"This must be tripled," said Spindle, as he sought the tent again: two nights afterwards it was tripled. "Spindle means to break or be broken," said the bystanders one night, about a week after his original venture. "Look at the dust he is betting." He is indeed betting heavily. The rattlessake has charmed him. Bet after bet, till the wionings of the week have left him; bet after bet, until its earnings are all gone—till the last "slug" is up, and he has but a single "sight" for it. Woe to him, for he wins! The tide is floating again, and Spindle is even. "Safe, safe," he remarks, betting a hundred "slugs" as a "blind" on the strength of his confidence. Differences are not necessarily variances, and not every difference includes an antagonism. Differences between persons or things to be radical, and, so to subordinate, or put the one into bond-age to the other, must rise in different planes of being. Such are the differences that subsist between vegetable and animal life, and again between snimal and human life. Each of these orders of life includes a specific purpose, comes about in answer to a specific creative thought, and has, therefore, its specific sphere of agency and privilege. And whatever differences one may see in such specific sphere, they are not coffictive nor variant; they are not proofs of inferiority on the one hand, or superior-

MEDICAL PROPERTIES AND USES:

It is the most stire and speedy cure for Rheumatism, Rheumatic Gout and Rheumatic Palas of all Rhuds that was ever introduced into the Materia Medica. The UNK WEED BEM-EDY, as prepared by us, in consequence of the existing bitter principle, possesses the neces-sary virtue of being a

Powerful Tonic,

Promoting the Appetite and Invasorating the while Digestive Appuratus, thus building up and strengthening the system, while at the same time the volatile principle, being absorbed in the thood, act specifically on the Rheumatic Poison, removing it from the circulation and system.

There are few remedies known to the Medical Profession which will remove the Rheumatic Poison from the blood, but whose action is so powerful in depressing the system of the already enfewher the Rheumatic patient, that their use has to be attandoned before specific effects are obtainable, and hence the want of success in treating this prevalent and consequently herstofers incurable disease. Unlike these medicines, aircady known, the UNK WEED REMEDY, although producing as active and as powerful effects on the blood and system in removing the Rheumatic Poison, also possesses a strong Tonte and Recuperating Element which admits of its continued use even by the most delicate and debilitated. Thus we have the combination for the first time of these two necessary elements in one remedy, which accounts for its appearance of the countries for its appearance countries for its appearance of the production of the first time of these two necessary elements in one remedy, which accounts for its appearance of the countries of the superior and never-failing curative necessary elements in one remedy, which accounts for its superior and never-failing curative effects in Rheumatism, Rheumatic Gout and Rheumatic Pains of all kinds.

N. R. The UNK WEED REMEDY is particularly APPLICABLE TO LADIES, in consequence of its Tonic Qualities.
