatisfactory results.

Formalin can be procured from any drugist.

MOSES CHRISTENSEN, Farmer Umatilla Indian School.

WILL RAISE FRUIT.

Missouri Who Would "Start From Unbroken Ground Up."

C. A. Hoffman was in town yesterday and overnight, going on down into Foster and Echo districts this morning. He is from the fruit belt of Southern Missouri, and a brother-in-law of Oscar Davis, another arrival who is seeking a location.

Mr. Hoffman says he is in orcharding on a considerable scale if he can find the conjunction of land, water and price to suit him. He desires to start from the old and unbroken ground up, so as to carry out to the fullest extent his desires as to the development of an orchard from the most primitive conditions, unhampered by any of the modern methods of failures or successes. As he himself expresses it, "I don't want to stick a plug of spade where one has ever been stuck, nor to dig out anybody else's stumps, nor burn anybody else's brush."

IMMENSE FRUIT CROP.

Will Wyrick Met Formerly of Pendleton People in Lewiston.

Will Wyrick has returned from a two weeks' visit to and in the vicinity of Lewiston, Idaho, and reports that in that country of grapes and peaches especially—was immense this year. The exportations are mostly grapes, which are being shipped to Gratz, Jr., for several years, and he has never made a special rate on wheat from this section of the country to Kansas City and way points.

Increased demand for wheat in the grain belt is the cause of the new tariff. During the present season more wheat has left the inland Empire for Eastern points than ever before in the history of the wheat-growing industry of the Northwest.

RAISING THE MONEY.

Grand Ronde Electric Railway and Power Plant.

The early construction of the Grand Ronde valley electric railway and power plant, according to W. E. Davidson, secretary of the company, is practically assured.

"My father is now in the East," said Mr. Davidson this morning, "for the purpose of interesting capital, and he believes me that several big money men really to finance the enterprise. I intend to go East in about a month to assist in the work."

"I am in receipt of a letter from R. A. Morrow, the vice-president. He has just completed a trip over the proposed line of the railway, and declares that it is one of the finest valleys he ever saw."

BOTH ANKLES FRACTURED.

Weston Farmer Fell 20 Feet and Litter on His Feet.

Alex Walker, a prominent Weston farmer, is in the Walla Walla hospital suffering with fractures of both ankles. Walker was injured Monday afternoon by the overturning of a load of hay. He was coming down a steep grade when the accident occurred.

Walker was thrown from the wagon and landed on his feet. He was 20 feet away. Had he struck on his head, it is thought he would have suffered fatal injuries.

Two Loads of Sheep.

Two trainloads of sheep—one train shipped to Garrison & Reynolds and the other by Stephens & Hunter—will be sent from this point in a short time for market to the coast.

The Nebraska feeding grounds, it is expected that a proportion of these sheep will be in a condition to slaughter immediately upon their arrival at or near Missouri river points, and in that case those which warrant the step will be immediately forwarded to Chicago and other packing house points.

Nasal catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. A remedy for nasal catarrh which is trying or exciting to the diseased membrane should not be used. Cream Balm is recognized as a specific. Price 50 cents in druggists or by mail. A remedy in the head immediately disappears when Cream Balm is used. Ely Brothers, 16 Warren street, New York.

WEDNESDAY'S LOCALS.

Jacob Born, the Ukiah cattleman, is in town today.

Herman Hessel of Weston, was in Pendleton last night.

Moses Taylor, a prominent Athena farmer, was in Pendleton last night.

Constable Jesse A. Liewallen, of Weston, is in Pendleton today, having missed the north-bound train.

Pay Le Grow, cashier of the First National Bank of Athena, was in the city last evening on business.

Miss Beila Carlstrom has been engaged to teach in district No. 67 on the north fork of the Walla Walla.

W. C. Kennedy took one of the 2-year-old Percheron stallions belonging to the McLaughlin company, out to Thomas Gilliland's place, two miles east of Pilot Rock, where the animal will be kept for a time for inspection.

Weston is threatened with a water famine. Pine creek is dry and the big city well affords so little water that street and lawn sprinkling are entirely out of the question. The only water used now for necessary household purposes and as one citizen says, "We ain't drinking any more water than we can help."
