TWO FREE COURSES

AGRICULTURAL COLLEGE

ADDS TO ITS ADVANTAGES.

Short Courses in Agriculture and Dairying Will Be Offered After Jan. 9—Tuition Free. Books Cost \$3.00 and a Deposit for Laboratory Breakeages \$200—Both Courses Will Be Practical and Complete—Great Need for These Branches Induced Regents to Add Them.

Immediately following the winter holidays, the Oregon Agricultural college at Corvallis, will give free of charge two popular short courses of instruction—one in agriculture, the other in dairying. These courses consist chiefly of lectures by specialists from the faculty and from abroad, combined with work in the laboratories, where students have access to the apparatus of the college and experiment station.

The lectures are designed for busy men and women who desire to advance with this progressive age, but can not avail themselves of the full four-year course of instruction; hence the courses of lectures will come at the most convenient season of the year for combining pleasure and recreation with profitable study. Those familiar with the short course system of lectures speak of it as a rare opportunity for practical men and women to familiarize themselves with the more salient points touching their business, and to gather such general information as will enable them to live to every farmer and housekeeper. The instruction, which is simple, is adapted to the literary attainments of all; hence no educational test is required for admission to either of the courses. The schedule of lectures will be announced in due time.

The course in agriculture will begin January 29, and continue 10 days. Some of the subjects to be discussed are horticulture, plant breeding, bacteriology, chemical elements, how plants work, budding of plants based upon plant culture, hints on farming, how to conserve the fertility of the soil, drainage, soil moisture, rose culture, veterinary surgery, rotation of crops, roadmaking, fertilization and how to make the old farm pay.

The course in dairying will commence January 21, and continue six weeks. Students will meet for work six days of the week. The mornings will be devoted to practical work in dairy rooms, two days will be devoted to butter making, two days to cheese making, and two days will be spent in the dairy laboratories. In the afternoon of the days except those devoted to cheese making, lectures and recitations will occupy two or three hours. The lectures will treat of soil chemistry and physics, feed and feeding, dairying, bacteriology, breeds and breeding and chemistry of dairy products.

There will be no fees except the breakage deposit of \$2. This deposit is intended to cover the breakage of glassware in the laboratory, and the actual cost of material used; hence a part of this fee will be returned in case of no breakage. Books will cost about \$12. Rooms with board and lodging will cost from \$3 to \$5.50 per week.

CHILD KILLED.

Sack of Wheat Fell on 6-Year-Old Boy, Breaking His Neck.

Saturday last at about 2 o'clock, the 6-year-old son of Mrs. Brita Anderson, who lives on her own place, 15 miles northwest of Pendleton, was killed by a sack of wheat falling upon him, breaking his neck and fracturing his skull.

The little boy, who was a son of Jacob Kontas, Mrs. Anderson's first husband, was playing by himself at the barn. A neighbor's little boy came over to play with him and was directed by Mrs. Anderson to the barn. The neighbor's child went to the barn and immediately returned with the news of the accident, which had taken place between the time of the noon meal and 2 o'clock. Mrs. Anderson immediately went to

the barn and found the child lying on a sack of wheat—the third sack from the floor of the ground. Upon and across the boy lay another sack of wheat that had been, when in its place, the sixth from the ground. The skull of the child was crushed and the neck was broken. The father of the boy, Jacob Kontas, was killed by his team running away on the way home from Pendleton about five years ago.

The funeral was held Sunday afternoon at the Union school house, and the interment was made in the Union cemetery.

DEATH OF JAS. O'CONNELL.

Paralysis Causes Demise of Well Known Hotel Keeper of Umatilla.

James O'Connell, the well known hotel keeper of Umatilla, died yesterday of paralysis, after lingering five days as the effect of the first stroke with which he was ever afflicted. The body was brought to Pendleton and will be taken to Walla Walla for the funeral and the interment under Catholic auspices.

With his family Mr. O'Connell, who was 65 years of age at the time of his death, removed from Walla Walla to Umatilla about eight years ago, and had been in the hotel business there ever since. Both Mr. O'Connell and his wife were born in Ireland, but when they emigrated to this country could not be traced.

The wife and seven children of Mr. O'Connell survive him. The sons and daughters are as follows: Mrs. A. B. Stephens, Mrs. John Lennon, Mrs. R. E. Linga, the Misses Anna and Deed, and two sons, Frank and James, all residents of Umatilla.

LIVESTOCK PRIZES.

Lewis and Clark Fair Management Offers \$10,000 in Premiums.

The East Oregonian is in receipt of the following letter from Henry G. Reed, secretary of the Lewis and Clark fair board, in relation to the livestock prizes to be given by the fair:

Portland, Ore., Oct. 23.—Dear Sir: I take pleasure in informing you that the Centennial exposition has offered the following cash premiums for livestock and poultry:

Horses, class A \$12,000.00
Cattle, class B 18,500.00
Sheep and goats, class C 6,500.00
Swine, class D 3,500.00
Poultry and pets, class E 1,500.00

Total \$40,000.00

The foregoing are in addition to diplomas and ribbons. In due season the regulations governing the livestock show will be announced.

TWO INSPECTORS FOR PENDELTON

GOVERNMENT HAS APPOINTED DR. A. H. BIBB.

Work of Stock Inspecting Under Federal Supervision in Eastern Oregon Has Assumed Immense Proportions—Dr. Lantz Has Formerly Covered the Field, But Will Hereafter Have an Assistant—Dr. Bibb Now at Baker City Inspecting Shipment of Cattle.

The duties devolving upon the federal stock inspecting operating from this point, have increased to such a volume that it has become imperative necessary that Inspector Lantz have his labors divided.

To that end the government has appointed A. H. Bibb of Salt Lake, a man with considerable experience as a federal stock inspector, assistant Dr. Lantz, or more properly speaking, take from his shoulders some of the labor and responsibility.

All Eastern Oregon is too large a field for one man, no matter how active, energetic and capable he may be, to manage, with its immense volume of interstate shipments across of exit points. Dr. Bibb, with his wife has arrived and will make their permanent residence here.

Dr. Bibb will go to Baker City this evening to inspect cattle being held there for shipment. No better illustration of the situation can be made than to refer to the fact that Dr. Bibb is no sooner arrived in town than he is at once sent to Baker City, while Dr. Lantz has gone to The Dalles on a similar errand.

MRS. JAMES WILSON DEAD.

Daughter of Charles Ogilvy, of Pilot Rock—Funeral at Pilot Rock.

Mrs. James A. Wilson died last night at St. Anthony's hospital of consumption. The funeral will be held tomorrow afternoon at Pilot Rock. Rev. Robert Warner, pastor of the First Methodist Episcopal church of this city, officiating. Interment will be at Pilot Rock.

Mrs. Mary Wilson was born in New Zealand 25 years ago and came to Umatilla when a child. She is survived by her parents, Mr. and Mrs. Charles Ogilvy, of Pilot Rock, and leaves a husband and three children. She was a sister of the following:

Mrs. Henry Beils, of Pendleton; David Ogilvy, of North Yakima; Mrs. Ida Beeman, of Touche; Mrs. Clinton Bissett, of La Grande; Mrs. Grant Blystone, of Walla Walla; Mrs. Minnie Kutzer, of Shaniko; Miss Lattie Ogilvy, of Pendleton; Walter Roy, Maggie, Clarence and Elsie Ogilvy, of Pilot Rock.

Mrs. Wilson was well known in Pendleton and throughout Umatilla county and leaves a large number of friends.

DEHORND CATTLE.

Asa Thompson Pays Ten Cents Per Hundred More for Hornless Animals.

Asa Thompson yesterday drove through 112 head of dehorned steers from the southern part of the county, headed for his Butter Creek ranch, where they will be full fed for the spring markets. He paid \$2.50 per 100 for these animals, which is 10 cents per 100 more than they would otherwise bring, on account of the absence of horns.

A PIONEER GONE

MILLER VAUGHAN, VETERAN STAGE DRIVER, DEAD.

For Over 25 Years This Pioneer Occupied the Driver's Seat on Oregon and Idaho Stage Coaches—Came to Oregon in 1852 at the Age of 10—Was a Packer From Umatilla Landing to Helena in the Early '60s—Wife Died 17 Years Ago—Large Family Survives Him.

Miller Vaughan, pioneer of the West and veteran stage driver, is dead. Death was due to paralysis, with which he was stricken last Friday. The funeral will take place in this city tomorrow morning at 9:20 o'clock from the residence of Charles Eppinger, at 612 College street.

Miller Vaughan occupied the driver's seat of a stage coach for more than 35 years and was considered one of the oldest stage drivers in the United States. For the past few years he had ceased to be actively engaged in driving, but his fatal illness came as he was seated in a coach out of Sumpter.

Dr. Eugene A. Vaughan, a son residing in Pendleton, hurried to Sumpter and had his father removed to this city. Death came at 2 o'clock this morning.

Mr. Vaughan was born near Chillicothe, Ill., January 22, 1842. He came west with his parents 19 years later and settled at French Prairie, in Southern Oregon. He came to Pendleton in 1869 and engaged in packing between Umatilla and Helena, Mont. He was married in Portland about 35 years ago. Mrs. Vaughan has been dead over 17 years.

The following children survive Dr. E. A. Vaughan: John L. Vaughan and Mrs. Catherine Eppinger, of Pendleton; Dr. Frank Vaughan, of Astoria; R. J. Vaughan and Thomas Vaughan, of San Francisco.

Dr. Frank Vaughan arrived in Pendleton yesterday from Astoria.

FAVORS TURKEY RED.

C. H. ROSENBERG, of Fulton, Has Had Excellent Success With It.

C. H. Rosenberg, of Fulton, is planting 440 acres to winter wheat, all of which he is planting Turkey Red. In 1903 Mr. Rosenberg harvested 160 acres of Turkey Red, and the same acreage this year he is planting Turkey Red, the third crop of it, determined to give it the most conclusive trial possible.

The average for the Turkey Red in 1903 was 31 bushels per acre and 10 bushels this year. This year it yielded a better average than any wheat Mr. Rosenberg raised, and the quality in every respect it was as strong and as fine flour as he ever raised on his place.

Mr. Rosenberg is trying to discover the identity of the individual who quoted him as expressing dissatisfaction with Turkey Red.

PREDICTED SWAGGER'S DEATH.

Dr. C. T. Taylor, Formerly of Kamela, Said Seymour Swagger Would Die a Violent Death.

Eight years ago, in writing a horoscope of Seymour Swagger, who met such a horrible death under the wheels of an O. R. & N. train near Bingham Springs Saturday morning, Dr. C. T. Taylor of Kamela, predicted that Swagger would meet with a fatal death before he was 50 years of age.

LOOKING FOR HIS BROKER.

Ira Wrench, of Stockton, Cal., arrived on the early train from the West. Mr. Wrench is in search of his brother, Oscar M. Wrench, who came into the Northwest about three months ago and was last heard from six weeks ago, when a letter was received from him which was written at Arlington and stated that the writer was coming to Pendleton. Mr. Wrench has little idea that his brother came here, however, or that he had any serious intention of coming here, as he wrote, but as there is no clue to his whereabouts in any other direction, he will look the ground over. His most plausible theory is that his brother has gone to Anson county, Wash., where there are a number of relatives and old friends of the family.

RAISED COTTON IN OREGON.

Oregon can claim another product and may, in time, vie with the Sunny South in the raising of cotton. Mr. Batty Cooper has raised this summer quite a patch at the residence of J. P. Rogers, on South Commercial street, and the bolls are fully developed and almost ready to burst with their juicy contents. Cotton raising will probably never prove a great industry in Oregon. But the fact that it has matured is proof of the splendid climate of the valley. Mr. Cooper says that it compares favorably with the cotton of his old home down South in size and color.—Salem Journal.

UKIAH HORSE ASSOCIATION.

An association of Ukiah farmers has been organized to deal in blooded horses for the most part for the direct benefit of the members of the association, who are Mossie & Son, C. N. McReynolds, A. McKenzie, S. E. Clark, M. E. Sturdivant, E. Brim and J. H. Hutton. The firm begins active business by the purchase of a 4000 3-year-old imported black Percheron stallion of McLaughlin Bros. through the seller's agent, M. D. Shurt of this place.

BOUGHT 250 HEAD STOCK STEERS.

Harry Rogers has just driven in from the Condon district to his Butter Creek ranch 250 head of stock steers which he will full feed for the spring markets. He paid an average of \$2.50 per hundred for the animals, although they were bought by the head.

W. S. LINDSEY INVESTS.

W. S. Lindsey has secured an interest in the Depot stables in this city. He was formerly engaged in business in Pendleton, but went to Lewiston and Moscow. "I had to return," he said, "for I found there was nothing like Pendleton after all."

HORSE IMPORTER COMING.

William McLaughlin, of the horse importing firm of McLaughlin Bros., telegraphs D. A. Collins that he will arrive in Pendleton about the 15th inst., with another carload of horses.

Walter Miles, clerk in a Salem drug store, took a swallow of formaldehyde for his Sunday. Prompt use of antidotes prevented his death.

"BIG JIM" NOT DEAD.

Umatilla Indian Gives a Version of the Accident to Himself.

"Big Jim" Narcisse tells an extraordinary story of the accident which befell him about a month ago near Weiser, on the Snake river, as a result of which he was variously stated as having been murdered, having suicided, having been accidentally shot and killed.

Men's and Young Men's

...SUITS...

On the Installment Plan

THE STORE THAT IS GAINING IN CLOTHING SALES EVERY DAY. WHY? BECAUSE THEIR STOCK IS ALL NEW AND MARKED RIGHT. LISTEN HERE! NO SHOP-WORN SUITS ON OUR TABLES, AND WE DON'T PROPOSE TO HAVE ANY, BY MARKING THEM RIGHT.
