

BABY'S ECZEMA
Top of Head Covered with Scales
Which Peeled off Taking
Hair with Them.
CURED BY CUTICURA
Now Six Years Old with Thick
Hair and Clean Scalp.
Cure Permanent.

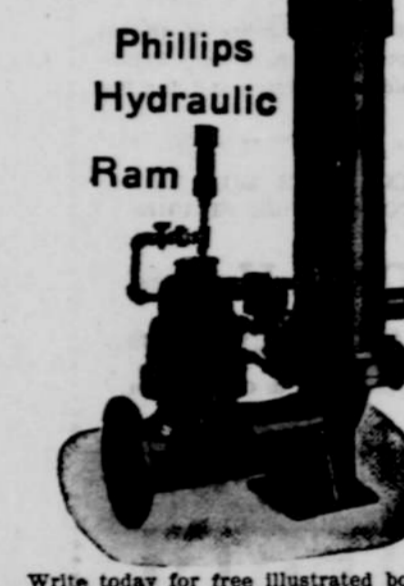

"My baby was about six weeks old when the top of her head became covered with thick scales, which would peel and come off, taking the hair with it. It would soon form again and be as bad as before. I tried several things and then went to the doctor. He said it was Eczema, and prescribed an ointment, which did not do any good. A friend spoke of Cuticura Soap. I tried it and read on the wrapper about Cuticura Ointment as a remedy for Eczema. I bought a box and washed her head in warm water and Cuticura Soap and gently combed the scales off. The hair did not come back and her hair grew out fine and thick. She is now a year and a half old and has no trace of Eczema."
—MRS. C. W. BURGESS, Irwin Ave., Bridgeport, Conn., Feb. 21, 1898.
Mrs. Burgess writes Feb. 28, 1903: "My baby, who had Eczema very badly on her head, as I told you before, after using the Cuticura Remedies was cured. She is now six years old and has thick hair and a clean scalp."
Instant relief and refreshing sleep for skin-tortured babies and rest for tired, worried mothers in warm baths with Cuticura Soap, and gentle anointings with Cuticura Ointment, purges of eczema and greatest of skin diseases, to be followed in severe cases by mild doses of Cuticura Resolvent. This is the purest, sweetest, most speedy, permanent and economical treatment for torturing, disgusting, itching, burning, bleeding, scaly, crusty and pimply skin and scalp humors, with loss of hair, of infants and children, as well as adults, and is sure to succeed when all other remedies and the best physicians fail.

Full directions for the use of Cuticura Resolvent, Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent, are given in the wrapper of each of these preparations. Write for them to J. C. Ayer & Co., Lowell, Mass., U.S.A.

LAMONT GETS THREE YEARS

EDWIN R. STOKES IS ALSO GIVEN THREE YEARS.

McDonald, Who Was Charged With Robbing Sons and Walker's Store at Helix, Was Acquitted—Ball of Ed Weston Was Declared Forfeited Because of His Non-appearance for Trial—Trial of Miles Kemler for Killing Valuable Bull Dog Heard This Afternoon—Court Term is a Busy One.
Three years in the state penitentiary was the sentence imposed this morning by State Circuit Judge W. R. Ellis on George Lamont, found guilty of larceny by bailiee. Edwin R. Stokes, convicted pickpocket, was given a like sentence. Ralph Ward, found guilty of assaulting Miles Kemler, was fined \$125.
Lamont defrauded C. W. Irvin, a confectioner, of \$700 on the grounds that he was going to use the money with which to buy machinery for the factory. Stokes took a purse containing \$250 from August Tanke, of Milton.

McDonald is Acquitted.
William McDonald, a laboring man 50 years of age, was acquitted in the state circuit court yesterday afternoon of larceny from a store and was immediately set at liberty. The alleged crime for which McDonald was tried was the burglary of County Commissioner Horace Walker's hardware store at Helix. The place was broken into on the night of July 5 last, and several small articles taken. McDonald was arrested immediately afterward and placed in the county jail. He was defended by Attorney Ben K. Davis. McDonald is a man of practically no means. Sheriff Taylor offered to allow him to sleep in jail last night, but the old man refused the offer with an emphatic shake of his head.
"I've had all of that I want," he said; "guess I'll sleep up town this evening. I'll be back after my property in the morning."

Weston's Bail Forfeited.
Five hundred dollars cash bail, deposited by E. H. Weston, convicted horse thief, awaiting action of the supreme court on notice of appeal, was declared forfeited in the state circuit court yesterday afternoon. Aside from the term in the Oregon state penitentiary that Weston must serve if captured, he also faces charges of horse stealing in Washington and \$500 reward is offered for his arrest.
After his release on bonds, pending appeal, Weston was re-arrested near Pomeroy charged with stealing a horse. He assaulted the sheriff who had him in custody, and escaped. Since then he has been in hiding and the matter before the supreme court was dismissed.

Damages for Killing Dog.
Two hundred dollars damages for the death of a white bulldog named "Jack," is what W. G. Sutherland is asking a jury in the state circuit court to award him. The defendant in the action is Miles Kemler, who is alleged to have killed the plaintiff's canine.
The jury was selected this morning and adjournment was taken until this afternoon. The case occupied the remainder of the afternoon session. Ben K. Davis represents the plaintiff. The defendant's attorneys are Halley & Lowell.
Following are the jurymen in the action: Joseph Warner, J. C. Pritchett, W. P. Leach, G. M. Morrison, J. O. Hale, H. Whittaker, J. Seivers, William Schrempff, L. Neff, Gus Schubert, F. A. Gordon and J. I. Joy.

SONES & WALKER RETIRE.

E. L. Smith Purchases Helix Business for John S. Norvell.
The firm of Sones & Walker, the well known Helix hardware and farm implement company, has retired from business. E. L. Smith of this city having purchased the entire business, stock and property owned by the firm.

The property included a large stock of hardware and farming implements, a store building, dwelling house, warehouse and four lots.
An inventory is now being taken and the transfer will be made in a few days.
Mr. Smith will not run the business but bought it for John S. Norvell, his brother-in-law, who came to Pendleton from Athens, Tenn., about three months ago. Mr. Norvell will take charge of the business at once, add a large stock of furniture, something not now carried in Helix, and will make other extensive improvements and additions, and will conduct a first-class business.
Mr. Sones has been in business about eight years. Mr. Walker buying an interest from him about two years ago. Recently Mr. Sones purchased Mr. Walker's interest, and that transfer had scarcely been made, when Mr. Sones sold the entire business to Mr. Smith.
Mr. Walker has invested in wheat land in Gilliam county, and will spend some time there, while Mr. Sones has not entirely decided upon his future plans.

ECHO SUGAR BEET.

Fine Specimen From C. R. Lisle Farm at Despain & Clark's.
W. H. Boyd of Echo, brought to this city a sample of Echo sugar beets raised on the C. R. Lisle farm, near that city, which surpasses over half of the best crop grown in the Grand Ronde valley, in smoothness, proportion, and general requirements for a high sugar per cent.
The sample beet is about eight inches long, four inches in diameter and weighs six pounds, and is smooth and symmetrical. A sample of sugar beets say it will test at least 21 per cent saccharine.
If it tests this amount of sugar matter, it would be worth \$4 a ton. Under the contract between Grand Ronde farmers and the beet factory. The prices fixed there are \$4.50 per ton for beets that test 18 per cent sugar matter and 50 cents per ton, extra, for each additional one per cent of sugar matter tested by the crop.
This beautiful specimen of the new industry of Umatilla county may be seen at the grocery store and commission house of Despain & Clark on Main street.

J. S. GURDANE INJURED.

Aged Pioneer Thrown From Buggy in a Runaway Accident.
J. S. Gurdane, a pioneer resident of Pendleton, and formerly state representative, was thrown from a buggy in a runaway last night and severely injured. His head came in

contact with a telephone pole and he was rendered unconscious for several hours. The injured man is much improved today and his recovery is thought to be but a matter of a few days.
Gurdane was returning home last night in a one-horse buggy when his animal became frightened at a band of hogs and bolted. Gurdane's right hand and the side of his head were badly lacerated by the collision with the pole.

DEATH OF W. A. DOZIER.

Aged Resident Dies at Home of a Daughter Near Noll.
William A. Dozier, a pioneer resident of Umatilla county, died last night at the home of his daughter, Mrs. Ed Dupuis of Noll. The funeral will be held tomorrow afternoon from the Dupuis residence. Death was due to senile decay.
William A. Dozier was born in Knox county, Ky., November 20, 1815. He is survived by the following children: Mrs. Burnett, Dr. W. B. Dozier and Reese Dozier of Knox county, Ky.; Mrs. Ed Dupuis of Noll; R. A. Dozier of Weston, Ore.; John Dozier of Pendleton; W. A. Dozier of Augusta, Mont.; Sarah Burnett of Clarke county, Wash., and Miss Lizzie Dozier of Pendleton.

Swanson's Leg Amputated.

Dr. Cole a few days ago visited Albert Swanson at the railroad annex to St. Vincent's hospital, in Portland. Swanson, it will be remembered, was the man so badly hurt by falling from the Meacham bridge in July. It was found not possible to save his right leg, which has been twice amputated, the last time nearly to the thigh. He has recovered completely from the effects of the fracture of the skull and from his broken ribs. The expectation is that the railroad company will provide him for the remainder of his lifetime with some employment which he can handle in his crippled condition.

WILL QUIT BREEDING

GRANT COUNTY CATTLEMEN WILL BUY YOUNG STOCK.

Great Quantities of Feed Raised in Grant County—Young Cattle Can Be Purchased Very Cheaply in Crook and Harney Counties Because of Their Comparative Isolation From the Markets—A. L. Donovan Talks Entertainingly of the Breeds of Cattle That Thrive Best on the Ranges.
A. L. Donovan, the Ise cattleman, who with other Ise men drove cattle to this place this week, states that the Grant county cattlemen are rapidly abandoning the breeding of cattle to any considerable extent, and are depending more and more upon Crook and Harney counties to supply the animals which they feed. He has no objection to that, but says that Grant county is developing its forage crop industries so rapidly, and stock cattle can be gotten so cheaply in the territory, that cattle raising is undergoing rapid modification.
In Grant county the tendency is strongly in favor of the Hereford—that is, probably a majority of the cattlemen raising an equal number of animals, favor that breed. In Crook and Harney counties the preference is not decided either way, probably it is about half and half. Mr. Donovan personally favors the composite, holding view identical with J. C. Loneragan on that subject. He has bred pure Hereford and pure Durhams, and the mixed, all in large numbers, and his preference is decided that the half and half is the very best beef animal from any standpoint.
He observes that unless the pure blood is kept to the highest notch it deteriorates rapidly; this is true in either case. The Hereford goes through this program unless new and young blood is introduced continually, which is a heavy item of expense. As a result, the pure blood Herefords are going out of favor even among the strongest partisans of that breed, who are forced to admit that they cannot possibly do any better than to raise grades.
Mr. Donovan avers that experience and observation have shown him that the Durham will stand inbreeding much the best, and retain the family characteristics far more persistently than the Hereford, which is supposedly pure. In other words, the Durham will stand inbreeding better without running down and running out, than the Hereford. Nevertheless, Mr. Donovan is strongly in favor of the mixed breed.

TO JUDGE OREGON STORIES.

Committees Will Award Prizes Offered by Portland Commercial Club.
The Oregon story contest that has been carried on by the Portland Commercial Club will be decided by a joint committee appointed by Governor Chamberlain and Mayor Williams of this city. Governor Chamberlain has appointed J. W. Pratt of Portland, Father Quinlan of Columbia University, W. C. Hawley of Salem, H. S. Lyman of Astoria, and W. S. Gilbert of Portland, says the Oregon Daily Journal. Mayor Williams has named B. B. Beekman, W. A. Mears, Henry Reed, Paul Kelly and W. D. B. DeWolfe, all of Portland.
Under the conditions imposed by the Commercial club the stories must deal with Oregon resources and development, must be printed in some newspaper outside of Oregon, and a copy of the publication furnished to the club. For the best article prize were offered aggregating about \$150. The first prize is \$50 in cash or a gold medal worth that amount; the second prize is the medal or the \$25, as the winner of the first prize may elect; the other prizes are various sums of cash. The contest closed October 1.

CATTLE SHIPPING SEASON IS OVER

OVER 2000 HEAD IN TWO WEEKS SHIPPED FROM HERE.

With the arrival of 800 head at Heppner soon the shipments for the season of 1904 will practically close—H. N. Stanfield Sends 700 Head to Feeding Lots on His Beter Creek Farm—Yakima Gets Many Feeders.
During the past fortnight at least 2000 head of cattle from ranges throughout Eastern Oregon have passed through Pendleton, en route to markets on the Sound or to winter feeding places in Walla Walla and Yakima counties. The animals intended for slaughter were shipped to Seattle, but most of the stock to be fattened were driven through to the feeding quarters.
H. N. Stanfield, of Stanfield Brothers' ranch, near Echo, last night sent out 100 head of fat steers to Seattle. Seven hundred head of cattle purchased by Mr. Stanfield from the "IZ" ranch in Grant county, were driven to the Stanfield ranges today.
"There will be no more cattle shipped from Pendleton this fall," said Mr. Stanfield this morning. "About 800 head are coming into Heppner shortly from the south and that will about wind up the fall business."

Oregon Feed Yard

Corner Webb and Cobble Streets.
The old reliable Oregon Feed Yard is not only centrally located, being only three blocks from Main street, but it is the largest and best equipped in the city. We have well water and city water, with hose to wash your rigs. We have plenty of shed room and corals for loose stock. There is plenty of room for a six or eight-horse team to turn around inside the feed yard. We can give you grain hay, either green or ripe, and though the price of feed is higher, you will find that we have not raised the price, but that we have raised the quality of the feed.
