REPORT ON LIQUOR

TEMPERANCE PEOPLE PREPARE CRIME STATISTICS.

Press Committee of the Anti-Saloon League Issues a Report on the Results of Intemperance and the Liquor Traffic—Shows That Government is Demoralized, Crime is Increased and Court Expenses Advanced—Report Compiled From Actual Statistics.

COMMISSIONER GEER SAYS FIGHT THE PESTS.

Judd Geer, of Cove, Member of the Oregon Horticultural Board for the Eastern Oregon District, Says Fruit Conditions Are Satisfactory, Except an Increase of Codlin Moth—Will Inspect Milton Nursery Stock Today.

The following report on the liquor traffic in Pendleton has been issued by the press committee of the Anti-Saloon League.

The report has been unanimously indorsed by the Ministerial Alliance of Pendleton and is now being circulated throughout the county.

As the question of prohibition is at this time before the people of this county, and many giving it serious consideration, a few facts relative to the fruits of the saloon may be of interest.

First. Demerit of law.—In this respect the saloonkeepers of Pendleton are conspicuous. In fact, the law is constantly and openly violated. Saloons are open and drunken men are being taken out of the streets and locked up in the jail.

The law against gambling has been flagrantly violated, and it is reported that the most vicious methods have been used in taking hundreds of dollars from individuals in one night.

Careful observers testify that more than five hundred dollars are sold every week to saloonkeepers and to Indians.

Second. Loss of life.—Man shot at Leavenworth by a drunken man; habitual drunkard found in a dying condition—died that night.

Third. Attempts at life or assault.—Young man under the influence of liquor found shot in the rear of a saloon, a young woman in drunken condition, shot herself.

Fourth. Protection of the best authorities, including the statement of the district attorney for the past two terms, testify that for the last four years 100 per cent of the crimes in the county can be traced directly or indirectly to drink.

Fifth. Demoralization of executive department of city and county.—This is the vital condition of the present system which is practically a license of crime. It seems to have become a settled policy to collect \$150 monthly, from saloonkeepers, and \$75 or \$100 periodically from the owners of games. This method is a disgrace to modern civilization.

WARREN STEPHENS JUMPS HIS BAIL

ACCUSED OF HORSE STEALING, FORFEITS \$900.

Youth Arrested Some Time Ago Was Released on \$900, and When Case Was Called Today He Failed to Appear—Mother of the Boy Arranged for His Bail—He Is Accused of Taking Horses Belonging to Frank Homan and Charles Barber.

Warren Stephens, under indictment for horse stealing, is gone and the officers of the law do not know of his present whereabouts. This afternoon in the state circuit court District Attorney G. W. Phelps turned over to the clerk \$900 cash bail that Stephens put up a few weeks ago to secure his freedom and this was declared forfeited by Judge W. R. Ellis. Stephens is believed to be somewhere in the east. His mother resides in Pennsylvania.

Stephens was arrested in July charged with taking horses belonging to Frank Hanna and Charles Barber. For over two months he remained in the county jail, when his mother appeared and secured his release on cash bail of \$900. The money is said to have been furnished by the prisoner's sister-in-law and a farmer, residing near Freshman, Or.

The case was set for trial this morning, but when the clerk announced it, Stephens was not in the court room. The missing man is reported to be 21 years of age. Little is known concerning him.
