FRIDAY, DECEMBER 2, 1904. BABIES ON FIRE

With Itching, Burning, Scaly Humors of the Skin

Instantly Relieved by Baths with Cuticura Soap

And Gentle Applications of Cuticura Ointment.

Instant relief and refreshing sleep for akin-tortured babies, and rest for tired, fretted mothers, in warm baths with Cuticura Soap and gentle anointings with Cuticura Ointment, the great skin cure, and purest of emollients, to be followed in severe cases by mild doses wed in severe cases by mild doses of Cuticura Resolvent.

"My niece's little baby boy, two years old, was so badly afflicted with eczema that he needed constant watching. It was all over his face and he scratched the sores constantly. Mornings his clothes would be stained with blood, and his face and hands would be covered. His family never could take him out, as his face was always full of large sores. They had medical treatment, and tried everything they heard of. She commenced using the Cuticura Remedies last spring and found that at last she had a wonderful healer. The sores left his face and he was entirely cured, and now his face is as smooth and rosy as though no sore had ever been there to mar it." MRS. L. J. ROOT, JERUSALEM, N. Y.

On March 7, 1903, five years later,

"I received your note of kind in-quiry and am pleased to inform you of the permanent cure of my little boy. He is now a healthy child with pink and white skin free from all blemish. other medical aid failed."

The regular weekly excursion train om Walla Walla to this city and return, will be run next Thursday, De cember 1, as usual. This is the information received by Agent E. C. Smith of the O. R. & N., this morning. The rain will be thoroughly advertised in towns along the branch line in Imatilla county, and from present ospects, it is possible that it may be made a regular thing every Thursday

definitely. The demand for such an accom odation train is widespread, and ne people who have patronized the mer excursions, have expressed emselves unanimously in favor of

ntinuance of the train. It is hoped by the farmers and reents of the small towns in the east ed of the county that the train will centinued, and it is the general ntiment among them, that if this rain were run regularly, once or twice each week, that all the travel ould be transferred from the mixed ranch train, to this passenger train. his would relieve the mixed train of the passenger traffic, and it could indle the freight business in good hape, without annoyance from pasengers over the delays.

Aside from being an accommoda ion to the people along the branch line in Umatilla county, it is also direct benefit to residents of Walla on this early morning train, once a week, visit friends in this city, and It has been a marvellous cure and brought about in a short time after all ple for just such a train, to connect ford's sister. with No. 1, here in the morning, and I throughout the world.
