

HOME NEWS.

Marion county is increasing in population. For the best pictures in town go to Hendee's Gallery.

The Waldron Troupe are playing a short engagement in this city. The Horticultural Fair meets at the Skating Rink next Thursday.

Another destructive fire has visited Walla Walla. Total loss, \$12,000. The citizens of Union county, Oregon, are organizing an agricultural society.

Portland will celebrate the coming Fourth of July in an appropriate manner. From present appearances the fruit crop in Lane county will be above average.

This year's wool clip is beginning to come into the country markets in small quantities.

At the new town of Cornelius on the line of the Westside Road buildings are going up rapidly.

The lumber trade on Puget Sound is remarkably brisk. There is a great scarcity of laborers.

Miss Anna Mehlig takes a grand complimentary benefit next Monday evening at Masonic Hall.

Ralph Geer, of Marion county, has two cows of short-horn stock, which yield half a barrel of milk daily.

The question of the establishment of a daily mail between Walla Walla and Lewiston is being agitated.

Should the stage of water in the Columbia get much higher a great amount of damage will be done to crops.

Two Japanese youths are being educated at Forest Grove University. They are apt scholars, learning quickly.

A Marion county farmer has thirteen acres of hops this season, and expects to realize \$600 per acre from his crop.

T. G. Mulkey has retired from the Corvallis Democrat. Hereafter the paper will be conducted by G. W. Quivy.

For the best bargains in groceries consult Anderson, Horsfall & Co., new Masonic building, corner Third and Alder Sts.

Miss Anna Mehlig gave a concert last Tuesday evening for the benefit of the Ladies' Relief Society. \$270 were realized.

Rev. I. Dillon, present editor of the Advocate, has been again selected by the M. E. General Conference for that position.

S. P. McDonald, recently connected with the Vancouver Register, has gone into the real estate business at that place.

The Roseburg Plaindealer is agitating the question of the establishment of a Woolen Manufactory in Douglas county.

E. P. Rogers, general passenger agent of the Oregon and California Railroad, is prepared to sell tickets to all parts of the United States.

If you want a good No. 1 Sewing Machine call at G. W. Traver's, 112 Front Street, who always has the Home Shuttle, a popular and cheap machine, on hand.

The Oregon Republican reports the Monmouth College as rapidly approaching completion. When finished it will probably be one of the finest buildings in the State.

Mr. Simons, agent at Grand Ronde Reservation, states that the Indians are taking more interest in agriculture than ever before, and in consequence have put in a large quantity of grain.

The Republicans of Portland held a ratification meeting last Saturday evening over the nomination of Grant and Wilson, and jubilated considerably over their late success in this State.

A great deal of public land is now being pre-empted at the Land Offices in Washington Territory. Most of the locations have been made in Cowlitz county. So says the Vancouver Register.

Ballock precinct, Clarke county, W. T., was not apprised of the postponement of the election early enough to prevent voting on the 3d of June. The vote was not very flattering to some of the candidates.

The body of young Mr. Roberts, who was drowned on Sunday, the 2d inst., was found last Tuesday. The funeral took place Wednesday morning, at the Presbyterian church. Pence to his ashes.

The Commencement exercises of the Corvallis College will begin on the 20th inst. Rev. P. S. Knight of Salem, will deliver the anniversary address, and J. F. Caples, of Portland will deliver the Society address.

The Vancouver Register says the crops in Clarke county W. T., were never more promising than they are this season. There will be an enormous yield, unless the high water in the Columbia should destroy the crop in the bottom.

Hon. A. J. Dufur, one of the Oregon Centennial Anniversary Commissioners, will arrive in Portland by the coming steamer. Also, Mrs. M. P. Sawtelle, President of the New York Woman's Real Estate Association, and John G. Saxe, Jr., son of the celebrated poet.

A citizen of Eastern Oregon is a million-naire to Confederate money. This immense fortune was amassed by means of energy, tact and rigid economy. This great wealth has not made him cloistered and penurious. He disburses his money with great liberality, and is generous to a fault.

The following is a transcript of the business done at the Walla Walla Land Office in May: Fourteen half homestead certificates, 2,058 acres; 10 homestead applications, 1,084 acres; 5 completed homesteads, 720 acres; 10 pre-emption laws, 1,519 acres; 32 pre-emption claims, 4,920 acres. Total, 11,201 acres.

Considerable uneasiness is felt in Portland in reference to the small pox. This loathsome disease has once more broken out among us, and already one person, Mr. James B. Newby, has died with it. Of course the number of cases reported is greatly exaggerated. To such precaution cannot be taken to prevent its further spread.

Monmouth, situated in Polk county, is prospering finely. Several dwelling houses and other buildings are in course of erection, and others will be put up during the present season. There are two general merchandise stores, one drug store, two blacksmith shops, one boot and shoe store, one harness shop and a photograph gallery.

No. 2 of the "Traveler's Guide and Railroad Gazette" has been laid on our table. It is a really valuable publication, and contains very good descriptions of all the principal points along the line of the Oregon and California Railroad.

The Willamette Farmer says it has heard of two or three instances in which large portions of fields of wheat and oats have been destroyed by a small worm, which does its work below the ground, and cuts off the stalk of oats or wheat. The worms make a clean sweep of the crop as they go, leaving not a single thing in their way that they can destroy.

Work on the railroad south of Roseburg has been discontinued, and the hands, we learn, are to be transferred to the Northern Pacific between Kalama and the Sound. The grading north of Roseburg will be finished in a short time. The track is laid to the trestle work at Smith's hill, seven miles from Oakland, which work will be finished this week.

The line of the Northern Pacific Railroad, as it is now located, passes up the west side of the Columbia river, leaving a mile or two between it and the river at Wallula. It crosses the Columbia some three miles above the mouth of Snake river, and thence, in a southwestern direction, through the Palouse country to the Lake. Parties just over from Yakima say the surveyors are now setting the grade stakes.

A Chicago congregation pricked up its ears when the minister said, "I have land to sell," but dropped off to sleep again when he added "the beautiful land on high."

The Eugene Guard of a late date has this grim bit of news: "Juneteenth, we fear, is a doomed city. The ingratitude that was manifested by its inhabitants last Monday is simply awful. After Mr. Holladay had taken special pains to make it a point of importance, going to the enormous expense of purchasing 5,000 bricks with which to build shops, round houses, etc.,—to give Democratic Juneteenth is a sin which can hardly be forgiven."

A school for girls under the auspices of the Episcopal Church, will soon be opened at Vancouver. The Register says it is also expected that a good school house will soon be erected on the block of ground belonging to the Church, in the southwestern portion of town, as \$5,000 has already been secured for that purpose. We are also informed that Bishop Morris is offered \$10,000 for the purpose of building a school house for boys in the Territory. Now, wouldn't it be the more sensible way to have a school for boys and girls together?

Articles of incorporation were recently filed in the Multnomah County Clerk's Office by E. J. Bryan, L. Kidd, P. Martin, M. Owens and P. T. Collins. The name of the corporation is "The Father Mathew Total Abstinence Benevolent Society of Portland," and its duration is to be perpetual. The object and business of the Society is for the advancement and teachings of temperance principles, charitable pursuits, and the administration of privileges, powers and benefits, according to the rules, customs and usages of similar societies, and for the acquisition of real estate.

In Washington Territory there are 3,127 farms of from three hundred to over one thousand acres each. Thurston county contains the greatest number of farms of more than one thousand acres each, nine in all; Pierce contains two, and Walla Walla one; no other county contains a farm of one thousand acres. Walla Walla leads off in number of farms of all sizes, having 635; Clarke comes next with 414; Thurston ranks third, with 319. Of farming lands in the Territory there are improved 192,016 unimproved, 457,123, of which 261,206 are woodland. The cash value of all the farms is \$3,975,341; of farming implements, \$280,551; of farm productions and additions to stock, \$2,114,002.

The Grand Lodge of Good Templars, being held this week at Salena, shows the Order to be in a flourishing condition, the total assets being \$2,109.60 and the liabilities \$315.25. The following items of interest relating to the Order are taken from the G. W. Secretary's report: Number of Lodges reported last year, 90; number of Lodges reported last year, 15; present number, 81; estimated, 1461; total membership, 1,635; emblems granted, 240; resigned, 282; suspended, 463; expelled, 130; deaths, 7; Total, 1,112; increase as per Lodge reports, 583; total membership, April 30, 1912, with 30 Lodges to hear from, 2,318; estimated membership, 3,318.

Jones assumes on coming home to dinner, the bearing of an outraged husband. "Why is it, Mrs. Jones, that you ride through Wall street in the very equipage I am struggling to maintain for you at high charge, and cut your husband?" Mrs. Jones at once reassures him. "You certainly would not have your wife, from a five thousand dollar barouche, to a man who is at work for his living?"

A bare-footed, bare-headed little boy astonished a worshipping congregation a few Sundays ago by rushing into the church and exclaiming, "Where's my papa? The pigs are out!"

"Assault with intent to become insane" is the way they put deadly attacks now.

LETTER FROM OLYMPIA.

OLYMPIA, W. T., June 10, 1872.

We are enjoying delightful weather. Railroad excitement and speculation in land have left the upper Sound and moved to Bellingham Bay and Whatcom county. This county has more easily tilled farming land than any county bordering on the Sound, and is being settled very fast, one-half a township being taken in a few weeks.

The Hooksack river runs for fifty miles through as fine farming land as can be found in any county. It is at present only navigable in canoes and small boats. It is a broad, deep and rapid stream, and by removing a drift-wood raft near the mouth would be navigable fifty miles for light draught steamers. If any of the Oregonians wish clear air, good health and a fine county, let them come over to us and be happy. Sickness is almost unknown. No ague has ever been contracted here, and my family has three instances of permanent cures being effected on the Sound.

Our cause has been quiet of late, but is continually gaining among the people. Away among our farmers, among dwellers in log houses and in cabins, we find men and women who are anxiously waiting to hear of the success of our efforts and the emancipation of one-half of the race from the bondage imposed by odious laws, and entirely free from all enactments that do not equally bind men. Those who are prominent now in this tilt against ancient barbarism will be sure of reward in the future, and if our politicians could but understand the drift of public sentiment among us they would make haste to come to our platform and work for our faith. Our friends are hopeful and content to bide their time, having faith in the good time coming.

Yours for the cause, LEON.

In Paris it is the latest fashion to be married at night, and it is the correct thing to be joined in the holy bonds at the stroke of midnight. After that comes the reception given by the bride's father.

A Chicago congregation pricked up its ears when the minister said, "I have land to sell," but dropped off to sleep again when he added "the beautiful land on high."

OUR AGENTS.

The following persons are duly authorized to act as Agents for the New Northwest: Mrs. J. H. Foster, Albany; Ashby Pearce, Benton county; Dr. C. G. Smith, Corvallis; A. A. Manning, Olympia; A. A. HENDEE'S PHOTOGRAPHIC ROOMS, R. W. Cor. Morrison and First Sts., PORTLAND, OREGON.

DATEBILLS taken in all the latest and most improved styles, and not inferior in any way to the coast. Work well done and completed in side of twenty-four hours.

BABIES and CHILDREN should be brought in during the hours of day and always dressed in light clothes. 24

When I walked the streets of Rome and beheld the wretched faces of the monks, the repulsive, depraved faces of the multitudes of ecclesiastics who had no business in life, I said, "No marvel; the best men would be deprived by such a life." A man with nothing to do! There never was an idle, virtuous man. Show me a young man in this country who has nothing to do, and I will show you a young man of bad habits. There is certainly no happiness without occupied thought and industrious hands. -Robert Laird Collins.

"Why, Jehabod, I thought you got married more'n a year ago?" "Well, Aunt Jerusha, it was talked of, but I found out that the girl and all her folks were opposed to it, and so just gave 'em all the mitten, and let the thing drop."

Finishing—A lady being asked what was her husband's occupation, she said he was engaged in "finishing." It was subsequently ascertained that it was a term of penal servitude to which she referred.

Put the very best photographs, go to Bradley & Robinson's Gallery without STAIRS—267 ASHES IN THE ELEVATOR, 428 Montgomery St., San Francisco.

NEW ADVERTISEMENTS.

"Sonora Hewitt," BY MRS. SUE WITHERELL, HAS JUST COMMENCED PUBLICATION IN THIS PAPER. Everybody Should Read It!

SUBSCRIBE NOW! AND READ THE STORY THROUGH.

DR. VAN DEN BERGH'S Sovereign Worm Syrup. THIS TRULY WONDERFUL MEDICINE is warranted to expel all worms from the Lungs and Stomach, except Tape and Chain Worms. The proprietor has taken many pains to test the comparative merits of the principal Worm Medicines of the day, which, numerous as the Entozoa themselves, have overspread the land, each claiming for itself the name of specific; and, while we frankly acknowledge that many of them are often successful, and do great good, we are not assured that this combination of advantages possessed by no other worm medicine, its introduction at this late day would not have been attempted. The pleasant taste and exceedingly small quantity of this medicine requires no test of the existence of worms, or to remove every one which may exist, together with its certainty of effect, constitute it one of the most brilliant discoveries of the age. Had we space here, scores of certificates and testimonials would be given, and we would rapidly increasing reputation for the last few years; but to promulgate its fame and establish its character, we only ask for a trial. Its speedy operation in all sudden attacks, as convulsions, colic, fits or spasms, gives it an unrivaled superiority. Sent by express on receipt of price.

ALTERNATE pulling and flushing of the countenance, dull expression of the eyes, drooping, itching of the nose, a swollen upper lip, tongue whitely furled and thickly speckled with red points, foetid breath, an enlarged belly, a hard or general swelling or puffing of the skin, a starting in the sleep and grinding of the teeth, are some of the symptoms which lodge in the throat, a gradual wasting of the flesh, sickness of the stomach, vomiting, a short and dry cough, and sometimes nervousness, at other times fits, bowels sometimes loose, other times constipated, great irritability of temper, pains in the stomach and bowels, colic, fits, convulsions and palpitations, are some of the symptoms which lodge in the stomach and bowels of children, even when no worms exist, cannot be too highly estimated. Prepared and sold wholesale and retail, by DR. VAN DEN BERGH and Agents in all cities and towns. Consultations can be consulted on all diseases that the human system is heir to. His long and successful experience in diseases of women and children, has surpassed by any physician in the United States or Europe. Dr. V. D. B. visits ladies troubled with any irregularity of the Uterus to try his new remedies and get cured.

By consulting and undergoing a simple examination the afflicted can learn if their disease be worms or not. At all events, Dr. Van Den Bergh can tell them from what disease they are suffering.

Consultations and examinations free of charge. OFFICE ROOMS—38 and 39, over Postoffice, Salem, Oregon. Letters, describing the symptoms will be promptly answered, and persons living at a distance will be saved the expense and trouble of calling on our Doctor. Address DR. J. W. VAN DEN BERGH, P. O. Box 127, Salem, Oregon. 24

UNK WEED REMEDY.

THE UNK WEED REMEDY, Oregon Rheumatic Cure.

HISTORY: THIS REMEDY IS COMPOSED OF THE Active principle of the UK Weed (Thapsus Corchutum), Lat.—Indigenous to Oregon. Given most abundantly and perfectly in Washington county.

PROPERTIES, ETC.: It contains an Active and Volatile Principle, extracted by Ether, and a Bitter Tonic Principle.

MEDICAL PROPERTIES AND USES: It is the most sure and speedy cure for Rheumatism, Rheumatic Gout and Rheumatic Pains of all kinds that was ever introduced into the Medical World. The UK WEED REMEDY, as prepared by us, in consequence of the existing bitter principle, possesses the necessary virtue of being a

Powerful Tonic, Promoting the Appetite and Invigorating the whole Digestive Apparatus, thus building up and strengthening the system, while at the same time the volatile principle, being absorbed in the blood, acts as a powerful Rheumatic Poison, removing it from the circulation and system.

There are few remedies known to the Medical Profession which will remove the Rheumatic Poison from the blood, whose active and powerful effects are obtainable, and hence the want of success in treating this prevalent and distressing hereditary incurable disease. Unlike these medicines, already known, the UNK WEED REMEDY, although proving so active and so powerful effects on the blood and system in removing the Rheumatic Poison, retains its curative strength and invigorating effects which admit of its continued use, even by the most delicate and debilitated patient, that being the case, it is not necessary to discontinue its use, and hence the want of success in treating this prevalent and distressing hereditary incurable disease. Unlike these medicines, already known, the UNK WEED REMEDY, although proving so active and so powerful effects on the blood and system in removing the Rheumatic Poison, retains its curative strength and invigorating effects which admit of its continued use, even by the most delicate and debilitated patient, that being the case, it is not necessary to discontinue its use, and hence the want of success in treating this prevalent and distressing hereditary incurable disease.
