# **SKIN HUMORS BLOOD HUMORS**

Speedily, Permanently and **Economically Cured** by Cuticura

### WHEN ALL ELSE FAILS

### Complete External and Internal Treatment **Price One Dollar**

In the treatment of torturing, disaguring, itching, scaly, crusted, pimply, blotchy and scrofulous humors of the skin, scalp and blood, with loss of hair, Cuticura Soap, Ointment and Pills have been wonderfully successful. Even the most obstinate of constitutional hu-mors, such as bad blood, scrofuls, inherited and contagious humors, with loss of hair, glandular swellings, ulcerous patches in the throat and mouth, sore eyes, copper-coloured blotches, as well as boils, carbuncles, scurvy, sties, ulcers and sores arising from an impure condition of the blood, yield to the Cuticura Treatment, when all other

remedies fail.

And greater still, if possible, is the wonderful record of cures of torturing, disfiguring humors among infants and children. The suffering which Cuticura Remedies have alleviated among the young, and the comfort they have afforded worn-out and worried parents, have led to their adoption in countless homes as priceless curatives for the homes as priceless curatives for the skin and blood. Infantile and birth hu-mors, milk crust, scalled head, eczema, rashes and every form of itching, scaly, pimply skin and scalp humors, with loss of hair, of infancy and childhood, are speedily, permanently and economically cured when all other remedies suitable for children, and even the best phy-

CONTAGIOUS DISEASES ON THE RESERVATION

of Diphtheria and Two of Measles -He Advises the People of the Territory Surrounding the Reservation to Use Every Precaution Against the Spread of the Disease.

Six cases of diphtheria have devel-the residence of J. A. Creswell. oped among the Indian children on the Umatilla reservation, and the schools have been closed by order of Dr. T. M. Henderson, the governnent physician. The Indians are badly frightened, as a general spread of the disease is feared. Two cases of measles have also been discover

ed by the physician in charge. "The diphtheria and measles cases re very serious," said Dr. Hender-"and the Indians have ample grounds for fright. Pendleton citiens will do well to take precautions against the transmission of the scourge to this city. I must confess that the spread of diphtheria is a great deal broader than I desire.

"Such diseases as diphtheria and asies among Indians as a rule, are ore severe than when confined to white persons and the cases at the agency appear to be of a virulent

Two of the cases being treated by r. Henderson were developed a eek ago, but were not reported t im until yesterday. He then made investigation that resulted in the scovery of four more. Three of the iphtheria patients are at the Cathomission, two are in the family of ndian Policeman Narcisse Bushman nd the sixth was reported this morn

eservation schools. They will not idemic is checked, and a close inection will be made every day or wo of each family.

"For the present," said Dr. Henrson, "I am giving the patients the enti-toxin treatment, which is recogmost effective way of fighting diph- and at odd times. theria. So far only two cases of neasles have been brought to my

In years gone by diphtheria and easles have destroyed thousands of the Northwest. The massacre of Dr. Marcus Whitman and the members of his mission, half a century ago, is said to have been brought on by reason of the fatal spread of measles mong the Indians. The savage way With measies and diphtheria, however, when the Indian came to the generally "memaloose." attempted to treat the sick, but their strenuous "sweat house" remedies generally counteracted all his efforts, and the result was the Siwashes be-
