

SCALP HUMOURS

Itching, Scaly and Crusted
With Loss of Hair

Speedily Cured by Cuticura
Soap and Ointment

When Every Other Remedy and
Physicians Fail

Warm shampoos with Cuticura Soap and light dressings of Cuticura, the great skin cure, at once stop falling hair, remove crusts, scales and dandruff, soothe irritated, itching surfaces, destroy hair parasites, stimulate the hair follicles, loosen the scalp skin, supply the roots with energy and nourishment, and make the hair grow upon a sweet, healthy scalp when all else fails.

Millions of the world's best people use Cuticura Soap, assisted by Cuticura Ointment, the great skin cure, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for baby rashes, itches and chafings, for annoying irritations and inflammations, or too free or excessive perspiration, for ulcerative weaknesses, and many antiseptic purposes which readily suggest themselves to women, as well as for all the purposes of the toilet, bath and nursery.

Complete treatment for every humor, consisting of Cuticura Soap, to cleanse the skin, Cuticura Ointment, to heal the skin, and Cuticura Resolvent Pills, to cool and cleanse the blood, may now be had for one dollar. A single set is often sufficient to cure the most torturing, disfiguring, itching, burning and scaly humors, eczema, rashes and irritations, from infancy to age, when all else fails.

Sold everywhere. Cuticura Resolvent Pills, the form of Cuticura Soap, per box of 100, 25c. Cuticura Ointment, per tin of 100, 25c. Cuticura Soap, per box of 100, 25c. OFF YEAR IN THE FEED BUSINESS

VOLUME OF TRADE IS
CONSIDERABLY LESS.

Dull Season in the Farming Districts
Has Greatly Restricted the Demand
for Chopped and Ground Feeds and
Hays—First-class Alfalfa and
Wheat Hay Is Worth \$17.50 Per
Ton Baled—Demand Is Less Than
Usual in Town.

The dry fall and the dearth of farm work has been strongly reflected in the feed market in this city. The volume of business in the hay and chop market for October, November and December will not be equal to that of last year, owing to the little farm work done and the small demand for team work in the country.

The best alfalfa and wheat, baled in north \$17.50 per ton and the demand is very light. Timothy is selling at \$19, and is somewhat more active than either of the other kinds.

Brain is selling at 40 cents per sack or \$17.50 per ton, and shorts at \$19 per ton, and aside from the out-of-town orders little is being done in this line of feed.

While the normal demand for feed has increased greatly in the last year, the dull season in the farming districts has greatly reduced the volume, and this will be counted as one of the "off" years in the feed market in Pendleton.

BEES TO SEATTLE.
225 Head Now and 1000 Head More
in a Short Time.

R. N. Stanfield, a prominent Butter Creek stockman, was in town last night making arrangements for a shipment of 75 head of fat bees to Seattle next Sunday. Stanfield sent 150 head a few days ago.

"There are about 5000 head of cows and sters fattening," said Mr. Stanfield, "and they will be shipped as soon as possible. I have about 1000 head that are almost ready for the market. The other cattle belong to Asa Thompson, O. F. Thomson, J. B. Saylor, Ralph Stanfield and Ben McCulley."

"It generally takes about six weeks to get the cattle in shape for slaughter. The last shipments were made about six weeks ago and as soon as we got them away we started to load another bunch. It will take at least three weeks to ship all the cattle now ready for market."

Mr. Stanfield returned to his home near Echo this morning.

WOOD TRADE DULL.
Plenty of Cars Now But Little Wood
Being Shipped From Kamela.

H. K. Charlton, one of the most prominent wood dealers of Kamela, in the city today, en route to Athena, to visit his family.

He says the wood trade on the mountains is dull at present. Little wood is being shipped out, although cars are plentiful now. The best grade of cord wood is now selling for \$2 per cord, on board the cars. There is about 1000 cords now on the dump at that place, and very little is being hauled in from the timber.

There is none being cut this winter, so far, and he looks for a scarcity of good wood next season. The timber is so thoroughly culled out that it is necessary to go back several miles from the railroad to find good cord wood timber, and therefore the first cost of good wood is constantly increasing.

The highest price is yet to be reached in the wood market in this country, as branch roads must be built to reach the timber areas at a distance from the tracks.

WHEAT IS THREATENED.
Inland Empire Wheat Belt Is in a
Precarious Condition.

County Commissioner Horace Walker has just returned from a trip through Gilliam county, and finds wheat in the same condition as in Umatilla county—badly in need of rain, and that at once, if it is to be saved.

The outlook for wheat is decidedly precarious at this time, all over the Inland Empire wheat belt. Two or three light freezes will take all the remaining moisture out of the ground and kill almost every crop in the country.

Mr. Walker is impressed with the permanent manner in which the Condon-Arlington branch of the O. R. & N. is being built. All the deep canyons are being filled in, substantially, instead of being bridged over with temporary piling bridges, and the grade is to be made in the most solid and permanent manner. A large force of men is at work on the line, and it is hoped to complete it early in the spring.

PIONEER PARKER.
Came to Oregon in 1846—Lived in
Umatilla County 32 Years.

W. D. Parker of St. Johns, Wash., is in town renewing old acquaintances. Mr. Parker came with justice lay claim to being one of the oldest pioneers of the state. He came to the state when a child with his parents. They arrived in French Prairie, 12 miles north of Salem, Ore., in 1846.

In '61 Mr. Parker left the Willamette valley for Eastern Oregon, where he mined, freighted and farmed. In 1872 he came to Umatilla county, settling near Athena. A little over a year ago he moved to St. Johns, Wash.

Mellor-Peach.
At the home of the groom, near Island City, Oregon, December 7, 1904, W. G. Peach and Mrs. Ella Mellor were married. The Rev. William H. Saxby officiating. The groom is one of the oldest and most respected pioneers of this valley and the bride is one of Milton's most respected matrons. They have a host of friends in this valley and in the vicinity of Milton who extend congratulations—La Grande Observer.

Mrs. Stanton Dead.
Mrs. Charles Stanton, wife of a prominent Helix miller and ranchman, is dead of heart failure. The funeral will be held in Walla Walla Sunday afternoon. Mrs. Stanton had lived in Umatilla county for several years, and was about 40 years of age. She had been in ill health for several months.

Seventy-One Conversions.
The revival services of the Christian church of Milton closed last evening with 71 professions. Two converts were immersed last night after the services.

SATURDAY'S LOCALS.

C. C. Henderson, of Pilot Rock, is in the city today on business.

Kam Deemer, of Weston, was in Pendleton yesterday afternoon.

Mrs. H. C. Willis, of Echo, is in the city receiving medical treatment.

Julius Nelson and family, of Vancycle, are in Pendleton, the guests of George Mosker.

John S. Atkison, a prominent citizen of Pilot Rock, is in the city today on a trading and business trip.

Mrs. D. C. Brownell and daughter, of Umatilla, are at the Bickers while James Nelson, who has been in Portland on United States duty, returned home last night and left this morning for his home on Butter creek.

Mrs. T. M. Keller, has just returned from Athena, where she has been attending Mrs. E. Koller, her mother-in-law, who has been seriously ill for the past week.

M. H. Rice, of Freewater, Umatilla county agent for the Oregon Fire Relief association, a mutual fire insurance company, is in the city today on business connected with his company.

A. Ruppe, the well known farmer of north of the city, was a visitor today, and says much of the wheat is in great danger in his locality. A warm rain is badly needed to start it to growing.

Mrs. Carl Gilbert, of Echo, and W. J. Nixon, of Wasco, Oregon, left this morning for Republic, Wash., where they were summoned by the serious illness of their mother. Carl Gilbert, who accompanied them, is expected to return home to Echo this morning.

UMATILLA NOTES.
Local Talent Will Play "Borderland."

—O. R. & N. Officials Inspect Umatilla Offices—Cool Famine Threatened—Preaching by Rev. G. L. Lovell—Dr. Smith Called to Attend Mrs. Fallinche.

Umatilla, Dec. 9.—Mr. and Mrs. F. Davidson made a business trip to the county seat the first of this week. Dr. Smith was called from Pendleton to attend Mrs. J. P. Fallinche, who was very sick. She has fully recovered her usual health.

Elmer Knight, day car checker, visited The Dailies Wednesday.

Since the O. R. & N. Co. has discontinued selling coal to their employees, a coal famine is imminent in Umatilla.

"Borderland" will be given by local talent in the near future.

Rev. G. L. Lovell of Pendleton, held preaching services in the school house Monday evening last.

The improvement of Stephens building is progressing rapidly.

Mrs. Walter Fraser, wife of the night operator, arrived from Pendleton today to visit for a few days.

The yards were never more completely blocked than they are now, owing to the large amount of wheat going east.

E. E. Calvin, general manager, M. J. Burley, superintendent, and T. Walsh, trainmaster, with others, composed a party of O. R. & N. officials, who arrived here today to inspect their business at this point.

ALBA NEWS NOTES.
No Stock Being Fed Except Milk Cows—No Snow as Yet—Death of a Pioneer Who Was a Veteran of the Civil War—Son Was Born to the House of Deeds—The Alba School Will Have a Christmas Tree.

Alba, Dec. 6.—Weather is fine. We have not been visited by a snowstorm as yet, although the weather prophet has often told us to look a little out.

George McLaughlin, a pioneer settler with 32 head of 2-year-old steers.

Cattle are rapidly going into winter quarters and are located in different parts of the field and will chew straw the balance of the season.

There is no stock being fed here yet except milk cows. This time last year stock had been fed from four to six weeks. The snow came on the sixth of November, and did not go off till spring.

December 1 there was born to the wife of Judge Denis of Ukiah, a baby boy.

Miss Townley of Union, is teaching the Alba school. Her pupils will have a Christmas tree.

Samuel McLaughlin passed away from the home of his son, and was buried in Ukiah cemetery. Mr. McLaughlin was born in Ireland 72 years ago, and came to America when he was 19. He fought through the Civil war and was drawing a pension at the time of his death. He is survived by two sons. His wife died here five years ago.

Progressive Pilot Rock.
The outside work on the new school house has been completed and the building now presents a handsome appearance. The board of directors is negotiating for the sale of the old building, hoping to realize a sufficient sum in this way to pay for seating the new building.

Through the efforts of Miss Grace Gilliland, Miss Eugene McAlister, a subscription has been raised for the purpose of buying an eight-foot American flag for the school. Each of the school children contributed toward the fund and a lesson in patriotism was thus taught the little ones. A public school without an American flag is as incomplete as a home without a mother.—Pilot Rock Record.

Hicks Almanac.
The Rev. I. R. Hicks Almanac for 1905 is now ready, being the first edition ever issued. This splendid and costly book of 200 pages is a complete study of astronomy and storm and weather for 1905. It is too well known to need comment. The price, postpaid to any address, is 30 cents per copy. The Rev. I. R. Hicks' scientific, religious and family journal, "Word and Works" now abreast with the best magazines, is 75c a year. Both Word and Works and the Almanac \$1.00 per year. No better investment possible for any person or family. Word and Works Publishing Co., 2201 Locust St., St. Louis, Mo.

Amendments to Lien Law.
Several amendments to the Lien irrigation law have been prepared and will be published in the East Oregonian in the near future. The law proposed by Mr. Lien will be considered by the coming session of the legislature and these amendments have been prepared by the author, after more thoroughly studying the needs of the state.

Suit Against Packing Company.
H. C. Willis has brought suit in the state circuit court against the American Hare Packing Company, to collect \$2000. Other creditors of the packing company are named as defendants in the suit in an attempt by the plaintiff to establish a prior right. Carter & Riley are attorneys for the plaintiff.

CATCH SALMON OUT OF SEASON

GREAT NUMBERS BEING
TAKEN NEAR UMATILLA.

Water Is Very Shallow and Fine Fish
Are Caught on the Riffles by the
Indians—All This Is Out of Season,
and the Attention of the Warden
Has Been Called to the Infractions
of the Law—No Trouble From Japanese and Chinese.

Umatilla Indians are catching salmon in the river near Umatilla by the shoals. Yesterday evening several Indians came up with sacks filled with splendid salmon, from 20 to 35 inches in length.

It is reported that large numbers of Indians are now fishing along the river just above the Holbrook dam, four miles east of Umatilla. The water is very shallow, and the salmon are easily caught, as they lodge on the riffles and are unable to get away.

The attention of the game and fish warden has been brought to the matter and he will make an investigation at once. Formerly the Japanese and Chinese section crews at Umatilla, Nolin, Echo and other points along the river have caught large numbers of salmon during the fall run, but no infractions of the law have been reported from that source this fall.

The run of salmon will be light, owing to the very low water in the Umatilla river. Few of the larger sizes have been seen in Pendleton this month, when usually they appear here in large numbers at this season of the year.

HELIX HAPPENINGS.
New City Treasurer—Curfew Ordinance Adopted—Mrs. Walker Is Very Ill—Farwell Surprise Party.

Helix, Dec. 9.—At the regular monthly meeting of the board of aldermen C. E. Bell was appointed city treasurer in the place of H. H. Jones, resigned. At the same meeting a curfew ordinance was read and adopted, and at a special meeting of the council, the following election of officers for the coming year, were appointed: Judges, L. D. Smith, R. F. Johnston, J. K. Baker, clerk, Barr Johnston, Jesse Moore, Clarence Knight.

W. H. Bond has been appointed a school director in place of Horace Walker, who recently moved to Pendleton.

B. B. Richards has gone to Weiser, Idaho, on business.

The members of the Baptist church gave Mr. and Mrs. F. H. Richmond a farewell surprise on Wednesday evening.

Mrs. Hugh Walker is quite seriously sick at her home three miles east of town.

The Athena Mercantile Company, which has been doing business here for the last four years, has decided to close its store at this place in the near future, and is now conducting a closing out sale, with that end in view.

At a mass meeting of the residents of the Helix school district, it was unanimously recommended that the directors engage an extra teacher, which action seemed necessary owing to the increased attendance. The directors, however, decided that they had no right according to the school laws, to take such a step. It is much regretted that a technicality should prevent the improvement of school facilities, when it is so much needed, and also greatly desired by the largest taxpayers in the district.

NORTH MUKAY NEWS.
Barney Crowner Still Ill—Successful Term of School.

North Mukay, Dec. 10.—Wheat in this section is growing finely.

The roads are in fine shape, though in places they need some repairs.

The past week Mr. and Mrs. R. E. Porter have been in Walla Walla attending at the sickness and death of Mrs. Porter's father.

Miss Ethel Galbraith is conducting a very successful school in district 19.

We would suggest to persons owning bottom land, composed of gravel and soil, that they sow it in proper rows, to locate, and raise a nursery of that popular tree for shade purposes. It is a beautiful tree and it has been demonstrated to be drought and certain proof. It is a rapid grower and in two or three years, from the seed, will sell for from 25 to 50 cents. The supply at present is not equal to the demand.

There is along some of our rocky bluffs, cropping out in places, a soft, red, burnt rock, that when ground properly and mixed with linseed oil, makes a bright, deep red paint, in every way equal to the best Venetian red. The writer has tried it and knows whereof he speaks.

Barney Crowner, who has been suffering with a chronic bowel trouble for the past year or so, is under the care of a physician.

NEWS OF MILTON.
Returned From Extensive Visit in the East—Severe Attack of Rheumatism—Will Spend the Winter at Klamath Falls—Moved to Pullman—Visitor From Tacoma Has Returned Home—Will Visit in Portland and After the Holidays.

Milton, Dec. 9.—Dr. S. A. Fulton, and Messrs. H. A. Williams and Lane Hoon returned Tuesday from a week's hunting at Touchet.

Mrs. Fred Lauer of Cottonwood, returned Monday from the east, where she has been visiting since October, and in a few days will return to Milton and will occupy her home recently purchased of Mrs. C. E. Berry.

Miss J. F. Frazier is confined to her room with an attack of rheumatism.

Miss Jennie Butler has gone to Klamath Falls, Ore., to spend the winter with her aunt, Mrs. S. D. Grizzle.

Mrs. T. W. Quiet, who has been visiting Mr. and Mrs. L. L. Berry, has gone to Walla Walla for a brief visit before returning to her home at Tacoma.

Mr. and Mrs. R. E. Frazier will leave tonight for Portland to remain until after the holidays, visiting Mrs. Frazier's mother, Mrs. Thomas Bradley.

Wednesday evening the Christian church closed the revival meeting which have been in progress for over three weeks. During that time there were 71 additions to the church.

Mr. and Mrs. J. F. Wilder left yesterday for Pullman, Wash., to reside.

LIVES OF HEALTH AND BEAUTY.

In a recent interview with Mrs. Lily Langtry, she very wisely said:
"The fact that I believe in the superior force of mind over matter does not blind me to the truth that the foundation of every successful life is good health; that the key-stone to physical beauty is perfect physical health."

A great woman cannot be a beautiful woman, nor can she be anything but what we English call a poor-spirited woman. It is a good doctor's rule to get a good doctor's book, such as "The People's Common Sense Medical Adviser" by R. V. Pierce, M. D., which can readily be procured by sending twenty-one cents in one-cent stamps for paper-bound volume, or one-cent for cloth-bound copy, and addressing Dr. R. V. Pierce, Buffalo, N. Y.

"By the way," Dr. Pierce can always be relied upon to cure when everything else fails. He has cured thousands of cases of female troubles, diseases in their worst form, such as leucorrhoea, catarrh of the bladder, and a dreadful backache, which unfitted her for my work. Finally I grew so ill that I was kept in bed. In this extremity I used Dr. Pierce's Pink Pills for Pale People, and I was well. Only those who have passed through a stage of sickness as I have will understand how much I value Dr. Pierce's Pink Pills for Pale People.

Dr. Pierce offers \$500 reward for any case of Leucorrhoea, Female Weakness, Protrusion of the Uterus, or any other female ailment. All he asks is a fair and reasonable trial of his means of cure. No substitute for "Famous Prescription" offers so much.
