

OUR SECOND VOLUME.

The season is now near at hand when many hundreds of our subscribers to the NEW NORTHWEST will expire. We urge upon our friends everywhere the importance of immediately renewing their subscription fees.

Next Monday, April 1st, an election is to be held in the office of one School Director for two years, one for one year, and a Clerk for one year.

Patrons of our public schools are hereby notified that efforts are secretly and cautiously being made to elect men who shall be pledged to abolish the City High School.

Fathers and mothers, look out! Don't let your enemies cheat your children. See that no officers are elected except such as are pledged to the protection and support of the City High School.

WOMEN DON'T WANT TO VOTE—O, NO!

Our man's rights brethren of the United States Senate made their strong point against Woman Suffrage by crying lustily, "Women don't want to vote."

"A TRANSACTION IN BRIBERY." Our friend Holladay's man Friday is after the Willamette Farmer like a rat terrier after a buffalo.

LECTURES. Our lectures upon "Woman and the Bible" and "Marriage and Divorce," on Friday and Saturday evenings of last week, were very largely attended by intelligent and deeply interested audiences.

PROHIBITION CONVENTION. We call special attention to an article in this week's issue, copied from the Christian Advocate, relative to the National Temperance Convention, which met at Columbus, Ohio, on the 22d inst.

DECISION AGAINST WOMAN SUFFRAGE.

Our citizens will remember that during Miss Anthony's sojourn among us she made mention of the fact that Mrs. Ellen B. Van Volkenburg, of Sacramento, had been met with a refusal when she applied for registration as a voter.

Says the Oregonian: "The decision, written by Chief Justice Waller, is an exhaustive review of the whole question."

It will be seen that the construction claimed for the Fourteenth Amendment by the counsel for the plaintiff would leave nothing for the Fifteenth to operate upon.

So Justice Waller, of the Supreme Bench of the man-governed State of California, does not set at upon the rules of justice, lest he "leave nothing for the Fifteenth Amendment to operate upon."

Do you think, O Judge, that because the Fourteenth Amendment does not curtail the rights of citizens, you have an individual right, "with the concurrence of your associates,"—vide Oregonian—to take upon yourself the responsibility for this little job for them?

ONE-SIDED POLITICS. The Oregonian and Herald are still worrying each other and the public with their one-sided and one-sided ideas of political economy.

Mr. Holladay deserves great credit for the financial skill and enterprising ability which he displays in opening up to the world the hitherto almost unknown resources of Oregon.

HON. CARY JOHNSON. By mistake, in the hurry of preparing our report of the Salem meetings, A. B. Meacham was mentioned as one of the speakers of the second evening instead of Hon. Cary Johnson, of Oregon City.

HON. A. B. MEACHAM spoke on the first and third evenings, but, we believe, was not present at the second. It gives pleasure to note that this gentleman has been chosen as candidate for Presidential Elector.

TEMPERANCE AND WOMAN SUFFRAGE IN OREGON. Under this head the San Francisco Pioneer, one of the ablest papers of the Pacific Coast, or indeed in any country, a paper devoted with the most fearless and untiring zeal to the promulgation of the same human interests which form the New Northwest's specialties.

From the Golden Age. AN OLD LETTER. The following letter originally appeared in the Golden Age of Dec. 2d. As it will probably interest our readers who do not get Theodore Tilton's wide-awake newspaper, we publish it, although it is out of date.

Rejected Answer to "Motherhood" in the Overland Monthly of January. We have read in the columns of the Overland Monthly an article upon "Motherhood" taken from the Overland Monthly.

Oregon has a mine of moral and intellectual wealth in the person of Mrs. A. J. Dunway, editor and proprietor of the New Northwest newspaper, published in Portland, Oregon, devoted to woman's rights in particular, and the advocacy of human rights in general.

Miss Anthony reached Portland, Oregon, on the first day of September, having parted from Mrs. Stanton, her hitherto inseparable companion, in California.

We have together journeyed to the head of navigation on the broad Columbia; gazed with bated breath upon the mighty mountains of the Cascades; stood upon the towering ledges of black and gray basalt that loom bleak and desolate above the dashing Oregon; crossed weary miles of rocky desert in lumbering coaches; glided over magnificent Oregon up elegant modern steamers; dashed through fertile valleys, and over dark deep gorges, behind the iron horse, have traveled for successive days through forests grand and wild, some of them green and gorgeous, as they were for ages ere the white man's foot had pressed the soil, others all bare and black and ghastly, holding their skeleton arms aloft in ghastly and headless trunks all scarred and shrunken, yet mighty in their weird magnificence.

At Portland, Miss Anthony lectured throughout the city to crowded and appreciative audiences, carrying conviction to the minds of hundreds who flocked eagerly to hear and understand this new gospel of humanity and justice.

INDIGNITY UNPARALLELED. Lucy Stone, President of the American Woman Suffrage Association, recently addressed a communication to the Speaker of the Kentucky House of Representatives, enclosing a memorial of the Association, requesting that it might be presented to that body, at the same time expressing her belief that "Kentucky would treat the subject with chivalrous courtesy and enlightened liberality."

EVERYWHERE I reap rich harvests of subscribers for the NEW NORTHWEST, and send you to-day new subscribers from the Golden Age. I hope ere long to send you a large list.

LETTER FROM POLK COUNTY. LUCKYAMUTE, Polk county, Ore., March 15, 1872. Dear Sister Dianthy—I cannot deny myself the pleasure of telling you how highly the people of Buena Vista and vicinity were delighted with your lectures.

From the S. F. Pioneer. Rejected Answer to "Motherhood" in the Overland Monthly of January. We have read in the columns of the Overland Monthly an article upon "Motherhood" taken from the Overland Monthly.

From Oregon.—Our little friend Mrs. J. S. Briggs, formerly of Fayette county, now of Portland, Oregon, has placed us under renewed obligations, by sending us a nice package of Oregon papers, the Oregonian and the New Northwest.

BOTHERING A DOCTOR.—A few nights since, at a late hour, the speaking-tube at the office of a popular physician was used by some midnight wag to the following effect:—"The Doctor was at very sound sleep, when he was partially awakened by a 'halloo' through the tube, when the following dialogue took place:—'Well, what do you want?'"

A WOMAN FARMER.—The Royal Agricultural Society of England having placed 50 pounds at the disposal of judges to be awarded to the most highly commended farmer, they sent 25 pounds to Mr. Brewster for the successful management of good land.

Several women in the city of San Francisco have, within the past few weeks, committed suicide because of their inability to procure work, and the consequent death to dishonor. Yet men, having failed to so shape the institutions of labor and commerce, religion and government, as to secure work and wages to the poor, friendless and the destitute, while they breed ignorance and poverty, disease and crime, refuse to allow woman an opportunity to assist to bring about an improved condition of affairs.

THE ATLANTA (Ga.) CONSTITUTION says that that city have agreed to enforce as a rule that young ladies paying attention to their sons must not stay later than 10 o'clock at night.
