DR. VAN DEN BERGH'S If you want anything in the grocery to preserve them fresh a fortnight or Sovereign Worm Syrup. THIS TRULY WONDERFUL MEDICINE

is and Stomach, except Tape and Chain

Medicines of the day, which, numerous as the Entozoa themselves, have overspread the land, each claiming for itself the name of specific; and, while we frankly acknowledge that many of them are often successful, and do great good, were we not assured that this combines advantages possessed by no other worm medicine, its introduction at this late day would not have been attempted.

The pleasant taste and exceedingly small quantity of this medicine required to test the existence of worms, or to remove every one from the system—its operating in a few hours, unnided by any other purge, together with its certainty of effect, constitute it one of the most brilliant discoveries of the age.

Had we space here, scores of certificates might be adduced to show its progressive and rapidly increasing reputation for the last few years; but to promuigate its fame and establish its character, we only ask for a trial.

Its speedy operation in all stidden attacks, as convulsions, colle, fits or spaams, gives it an unrivaled superiority. Sent by express on receipt of price.

Alternate paling and flushing of the countenance, dail expression of the eyes, drowalness, itching of the nose, a swelled upper lip, tongue whitely furred and thickly speckled with red points, bted breath, an enlarged belly, a partial or general swelling or juffingness of the skin, a starting in the sleep and grinding of the teeth, a sensation as if something was lodged in the throat, a gradual wasting of the flesh, sickness of the stomach, vomiting, a short and dry cough, appetite sometimes voracions, at other times feeble, bowels sometimes costlye, at other times loose, great feetfulness and britishilly of temper, pains in the stomach and bowels, colic, fits, convulsions and paley. Its value in removing masses of crudities from the stomach and bowels of children, even where no worms exist, cannot be too highly estimated.

THE UNK WEED REMEDY

Oregon Rheumatic Cure.

THIS REMEDY IS COMPOSED OF THE Active principle of the Unk Weed, Eng.—Thaspium Cordatum Originis, Lat.—Indigenous to Oregon. Grows most abundantly and perfectly in Washington county.

HISTORY:

PROPERTIES, ETC .: It contains an Active and Volatile Principle atracted by Ether, and a bitter Tonic Prin

MEDICAL PROPERTIES AND USES: It is the most sure and speedy cure for Rheumatism, Rheumatic Goul and Rheumatic Pains of all kinds that was ever introduced into the Materia Medica. The UNK WEED REM-EDY, as prepared by us, in consequence of the existing litter principle, possesses the neces-sary virtue of being a

Powerful Tonic,

Promoting the Appetite and Invicorating the whole Digestive Appuratus, thus building up and strengthening the system, while at the same time the volatile principle, being ab sorbed in the blood, acts specifically on the sorbed in the blood, acts specifically on the Rheumatic Poison, removing it from the circulation and system.

There are few remedies known to the Medical Profession which will remove the Rheumatic Poison from the blood, but whose action is so powerful in depressing the system of the already enfeebled Rheumatic patient, that their use has to be abandoned before specific effects are obtainable, and hence the want of success in treating this prevalent and consequently heretofore incurable disease. Unlike these medicines, already known, the UNK WEED REMEDY, although producing as active and as powerful effects on the blood and system in removing the Rheumatic Poison, also possesses a strong Tonic and Recuperating Element which admits of its continued use even by the most delicate and debilitated. Thus we have the combination for the first time of these two necessary elements in one remedy, which accounts for its superior and never-failing curative effects in Rheumatism, Rheumatic Gout and Rheumatic Pains of all kinds.

N. R. The UNK WEED REMEDY is particularly APPLICABLE TO LADIES, in consequence of its Tonic Qualities. tic Poison, removing it from the
