Should suffer in the face of evidence like this Mrs. Fred Noble, who lives at 219 Cosbie street, says: "I was troubled for three or four years with my back and kidneys, and was oppressed with a tired feeling all the time. My back commenced to ache whenever I did the least amount of work around the house that compelled me to lift anything or stoop over. The kidneys were iregular and annoyed me, espec ially if I caught cold. I felt sleepy or drowsy all the time. I used many different medicines, some of which helped me, and some of which did not. I saw Doan's Kidney Pills so highly recommended that I went to the Brock & McComas drug store and got a box. They helped me from the first and did me more good than anything of the kind I had ever used. I am feeling better since the treatment than I had in a long, long time before, thanks to Doan's Kidney
